JUN 26 1998

FOREWORD

Volume 2 of the Department of Defense Financial Management Regulation is issued under the authority of DoD Instruction 7000.14, "DoD Financial Management Policy and Procedures" which governs financial management by establishing and enforcing requirements, principles, standards, systems, procedures, and practices necessary to comply with financial management statutory and regulatory requirements applicable to the Department of Defense. It identifies financial management requirements, systems, and functions for all appropriated, nonappropriated, working capital, revolving, and trust fund activities. In addition, it identifies statutory and regulatory financial reporting requirements.

This volume of the Regulation establishes procedures for DoD Components to use in budget presentation and formulation and applies to the Office of the Secretary of Defense, the Military Departments, the Joint Staff, the Unified Combatant Commands, the Inspector General of the Department of Defense, the Defense Agencies, and the DoD Field Activities (hereafter referred to collectively as "DoD Components").

This update is effective immediately and is mandatory for use by all DoD Components. Heads of DoD Components shall ensure that the provisions of this Volume are adhered to in day-to-day operations and in the design, modification, and maintenance of their Component's financial management and reporting system or systems. The Heads of DoD Components shall not issue supplementary directives and/or regulations without the prior written approval of the Office of the Under Secretary of Defense (Comptroller).

The reporting requirements in this Regulation are exempt from licensing in accordance with paragraph E.4.f. of DoD 8910.1-M, "DoD Procedures for Management of Information Requirements," November 1986.

Forward recommended changes to this Volume of the Regulation through channels to the address below. Submit requests for deviations from or exceptions to specific standards, with justification, to:

Office of the Under Secretary of Defense (Comptroller)
Director for Plans and Systems
1100 Defense Pentagon
Washington, DC 20301-1100

All 15 volumes of the DoD <u>Financial Management Regulation</u> are available on the Internet at: http://www.dtic.mil/comptroller/fmr. Printed or CD-ROM copies of the regulation may be ordered through this Internet homepage or directly from the Defense Automated Printing Service, at 1401 S. Fern Street, Arlington, VA 22202, or by-telephone at (793) 607-5212.

Budget Formulation and Presentation

Volume 2 Structure

| <u>Chapter</u> | <u>Title</u> |
|----------------|---|
| | Volume 2A |
| 1 | General Information |
| 2 | Military Personnel Appropriations |
| 3 | Operation and Maintenance Appropriations |
| | Volume 2B |
| 4 | Procurement Appropriations |
| 5 | Research, Development and Evaluation Appropriations |
| 6 | Military Construction/Family Housing Appropriations |
| 7 | Base Realignment and Closure Appropriations |
| 8 | Real Property Maintenance/Minor Construction |
| 9 | Defense Working Capital Funds Activity Group Analysis |
| 10 | Public Enterprise, Management and Trust Funds |
| 11 | Offsetting Receipts |
| 12 | Defense Health Program |
| 13 | Defense Environmental Restoration Program |
| 14 | Drug Interdiction and Counter-drug Activities |
| 15 | Overseas Cost Report |
| 16 | Intelligence Programs/Activities |
| 17 | Command, Control and Communications |
| 18 | Information Technology |
| 19 | Other Special Analyses |

Volume 2 has been divided into two books for the convenience of the user because of the Volume size. Volume 2A and 2B are both necessary for the formulation and preparation of the budget.

SUMMARY OF VOLUME 2 CHANGES

| Section Number | Changes |
|-------------------|--|
| 0101 | All References to the Defense Business Operations Fund (DBOF) have been changed to the Defense Working Capital Funds (DWCF). |
| 010108 | Identifies revised location of security classification instructions for intelligence programs/activities. |
| 010201 | Adds expense/investment criteria to determine financing for engineering efforts to satisfy deficiency. |
| | Adds expense/investment criteria to clarify funding policy for incidental material and conditional requirements identified during a modification. |
| | Defines service life extension programs that can be funded in Procurement and in O&M. |
| | Clarifies software funding policy. |
| | Deletes "with the exception of investment funded parts" to eliminate confusion. |
| | Updates the expense/investment dollar threshold. |
| 010202 | Expands discussion on the use of long lead material. |
| | Clarifies economic order quantity purchase requirements. |
| 010203 | Clarifies multiyear procurement requirements for stable configuration, realistic cost estimates, present value analysis, support cost certification, cancellation ceilings, and economic order quantity purchase requirements. |
| 010205 | Deletes section requiring Intrusion Detection Systems to be funded only in the Other Procurement appropriations or in the Capital Budget of the DWCF business area. |
| | Adds section regarding engineering change order funding. |
| 010205 | Adds paragraph acknowledging engineering change order funding requirements. |
| 010208 | Deletes requirement for acquisition pilot program documentation. Renumbers remaining sections. |
| | Clarifies funding policy for nondevelopmental item (NDI) procurement. |
| | Clarifies appropriation that can be used to procure NDI items. |
| 010209 | Deletes paragraph regarding funding replenishment spares in procurement. |
| 010210 | Deletes statement that assets can be retained in the Special Defense Acquisition Fund. |

| Section Number | Changes | | |
|-------------------|--|--|--|
| 010212 | Updates Low Rate Initial Production (LRIP) reference and clarifies appropriations that can be used for LRIP. | | |
| | Adds sentence regarding lack of competition and prioritization if efforts are not properly categorized in RDT&E. | | |
| | Clarifies when it is appropriate to use procurement or O&M funding for product improvements (as long as no development or initial operational tests are required). | | |
| | Clarifies funding policy for low rate initial production assets. | | |
| | Adds paragraph for test article funding for space systems. Renumbers remaining paragraphs. | | |
| 010213 | Adds another method to fund RDT&E requirements. | | |
| | Adds paragraph acknowledging engineering change order funding requirements. | | |
| 010217 | Clarifies the method for computing military personnel costs. | | |
| 010218 | Policy allowing the recovery of Accumulated Operating Results over a 2-year period is added. | | |
| | Policy concerning recovery of unplanned losses in Depot Maintenance activity groups is explained. | | |
| 010219 | Revises capital budget thresholds. | | |
| | Upper limits for Minor Construction Project is increased to \$500,000. | | |
| | Upper Limit for minor construction projects intended solely to correct a deficiency that is life threatening, health threatening, or safety threatening is increased to \$1,000,000. | | |
| | Depreciation schedules are updated for changes in Software Development. New Depreciation schedules which comply with FASAB #6 are listed for use beginning in FY 2000. | | |
| 010223 | Procurement Glossary: Established as separate section. | | |
| | Adds and clarifies several definitions. | | |
| 010224 | RDT&E Glossary: Established as separate section. | | |
| | Adds definition for test article. | | |
| 010301 | Modified to indicate that Capital budgets are to be submitted in landscape format. | | |
| 010302 | Distribution addresses revised. | | |
| | Distribution copy requirements revised. | | |
| | Guidance to call budget receiving office prior to delivery added. | | |

| Section Number | Changes |
|-------------------|---|
| 010401 | Information Technology budget requirements revised and reviewing organization changed. |
| | Intelligence and C ³ program guidance referred to Chapters 16 and 17. |
| 010403 | Guidance on distribution of President's budget justification material significantly revised. |
| | Requirements for Internet sites <u>and</u> CD-ROM for President's budget justification material added. |
| | Distribution requirements changed for copy quantities. Internal DoD paper copy distribution essentially limited to classified budget documents. Unclassified will be placed on Internet sites. |
| | Guidance to call budget receiving office prior to delivery added. |
| 010404 | Security review procedures clarified. |
| 010405 | Processing procedures updated. |
| 010406 | Guidance on classified appeals added. |
| | Reference to individual oversight committees deleted. Appeals will be to conferees. |
| 010501 | Deletes FYDP from Budget Automation Requirements reporting. New Section 0107 established for the Automated Future Years Defense Program (FYDP). |
| 010502 | Procurement Annex renamed to Procurement Programs. |
| | Adds P-1R report and Procurement Cost Type codes "S" for Reserve Equipment (Memo Non-Add) and "T" for National Guard Equipment (Memo Non-Add). |
| 010503 | RDT&E Annex renamed to RDT&E Programs. |
| 010505 | Updates list of accounts which require an Obligation Plan as part of the budget estimate submission. |
| | Updates financing code stub entries for Budget Review System (BRS) Programming and Financing schedule and updates the table displaying relationship between OMB's Program and Financing (P&F) Schedule in OMB Circular A-11 and DoD's Budget Review System. |
| | Updates diagnostics for BRS error messages. |
| | Budget execution report SF 133 replaces the DD 1176. |
| | Adds Component/Suffix codes for NIMA, DTRTCA and DMEA. |
| | Changes DNA to DSWA, DIS to DSS and CPMS to DHRFA. |
| | Adds default object class Tx2551 – R&D Contracts for accounts 2040a, 1319n, 3600f and 0400d. |
| | General default object class has been changed to Tx26.01 – Supplies and Materials. |

| Section Number | Changes |
|-------------------|--|
| | Provides updated extracts from the "Budget Accounts Title File Listing." |
| 010506 | Name Edit System (NES) Structure and Description, subparagraph O. – Object Class 25.2 has been restricted to no more than 15 percent of the total Object Class 25 resources. |
| 010603 | Updates appropriations and budget activities by functional title for military functions. |
| | Under the Heading Functional Title – Revolving and Management Funds, the William Langer Jewel Bearing Plant Fund, ADP Equipment Management Fund, Emergency Response Fund – Defense, and the Navy Management Fund are eliminated. The Army Conventional Ammunition Working Capital Fund is listed until closed. |
| 0107 | Automated Future Years Defense Program Database section added. |
| 0108 | Automated C ³ ISR Database section added. |
| 0109 | Renumbered from 0107. |
| 010903 | PB-39 appeal formats modified. |
| | Congressional Insert formats modified. |
| 010904 | Title changed for forms DD2235, DD2236 and DD2236-2 to include both End Strength and Full-Time Equivalent data. |
| | Instructions for SD Form 463 updated to include Cost Type codes "R" and "T" for Reserve and National Guard Equipment memo non-add entries. |
| 020202 | Adds new verbiage to reflect the consolidation of the Basic Allowance for Quarters (BAQ) and the Variable Housing Allowance (VHA) into the Basic Allowance for Housing (BAH). Also adjusts required exhibits to reflect the change. |
| 020205 | Adds guidance regarding the M-1 exhibit for Active Personnel appropriations. |
| 020304 | Adds guidance regarding the M-1 exhibit for Reserve Personnel appropriations. |
| 0204 | Deletes exhibit and requirement for submission for the Military Retirement Fund. |
| 020602 | Incorporates legislative proposals on Military Personnel summary exhibits. |
| | Includes Active Duty for Special Work on Milpers Summary exhibits. |
| | Adds new exhibit (PB-30F-1) on officer gains by month. |
| | Adds new exhibit (PB-30F-2) on enlisted accessions by month. |
| 020603 | Incorporates legislative proposals on Reserve Personnel summary exhibits. |
| 030201 | Incorporates new instructions for downloading the Comptroller computer software from the Internet website for submission of the automated exhibits and emphasizes review requirements for submission. Also updates appropriations and accounts required to submit automated data. |

| Section Number | | Changes |
|-------------------|-------------------------------------|---|
| | Deletes se areas. | ction and requirement for non-DBOF (now Defense Working Capital Fund) unit cost |
| 030301 | Operations | s Accounts Exhibits list updated. (July 1998 change) |
| 030302 | | paragraph numbering by remarking "H" as "G" and adds narrative to reiterate that are responsible for cross checking data among the exhibits. |
| | requireme PB-31R; V Volume II | Organization/Exhibit Requirements for Justification Books for following ints: Vol I – adds O-1 and deletes PB-31C; Vol II – adds PB-15 and PB-28 and deletes Vol III – Moves Real Property Maintenance and Minor Construction exhibits to, deletes OP-27H requirement in this volume. Requirement now in Vol. 11A. y 1998 Change) |
| | | Additional Accompanying Exhibits by deleting requirement for PB-28 (sic), Waste tion Capitalization Account which should have been PB-29. |
| | Adds requ | irement for all O&M Overview exhibits to reflect price and program changes. |
| 0304 | OP-5 | Exhibit is revised to include OP-5 attachments. (July 1998 change) |
| | OP-8 | Updates to reflect changes in FTE reporting. |
| | OP-20H | Removes exhibit from Chapter 3 and includes requirement in Chapter 11A. |
| | OP-24 | Adds narrative, "Provide written explanation/justification for changes between fiscal years." |
| | OP-30 | Revises exhibit in its entirety. |
| | OP-32 | Updates line items to reflect current expense categories. |
| | OP-34 | Adds requirement to identify costs associated with Category D Commissary Support. |
| | OP-78 | Revises exhibit in its entirety. |
| | OP-80 | Replaces exhibit in its entirety. |
| | PBA Exhibits | Adds requirement to include price and program changes and verify data on related exhibits. |
| | PBA-2 | Adds new requirement and section on inventory. |
| | PBA-4 | Adds requirement to identify costs and explanations at the subactivity group level. |
| | PBA-5 | Adds requirements and section on description of operations financed. |
| | PBA-11 | Adds requirement to include civilian end strength. |
| | PBA-12 | Revises program data for consistency with guidance in Chapters 17 and 19. |

| Section Number | | Changes |
|-------------------|----------------------|--|
| | PBA-13 | Clarifies section on First Destination Transportation major commodity. |
| | PBA-15 | Adds new requirement and exhibit for Commissary Support. |
| | PBA-26 | Adds requirement and section to identify total aircraft inventory. |
| | PB-31D | Revises information requirement, primarily to include information by budget activity. (July 1998 change) |
| | PB-31Q | Adds requirement to include narrative explanation for changes in direct and indirect hires. |
| 0403 | Increases | budget exhibit threshold from \$2 million to \$5 million. |
| 0405 | | justification material requirements for programs with a funding value less than n (only the P-40 and P-40a exhibits are required.) |
| 040502 | P-1 | Deletes the unit cost column from the exhibit. |
| | P-3a | Adds clarifying instructions for modifications. |
| | P-8a | Reinstates P-8a, Analysis of Ship Cost Estimates - Major Equipment. |
| | P-11 | Deletes requirement for P-11, Electronic Warfare (EW) Funding Summary. |
| | P-21b | Deletes requirement for P-21b, Production Schedule by Facility (Ammunition.) |
| | P-26 | Eliminates requirement for unneeded information. |
| | Multiyea Exhibits | r s Adds clarifying instructions for multiyear programs. |
| 050403 | | he paragraphs regarding comparison reports and project listing and establishes the on report as an exhibit. |
| 050404 | (DTIC). | equirement for electronic file submission to Defense Technical Information Center Requirement is accomplished through internet posting by Military Departments and by comptroller) for Defense-wide (Defense Agency, etc.) accounts. |
| 0505 | R-2a | Adds new exhibit for project information. Information requirements have not changed; however, the new exhibit clarifies previous information requirements. |
| | R-3 | Modifies the exhibit to portray information in a different format and adds clarifying instructions. |
| 060201 | | d raised from \$300,000 to \$500,000 for unspecified minor construction that may be with O&M. |
| | _ | tatus milestones added. Projects using parametric cost estimates should be considered cent designed. |

| Section Number | Changes |
|-------------------|---|
| 060202 | Scope of the Family Housing New Construction account increased to include design costs of contractors when performing a turnkey contract. |
| | NFIP Budget Subactivities added. |
| 060301 | Deletes requirement to include Program and Financing schedules in Military Construction justification books. |
| | Requirement that all requested construction projects be at least 35 percent designed at the time of the budget estimate submission is deleted. However, requested projects that will not obtain the 35 percent design stage by January 1 must be identified to the OUSD(C) Military Construction Directorate. |
| 060302 | Deletes requirement to include Program and Financing schedules in family housing justification books. |
| | Updates number of family housing leases allowed and calculations of maximum lease costs. |
| | Adds the FY 1988 budgeted foreign currency exchange rates used in the calculation of maximum lease costs in foreign countries. |
| | Requires a PB-18 Exhibit be submitted with the Budget Estimate Submission for family housing O&M accounts participating in the Foreign Currency Fluctuations, Construction, Defense appropriation. |

| 130302 | Changes submission requirements for ENV 30D-E from OUSD (Comptroller), Operations and Personnel, to DUSD (Environmental Security.) |
| 130401 | Revises to clarify format for environmental restoration submission. |
| 130402 | Renames and revises exhibits ENV-30A-E. |
| 140202 | Adds requirement for Counter-drug Enforcement, Policy, and Support (CDEP&S) to provide copies of procurement and RDT&E budget exhibits to OUSD(C) Operations and Personnel Directorate. |
| 140302 | Revises PB-43, PB-44, PB-45, and PB-47 exhibits in their entirety. |
| 150402 | Adds instructions concerning OP-53 and OP-53A. |
| 160101 | Replaces Defense Intelligence Program (DIP) with National Foreign Intelligence Program (NFIP). |
| | Adds Joint Military Intelligence Program (JMIP). |
| 160104 | Guidance on changing Intelligence program elements added. |
| 160105 | Definitions of NFIP, JMIP and TIARA added. |

| Section Number | Changes |
|-------------------|--|
| 160202 | Provides a more complete listing of the NFIP Components. |
| 160203 | JMIP submission requirements added. |
| 160302 | Replaces DIP with NFIP. |
| | Provides a more complete listing of NFIP Components. |
| 160304 | Services and Defense Agencies required to provide an electronic file of Budget Line Items to maintain Automated Command, Control, Communications, Intelligence, Surveillance and Reconnaissance (C³ISR) database. |
| 160402 | Provides guidance on classified appeals to congressional action on NFIP, JMIP, and TIARA programs. |
| 160502 | Provides guidance on Automated C ³ ISR database. |
| 160602 | Updates crosswalk exhibit IP Form 1. |
| 170101 | Updates Information Systems Security Program to include the newly established Defense-wide Information Assurance Program and updates remaining references to same. |
| 170103 | Adds a paragraph regarding the composition of C ³ programs. Renumbers remaining section. |
| 170201 | Adds a paragraph regarding the composition of C ³ programs. Renumbers remaining section. |
| 170305 | Adds paragraph to define relationship of C ³ Congressional Justification Book with Military Department and Defense Agency Justification Material. |
| 1704 | Adds section on automated reporting requirements. |
| 1801 | Chapter 18 has been rewritten in its entirety. Significant changes are as follows: |
| | - Elimination of the requirement to submit an IT-43; IT-2, 3, 4, 5 formats. |
| | - The Executive Summary is renamed to the IT Overview, and contains expanded justification materials, as well as a simple audit trail of changes from last submission to current. (Similar to the O&M trails). Requires a crosswalk to other exhibits. |
| | - The IT-1 is updated to meet new OMB Circular A-11 requirements. |
| | - The Mission categorization reporting is accommodated by the IT/DII Reporting Categories. |
| | - IT/DII reporting levels eliminate the defunct CIM terminology, and reflects the DII Master Plan categories that align to DoD Missions and IT Backbone Activities. |
| | - Definitions reflect the Clinger-Cohen Act of 1996 terminology and requirements. |
| | - The IT-2 is eliminated. |

The category Major is aligned with DoD 5000 terminology.

| Section Number | | Changes |
|-------------------|------------|---|
| | This e | r Initiatives must be reported on new IT(300b) Capital Investment Justification Exhibit. exhibit incorporates some of the information requirements of OMB Circular A-11, bit 40B, on financial systems. |
| | | CY, BY1, BY2 data are required; BY2+1-3 are required on the IT 300b, and are nal on the other exhibits. |
| 1902 | Adds new | section on Combating Terrorism. |
| 190301 | Updates th | ne list of activities that are designated as Major Range and Test Facility Bases. |
| 190402 | Expands t | he types of programs for which an Exhibit T&E-1 must be submitted. |
| 190501 | Exhibit re | quirement revised to reflect OMB Circular A-11 dated July 1, 1998. (July 1998 change) |

CHAPTER 1

GENERAL INFORMATION

0101 GENERAL POLICIES

010101 Purpose

- A. Volume 2 of the Financial Management Regulation (FMR) provides general guidance on the formulation and submission of the budget requests to the Office of the Secretary of Defense for the fall budget review and the presentation and justification of the budget requests to the Congress. This volume is established under the authority of DoD Instruction 7000.14.
- B. Volume 2 of the FMR is intended as a comprehensive reference book on budget matters of the Department of Defense. Budget policy memoranda issued throughout the year will provide any necessary changes or revisions to this standing document, as well as special instructions and nonrecurring requirements unique to that year's budget cycle.
- C. The provisions of Volume 2 apply to all military and civil functions of the Department of Defense including military assistance.
- D. An introduction to the total Financial Management Regulation, DoD 7000.14-R can be found in Volume 1 of the Regulation.

010102 Organization

A. Volume 2 is organized into 19 chapters that provide specific guidance, required budget exhibits and formats along with instructions for their preparation, and automated submission requirements.

010103 Changes to Volume 2

- A. Changes to Volume 2 will be issued biennially, prior to the fall budget review of the initial biennial budget cycle. Pen and ink changes will not be used.
- B. Generally, significant changes on a page will be indicated by the paragraph or section containing a change being printed in *ITALICS*.

010104 Reports Control Symbol

Data requirements established by this volume are exempt from the requirement for assignment of a Report Control Symbol.

010105 Requests for Exceptions to OMB Circular A-11

- A. Each year the Office of Management and Budget (OMB) issues Circular No. A-11 which addresses the preparation and submission of budget estimates for all Federal Agencies.
- B. Federal agencies are allowed to request exceptions to the requirements of Circular A-11 by submitting in writing to OMB all required exceptions by August 1. Exceptions approved by OMB are valid only for 1 year.
- C. Each year the USD(Comptroller) requests certain exceptions to OMB Circular A-11. Generally, these exceptions concern special situations that are unique to the Department of Defense.

- 1. Subsequent to the issuance of Circular A-11 by OMB each year, any DoD Component requiring an exception to the requirements of Circular A-11 should submit in writing the specific section for which an exception is required and provide adequate rationale to justify the exception. The memorandum addressing the requested exceptions should be submitted directly to the Office of the USD(Comptroller), Program/Budget, Plans and Systems Directorate (Room 3A862, telephone (703) 697-9171) no later than July 15 of each year.
- 2. If the requested exception is acceptable to the USD(Comptroller), these proposals will be consolidated and forwarded to OMB for approval. Components will be advised of any exceptions approved by OMB.
- 3. All DoD Components are required to comply with any requested exceptions not approved and to properly reflect the information in the budget submissions.

010106 Proposed Changes in Budget Structure and Appropriation Language

- A. Under the provisions of OMB Circular A-11, the following types of changes must be cleared with OMB:
- 1. Changes in the appropriation pattern, including proposed new accounts and changes in the titles and sequence of existing accounts.
 - 2. Changes in the methods of funding a program.
- 3. Changes in program or budget activity classifications for the program and financing schedules for all appropriation accounts and funds.
- B. Any proposed changes on the items listed above must be submitted in a memorandum to the Office of the USD(Comptroller) that explains the proposal and the rationale for the changes. If acceptable to the USD(Comptroller), these proposals will be forwarded to OMB for approval.
- C. Proposed changes in the wording of appropriation la nguage should be submitted to the Office of the Deputy General Counsel (Fiscal) (Room 3D961, telephone (703)695-5864) as soon as possible after the passage of the current year's appropriation act. ODGC(Fiscal) will coordinate changes with OMB.

010107 Budget Terminology/Definitions

- A. Standard Government-wide definitions of budget terminology are provided in the Office of Management and Budget issuance's, most notably Circulars A-11 (Section 14.1) and A-34 (Chapter 1).
- B. For the Department of Defense, some of the more common budget concepts applicable to budget formulation follow:
- 1. <u>Accrual Basis of Accounting:</u> A method of accounting in which revenues are recognized in the period earned and costs are recognized in the period incurred, regardless of when payment is received or made. There have been many initiatives over the years to convert the Federal Budget to an accrual accounting basis. Although the budget is on a cash basis, DoD accounting is on the accrual basis.
- 2. Advance Procurement: Authority provided in an appropriations act to obligate and disburse during a fiscal year before that in which the related end item is procured. The funds are added to the budget authority for the fiscal year and deducted from the budget authority of the succeeding fiscal year. Used in major acquisition programs for advance procurement of components whose long-lead-time require purchase early in order to reduce the overall procurement lead-time of the major end item. Advance procurement of long lead components is an exception to the DoD "full funding" policy and must be part of the President's budget request.

- 3. Appeal: A request for reconsideration of an action taken to adjust, reduce, or delete funding for an item during the congressional review of the defense budget (authorization and appropriation). This process is discussed in Section 010406.
- 4. <u>Apportionment</u>: A distribution by the Office of Management and Budget of amounts available for obligation in appropriation or fund accounts of the Executive Branch. The distribution makes amounts available on the basis of specified time periods, programs, activities, projects, objects, or combinations thereof. The apportionment system is intended to achieve an effective and orderly use of funds. The amounts so apportioned limit the obligations that may be incurred.
- 5. <u>Appropriations</u>: A provision of legal authority by an act of the Congress that permits Federal agencies to incur obligations and to make payments out of the Treasury for specified purposes. An appropriation usually follows enactment of authorizing legislation. An appropriation act is the most common means of providing budget authority (see Budget Authority). Appropriations do not represent cash actually set aside in the Treasury for purposes specified in the appropriation act; they represent limitations of amounts which agencies may obligate during the time period specified in the respective appropriation acts.
- 6. <u>Authorization (Authorizing Legislation)</u>: Basic substantive legislation enacted by the Congress which sets up or continues the legal operation of a Federal program or agency either indefinitely or for a specific period of time or sanctions a particular type of obligation or expenditure within a program. Such legislation is normally a prerequisite for subsequent appropriations or other kinds of budget authority to be contained in appropriation acts. It may limit the amount of budget authority to be provided subsequently or may authorize the appropriation of "such sums as may be necessary."
- 7. <u>Biennial Budget</u>: The FY1986 Department of Defense Authorization Act required the submission of two-year budgets for the Department of Defense and related agencies beginning with FY 1988/FY 1989. The Department has fully institutionalized a biennial cycle for the Planning, Programming, and Budgeting System (PPBS), including the Defense Guidance (DG), the Program Objective Memorandum (POM), Volume 2 of the Financial Management Regulation (FMR) and budget formulation memoranda. A biennial budget, as currently structured, represents program budget estimates for a two-year period in which fiscal year requirements remain separate and distinct.
- 8. <u>Budget Activity</u>: Categories within each appropriation and fund account which identify the purposes, projects, or types of activities financed by the appropriation or fund.
- 9. <u>Budget Amendment</u>: A formal request submitted to the Congress by the President, after his formal budget transmittal but prior to completion of appropriation action by the Congress, that revises previous requests, such as the amount of budget authority.
- 10. <u>Budget Authority</u>: The authority becoming available during the year to enter into obligations that result in immediate or future outlays of Government funds.
- 11. <u>Budget Deficit</u>: The amount by which the Government's budget outlays exceed its budget receipts for any given period. Deficits are financed primarily by Treasury borrowing from the public.
- 12. <u>Budget Receipts:</u> Amounts received by the Federal Government from the public that arise from the exercise of governmental or sovereign power (primarily tax revenues, but also receipts from premiums of compulsory social insurance programs, court fines, license fees, etc.); premiums from voluntary participants in Federal social insurance programs; and gifts and contributions. Excluded from budget receipts are collections resulting from business-type transactions and payments between government accounts as a result of intragovernmental transactions.

- 13. <u>Closed (Canceled) Accounts:</u> An appropriation that is no longer available for the adjustment or payment of obligations. Appropriations are closed (canceled) after being in the expired status for five years. Once these appropriations are closed (canceled), no payments or adjustments may be made. (See Expired Appropriation.)
- 14. Concurrent Resolution: A resolution passed by both Houses of Congress, but not requiring the signature of the President, setting forth, reaffirming, or revising the congressional budget for the United States Government for a fiscal year. A concurrent resolution on the budget, due by April 15, must be adopted before legislation providing new budget authority, new spending authority, new credit authority or changes in revenues or the public debt limit is considered. Other concurrent resolutions for a fiscal year may be adopted at any time following the first required concurrent resolution for that fiscal year.
- 15. Constant Dollars: A dollar value adjusted for changes in prices. Constant dollar series are derived by dividing current dollar estimates by appropriate price indices, a process generally known as deflating. The result is a time series as it would presumably exist if prices were the same throughout as in the base year in other words, as if the dollar had constant purchasing power. Any changes in such a series would reflect only changes in the real (physical) volume of output. Constant dollar figures are commonly used for gross national product and its components.
- 16. Continuing Resolution: Legislation enacted by the Congress to provide budget authority for specific ongoing activities in cases where the regular fiscal year appropriation for such activities has not been enacted by the beginning of the fiscal year. The continuing resolution usually specifies a maximum rate at which the agency may incur obligations, based on the rate of the prior year, the President's budget request, or an appropriation bill passed by either or both Houses of the Congress.
- 17. Controllability: The ability under existing law to control budget authority or outlays during a given fiscal year. "Relatively uncontrollable" usually refers to spending that cannot be increased or decreased without changes in existing substantive law. At the Federal budget level, the largest part of such spending is the result of open-ended programs and fixed costs, such as social security and veterans' benefits. For defense, controllability is limited by the payments due under obligations incurred during prior years.
- 18. <u>Current Services Estimates</u>: Estimated budget authority and outlays for the upcoming fiscal year based on continuation of existing levels of service, i.e., assuming that all programs and activities will be carried on at the same level as in the fiscal year in progress and without policy changes in such programs and activities. These estimates of budget authority and outlays, accompanied by the underlying economic and programmatic assumptions upon which they are based (such as the rate of inflation, the rate of real economic growth, pay increases, etc.), are required to be transmitted by the President to the Congress.
- 19. <u>Deferral of Budget Authority</u>: Any action or inaction by any officer or employee of the United States that withholds, delays, or effectively precludes the obligation or expenditure of budgetary resources, including the establishment of reserves under the Antideficiency Act, as amended by the Impoundment and Control Act. Section 1013 of the Impoundment Control Act of 1974 requires a special message from the President to the Congress reporting a proposed deferral of budget authority. Deferrals may not extend beyond the end of the fiscal year in which the message reporting the deferral is transmitted and may be overturned by the passage of an impoundment resolution by either House of Congress.
- 20. <u>Disbursements</u>: In budgetary usage, gross disbursements represent the amount of checks issued, cash, or other payments made, less refunds received. Net disbursements represent gross disbursements less income collected and credited to the appropriation or fund account, such as amounts received for goods and services provided.
 - 21. Expenditures/Disbursements: A term generally used interchangeably with outlays.
- 22. <u>Expired Appropriation</u>: An appropriation whose period of availability for incurring new obligations has expired but the appropriation is not closed (canceled). During this period, the appropriation is

available for adjustment to, or payment of, existing obligations. Appropriations remain in an expired status for five years as shown in the table below. At the end of the five-year expiration period, the appropriation is closed (canceled) and is no longer available for the payment of unliquidated obligations. (See Closed (Canceled) Accounts.)

Life Cycle of Appropriations:

| | | Years For | |
|---------------|------------------|----------------|-----------------|
| | New | Obligation | Closed |
| | Obliga- | Adjust. & | End of |
| | tions | Disburse. | Year |
| Approp | <u>Unexpired</u> | Expired | Canceled |
| MilPers | 1 | 2-6 | 6 |
| O&M. | 1 | 2-6 | 6 |
| RPM,D | 2 | 3-7 | 7 |
| RDT&E | 2 | 3-7 | 7 |
| Proc. | 3 | 4-8 | 8 |
| SCN | 5 | 6-10 | 10 |
| Mil. Con. | 5 | 6-10 | 10 |

- 23. Federal Debt: Federal debt consists of public debt and agency debt. Public debt is that portion of the Federal debt incurred when the Treasury Department or Federal Financing Bank (FFB) borrows funds directly from the public or another fund or account. Agency debt is that portion of the Federal debt incurred when a Federal agency authorized by law, other than Treasury or the Federal Financing Bank, borrows funds directly from the public or another fund or account.
- 24. <u>Fiscal Year</u>: Any yearly accounting period without regard to its relationship to a calendar year. The fiscal year for the Federal Government begins on October 1 and ends on September 30. The fiscal year is designated by the calendar year in which it ends. Fiscal years are further designated as follows:
 - Past Year-1: Also referred to as Prior Year-1, the fiscal year immediately preceding the past year.

Past Year (PY): Also referred to as Prior Year, the fiscal year immediately preceding the current year; the last completed fiscal year.

Current Year (CY): The fiscal year in progress. Immediately precedes the budget year.

Budget Year (BY): The next fiscal year for which estimates are submitted if not a biennial budget.

Budget Year 1 (BY1): In a biennial budget submission (Department of Defense), the first fiscal year of a two-year period for which the budget is being considered.

Budget Year 2 (BY2): In a biennial budget submission (Department of Defense), the second fiscal year of a two-year period for which the budget is being considered

Budget Year(s)+1 (BY(s)+1): The fiscal year immediately following the budget year(s). This format continues through Budget Year +5 (BY+5), the fifth fiscal year following the budget year(s).

- 25. <u>Full Funding Policy</u>: The practice of funding the total cost of major procurement and construction projects in the fiscal year in which they will be initiated. See Section 010202 for further information.
- 26. <u>Full-time Equivalent (FTE).</u> Reflects the total number of regular straight-time hours (i.e., not including overtime or holiday hours) worked by employees divided by the number of compensable hours applicable

to each fiscal year. Annual leave, sick leave and compensatory time off and other approved leave categories are considered to be "hours worked" for purposes of defining full-time equivalent employment.

- 27. Future Years Defense Program (FYDP): The Future Years Defense Program is the program and financial plan for the Department of Defense as approved by the Secretary of Defense. The FYDP arrays cost data and force structure over a six-year period (force structure for an additional 3 years), portraying this data by major force program for internal DoD review and by appropriation for congressional review.
- 28. <u>Impoundment</u>: Any action or inaction by an officer or employee of the United States that precludes the obligation or expenditure of budget authority provided by the Congress.
- 29. <u>Impoundment Resolution</u>: A resolution of the House of Representatives or the Senate disapproving a deferral of budget authority set forth in a special message ordinarily transmitted by the President under section 1013 of the Impoundment Control Act of 1974. Passage of an impoundment resolution by either House of Congress has the effect of overturning the deferral and requires that such budget authority be made available for obligation.
- 30. <u>Incremental Funding</u>: The phasing of total funding of programs or projects over two or more fiscal years based upon levels and timing of obligational requirements for the funds. Differs from full funding concept where total funds for an end item, program or project are provided in the fiscal year of program or project initiation, regardless of the obligational requirement for the funds.
- 31. <u>Multiyear Procurement</u>: Procurement of a particular end item or system under a multiyear contract approved by specific provision of law. For the Department of Defense, multiyear procurement contracting of military hardware or systems must be specifically, and individually, approved by the Congress.
- 32. <u>Object Classification</u>: A uniform classification identifying the transactions of the Federal Government by the nature of the goods or services purchased without regard to the agency involved or the purpose of the programs for which they are used.
- 33. Obligations: Amounts of orders placed, contracts awarded, services received, or similar transactions made by Federal agencies during a given period, which will require outlays during the same or some future period.
- 34. <u>Outlays</u>: The amount of checks issued or other payments made (including advances to others), net of refunds and reimbursements. Outlays are net of amounts that are adjustments to obligational authority. The terms "expenditure" and "net disbursement" are frequently used interchangeably with the term "outlay". Gross outlays are disbursements and net outlays are disbursements (net of refunds) minus reimbursements collected.
- 35. <u>President's Budget</u>: The budget for a particular fiscal year transmitted to the Congress by the President in accordance with the Budget and Accounting Act of 1921, as amended. Some elements of the budget, such as the estimates for the legislative branch and the judiciary, are required to be included without review by the Office of Management and Budget or approval by the President.
- 36. <u>Program Budget Decision (PBD):</u> A budget decision document issued during the joint review of Service budget submissions by analysts of the Office of the Secretary of Defense (OSD) and the Office of Management and Budget (OMB). PBDs reflect the decisions of the Secretary of Defense as to appropriate program and funding to be included in the annual defense budget request which, in turn, is included in the President's Budget.
- 37. <u>Program Decision Memorandum (PDM)</u>: A document containing the decisions by the Secretary of Defense on the program and resource levels identified in the Program Objectives Memorandum.

- 38. <u>Program Objectives Memorandum (POM):</u> The final product of the programming process within the Department of Defense, the Program Objectives Memorandum (POM) displays the resource allocation decisions of the Military Departments in response to and in accordance with Defense Guidance.
- 39. <u>Program Year:</u> The fiscal year in which authorization was provided and in which funds were appropriated for a particular program, regardless of the fiscal year in which funds for that program might be obligated.
- 40. <u>Reapportionment</u>: A revision by the Office of Management and Budget of a previous apportionment of budgetary resources for an appropriation or fund account. A revision would ordinarily cover the same period, project, or activity covered in the original apportionment.
- 41. <u>Reappropriation</u>: Congressional action to restore the obligational availability, whether for the same or different purposes, of all or part of the unobligated portion of budget authority that has expired or would otherwise expire in an annual or multi-year account. Obligational authority in a current account may also be extended by a subsequent appropriation act.
- 42. Reconciliation Process: A process used by the Congress to reconcile amounts determined by tax, spending, and debt legislation for a given fiscal year with the ceilings enacted in the second and required concurrent resolution on the budget for that year. Section 310 of the Congressional Budget and Impoundment Control Act of 1974 provides that the second required concurrent resolution on the budget, which sets binding totals for the budget, may direct committees to determine and recommend changes to laws, bills, and resolutions, as required to conform with the binding totals for budget authority, revenues, and the public debt.
- 43. <u>Recovery of Prior Year Obligations</u>: Amounts made available in no year and unexpired multiyear accounts through downward adjustment of prior year obligations.
- 44. <u>Reimbursements</u>: Sums received by the Government for commodities sold or services furnished either to the public or to another Government account that are authorized by law to be credited directly to specific appropriation and fund accounts. These amounts are deducted from the total obligations incurred (and outlays) in determining net obligations (and outlays) for such accounts.
- 45. <u>Reprogramming</u>: Utilization of funds in an appropriation account for purposes other than those contemplated at the time of appropriation. Reprogramming is generally accomplished pursuant to consultation with and approval by appropriate congressional committees. Instructions will be contained in Volume 3 of this regulation.
- 46. <u>Rescission</u>: The consequence of enacted legislation which cancels budgetary resources previously provided by the Congress prior to the time when the authority would otherwise lapse. Section 1012 of the Impoundment Control Act of 1974 requires a special message from the President to the Congress reporting any proposed rescission of budgetary resources. These proposals may be accepted in whole or in part thro ugh the passage of a rescission bill by both Houses of the Congress.
- 47. Rescission Bill: A bill or joint resolution that provides for cancellation, in whole or in part, of budgetary resources previously granted by the Congress. Under Section 1012 of the Impoundment Control Act of 1974, unless Congress approves a rescission bill within 45 days of continuous session after receipt of the proposal, the budgetary resources must be made available for obligation.
- 48. Revolving Fund: A fund established to finance a cycle of operations through amounts received by the fund. Within the Department of Defense, such funds include the Defense Working Capital Fund, as well as other working capital funds.
- 49. <u>Sequestration</u>: The reduction or cancellation of new budget authority; unobligated balances, new loan guarantee commitments or limitations; new direct loan obligations, commitments, or limitations; spending

authority; and obligation limitations. OMB Circular A-11, section 14.2(e) provides additional guidance on sequestration rules of the Budget Enforcement Act of 1990 (BEA).

- 50. <u>Supplemental Appropriation</u>: An act appropriating funds in addition to those in an annual appropriation act. Supplemental appropriations provide additional budget authority beyond original estimates for programs or activities (including new programs authorized after the date of the original appropriation act) for which the need for funds is too urgent to be postponed until enactment of the next regular appropriation act.
- 51. Total Obligational Authority (TOA) Availability: The sum of (1) all budget authority granted (or requested) from the Congress in a given year, (2) amounts authorized to be credited to a specific fund, and (3) unobligated balances of budget authority from previous years which remain available for obligation. In practice, this term is used primarily in discussing the Department of Defense budget, and most often refers to TOA as "program" which equates to only (1) and (2) above.
- 52. <u>Transfer Authority</u>: Authority provided by the Congress to transfer budget authority from one appropriation or fund account to another.

010108 Security Classifications

A. General

- 1. Instructions concerning premature disclosure of budget information prior to presentation to the Congress are contained in OMB Circular A-11.
- 2. Instructions concerning security classification of the budget estimates submissions to OSD are contained in Section 010305.
- 3. Instructions concerning security classification of congressional justification material are contained in Section 010401.
- B. Classification of Procurement Exhibit P-1 line items, RDT&E Exhibit R-1 line items, and the Construction Programs (C-1):
- 1. Procurement Exhibit P-1 line items: P-1 line items will be unclassified to the maximum extent possible. Classify only those line itmes for which the program's Security Classification Guide so dictates and when conditions in paragraph C.1. (below) apply.
- 2. RDT&E Exhibit R-1 line items: R-1 line items will be unclassified to the maximum extent possible. Classify only those line items for which the program's Security Classification Guide so dictates and when conditions in paragrph C.1. (below) apply.
- 3. The Construction Programs (C-1) is designed to be an unclassified document. See Section 010504 for instructions.
- C. Security classification instructions for Intelligence Programs/Activities Resource Information are contained in Chapter 16

0102 FUNDING POLICIES

010201 Criteria for Determining Expense and Investment Costs

- A. Appropriation accounts form the structure for the President's budget request and are the basis for congressional action. The appropriations are further organized into budget activities of appropriations with programs, projects or activities of similar purposes. To support management of the Department of Defense's programs, projects or activities, resource requirements should be organized and categorized consistently within the appropriation and budget activity structure. The following sections provide guidance for categorizing resource requirements into the various appropriations.
- B. <u>Basic Distinctions Between Expense and Investment Costs.</u> The criteria for cost definitions consider the intrinsic or innate qualities of the item such as durability in the case of an investment cost or consumability in the case of an operating cost and the conditional circumstances under which an item is used or the way it is managed. In all cases where the definitions appear to conflict, the conditional circumstances will prevail. The following guidance is provided to determine whether a cost is either an expense or an investment. All costs are classified as either an expense or an investment.
- 1. Expenses are the costs incurred to operate and maintain the organization, such as personal services, supplies, and utilities.
- 2. Investments are the costs that result in the acquisition of, or an addition to, end items. These costs benefit future periods and generally are of a long-term character such as real property and personal property.

C. Policy for Expense and Investment Costs.

- 1. DoD policy requires cost definition criteria that can be used in determining the content of the programs and activities that comprise the Defense budget. The primary reasons for these distinctions are to allow for more informed resource allocation decisions and to establish criteria for determining which costs are appropriate to the various defense appropriations.
- 2. The cost definition criteria contained in this policy are only applicable to the determination of the appropriation to be used for budgeting and execution. Cost definitions for accounting purposes are contained in Volume I of this regulation.
- 3. Costs budgeted in the Operation and Maintenance (O&M) and Military Personnel appropriations are considered expenses. Costs budgeted in the Procurement and Military Construction appropriations are considered investments. Costs budgeted in the Research, Development, Test and Evaluation (RDT&E), Base Realignment and Closure (BRAC), and Family Housing appropriations include both expenses and investments. Definitions for costs within the Defense Working Capital Funds are provided in Chapter 9 and Section 010214.
- 4. Items procured from the Defense Working Capital Funds will be treated as expenses in all cases except when intended for use in weapon system outfitting, government furnished material (GFM) on new procurement contracts, or for installation as part of a weapon system modification, major reactivation, or major service life extension.
- D. <u>Procedures for Determining Expenses Versus Investments.</u> The following criteria will be used to distinguish those types of costs to be classified as expenses from those to be classified as investments for budgeting purposes:
- 1. <u>Expenses</u>. Expenses are costs of resources consumed in operating and maintaining the Department of Defense. When costs generally considered as expenses are included in the production or construction

of an investment item, they shall be classified as investment costs. Military personnel costs are an exception to this rule. The following guidelines shall be used to determine expense costs:

- Labor of civilian, military, or contractor personnel.
- Rental charges for equipment and facilities.
- · Food, clothing, and fuel.
- Supplies and materials designated for supply management of the Defense Working Capital Funds.
- Maintenance, repair, overhaul, rework of equipment.
- Assemblies, spares and repair parts, and other items of equipment that are not designated for centralized item management and asset control and which have a system unit cost less than the currently approved dollar threshold of \$100,000 for expense and investment determinations. This criterion is applied on the basis of the unit cost of a complete system rather than on individual items of equipment or components that, when aggregated, become a system. The concept of a system must be considered in evaluating the procurement of an individual end item. A system is comprised of a number of components that are part of and function within the context of a whole to satisfy a documented requirement. In this case, system unit cost applies to the aggregate cost of all components being acquired as a new system.
- Cost of incidental material and items that are not known until the end item is being modified are conditional requirements and are considered expenses because the material is needed to sustain or repair the end item.
- Engineering efforts to determine what a modification will ultimately be or to determine how to satisfy a deficiency are expenses.
- Real property maintenance, including facility maintenance and repair and O&M-funded minor construction projects.
- 2. <u>Investments</u>. Investments are costs to acquire capital assets such as real property and equipment. The following criteria shall be used to determine those costs to be classified as investments:
- All items of equipment, including assemblies, ammunition and explosives, modification kits (the components of which are known at the outset of the modification), spares and repair parts not managed by the Defense Working Capital Funds, that are subject to centralized item management and asset control.
- All equipment items that are not subject to centralized item management and asset control and have a system unit cost equal to or greater than the currently approved expense and investment dollar threshold of \$100,000. The validated requirement may not be fragmented or acquired in a piecemeal fashion in order to circumvent the expense and investment criteria policy.
- Construction, including the cost of land and rights therein (other than leasehold). Construction includes real property equipment installed and made an integral part of such facilities, related site preparation, and other land improvements. (See paragraph F below for special guidance concerning real property facilities.)
- The costs of modification kits, assemblies, equipment, and material for modernization programs, ship conversions, major reactivations, major remanufacture programs, major service life extension programs, and the labor associated with incorporating these efforts into or as part of the end item are considered investments. All items included in the modification kit are considered investment even though some of the individual items may otherwise be considered as an expense. Components that were not part of the modification content at the outset and which are subsequently needed for repair are expenses. The cost of labor for the installation of modification kits and assemblies is an investment.

- Supply management items of the Defense Working Capital Funds designated for weapon system outfitting, government-furnished material on new procurement contracts, or for installation as part of a weapon system modification or modernization, major reactivation or major service life extension.
- Also considered as investments are support elements such as data, factory training, support equipment and interim contractor support (ICS), which are required to support the procurement of a new weapon system or modification.
- 3. <u>Conditional Cases</u>. The following are conditional cases that take precedence over the criteria contained in paragraphs 1 and 2 above:
- A major service life extension program financed in Procurement extends the life of a weapon system beyond its designed service life. Depot maintenance financed in O&M is the maintenance that ensures the weapon system reaches its designed service life.
- Initial outfitting of an end item of investment equipment, such as a ship or aircraft, with the furnishings, fixtures, and equipment necessary to make it complete and ready to operate is a part of the initial investment cost. Material procured through the Defense Working Capital Funds for initial outfitting will be financed by procurement appropriations when drawn from the supply system. This concept includes changes to the allowance lists of ships, vehicles, and other equipment. Changes to allowance lists will be budgeted as investment costs.
- Initial outfitting of a facility construction project financed by a Military Construction appropriation is financed as either expense or investment based on the general criteria. Collateral equipment and furnishings are not considered construction costs since these items are movable and are not installed as an integral part of the facility.
- When family housing is initially outfitted with kitchen equipment to include refrigerator, shades, carpeting, etc., these items are considered part of the construction costs.
- Construction program costs, associated with construction management in general, as distinguished from supervision of specific construction projects, are expenses. Costs incident to the acquisition (i.e., design, direct engineering, technical specifications) and construction of a specific project are investments. The cost of administering the real property maintenance program is an expense at all levels.
- Costs of minor construction projects, not financed by Military Construction appropriations, meeting the current criterion for funding from appropriations available for operation and maintenance are considered expenses. However, this definition does not abrogate the prohibition against the planned acquisition of, or improvements to, a real property facility through a series of minor construction projects (i.e., incremental construction).
- The cost of civilian personnel compensation and other direct expenses (i.e., travel, office equipment leasing, maintenance, printing and reproduction) incurred in support of procurement and/or production programs by departmental headquarters staff, contracting offices, contract audit offices, system project offices, and acquisition managers are expenses. Procurement and/or production direct support costs such as production testing, quality assurance, production engineering, and equipment assembly, whether performed under contract or by in-house personnel funded on a reimbursable basis are investments.
- When investment equipment is to be installed in a real property facility, the costs of both the equipment and its installation are considered investments.
- E. Special Guidance Concerning General Purpose Communications and Information Systems

 Procurement. The following is guidance to apply the expense and investment criteria to general purpose communications and information systems.
- 1. <u>New Equipment and System Procurement.</u> The aggregate cost of new equipment and systems, including peripherals and system unique software, procured to address a requirement validated in an approved requirement document will be used to determine whether it should be treated as an expense or investment cost. The

determination of expense or investment cost will be applied on the basis of each system in the requirements document, if the document includes more than one system.

- 2. Additional or Replacement Equipment and System Procurement. When new requirements necessitate adding, replacing or modifying equipment or software that is a component of, or supports the functioning of an existing system, only the additional equipment and software procurement costs will be used to determine whether it should be treated as an expense or investment cost. Upgrades to an existing system involving multiple equipment component and software changes that are combined to address validated system deficiencies or to improve system performance will be treated as new equipment or system procurement in determining the applicability of the expense and investment criteria.
- 3. <u>Software</u>. If only software is being procured and its intended use is to replace operational software, the cost is an expense funded in O&M. If the software requires developmental testing or initial operational test and evaluation (IOT&E) by an independent test agency, the expense is funded in RDT&E. If software is required for RDT&E test purposes, the cost is funded in RDT&E. Further guidance on funding information systems is found in Section 010212, paragraph C.10., Information Systems Costs.
- 4. <u>Requirements Determinations</u>. The validated requirement for, or upgrade to, a communications or information system may not be fragmented or acquired in a piecemeal fashion in order to circumvent the expense and investment criteria policy.

F. Special Guidance Concerning Real Property Facilities

- 1. Construction includes real property equipment (often called installed equipment) which is affixed and built into a facility as an integral part of a facility. The cost of this equipment and its installation is part of the construction cost.
- 2. Items of equipment that are movable in nature and not affixed as an integral part of a facility are not normally considered construction costs, except for initial outfitting of family housing, as detailed in paragraph D3 above. This equipment includes all types of production, processing, technical, information systems, communications, training, servicing and RDT&E equipment. The cost of this equipment is an expense or an investment according to the policy criteria above. In addition, modifications to an existing facility required to support the installation of movable equipment, such as the installation of false floors or platforms, prefabricated clean rooms, or utilities, will be considered an integral part of the equipment costs. As such, the costs are either expense or investment, as long as the modifications do not include structural changes to the building. If the modifications include structural changes, they will be considered investment costs and budgeted as construction.

G. Expense/Investment Cost Determination

| Expense/Investment Cost Determination | | | | | | |
|---------------------------------------|-----|-----------------------|-----|------------------------|-----|------------------------|
| Is the item a | If | Then | If | Then | If | Then |
| Centrally | Yes | Is the item | Yes | Is the item part of a | Yes | Classify as Investment |
| Managed/Asset | | purchased from | | full funding effort? * | No | Classify as Expense |
| Controlled Item? | | DWCF? | No | Classify as Investment | | |
| | No | Is the unit cost more | Yes | Classify as Investment | 1 | |
| | | than \$100,000? | No | Classify as Expense | 1 | |

^{*} When intended for use in weapon system outfitting, government furnished material on new procurement contracts or for installation as part of a weapon as part of a weapon system modification, major reactivation or major service life extension.

010202 Full Funding of Procurement Programs

- A. <u>Policy for Full Funding</u>. It is the policy of the Department of Defense to fully fund procurements that are covered within the procurement title of the annual DoD Appropriations Act. There are 2 basic policies concerning full funding.
- 1. The first is to provide funds at the outset for the total estimated cost of a given program so that the Congress and the public can be fully aware of the dimensions and cost when the program is first presented in the budget.
- 2. The second is to provide funding each fiscal year to procure a complete, usable end item. In other words, an end item budgeted in a fiscal year cannot depend upon a future year's funding to complete the procurement. However, efficient production of major defense systems has necessitated two general exceptions to this policy advance procurement for long leadtime items and advance economic order quantity (EOQ) procurement. EOQ is normally associated with multiyear procurements but can be requested for annualized procurements on an exception basis for unusual circumstances (such as combined parts buys for a block of satellites). Both efforts must be identified in an Exhibit P-10, Advance Procurement, when the Budget Estimate Submission is submitted to OSD and when the President's budget request is submitted to the Congress.

B. Procedures for Full Funding

- 1. <u>Cost Estimates</u>. Full funding applies to an initial estimate and can exist only at a point in time because estimates change. However, the Future Years Defense Program (FYDP) shall be a consistently reliable foundation for stating the total cost of acquiring defense systems. Thus, the FYDP shall reflect a DoD Component's best estimate at completion of the program. The estimate should reflect the most likely cost of a procurement. Program estimates shall be kept current and fully financed through the Planning, Programming, and Budgeting System (PPBS) process and established reprogramming procedures.
- 2. <u>Time-Phased Procurement.</u> Within defense system acquisition programs, nonrecurring costs and costs of certain production items related to, but not integral to, the end item of equipment are considered part of the overall acquisition cost. DoD Components shall plan and budget in a manner to ensure completion of the nonrecurring effort or delivery of such production items consistent with the planned delivery of the associated end items. That is, the programming and budgeting shall be on a time-phased "leadtime away" or "need to commit" basis. The Funded Delivery Period is part of the process to determine the quantities required to be budgeted in a particular fiscal year. DoD Components may not budget funds for obligation for items such as support, trainers, or data before the design or specifications of such items are essentially complete. These items shall be budgeted on an "ability to contract" basis as well as on a "leadtime away" basis.
- Advance Procurement (Long Leadtime Items). Advance procurement requests for long leadtime items shall be limited to the end items in major procurement appropriations. Long leadtime procurements shall be for components, parts, and material whose leadtimes are greater than the life of the appropriation (3-5 years). In some circumstances, Advance Procurement is also warranted when items have significantly longer leadtimes than other components, parts, and material of the same end item or when efforts must be funded in an advance procurement timeframe in order to maintain a planned production schedule. For new development programs, the planned production schedule should be based on a full funding basis without the use of long lead material. Planning the program content this way provides additional flexibility should development delays arise. When advance procurement is part of the program, however, the cost of components, material, parts, and effort budgeted for advance procurement shall be relatively low compared to the remaining portion of the cost of the end item. Each budget request for advance procurement shall represent, at a minimum, the termination liability associated with the total cost of the long leadtime components, material, parts, and effort for which the advance procurement request is being made. The termination liability should not cover the cost of the end item budgeted in the following fiscal year(s). The full cost of components, material, parts, and effort included in the advance procurement request should be budgeted in the FYDP consistent with full funding procedures. The budget requests will properly debit and credit advance procurement budget requests as defined in Exhibits P-1, P-5, P-10 and P-40 instructions.

- 4. Economic Order Quantity (EOQ) Procurement. EOQ is normally associated with multiyear procurements but can be requested for annualized procurements on an exception basis for unusual circumstances (such as combined parts buys for a block of satellites). It is the general policy of the Department of Defense not to create unfunded contract liabilities for EOQ procurements. Rather, funding for EOQ procurements shall be included in advance procurement budget requests unless an exception to the general policy is granted by the USD(Comptroller). The EOQ procurement may satisfy procurement requirements for no more than five program years. Unless it would be more effective to fully fund the EOQ, or the USD(Comptroller) has granted an exception to the general policy to allow inclusion of EOQ costs in a cancellation clause, the advance procurement funding for an EOQ procurement shall cover, at a minimum, the estimated termination liability of the EOQ procurement.
- 5. Relationship of Budgeting and Contracting. An end item is fully funded only when funds are budgeted, programmed and available to cover the total estimated cost of the item at the time the procurement action is begun. Contracting, on the other hand, is a part of the execution phase or acquisition process within the framework of a program. The number of contracts required to procure a defense system, the type of contract awarded, and the timing of the award have no bearing upon whether or not an item is fully funded. In executing a program, no procurement of material or equipment, or work or services therefor, shall be directed or implemented unless the full program amount is available, except for authorized economical order quantity (EOQ) and advance procurement. For multiyear contracts, the test of full funding does not include the cancellation ceiling associated with items in the FYDP to be procured in fiscal years not yet funded (that is, beyond the budget year). Multiyear contracts may not be awarded unless the contract and the multiyear program are fully funded within the approved FYDP funding.

010203 Multiyear Procurement.

- A. Multiyear procurement (MYP) is a generic term describing the process, planning, and contract under which the government may contract for the purchase of supplies or services for more than one, but not more than five, program years. Such a contract may provide that performance during the second and subsequent years of the contract is contingent upon the appropriation of funds, and may provide for a cancellation payment to be made to the contractor if such appropriations are not made. Multiyear procurements are budgeted and funded annually.
- B. <u>Statutory Requirements</u>. Section 2306b of title 10 of the United States Code, section 806 of Public Law 105-85, the FY 1998 DoD Authorization Act, and section 8008 of Public Law 105-56, the FY 1998 DoD Appropriations Act, require that approval, initiation, and execution of a multiyear contract follow certain guidelines.
 - 1. MYP approval is predicated on:
- <u>Substantial Savings</u>. The use of a multiyear contract will result in substantial savings of the total anticipated costs of carrying out the program through annual contracts.
- <u>Stability of Requirement.</u> The minimum need for the property to be purchased is expected to remain substantially unchanged during the contemplated contract period in terms of production rate, procurement rate, and total quantities.
- <u>Stability of Funding</u>. There is a reasonable expectation that throughout the contemplated contract period, the head of the agency will request funding for the contract at the level required to avoid contract cancellation.
- <u>Stable Design</u>. There is a stable design for the property to be acquired and the technical risks associated with such property are not excessive.
- Realistic Cost Estimates. The estimates of the cost of the contract and the anticipated cost avoidance through the use of a multiyear contract are realistic.
- National Security. Use of a multiyear contract will promote the national security of the United States.

- 2. In addition to the approval criteria, Congress requires that:
- MYP contracts cannot be initiated for any system or component thereof if the value of the MYP contract would exceed \$500.0 million unless specifically provided for in an Appropriations Act and an Act other than an Appropriations Act.
- Proposed legislation and funding must accompany the MYP request in the President's budget submission; or the MYP request must be formally submitted as a budget amendment; or the Secretary of Defense must request MYP approval in writing to the congressional defense committees.
- Congressional defense committees must be notified at least 30 days in advance of a proposed contract award that: employs economic order quantity procurements in excess of \$20.0 million in any one year of the contract; employs advance procurement leading to a multiyear procurement contract that employs economic order quantity procurement in excess of \$20.0 million in any one year; or includes an unfunded contingent liability in excess of \$20.0 million.
- A multiyear procurement contract cannot be initiated for which the economic order quantity advance procurement is not funded at least to the limits of the government's liability.
- A multiyear procurement contract must provide for production at not less than the minimum economic rate given the existing tooling and facilities.
- A present value analysis must be used to determine the present value, or real worth, of the multiyear savings. Comparing the multiyear contracting approach to a conventional annual-buy approach derives the savings.
- The Secretary of Defense must certify to the Congress that the support costs associated with the multiyear procurement with a value greater than \$500 million are fully funded within the future years defense plan (FYDP). The Secretary of Defense in a March 23, 1998 memorandum delegated this certification to the USD Comptroller. Components must submit the certification letter to the USD Comptroller at least 30 days prior to the anticipated contract award for approval, signature, and transmittal to the congressional defense committees.
- Multiyear procurement contracts may provide for cancellation provisions to the extent that such provisions are necessary and in the best interests of the United States. The cancellation provisions may include consideration of both recurring and nonrecurring costs of the contractor associated with the production of the items to be delivered under the contract. However, the Agency Head and the USD(C) must approve the inclusion of recurring costs in a cancellation ceiling (see paragraph C below).
- Before any multiyear procurement contract that contains a clause setting forth a cancellation ceiling in excess of \$100.0 million may be awarded, the head of the agency concerned shall give written notification of the proposed contract and of the proposed cancellation ceiling for that contract to the congressional defense committees. The contract may not be awarded until the end of a 30-day waiting period beginning on the date of such notification.
- MYP contracts cannot be terminated without a 10-day prior notification to the congressional defense committees.

C. <u>DoD Requirements.</u>

• The item should be technically mature, normally having completed RDT&E (including development testing, or equivalent) and Initial Operational, Test and Evaluation (IOT&E), with relatively few changes in item design anticipated. Deliveries of production items will indicate that the underlying technology is stable. This does not mean that changes will not occur but that the estimated cost of such changes is not anticipated to drive total costs beyond the proposed funding profile.

- Estimates should be based on prior cost history for the same or similar items or proven cost estimating techniques. Normally, production assets should have been delivered in order to obtain actual costs for the comparisons (exceptions include satellites and ships).
- With the exception of funding for economic order quantity (EOQ) procurement and advance procurement for long leadtime items as defined in section 010202, multiyear procurement contracts will comply with full funding.
- The inclusion of recurring costs in cancellation ceilings is an exception to normal contract financing arrangements and requires approval by the Agency Head (FAR 17.106-3(e)) and the USD Comptroller.
- An exception, to be approved by the USD Comptroller, is needed to structure a contract with an unfunded cancellation ceiling. Justification explaining why an unfunded cancellation ceiling is the chosen acquisition strategy should be provided. This justification should specify what costs comprise the unfunded cancellation ceiling and why these costs are not funded under the full funding policy.
- Funds obligated for multiyear contracts must be sufficient to cover any potential termination costs. The costs of cancellation or termination may be paid from (1) appropriations originally available for the performance of the contract concerned; (2) appropriations currently available for procurement of the type of property concerned, and not otherwise oblgiated; or (3) funds appropriated for those payments.

010204 Transportation

- A. First Destination Transportation (FDT) is that transportation required to deliver production items from the manufacturer's plant or source of procurement to the first point of delivery where the Military Service or Defense Agency takes possession and/or ownership of that item. The procurement source, as used herein, is any supplier outside the DoD supply system or any DoD industrial activity that fabricates new materiel. The procurement source or the first point of delivery may be in the Continental United States (CONUS) or overseas. FDT is not applicable to components or items reworked by an industrial activity. In the case where the Government accepts the production item at the manufacturer's plant or source of production and legally owns the item, FDT extends to the first point of delivery for either use or storage by the Military Service or Defense Agency. For shipments destined to overseas locations that will enter the Defense Transportation System, FDT terminates at the port of embarkation (CONUS or overseas).
 - B. Second Destination Transportation (SDT) is any transportation other than FDT.
 - C. Budgeting Responsibilities for Transportation
- 1. Transportation of Supply Management Materiel of the Defense Working Capital Funds.

 Transportation among the 50 states is financed by the supply management business area responsible for the shipment. Transportation of supply management standard items overseas is financed by the appropriation or fund ordering the materiel if within the definition of FDT, otherwise it is financed as SDT. Transportation of DWCF nonstandard items overseas is financed in the same manner as transportation of standard items overseas except for items that are shipped on a free-on-board (FOB) destination basis. In this case, the overseas shipment transportation cost is included in the cost of the nonstandard item and no additional transportation charges should be incurred for the overseas shipment.
- 2. <u>Transportation of Items Procured by Other Than Procurement and O&M Appropriations, or Defense Working Capital Funds.</u> In general, FDT is financed by the appropriation, which financed acquisition of the item, i.e., RDT&E appropriations for RDT&E materiel and Military Construction appropriations for items that are shipped to support such construction projects. All over-ocean shipment of subsistence items financed by the Military Personnel appropriations is considered as an exception and is financed as SDT.
- 3. <u>Transportation of Items Procured by Procurement Appropriations.</u> FDT is normally financed by the Procurement appropriation that financed acquisition of the item. SDT is normally financed by the Operation & Maintenance (O&M) appropriations. The following additional guidance applies:

- a. Transportation costs integral to production contract price such as FOB destination charges are considered part of the end item contract price and are financed by the procurement appropriation that financed acquisition of the item.
- b. All transportation of government furnished equipment (GFE) and government furnished materiel (GFM) prior to installation into an end item is considered FDT and is financed by the procurement appropriation that financed acquisition of the item.
- c. The transportation of items that are not owned by DoD such as nuclear materials and warheads that DOE provides to DoD but DOE retains ownership is considered FDT and is financed by the procurement appropriation that financed the acquisition of the end item into which the item will be incorporated.
- 4. <u>Transportation of Items Procured by O&M Appropriations.</u> Transportation is financed by the O&M appropriation according to the FDT and SDT definitions.

010205 Engineering Change Orders

Engineering change orders should be funded commensurate with the level of risk in the program.

010206 Factory Training

Factory training course costs for initial cadre training are considered investment costs and should be budgeted and funded in the investment appropriation and the specific program used to procure the development, acquisition, or modification of the related end item. Temporary Duty (TDY) travel costs of military or civilian personnel attending factory training courses are funded in the Operation and Maintenance appropriations. Factory training courses acquired for end items no longer in production are to be funded in the Operation and Maintenance appropriations.

010207 Interim Contractor Support

Interim contractor support (ICS) is the maintenance and support of a new weapon system provided by a commercial vendor pending transition to organic support. Because ICS is a major component of the initial logistics support of a newly fielded system and integral to program acquisition, ICS funding requirements should be budgeted in the Procurement appropriations. However, ICS is intended to provide support for the brief period between initial item deployment and the permanent organic support. All acquisition strategies should attempt to minimize ICS requirements and duration. ICS will only be funded in Procurement appropriations until the organic support date specified in the acquisition program baseline is achieved. Continued funding of ICS after the baseline support transition date will be approved on an exception basis.

010208 Commercial Off-the-Shelf (COTS) and Non-Developmental Item (NDI) Procurement

- A. Items purchased directly from a commercial source that can be utilized without alteration or modification are classified as COTS or NDI. All COTS and NDIs, including the first article and associated first article acceptance testing should be funded in the *Procurement or O&M appropriations, as determined by the Expense and Investment criteria*. If an end item requires design and development in order to accept the COTS or NDI, then the entire effort is not COTS or NDI, and funding for that effort should be budgeted in RDT&E. If a COTS or NDI is required for RDT&E test purposes, the cost is funded in RDT&E.
- B. Commercially available items that must be modified to satisfy user requirements are classified as "modified COTS" or "modified NDI" articles. In this instance, the first article, modification of the first article, and first article testing should be budgeted in RDT&E. Follow-on purchases should be budgeted in the Procurement or O&M appropriations, as determined by the Expense and Investment criteria. The number of first articles procured will not exceed the quantity needed to conduct the acceptance tests.

010209 Spares and Repair Parts

- A. This Section provides instructions applicable to funding requests for spares and repair parts procured with direct appropriations in the Procurement Title.
- 1. <u>Initial Spares and Repair Parts.</u> Initial spares and repair parts will include those repairable components, assemblies, and subassemblies required as initial stockage at all levels including the pipeline to permit fielding of new end items. Whole spare engines will be classified as initial spares through the life of system. Funding will be budgeted based on a first year obligation rate of 92 percent.
- 2. <u>War Reserve Spares and Repair Parts.</u> War reserve material (WRM) spares and repair parts for initial stockage will be budgeted in replenishment except for whole spare engines in accordance with the above definitions. See Section 010215, Defense Working Capital Funds War Reserve Materiel, for additional budgeting WRM policies.
- B. Spares budgeting can be aggregated by weapon system except for Selected Acquisition Report (SAR) systems.

010210 Direct and Reimbursable Budget Plans.

- A. <u>Direct Budget Plan.</u> This plan includes those items of materiel to be purchased for delivery to service inventory and those procurement programs that support the acquisition of materiel for US forces. Financing for the direct budget plan is derived from: new budget authority provided by the Congress, the transfer of resources from other appropriations, and reimbursements. When dealing with reimbursements involving the sale of materiel, three situations can arise:
- 1. Replacement-in-Kind. In this situation an item of materiel is sold and will require replacement with an item of the identical type, model, and series or modified version of the same basic model (i.e., the sale of C-130E aircraft and purchase of C-130E aircraft). In this situation the reimbursement from the sale will be included in reimbursable financing and the buy-back of the item in the reimbursable program. There will be no reflection of this transaction in the Direct Budget Plan. For an ammunition item, the replacement-in-kind policy permits replacement of a round with any round that provides the same warfighting mission capability, providing the round to be purchased has been previously approved by the Congress for procurement, and the inventory objective presented to the Congress is not exceeded.
- 2. Replacement. In this situation an item of materiel is sold and will require replacement to compensate DoD inventories for the resultant loss of capability or readiness. Because of one or more circumstances, the replacement item will not be identical to the item sold. It must, however, be a later series or modified version of the same basic model (e.g., sale of a C-130A aircraft and purchase of a C-130E aircraft) or an acceptable substitute item used in the requirements computations (e.g. sale of an M-48 tank and purchase of an M-60 tank). In this situation the reimbursement from the sale will be included under reimbursable financing but the buy-back of the replacement item must be shown under the Direct Budget Plan and must comply with reprogramming requirements.
- Items sold from inventory with a unit cost less than \$5,000 will be treated as a replacement-in-kind if an improved model of the same end item is being procured, it provides the same warfighting capability, and the inventory objective presented to Congress is not exceeded.
- If an item is eligible for replacement or replacement-in-kind and is not replaced, the reimbursement should be treated as a "free asset."
- 3. <u>Free Assets</u>. In this situation an item of materiel is sold and will not require replacement. All free assets from FMS transactions are required to be deposited into the Miscellaneous Receipts of the US Treasury in accordance with 10 U.S.C. 114(c)(2).

- B. <u>Reimbursable Budget Plan.</u> This plan includes those items of materiel to be purchased for delivery to and use by customers. These items will be included on the Exhibit P-45, Reimbursable Budget Plan. Financing for the reimbursable budget plan is derived from:
- Anticipated reimbursement based upon customer orders received for items (not stocked by or purchased for procuring service use) to be purchased for direct delivery to a customer. (Direct citation of customer funds for procurement against this type of order is encouraged where common components and/or common assembly with service production of similar items are not involved.)
- Anticipated reimbursement based upon customer orders received or to be received for items common to the procuring service and customer, for direct delivery to the customer.
- Where the materiel item is to be made available from on-order quantities under an existing contract of a Military Department, the sales transactions will be reflected as reimbursable transactions. The quantities and costs of the replacement procurement will be included in the reimbursable program.
- Where the materiel item is to be made available directly from a contract awarded after the date of the sales agreement and the contract includes a particular quantity of the item to fulfill the sales agreement, the transaction will be reflected as a direct cite transaction.
- In "Replacement-in-Kind" situations, the proceeds from the sale will be included under reimbursable financing and the buy-back program will be included in the Reimbursable Budget Plan.
- In "Replacement" situations, the proceeds from the sale will be included under reimbursable financing but the buy-back program will be included under the Direct Budget Plan (not the Reimbursable Budget Plan).
- Reimbursements from customer orders for secondary items, because of the nature of such commodities and the way they must be managed, will always be treated as a generic category requiring, by definition, "replacement-in-kind." Accordingly, the proceeds from such transactions will be included under reimbursable financing and the buy-back of an equivalent value of such commodities will be included in the Reimbursable Budget Plan.

010211 Not Used

010212 Research, Development, Test and Evaluation (RDT&E) - Definitions and Criteria

- A. <u>Definitions</u>. The term "research and development (R&D)" is intended broadly to include the work performed by a government agency or by private individuals or organizations under a contractual or grant arrangement with the government. It includes R&D in all fields, including the physical sciences, engineering, etc.
- 1. Research is systematic study directed toward fuller scientific knowledge or understanding of the subject studied.
- 2. Development is systematic use of the knowledge and understanding gained from research, for the production of useful materials, devices, systems, or methods, including the design and development of prototypes and processes.
- B. <u>General Criteria</u>. When, after consideration of the following criteria, there is doubt as to the proper assignment of costs between appropriations, the issue should be resolved in favor of using RDT&E funding. In general, the types of costs to be financed by RDT&E and related appropriations are:

1. RDT&E Appropriations

a. RDT&E will finance research, development, test and evaluation efforts performed by contractors and government installations, including procurement of end items, weapons, equipment, components,

materials and services required for development of equipment, material, or computer application software; its Development Test and Evaluation (DT&E); and its Initial Operational Test and Evaluation (IOT&E) as provided for in paragraph C.5. (Test Articles and Test Support) below.

- b. The operation of R&D installations and activities engaged in the conduct of R&D programs, including direct and indirect efforts, expense and investment costs.
- c. The acquisition or construction of industrial facilities costing less than \$500,000 at government owned, government operated (GOGO) facilities under the criteria of DoD Directive 4275.5 as provided for under 10 USC 2805 (unspecified minor construction). Use of RDT&E funds for acquisition and construction at contractor owned or contractor operated government facilities is authorized under 10 USC 2353, Contracts; Acquisition, Construction, or Furnishings of Test Facilities and Equipment.

2. Related Appropriations

- a. All construction at R&D installations and activities other than that covered above will be funded in the Military Construction appropriations.
- b. Equipment and material approved for production and intended for operational use or inventory upon delivery, and product improvement within the current performance envelope on systems in production, will be funded in the Procurement appropriations as long as no development or initial operational tests by an independent test agency are required.
- c. Family housing construction, operation and maintenance at R&D installations and activities will be funded in the Family Housing appropriations.
- d. Expenses of Headquarters R&D management, organizational management analyses, Follow-on Operational and Test and Evaluation (FOT&E) personnel and command support, and product improvement within the current performance envelope for systems out of production will be funded in the Operation and Maintenance (O&M) appropriations.
- e. Research projects qualifying for financing as specific undertakings under the procedures and within the criteria established for the Special Foreign Currency Program will be funded in the Special Foreign Currency appropriation.
- C. <u>Specific Determinations</u>. Additional details on the determination of proper funding for specific items or efforts are provided in the following paragraphs.

1. Organizational Funding Criteria

- a. The RDT&E appropriation will finance expenses and investments for the operation and maintenance of R&D organizations, equipment (including R&D aircraft, ships and ship-type vehicles), installations and activities (including those operated by contract).
- b. Expenses for the support of tenant activities will be funded in accordance with the following:
- (1) Expenses for the support of tenant activities at R&D installations and activities will be RDT&E funded by the host activity, pending the establishment of reimbursable arrangements. Subsequent to the establishment of reimbursable arrangements, expenses for the support of the tenant will be funded by the tenant or as mutually agreed with the host.
- (2) Where reimbursable arrangements exist, expenses for the support of R&D activities or organizations that are tenant activities at installations having a primary function other than research, development, test and evaluation will be funded by RDT&E.

- (3) Expenses for the support of R&D activities or organization which are tenant activities at installations having a primary function other than R&D will be funded by the host, pending the establishment of reimbursable arrangements.
- c. Expenses of R&D management and administrative organizations at major systems commands, headquarters organizations and administrative organizations at DoD component departmental headquarters levels (except for the Defense Advanced Research Projects Agency and the Ballistic Missile Defense Organization) will be financed in the Operation and Maintenance (O&M) appropriations.
- d. Expenses and investments for the operation and maintenance of major range and test facilities, as defined under DoD Directive 3200.11, that conduct development testing as a primary mission as determined by workload, will be financed by the RDT&E appropriation. Major range and test facilities that primarily support follow-on operational testing or training exercises will be financed in the O&M appropriations.
- e. Costs of evaluating organizational structure and distribution of function, administrative operating policies, procedures, methods and systems (management studies) and applications of the management sciences to improve effectiveness in carrying out assigned functions are financed in the O&M appropriations.
- f. Expenses of operational military forces having a primary mission other than R&D and not specifically assigned to R&D that may, from time to time, be incidentally engaged in or support R&D activities, will be funded in the O&M appropriations.
- 2. <u>Facilities Construction and Modification.</u> When it is determined that DoD financing of real property projects is required, the projects shall be programmed, budgeted, and financed as follows:
- a. Government-Owned, Government-Operated (GOGO) Facility on Government Land. When GOGO property is to be constructed on government-owned land, such construction will normally be financed as a Military Construction project. Construction of facilities for RDT&E costing \$500,000 or less may be funded with RDT&E appropriations. Such expenditures are authorized under 10 U.S.C. 2805 (unspecified minor construction). All minor construction must result in a complete and usable facility. In no event are two or more construction projects or minor and major construction projects to be contrived to be a usable facility. Construction projects at R&D installations and activities whose costs are greater than \$500,000 will be financed by the Military Construction appropriation in accordance with Chapter 6.

b. Government-Owned, Contractor-Operated (GOCO) Facility

- (1) When the GOCO facility is on a military installation (post, camp or station) the primary funding is the Military Construction appropriation. However, if the facilities are contractor-operated, and the contractor is solely responsible for the complete and total operation and maintenance of the facility complex, construction may be financed in Procurement or RDT&E in accordance with DoD Directive (DoDD) 4275.5 and 10 USC 2353 criteria. Improvements having general utility or new construction are not authorized under 10 USC 2353.
- (2) When GOCO facilities are constructed on government property other than a military installation, the Procurement or RDT&E appropriation will finance the construction in accordance with DoDD 4275.5 criteria.
- c. <u>Contractor-Owned, Contractor-Operated Facility.</u> Under 10 USC 2353, a research or development contract may provide for the acquisition, construction, or furnishing of facilities and equipment that are necessary for the performance of the contract to the contractor. Improvements having general utility or new construction are not authorized under 10 USC 2353. Facilities that would not be readily removable or separable without unreasonable expense may not be installed or constructed on property not owned by the government, unless the contract contains:

- (1) A provision to reimburse the government for the fair value of the facilities;
- (2) An option for the government to acquire the underlying land; or
- (3) An alternative provision that protects the interests of the United States in the facilities.
- d. All proposed RDT&E real property facilities will be identified to Congress in accordance with Chapter 5, Section 050402.
- e. The Family Housing appropriation will provide for Family Housing construction and Family Housing O&M at R&D installations and activities.
- 3. Equipment. RDT&E appropriations will finance the development, design, purchase, installation, and acceptance testing of equipment or instrumentation required to support RDT&E activities. Costs of specialized equipment and instrumentation required for the support of research, development, test and evaluation contractor effort at government-owned, contractor-operated (GOCO) activities will be financed in RDT&E. DoD Directive 4275.5 applies. Installation costs include directly related foundations, shielding, environmental control, weather protection, structural adjustments, utilities and assets. Installation costs are excluded from RDT&E financing if the effort is accomplished concurrently with a military construction project, and in these instances, the military construction appropriation finances the installation cost. To the extent that the equipment installation occurs at a government activity and the cost exceeds \$500,000, no new facility or physical outer dimension expansion to an existing facility shall result from an RDT&E-funded equipment installation project.

4. Establishment of Pilot Line and Tooling Requirements

- a. The costs associated with establishing an initial pilot line, which are necessary to acquire a limited number of representative items for test purposes, including the test items, will be financed by RDT&E. All items and costs associated with maintaining the initial pilot line beyond the quantity sufficient to test for operational acceptability will be financed from other appropriations.
- b. When an end item under development has also been approved for procurement, operational use, and included in the force structure, then hard tooling requirements common to both the development and procurement phases will be financed by Procurement appropriations. When an end item under development has not been approved for procurement, operational use, or included in the force structure, then tooling and other preliminary production facilities required to produce realistic development hardware for test and evaluation will be financed by RDT&E, even though such tooling and facilities might later be used for production.

5. Test Articles and Test Support

- a. As a general rule, the procurement of test articles and test support, including "Special Support" costs and "Command Support" costs (see Glossary), for all RDT&E tests preceding and leading to acceptance for operational use (i.e., through IOT&E) will be RDT&E funded. Test articles and components or materials to be assembled into test articles shall be budgeted in accordance with the need for them in the development and test program. Purchases of full or nearly full test articles (e.g., off-the shelf drones) should be budgeted in accordance with the need for full units to test.
- (1) Development and preproduction prototypes (RDT&E financed) will be used for Development Test and Evaluation (DT&E), including scientific, technical and weapons effects tests. DT&E programs must provide complete and reliable data that can be used to estimate the military utility of new items as a basis for considering decisions to continue engineering development. To this end, it is essential to plan, program, budget and fund for an adequate number of R&D articles for development, test and evaluation that will be fabricated, manufactured or produced in a realistic preliminary production manner and thus provide such data.

- (2) Development and preproduction prototypes (RDT&E financed) will be used for IOT&E. When so used, they must be sufficiently representative of the expected production items to provide from IOT&E a valid estimate of production items operational effectiveness and suitability (including compatibility, interoperability, reliability, maintainability, and logistic and training requirements).
- (3) Low Rate Initial Production (LRIP) assets. LRIP, as defined in DoD 5000.2-R, is to provide production configured or representative articles for operational test (RDT&E funded, see paragraph (2)); establish an initial production base for the system (procurement funded); and permit an orderly increase in production rate for the system (procurement funded). If the asset requires developmental or initial operational testing by an independent test agency, then it should be procured with RDT&E funds. If the asset, originally procured for testing, will subsequently be fielded, then either RDT&E or procurement can be used, depending on what makes the best business sense. The LRIP quantity will be determined as part of the Engineering and Manufacturing Development (EMD) approval (Milestone II). RDT&E funds will be budgeted to procure the items required for operational test to facilitate the testing of LRIP assets in the EMD phase. LRIP test articles must be specifically identified in the budget documentation. Should LRIP items beyond the test quantity be required, they would need to be included in the Milestone II decision and a determination made at that time with respect to the more appropriate funding source. Ships and space systems do not have LRIP periods like other systems. Special guidance relating to the transition of ships and space systems from RDT&E to Procurement is provided in paragraph 9 of this section.
- b. Conduct of testing that is not associated with RDT&E, such as the examples noted below, will be financed in the Procurement or O&M appropriations, as appropriate.
- (1) Acceptance, quality control and surveillance testing of articles obtained for other than RDT&E purposes.
 - (2) Routine testing in connection with logistic support.
- (3) Testing related to the operation and maintenance of equipment and material acquired for use under appropriations other than RDT&E.
- (4) Testing required to prove the capability of facilities to produce items which have been approved for production will be funded by procurement as part of the initial acquisition cost.
- c. The acquisition of commercial items for testing and operational evaluation that do not require RDT&E engineering, design or integration effort will be financed by O&M or Procurement appropriations (as determined by the Expense and Investment criteria). O&M appropriations will finance personnel and command support costs for testing and operational evaluation of commercial items by field units for doctrine, operational, or organizational purposes.
- d. Articles (including end items, weapons, equipment, major test vehicles such as ballistic missile boosters or upper stages, components and materials) of types regularly procured to meet established general requirements such as operational training, operational use, or inventory which are assigned or allocated on a priority basis for use in support of approved R&D programs and which are not consumed in testing, may be financed by Procurement or O&M appropriations using the expense and investment criteria. In addition, excess items that can be made available on a priority basis from existing inventory will be reassigned for use in R&D test and evaluation programs without reimbursement. However, all items, expected to be consumed in R&D test and evaluation will be financed by RDT&E appropriations.
- e. Consumable rounds of ammunition or rounds of similar tactical missiles otherwise procured in quantity for inventory under existing procedures, may be issued on a priority basis for use in R&D testing without reimbursement.
- f. The acquisition of test articles will be financed by O&M or Procurement appropriations (as determined by the Expense and Investment criteria), and personnel and command support costs will be financed

by O&M appropriations for all test and evaluation (T&E) subsequent to acceptance for operational use and T&E to demonstrate the operational employment or develop operational tactics (i.e., subsequent to IOT&E).

6. Modification and Refurbishment of Test Articles.

- a. Costs associated with modifying or reconfiguring an existing item for R&D test purposes will be funded in RDT&E. When an item that has been diverted from another use is not consumed in R&D testing, any costs necessary to return the item to serviceable condition or to its pre-existent configuration will be financed in RDT&E.
- b. If an article initially acquired with RDT&E funds as part of an RDT&E test effort is still available at the completion of the test program, it may be reassigned for operational use or inventory. The cost to modify such an article for operational use would be borne by the Procurement and O&M appropriations, as appropriate.

7. Product Improvement

and

- a. "Product improvement" of major end items and major components of major end items currently in production or in the operational inventory, is subject to the following:
- (1) Redesign of an item to increase the current performance envelope, including related development, test and evaluation effort, will be financed in RDT&E.
- (2) Engineering services or related manufacturing efforts applied to an item currently in production to extend its useful military life within the current performance envelope should be funded by Procurement appropriations as long as no developmental testing (DT) or initial operational test and evaluation (IOT&E) by an independent test agency is required. If DT or IOT&E by an independent test agency are required, RDT&E finances the improvement. The phrase "an item currently in production" implies that the item has end item procurement funding in the year the product improvement effort is to take place.
- (3) Engineering services or related manufacturing efforts applied to an out-of-production, but still operational item to extend its useful military life within the current performance envelope should be financed by O&M appropriations as long as no developmental testing (DT) or initial operational test and evaluation (IOT&E) by an independent test agency is required. If DT or IOT&E are required by an independent test agency, RDT&E finances the improvement.
- b. While existing off-the-shelf equipment may be procured with Procurement funds, items that require engineering design, integration, test, or evaluation effort shall be procured with RDT&E funds in sufficient numbers to support such effort.
- c. Costs of fully developed and tested modification kits and associated installation costs should be financed from Procurement appropriations. If DT or IOT&E by an independent test agency are required, RDT&E finances the RDT&E effort and the kits required for RDT&E testing. Procurement funds would then be used to procure the follow-on kits.
- d. Aircraft engine component improvement costs are budgeted in the RDT&E appropriations to provide for continuing improvements in the aircraft engines in the areas of reliability, maintainability, durability, correction of Service-revealed deficiencies, safety of flight, time-between-overhaul, etc. "Component Improvement" is established at the point in time when:
 - (1) There has been a Government acceptance of the first procurement funded engine,
- (2) The engine has successfully completed stringent qualification or verification testing to demonstrate initial production suitability subject to:

- (a) Compliance with contractual specifications, performance guarantees and military specifications, as applicable to individual Service requirements;
- (b) Completion of endurance testing representative of the anticipated Service use to include completion of specified post test inspections, certification, and penalty runs;
 - (c) Demonstration of prescribed performance capability; and
- (d) Accomplishment of prescribed durability, reliability, and environmental testing.

8. Ships and Ship-type Vehicles

- a. An experimental test bed type of ship or an experimental ship will be financed by RDT&E appropriations. This will include all such experimental ships required to support an approved R&D program or for the purpose of experimenting with new or radical ship concepts or to demonstrate the military usefulness of new ship designs, configurations or fabrication techniques, when the ship-type test vehicle itself can be predicted to be consumed or expended in testing, or to have little or no operational usefulness in the force structure. Prototype ships, when designated by the Secretary of Defense, are included.
- b. A ship of demonstrated, conventional concept and design having a high probability of military usefulness and inclusion in the force structure, even though first of a class, will be constructed using procurement funds. A ship of demonstrated conventional concept and design temporarily or permanently assigned from inventory to support R&D effort will be furnished without reimbursement, but the cost of providing all R&D types of equipment or instrumentation, the cost of "nonstandard" modifications of the ship required to make the ship suitable for R&D support, as well as the cost of any related restoration to conventional or operational ship conditions upon release from assignment to R&D, will be financed by RDT&E appropriations.
- c. Preliminary or contract design for new ship construction will be financed by RDT&E appropriations, including contractor and "field activity" effort costs. Detail design for ships appropriate for procurement funding will be funded by procurement accounts.
- d. Land-based or sea-based combat system test installations will be financed by RDT&E appropriations.
- 9. <u>Space Systems.</u> Like shipbuilding programs, most space programs do not include dedicated test articles once they have entered the engineering and manufacturing development phase. The following guidance describes the circumstances in which RDT&E funds may be used for the acquisition of operational space systems.
- a. <u>Expendable launch vehicles</u>. The first rocket of a new design is normally used to launch an operational satellite into orbit. This rocket may be financed with either RDT&E or Procurement appropriations. The second and subsequent expendable launch vehicles shall in all cases be financed with Procurement appropriations. The full funding policy shall apply to all expendable launch vehicles budgeted in Procurement appropriations.
- b. <u>Satellites</u>. The first satellite of a new design is normally placed into operational use. For programs in which satellites are launched individually, the first two satellites may be financed with either RDT&E or Procurement appropriations. The third and subsequent satellites shall in all cases be financed with Procurement appropriations. For programs in which multiple satellites are launched with a single rocket, the satellites comprising the first launch may be financed with either RDT&E or Procurement appropriations depending upon which budgetary approach is most consistent with the contract structure. Satellites for the second and subsequent launches shall in all cases be financed with Procurement appropriations. The full funding policy shall apply to all satellites budgeted in Procurement appropriations. It is expected that satellite programs will make frequent use of advance procurement, combined parts buys, and multiyear contracts to efficiently use funds within the context of the

full funding policy. To achieve these efficiencies, advance procurement funding may be budgeted two years (and, in rare instances, three years) prior to the year of full funding. The total advance procurement funding for a satellite should not exceed 20 percent of the unit cost of the satellite.

- c. <u>Ground Control and Ground Processing Systems</u>. The design and implementation of ground control and ground processing systems is an integral part of the development of new satellite systems. The entire cost of the primary ground system (including off-the-shelf workstations, power supplies, etc., but not including military construction) shall normally be financed with RDT&E appropriations. The cost of backup ground systems shall be financed with Procurement appropriations, and the full funding policy shall apply.
- d. <u>User Terminals</u>. User terminals for space systems shall transition from RDT&E to Procurement in the same manner as non-space-related communications and electronics equipment.
 - 10. <u>Information Systems Costs</u> (Also see section 010201, paragraph E.3.)
- a. <u>RDT&E Funded Facilities</u>: Funds required for the operation and maintenance of Information Systems units at RDT&E funded facilities and for the acquisition of information systems resources, including development, lease or purchase of information systems by such Information Systems units should be financed in RDT&E.
 - b. Other Facilities/Activities: For all other facilities/activities, the following rules apply:
- (1) Information Systems Development. Information systems are categorized as either general purpose or special purpose.
- (a) General Purpose Information Systems. Normally, general purpose Information Systems are commercially available off-the-shelf, easily adaptable to a variety of applications by configuring existing executive software and programming languages. For purposes of definition, embedded computers in Maintenance, Supply Handling, and Logistics Equipment are considered "general purpose." Except as provided in paragraph C.7.d. (Aircraft Engine Component Improvement) above, acquisition of this type of Information Systems is not considered developmental and normally will be financed to include the initial set of executive software that meets system operational specifications by Procurement or Operation and Maintenance (O&M) appropriations subject to the expense and investment criteria. Subsequent modifications to executive software and development of applications programs should be financed in O&M appropriations except as indicated in paragraph C.10.a. (RDT&E Funded Facilities) above.
- (b) Special Purpose Information Systems. Special purpose information systems are designed to meet a specific military operational requirement or to perform a predetermined set or series of computational functions only, may be required to meet specific physical or environmental conditions, and are physically or functionally integral to a higher order system. Development, test, and evaluation of Special Purpose Information Systems will be financed in RDT&E. Purchase for operational use should be funded in the Procurement or O&M appropriations, subject to the Expense and Investment criteria.
- (2) Acquisition of Software. Software is categorized as either "executive software" or "applications software."
- (a) Executive Software. Where there is a standard, existing executive software package available with the purchase of general purpose information systems and this package will be used without modification in the intended application, its acquisition with procurement, RDT&E, or O&M funds (subject to the expense and investment criteria) is appropriate. If modifications to the executive software are required, the modification effort should be financed in O&M. If the hardware should be funded in RDT&E based on paragraphs C.7.d. (Aircraft Engine Component Improvement) or C.10.a. (RDT&E Funded Facilities) above, then the executive software package and/or any modification of it should also be RDT&E funded. The preparation or modification of executive software for special purpose information systems should be RDT&E funded.

- (b) Applications Software. O&M will normally finance preparation of applications software for general purpose information systems. Where general purpose information systems are financed in RDT&E appropriations in accordance with paragraph C.7.d. (Aircraft Engine Component Improvement) above, such applications software development will be RDT&E financed. RDT&E will finance preparation of applications software for special purpose information systems.
- (3) Product Improvement of special purpose information systems and its associated software should be funded in accordance with paragraph C.7.a. (Product Improvement).
- (4) Proprietary software carries a copyright from the vendor that prohibits duplication or modification. Essentially, the purchaser is buying a license from the vendor to use the software on a particular system. Proprietary software is an investment, subject to the expense-investment criteria, unless it is financed on an "annual fee" basis. In that case, it is an expense item properly financed in RDT&E or O&M.
- 11. Training Devices. A training device is composed of components and software that have been designed or modified to demonstrate or illustrate a concept or simulate an operational circumstance or environment. The initial or prototype training device and all its support costs through service acceptance will be funded in RDT&E. RDT&E will not fund beyond the initial system unless more than one full system is required to demonstrate the training device performance. The initial or prototype training device that employs new or off-the-shelf computers and system components, but has training system unique software and interface components, will be developed and procured with RDT&E funds. Typically, these training devices have small quantity requirements and the initial or prototype device is used for operational training. Modifications or updates to existing training devices will normally be funded in the applicable Procurement or O&M appropriation, subject to the expense and investment criteria. Any necessary development effort for these modifications or updates will be funded in RDT&E.

12. Joint Test and Evaluation

- a. Joint Test and Evaluation (JT&E) refers to T&E conducted jointly by two or more DoD components as directed by the Director for Test, Systems, Engineering, and Evaluation (DTSE&E) or the Director of Operational Test and Evaluation (DOTE). JT&E will be conducted to test and evaluate capabilities of developmental and deployed systems in a joint environment, to evaluate joint operations concepts, and to determine requirements and interoperability of systems and forces. Testing will be accomplished in realistic operational conditions when feasible and essential to the evaluation. Testing will be in accordance with established joint doctrine and will be consistent with the assigned missions of the participating Components. Tests involving alternative concepts, organization, tactics, or procedures will be coordinated with the Components and The Joint Staff. As such, JT&E should not be construed to encompass the DT&E IOT&E FOT&E process for hardware oriented weapon system acquisition. Further, DTSE&E/DOTE-directed JT&E does not include that joint testing initiated by and mutually agreed to by two or more Components for their own purposes.
- b. Funding for DTSE&E-directed JT&E is financed in the Developmental Test and Evaluation (DT&E), Defense appropriation (program element 0605804D). DOTE-directed JOT&E is financed in the Operational Test & Evaluation (OT&E) Defense appropriation. The costs incurred are for the direction, supervision, and performance of JT&E and will be for those areas that are unique to the needs of the JT&E. In the accomplishment of Joint Tests, the Components will be reimbursed from these funds for those unique costs as defined in the Glossary of Terms. When directed as Executive Agent for a particular JT&E, the Component will be responsible to the Secretary of Defense for ensuring that all resources necessary for the successful accomplishment of the JT&E are available to the Joint Test Director (JTD). This includes administrative management support and facilities for the JTD. The Components' support costs (O&M, Procurement, and RDT&E) are to be programmed and budgeted in accordance with established budgetary procedures.
- 13. <u>Manufacturing Technology</u>. The Department of Defense Manufacturing Technology program, which demonstrates factory application of new or improved technology in producing defense items, will be financed in the RDT&E appropriations.

- 14. <u>Development Efforts Related to Future Leased Services.</u> When the provider of a leased service that will ultimately be financed in O&M requires initial funding in order to design or develop major changes or improvements to meet the government's requirement for that service, then the costs of such development efforts will be financed in RDT&E.
- 15. <u>Subsystem Integration into Weapon Systems</u>. Research and development necessary for the integration of subsystems into weapon systems should be financed from the weapon system program. For example, the R&D cost of integrating an electronic warfare black box into an aircraft should be borne by the aircraft R&D program.
- 16. Engineering change orders should be funded commensurate with the level of risk in the program.

010213 RDT&E - Incremental Programming and Budgeting Basis

- A. <u>Purpose</u> This Chapter specifies the principles to be followed, and establishes the criteria and definitions to be used, in the preparation of the annual Research, Development, Test and Evaluation (RDT&E) budget estimates on an incrementally funded basis. The incremental budgeting policy provides that only those funds required for work in a given fiscal year shall be included in the RDT&E budget request for that fiscal year for most classes of effort.
- B. <u>Policy</u> The annual budget estimates for Research, Development, Test and Evaluation (RDT&E) projects and programs, including Developmental and Operational Test and Evaluation programs, are to be prepared on an incrementally programmed basis (as opposed to the fully funded program basis used in preparing procurement budget estimates.

C. Guidance

- 1. The budget request for DoD projects and programs will be developed and presented in accordance with the following principles:
- a. Annual estimates of initial financing needed for new major weapon systems and other development programs and projects requiring several years to complete, and which involve contracts spanning more than one year, should be formulated to cover costs expected to be incurred during each fiscal year. Generally this will represent a 9-month or lesser period for the initial, first year increment of a new start program due to the nature and timing of the congressional budget approval. The second and succeeding increments will be programmed and financed for the entire fiscal year. However, the Service or Defense Agency Comptroller must approve extensions of up to 3 months beyond the end of the fiscal year for which funds are requested. In this regard, DoD components should make every effort to align subsequent years' funding requirements on an annual basis coincident with the fiscal year, although it is recognized that there may be circumstances where this will not be feasible. The estimate of the financing required in the budget year to continue development projects must always take into account any changes (such as slippages) that have occurred. RDT&E funding requirements should be based on forecasted obligations that consider costs and timelines for each milestone and other programmatic event.
- b. There are requirements in which there is no logical way to divide the work; it is clearly unfeasible to limit the contract to a shorter period; or the planned technical effort is such that no responsible contractor can be found who will accept a contract for a less-than-completion increment. For these type efforts that take longer than 12 months but less than 18 months, the Service or Defense Agency Comptroller may approve financing the total requirement in one fiscal year.
- c. While it is intended that the foregoing guidelines will be applicable to program execution as well as program formulation, there may be circumstances that could delay the start of an annual increment (such as legal, administrative, or technical problems). The 2-year availability of funds authorized for the Research, Development, Test and Evaluation appropriation provides the necessary flexibility for program execution in those circumstances.

d. Engineering change orders should be funded commensurate with the level of risk in the program.

010214 Defense Working Capital Funds - Operating Budget

The operating budget represents the annual operating costs of an Activity or Component, including depreciation and amortization expenses. Detailed requirements and guidance can be found in Chapter 9.

010215 Defense Working Capital Funds - Mobilization/Surge Costs

- A. Separate funding is provided for those costs related to mobilization and wartime surge capacity that would not otherwise be incurred to meet peacetime requirements. The prices of services and products provided to peacetime customers exclude these costs, to more appropriately reflect consistent pricing between competing activities. Similarly, better visibility is provided to decision makers at every level of surge or readiness requirements. These "mobilization" costs, although funded and justified as non-Fund direct appropriation to Component budgets, are elements of business area costs and must be fully justified on the SM-3 and Fund-8 schedule. Detailed requirements and guidance can be found in Volume 2B, Chapter 9, paragraph 090103F(2).
- B. Unutilized capacity that is associated with the ability to satisfy a projected surge capability is considered a mobilization requirement that is to be funded by appropriated funds provided by the DoD Component having management responsibility for the Fund activity. Costs applicable to unutilized plant and equipment, such as depreciation, or maintenance, are not to be charged to the customers of the Fund activity.
- C. The justification for costs related to mobilization and wartime surge capacity must identify the scenario assumptions or other basis for the requirement under which these costs were calculated. Additionally, a description of how these costs will be collected and accounted for in execution must be provided.
- D. Volume 2B, Chapter 9 provides additional guidance and instructions associated with mobilization/surge requirements.

010216 Defense Working Capital Funds - War Reserve Materiel

War reserves are procured and maintained to meet wartime requirements as determined by the Defense Guidance. These costs will be funded with direct appropriations in the Components' budgets, not through customer rates. However, since the war reserve materiel will be under the management of supply management businesses, war reserve requirements will also be described and justified on the SM-3 and Fund-8b. Detailed requirements and guidance can be found in Volume 2B, Chapter 9.

010217 Defense Working Capital Funds - Military Personnel Costs

- A. Military personnel costs have been included in revolving funds since FY 1991. This change was made to ensure that the total costs of the business were being captured. The cost of military personnel assigned to DWCF activities will be included in the total cost of operations of DWCF activities at civilian equivalent rates and reflected in the stabilized rates charged to customers. This policy is based on the concept of total costing, which is designed to ensure that the total cost of producing products and services is being identified to both DWCF activities and customers.
- B. The amount expensed for military personnel by DWCF activities and the amount reimbursed to the appropriate military personnel will be the same as the amount budgeted. The budget amount will equal the average strength multiplied by the civilian equivalency rate for each grade. The average strength for the budget year(s) will be calculated using the average fill rate for the three prior years. The fill rate is calculated by dividing actual average strength by the authorized strength for each grade. No adjustments will be made to the DWCF cost of operations to reflect the actual cost of military personnel employed by DWCF activities.

C. See Volume 2B, paragraph 090103G, for budget formulation, execution, and reimbursement procedures.

010218 Defense Working Capital Funds - Full Recovery of Costs/Setting Prices

A. General Guidelines

- 1. All business areas in the Fund are required to set their prices based upon full cost recovery, including all general and administrative support provided by others. Prices are established thro ugh the budget process. Except for Depot Maintenance Activity Groups, prices remain fixed during the year of execution; actual costs are evaluated against revenue generated by workload at established prices; and the financial condition of the business assessed accordingly. Profits or losses will be determined at the end of the year and will be employed as a basis for evaluating operating efficiency.
- 2. Prices for every Defense Component business activity are established for each fiscal year. Once established, these prices are held constant (stabilized) through program execution. This stabilized rate policy serves to protect customers from unforeseen inflationary increases and other cost uncertainties and better assures customers that they will not have to reduce programs to pay for potentially higher than anticipated prices. In turn, this policy allows activities to execute the budgeted program level and permits a more effective utilization of Fund resources.
- 3. Prices for the budget year(s) will be set to recover costs over the long run. This means that prices will be set to achieve an Accumulated Operating Result (AOR) of zero. During budget execution, business areas will have either a positive or negative Net Operating Result. Accordingly, prices in the budget year will be set to either make up actual/projected losses or to give back actual/projected gains in the budget year(s).
- 4. An activity group may request that AOR losses be recovered over a two year period. The request must be included in the budget submission, may recover no more than 50% of the loss in the second year, and must demonstrate that the delay in the recovery of losses will not adversely effect the cash balance of the activity group.
- 5. In the supply management businesses, the price setting process will be consistent with the rate changes approved during the budget review.

B. Recovery of Unplanned Losses in Depot Maintenance

- 1. Unbudgeted Depot Maintenance operating losses and operating gains of \$10 million or more per activity group will be recouped or returned as appropriate, in the current fiscal. This rate adjustment will increase financial discipline, encourage depot commanders to implement cost controls more rapidly, provide the right incentives to set rates correctly in the budget, eliminate the routine use of advance billing to cover execution losses, and improve operational efficiency.
- 2. The established procedures will impose a surcharge on customer bills to recoup losses. The amount of the losses to be recouped will be determined at the first budget execution review meeting of the fiscal year. Additional adjustments will be determined during the mid-year review and Budget Estimates Submission (BES) review, as needed. Customers will be required to absorb or finance all cost increases.
 - C. Detailed requirements and guidance can be found in Chapter 9.

010219 Defense Working Capital Funds - Capital Budgeting

A. Budgetary resources for capital investments will be separately identified in an approved capital budget. Any investment in equipment, other than information systems and telecommunications equipment, information systems and telecommunications resources, software development, and minor construction investments

having a value of \$100,000 or more, and having a useful life of two years or greater, will be funded thro ugh the capital budget and its costs will be depreciated over a predetermined period. The \$100,000 threshold is based on congressional actions and policy. Depreciation of capital equipment will be fully reflected in the operating costs and rates of Fund businesses.

B. Minor Construction

- 1. Minor Construction projects costing \$100,000 but less than \$ 500,000 will be funded through the capital budget and depreciated.
- 2. Effective in FY 1996, 10 U.S.C. 2805(c)(1) was amended to increase the threshold for unspecified military construction projects funded by appropriations available for operations (including DWCF) and intended solely to correct a deficiency that is life-threatening, health-threatening, or safety-threatening from \$300,000 to \$1,000,000.
- 3. Effective in FY 1996, 10 U.S.C. 2805(c)(1)(B) was amended to increase the threshold for minor construction projects from \$300,000 to \$1,000,00 for activities designated under the DoD Laboratory Demonstration Program. Fund activities may be designated to participate in the DoD Laboratory Revitalization Demonstration Program. The authority for the Laboratory Revitalization Demonstration Program expires on September 30, 1998.
- 4. Project planning and design costs are considered a capital investment cost that is capitalized by the DWCF activity and financed in the minor construction portion of the capital budget. Planning and design costs are not included as part of the statutory threshold for minor construction projects.
 - 5. See Volume 2B, paragraph 090103, for budget formulation and execution procedures.

C. Depreciation

All capital assets owned by activities in the Fund will be depreciated or amortized by the individual Component business area. Depreciation will be on a straight-line basis and based on the acquisition cost, less residual value when residual value is expected to be 10 percent or more of the acquisition cost, including installation and related costs.

- 1. The following is the depreciation schedule assets acquired prior to October 1, 1999:
- Facilities construction (including minor construction) projects 20 years
- Equipment Purchases, Other than information systems and Telecommunications Equipment -

10 years

apply:

- Information systems and Telecommunications Resources 5 years
- General Purpose Vehicles 5 years
- Externally Developed Software 5 years
- Internally Developed Software 10 years (For projects implemented beginning in FY 1998).
- 2. For assets acquired on or after October 1, 1999, the following depreciation schedule will
- General Purpose Vehicles (includes heavy-duty trucks and buses), ADP Systems and Hardware (Computers and Peripherals), High Tech Medical Equipment, Equipment used in RDT&E, Radio and Television Broadcasting Equipment, Commercial Software 5 years.

- Printing, Publishing, and Duplicating Equipment; Telecommunications Equipment and Towers; Internally Developed Software -10 years.
 - All Other Equipment, Machinery, and Automated Warehouse Retrieval Systems 12 years.
- Vessels, Tugs, Barges, and Similar Water Transportation Equipment (non-national Defense PP&E vessels/ships) 20 years.
- Steam (12.5K pounds per hour or more) and Electrical Generation Equipment (500 Kilowatt or more) 20 years
- Improvements made of added to Land (i.e. Fences, Roads, Bridges, Sewers, Ships and Railroad Wharves and Docks, Dry Docks) including improvements made to Stewardship Land 20 years.
- Buildings, Leasehold Improvements to Buildings (includes improvements to Heritage Buildings), Hangars, Warehouses, Fuel Storage Facilities, Air Traffic Control Towers, and Other Real Property Structures 40 years.
- 3. Use the depreciation schedule applicable to the Plant Property and Equipment Asset when it was placed in service. Depreciation schedules will not be changed on existing assets due to subsequent changes in the standard asset life tables unless directed by higher authority.

010220 Base Support

Interservice and intragovernmental support, as identified in DODI 4000.19, is reimbursable by the DWCF activity to the extent that the specified support for the DWCF activity increases the host activity's direct costs (i.e., incremental direct cost). Costs associated with common use infrastructure are non-reimbursable, except for support provided solely for the benefit of one or more tenants. Support costs that are charged to a tenant DWCF activity (i.e., reimbursable cost) must be measurable and directly attributable to the DWCF activity. Indirect costs will not be included in reimbursement charges, except those included in stabilized rates charged for DWCF mission products and services. Host activities (suppliers of base support) are permitted to waive reimbursement from tenants who use or benefit from available support without appreciably increasing the host activities' costs (i.e., revenues would be less than the anticipated expense of billing and disbursing funds).

DWCF activities that use any of the common base support functions identified in DoDI 4000.19 (Interservice and Intragovernmental Support) are to reimburse host activities for this support. Reimbursement for DWCF mission products and services (e.g., depot supply, depot maintenance, public works center services, information processing, communications, and software development) shall be based on the approved stabilized rate. Other support incidental to the DWCF activity's primary mission or purpose is to be budgeted and reimbursed based on direct costs measurable and directly attributable to the DWCF activity. Only the incremental change in cost attributable to the DWCF activity (incremental direct cost) shall be chargeable to the DWCF activity. Indirect costs are not to be included as a cost to the DWCF activity.

Volume 2B, Chapter 9 provides budget formulation and execution procedures.

010221 Dual Funded Organizations

A dual funded organization is an organization that is funded (including reimbursable funding) by both the DWCF and other appropriations or accounts. In those instances where a function is funded with a combination of both DWCF and appropriated funds, the function initially will be funded in its entirety either by the DWCF or by appropriated funds. The determination of whether the particular function initially is to be funded by the DWCF or appropriated funds will be based on the predominance of definable units of measure for the function. Examples of definable units of measure include work load, productive hours, outputs, or ultimate use. The appropriation or

account initially funding the function shall be reimbursed by the other account(s) at the same unit of measure as was used to determine the initial funding source. The amount of reimbursement shall be determined based on the relative portion of that unit of measure attributable to each part of the organization (or funding source) involved.

This policy does not change the policy for reimbursement for base support services provided by the DWCF to tenant activities. DoDI 4000.19, Volume 2A, paragraph 0102020 and Volume 2B, paragraph 090103.K provide guidance for funding base support services.

010222 Customer Mandated Schedule

When a job order is canceled or reduced in scope, after a DWCF activity has commenced work or incurred costs on the order, the costs incurred plus the applied overhead (that is indirect and other normally allocated overhead (G&A) costs)) plus costs associated with the cancellation or reduction shall be charged to the customer.

Examples of directly associated cancellation or reduction costs to be charged to customers are advance planning costs, non-creditable direct material, special test equipment, necessary preservation and/or shipment effort, and any additional effort necessitated by the cancellation and/or reduction (e.g., salvaging of material). In addition, costs charged to customers should include the costs of salaries payable to employees hired specifically to work on the cancelled order until the employees are or could have been separated through a reduction in force or other appropriate action (taking into account appropriate administrative lead time), or reassigned to other direct jobs. Costs which are indirectly associated with the cancellation or reduced customer orders, under-applied overhead costs that may result in a DWCF activity as a whole from a reduced work load base shall not be charged to the customer canceling or reducing their order but shall be recorded against the net operating results of the performing DWCF activity.

010223 Glossary of Terms - Procurement

| <u>Term</u> | Meaning/Funding Connotation |
|---|---|
| Advance Procurement (Long Lead Items) | A pre-approved exception to the full funding policy that allows procurement of long leadtime components, material, parts, and effort in a fiscal year before that in which the related end item is to be procured. |
| Cancellation | Cancellation means the cancellation (within a contractually specified time) of the total requirements of all remaining program years. Cancellation results when the contracting officer notifies the contractor of nonavailability of funds for contract performance for any subsequent program year or fails to notify the contractor that funds are available for performance of the succeeding program year requirement. |
| Cancellation Ceiling | The maximum cancellation charge that the contractor can receive in the event of cancellation (reference Federal Acquisition Regulation (FAR) 17.103). |
| Cancellation Charge | The amount of unrecovered costs that would have been recouped through amortization over the full term of the contract, including the term canceled. |
| Contingent Liability | As a budgetary term, contingent liability represents variables that cannot be recorded as valid obligations. Such variables include: (1) outstanding fixed price contracts containing escalation, price redetermination, or incentive clause; or (2) contracts authorizing variations on quantities to be delivered; or (3) contracts where allowable interest may become payable by the U.S. government on contractor claims supported by written appeals pursuant to the DISPUTES clause contained in the contract. |
| Centralized Item Management and Asset Control | The management in the central supply system or a DoD-wide or Service-wide acquisition and control system in which the manager has the authority for management and procurement of items of equipment. This includes such functions as requirement determination, distribution management, procurement direction, configuration control and disposal direction. Asset control includes the authority to monitor equipment availability and take such actions as necessary to restock to approved stockage levels. |
| Construction | The erection, installation, or assembly of a new facility; the addition, expansion, extension, alteration, conversion, or replacement of an existing facility; the acquisition of a facility; or the relocation of a facility from one installation to another. |
| Detail Design Costs | The final design effort on ships normally performed in conjunction with lead ship construction, is called "detail design." This effort is procurement funded (SCN). |
| Economic Order Quantity (EOQ) Procurement | An exception to the full funding policy that allows the use of advance procurement to purchase more than one fiscal year's program increment of components, materials, and parts in order to obtain the economical advantages, sustain a production line, etc. |
| Facility Maintenance | The recurrent, day-to-day, periodic or scheduled work required to preserve real property in such condition that it may be used for its designated purpose. |
| Facility Repair | The restoration of real property to such condition that it may be used for its designated purpose. |

Full Funding

At the time of contract award, funds are available to cover the total estimated cost to deliver the contract quantity of complete, militarily usable end items. If a future year's appropriation is required for delivery of an end item, the end item is not fully funded.

Funded Delivery Period (FDP) A funded delivery period encompasses a 12-month period that begins when the contractor delivers the first item of a fiscal year procurement. Confusion exists regarding this time period because, in many instances, accurate administrative and production leadtimes (ALT/PLT) have not been included in the calculation. The calculation should begin with October 1. From this point in time, the ALT and PLT should be added. This amount of time plus the next 12 months are included in the funded delivery period. When excessive leadtimes are included in the calculation, additional quantities are procured that could have been funded in the following fiscal year with no change in the delivery schedule.

Leadtimes

Administrative Leadtime (ALT). This is the amount of time required to complete the administrative actions leading to contract award. In most cases, ALT actions do not require funding and can therefore be accomplished prior to October 1, at which time the next fiscal year's funding is appropriated. The ALT is used to forecast contract awards. Longer leadtimes require that a larger quantity be purchased to support yearly requirements. Leadtimes should therefore reflect an accurate assessment of the time required to process the administrative actions. Production Leadtime (PLT). This is the amount of time required by a contractor to produce the first item after contract award until deliveries begin. Procurement Leadtime. This is the total of ALT and PLT. When used to determine quantity requirements, calculations should begin when the first ALT action begins.

Modification

The alteration, conversion, or modernization of an end item of investment equipment which changes or improves the original purpose or operational capacity in relation to effectiveness, efficiency, reliability or safety of that item.

Maintenance

The routine, recurring effort conducted to maintain an end item of investment equipment at its intended capability or designed performance level.

Nonrecurring Costs

Nonrecurring costs are generally incurred on a one-time basis. Costs may include: plant or equipment relocation; plant rearrangement; special tooling and test equipment; preproduction engineering; initial spoilage and rework; pilot runs; allocable portions of the costs of facilities acquired or established to conduct the work; costs incurred for the assembly, training, and transportation of a specialized work force to and from the job site; and unrealized labor learning.

Production Rates

Minimum Sustaining Rate is the production rate for each budget year that is necessary to keep production lines open while maintaining a base of responsive vendors and suppliers; the quantity that will preclude start-up costs in the case of a production break; or the quantity that the contractor is willing to accept and produce at a reasonable cost. Economical Production Rate is the most efficient production rate for each budget year at which the item can be produced with existing or planned plant capacity and tooling, with one shift a day running for eight hours a day and five days a week (1-8-5). Maximum Production Rate is the maximum capacity rate that a contractor can produce with extant or prior year funded tooling.

Recurring Costs

Production costs that vary with the quantity being produced, such as labor and materials.

Real Property Maintenance The various functions for the maintenance and repair of facilities and the accomplishment of minor construction financed by an O&M appropriation.

System

The combination of a number of components that are functioning with the context of a whole to satisfy a documented requirement.

Termination

The right of the government to terminate the performance of work in whole or part under a contract as specified by the contract's Termination for Convenience or Default provisions. Unlike cancellation, which is effected between fiscal years and must apply to all subsequent fiscal years' quantities of items, termination may be effected at any time during the life of a contract and may apply to the total quantity or to a partial quantity of items.

Termination Liability Funding

A budgeting technique that would provide funds on a contract to cover the maximum value of outlays that could be incurred for work accomplished by the end of the budget year plus the maximum cost to the government associated with termination of the contract at the end of the budget year.

010224 Glossary of Terms – RDT&E

| <u>Term</u> | Meaning/Funding Connotation |
|---|--|
| Accepted for Service Use | This is the major milestone in a development program that represents the formal acceptance of an item for operational use by the Service. In some instances items are approved for Service use with qualifying restrictions or provisions pending completion of specific development deficiencies. In such instances the appropriation to fund the correction and test must be determined on a case-by-case basis, according to the expense and investment criteria. Typically, all post-Service acceptance effort will be funded in Procurement appropriations. |
| Command Support Costs | This term also is used in the context of the T&E programs. It refers to the "people-related" costs of the command and operational units providing collateral support to the T&E effort. These are additional costs incurred because of this test support. Examples are per diem pay, travel allowances, overtime, etc. |
| Contract Design Costs | The contract design phase of shipbuilding programs follows the preliminary design phase and results in a design that carries the equipment specifications necessary to meet the Navy requirements. These costs are RDT&E-funded. |
| Developmental Test and Evaluation (DT&E) | DT&E is that test and evaluation conducted to assist the engineering design and development process and to verify attainment of technical performance specifications and objectives. |
| Government Acceptance of the First Procurement- Funded Engine | This term, which is one of the two minimum requirements for initiation of engine component improvement funding, refers to the date the Government formally accepts delivery (DD Form 250) of the first engine funded under procurement appropriations. |
| Initial Operational Test and Evaluation (IOT&E) | It is DoD policy that there shall be conducted, before commitment of a system to production, at least an initial phase of operational test and evaluation (OT&E) adequate to provide a valid estimate of expected system operational effectiveness and suitability (including compatibility, interoperability, reliability, maintainability, and logistic and training requirements). This early phase of the normally longer, overall OT&E program is known as IOT&E. |
| Operational Test and Evaluation (OT&E) | OT&E is that test and evaluation conducted to estimate a system's operational suitability, identify needed modifications, and provide information on tactics, doctrine, organization, and personnel requirements. |
| Performance Envelop | The demonstrated capability of a system, system components, and special purpose software to perform its mission in relation to essential characteristics such as: speed, range, payload, altitude, rate of fire, etc. |
| Preliminary Design Costs | This term refers to those costs incurred in shipbuilding programs in the early stages of the cycle. They should result in a design that, on a performance or requirement basis, approaches the Navy's goal. These costs are RDT&E-funded. |
| Product Improvement | This term embraces all efforts of a research, development, design, or engineering nature that have the objective of improving major end items or major components of major end items. The improvement may involve expanding the useful life of the end item or component, or it may increase the performance capability. |

Prototype

This term connotes an item from an R&D program and also connotes RDT&E financing.

R&D Installation or Activity

This term refers to those installations or activities whose support and operating costs are financed predominantly with RDT&E funds.

Special Support Costs

This term, as used in the context of test and evaluation programs, refers to those acquisition or hardware costs, other than those associated with the item that is the subject of the test, which are incurred in direct support of the T&E effort. A good example would be special range instrumentation costs.

Test Article

A system representative prototype designed to obtain, verify or provide data for the evaluation of research and development or evaluate progress in accomplishing development objectives.

Unique Joint Test and Evaluation (JT&E) Costs This refers to costs such as: feasibility determinations of proposed joint tests; the provision for test design and planning support for joint tests selected; the development, procurement, installation, and operation of special instrumentation; transportation, travel, and per diem costs for the Test Director's staff; the modification of test articles as surrogates and to permit obtaining test data; transportation of equipment from permanent bases to the test site and return; and the provision for data collection/collectors, data reduction, analysis, and test reporting services. Transportation and per diem of participating personnel and maintenance and supply costs are not considered unique.

0103 BUDGET ESTIMATES SUBMISSION

010301 General

- A. This section, Budget Estimates Submission, provides guidance for the development and submission of the biennial budget estimates to OSD. Much of the budget guidance material formerly included in the "guidance" and "call" memoranda are now included in this Part of Volume 2. The USD(Comptroller) guidance memorandum, transmitted in June or July of each year, will hereafter include only specialized instructions such as program basis for the estimates, key assumptions to be used, and special supporting material requirements. Likewise, "supplementary instructions" memoranda issued on an "as needed" basis (usually in August) by OUSD(Comptroller) Program/Budget will be limited to specific instructions which amplify guidance included in the OUSD(Comptroller) memorandum and in this volume. The use of other memoranda to transmit budget guidance will be restricted to new or nonrecurring requirements.
- B. Guidance for development of the National Foreign Intelligence Program Intelligence Budget Estimate Submission will be issued by the Director of Central Intelligence. Additional detail is found in Chapter 16.
- C. The instructions for submitting certain summary schedules are provided in Section 010305. The instructions for back-up material tailored to each appropriation or fund category are provided in subsequent chapters. Materials required by OMB Circular A-11, which are not otherwise required by this manual, will be submitted in accordance with that Circular, unless specific exception is granted by the OMB. This is covered in Section 010105.
- D. A budget work schedule will be forwarded by separate memorandum at the beginning of each budget formulation cycle. This schedule will show the dates to be used for planning the various phases involved in the formulation process.

E. Budget Material

- 1. The material required for the budget estimates submission will be prepared in the formats prescribed in this Part. Material submitted in accordance with OMB Circular A-11 will follow the format prescribed by that Circular. All material, with the exception of fold-in charts and tables which may be included, will be prepared on 8.5" x 11" paper. Material fulfilling Circular A-11 requirements will be bound on the left side. All exhibit books, except for Military Construction, Family Housing, Base Closure, and Information Technology, will be printed horizontally (landscape) on 11" x 8½" paper. Addressees will reduce all larger pages to the standard 11" x 8.5" size. All pages in each book are to be consistent in size. The following identifies specific requirements:
 - (1) Military Personnel Material to be printed on both sides of the page with a maximum range of 600-650 pages where possible (300-325 sheets of paper printed on both sides.) Print horizontally (landscape) on 11"x8.5" paper using a 1" margin on the side to be bound and 1/2" for other edges. All material will be printed head to toe with 3 holes punched across the top margin with staples, screw posts or ACCO fasteners. Use of adhesive binding (glue or tape) is discouraged because it may prevent recycling.
 - (2) Operation and Maintenance (to include the Defense Health Program) Material to be printed on both sides of the page with a maximum range of 600-650 pages where possible (300-325 sheets of paper printed on both sides.) Print horizontally (landscape) on 11"x8.5" paper using a 1" margin on the side to be bound and 1/2" for other edges. All material will be printed head to toe with 3 holes punched across the top margin with staples, screw posts or ACCO fasteners. Use of adhesive binding (glue or tape) is discouraged because it may prevent recycling.
 - (3) Research, Development, Test and Evaluation Material to be printed on both sides of the page with a maximum range of 600-650 pages where possible (300-325 sheets of paper printed on both sides.) Begin each program element on a facing page. Print horizontally (landscape) on 11"x8.5" paper using a 1" margin on the side to be bound and 1/2" for other edges. All material will be printed head to toe with 3

- holes punched across the top margin with staples, screw posts or ACCO fasteners. Use of adhesive binding (glue or tape) is discouraged because it may prevent recycling.
- (4) Procurement Material to be printed on both sides of the page with a maximum range of 600-650 pages where possible (300-325 sheets of paper printed on both sides.) Print horizontally (landscape) on 11"x8.5" paper using a 1" margin on the side to be bound and 1/2" for other edges. All material will be printed head to toe with 3 holes punched across the top margin with staples, screw posts or ACCO fasteners. Use of adhesive binding (glue or tape) is discouraged because it may prevent recycling.
- (5) <u>Military Construction</u> The justification material for Military Construction will be provided on 8.5" x 11" paper, typed across the short dimension of the paper (portrait) with 3 holes punched on the left margin and bound with screw posts or Acco fasteners. Material is to be printed on both sides of the page using 1" margins. Use of adhesive binding (glue or tape) is not acceptable because it may prevent recycling.
- (6) <u>Family Housing</u> The justification material for Family Housing will be provided on 8.5" x 11" paper, typed across the short dimension of the paper (portrait) with 3 holes punched on the left margin and bound with screw posts or Acco fasteners. Material is to be printed on both sides of the page using 1" margins. Use of adhesive binding (glue or tape) is not acceptable because it may prevent recycling.
- (7) <u>Base Closure</u> The justification material for Base Closure will be provided on 8.5" x 11" paper, typed across the short dimension of the paper (portrait) with 3 holes punched on the left margin and bound with screw posts or Acco fasteners. Material is to be printed on both sides of the page using 1" margins. Use of adhesive binding (glue or tape) is not acceptable because it may prevent recycling.
- (8) Revolving Funds Material submitted for the budget estimate submission for revolving funds is to be submitted by business area on 8.5"x 11" paper, with 3 holes punched along the 11 inch side to fit standard three-hole binders. Capital Investment Program exhibits will be prepared in landscape format. Budget submitting offices should ensure that all narrative type is consistent. Revolving funds justification books prepared by the Components are to be unclassified. Classified exhibits will be submitted under separate cover.
- (9) <u>Information Technology</u> Provide justification material in accordance with Chapter 18 Section 180202.
- 2. Whenever revisions or correction sheets are necessary, the revised pages showing the date of the change will be inserted in each budget book by a staff member of the DoD Component submitting the change. OUSD(Comptroller) Program/Budget staff will instruct the DoD Component's staff member as to the location of the budget books. Corrections should be held to a minimum and are not necessary for minor typographical errors which make no material difference in the analysis and evaluation of the estimates.

010302 Distribution

Distribution of budget estimates submission material will be made in accordance with the charts on the following pages. All required copies will be delivered directly by each Military Department/Defense Agency to the appropriate offices at the room numbers listed on the following page:

010303 Preparation of the Biennial Budget Estimates

A. General Guidance

- 1. The Office of the Under Secretary of Defense (Comptroller) (OUSD(C)) will send, in June or July, a budget guidance guidance memorandum establishing submission requirements not included in this volume. Included in this guidance will be budget material due dates and instructions for preparing estimates for the prior year (PY), current year (CY), biennial budget years (BY1 and BY2), and the outyears
- 2. Estimates for the biennial budget years and outyears will be based upon the force levels, program decisions, and the TOA levels contained in the Program Objective Memorandums (POMs) as modified by the Program Decision Memorandums (PDMs).
- 3. At various organizational levels throughout the Department of Defense, a systematic costbenefit analysis of proposed expenditures can be of significant value in program formulation. Investments and expenditures in each appropriation category will normally be supported by an analysis which matches estimated costs with benefits (outputs), subject to the following criteria:
- a. Funding is, for the first time, shown as required in the period covered by the fiscal guidance, or
- b. Previously established funding requirements in these years are significantly altered by changed program or project plans.

The criteria in DoDI 7041.3, "Economic Analysis and Program Evaluation for Resource Management," will apply. Budget submissions will, as a minimum, be accompanied by a statement that (1) the submission is supported by an economic analysis, or (2) an economic analysis is not required, citing the reason. Submission of detailed backup information to OSD will be on "as requested" basis.

- 4. Transfers of functions between DoD Components will not be reflected in the September 15 submissions unless they have been approved by the Secretary of Defense and the dollar amounts and personnel spaces to be transferred in the current year are fully decided upon by all DoD Components concerned when the estimates are prepared. Under these circumstances, both the gaining and losing Components will reflect the decisions in their estimates with equal and offsetting manpower and dollar amounts. The gaining DoD Component is responsible to confirm that this is the case. If this cannot be confirmed, then neither Component will reflect the transfer in their budget estimates. The exhibit PB-14, Functional Transfers, found in Chapter 19 of this volume will identify all functional transfers included in the budget. Each Component will also notify OUSD(Comptroller) Program/Budget of the planned functional transfers not reflected in the budget.
- 5. Adjustments necessary to properly reflect functional transfers agreed upon by the parties, but not included in the Budget Estimates Submission (BES), may be accomplished in the budget review process. Functional transfers not submitted in the BES or incorporated during the budget review process will be financed by reimbursement in the current year and the budget year. Necessary exceptions to this general rule will be authorized on a case-by-case basis.
- 6. Material should be "Unclassified" For Official Use Only" unless contents otherwise require a higher classification. All Budget Estimates Submission material is subject to DoD 5400.7-R, DoD Freedom of Information Act Program, Chapter II, Exemptions and in particular exemption number 5.

B. Pricing in the Biennial Budget Estimates

1. It is DoD policy to reflect the most likely or expected full costs (including military and civilian personnel pay) for the current year, the biennial budget years, and outyear estimates for all appropriations.

- 2. Estimated price level changes will be based on data provided by OUSD (Comptroller). These indices, which will be updated as economic conditions warrant, will be used to (1) determine the amount of price escalation for a procurement line item, major RDT&E system, or construction item over a given time period, and (2) project inflation in other noncompensation areas of all other appropriations.
- 3. Military and civilian personnel compensation will be fully funded in the biennial budget estimates using the rates provided by the OUSD(Comptroller).
- 4. Biennial budget estimates for goods and services will in all cases reflect the following considerations:
- a. Cost-quantity relationships as they affect unit prices -- e.g., the unit price forecast in the biennial budget estimates will be higher or lower than the unit price current when the estimates are prepared, if differences in the quantities involved are price-significant.
 - b. The state of development or production and the learning curve.
- c. Specific price changes, to take effect at a future date -- e.g., a specific and authoritative rate or tariff schedule to take effect on a definite future date, which may involve higher or lower prices than those in effect at the time estimates are prepared.
 - d. Predictable cost increases due to risk.

C. Preparation of Biennial Budget Estimates - Multiple Appropriations

- 1. Section 0109 contains formats for those exhibits applicable to more than one appropriation.
- 2. In addition to those exhibits identified in Section 0109, there are exhibits required by other chapters and included in other appendices which require identification of budget estimates/requirements for more than one appropriation. This is particularly true of requirements discussed in Chapter 19. Offices responsible for budget estimates submissions must ensure that all such exhibits reflect total requirements for all appropriations.

D. Preparation of Biennial Budget Estimates - Operations

- 1. Separate identification and justification (including cost-benefit studies) are required for management actions such as data automation and systems engineering. The development, implementation and expansion of automated data systems will be based on an economic analysis which should show that the proposed management action will produce an early and demonstrably high return on investment or result in substantial increases in mission performance and effectiveness. Savings from previously approved investments and management actions will be separately identified.
- 2. The Dependents' Education Program in the budget years would be based on the best estimate of student load and planned at the current year program level in accordance with the criteria for the regular school program which will be set forth in a separate USD(P&R) memorandum.

E. Preparation of Biennial Budget Estimates - Procurement

- 1. In development of requirements for procurement of modern equipment to offset consumption or attrition of older items, all assets of the older items, as well as acceptable substitutes, will be applied against gross requirements in determining net procurement requirements.
- 2. Administrative leadtime requirements in the budget years for any principal item should not exceed the leadtime used in the development of the current year budget program.

- 3. Production leadtimes utilized in preparation of estimates for the budget years should be based on the latest contract experience and current conditions, and generally should not be greater than those used for the same item in the development of the current year budget program. Any increases should be clearly identified and accompanied by an explanation of the reason along with an identification of the pacing components/manufacturers causing the increase.
- 4. Use of long leadtime component procurement will be consistent with the full funding policy expressed in DoD Directive 7200.4. In this regard, long leadtime component procurement will be limited to those few critical components whose leadtimes exceed the obligation availability of the appropriation or are significantly longer than other components of the same end item.
- 5. For comparability purposes the P-1 Exhibit will show the prior fiscal year program in amounts to reflect reprogramming actions planned to be accomplished through the first quarter of the current year. To the extent that such reprogramming actions are not approved for budget purposes, the changes will be documented by PBD action to adjust the prior year program in the computer record.
- 6. Budget estimates will reflect economic production rates, unless there is strong justification (other than funding constraints) for the use of other rates.

F. <u>Preparation of Biennial Budget Estimates - Research, Development, Test and Evaluation</u>

- 1. In the development and review of RDT&E programs, special attention will be devoted to the numbers of civilian and military personnel required for support of those programs.
- 2. Increased emphasis will be placed on application of standards and austere limitations to housekeeping and support activities including real property maintenance, facilities operations, equipment replacement and maintenance, and supply inventory levels.

G. Preparation of Biennial Budget Estimates - Revolving and Management Funds

- 1. Revolving and management fund programs and biennial budget estimates will be consistent with, and justified by, related support requirements; that is, program and budget estimates will be based on anticipated customer needs for associated supplies, equipment, and services, loan purchase requirements for production guarantee accounts, scope of operations to be financed through management funds, etc. Biennial budget estimates will be consistent with the anticipated customer needs that can be financed by the related program included in the customers' budget estimates. Increased emphasis should be directed toward assuring that customers are getting maximum value for their appropriated funds.
- 2. Appropriations funded requirements for the Defense Working Capital Fund will be computed under the same guidance as outlined above for the specific appropriations.

010304 Not Used

010305 Budget Estimates Summaries and Transmittal

A. Budget Estimates Transmittal

1. The budget estimates will be transmitted by memorandum to the Secretary of Defense from the Secretary of each Military Department, the Director of each Defense Agency, the Assistant Secretary of Defense (Health Affairs), the Deputy Assistant Secretary of Defense (Environment), the Deputy Assistant Secretary of Defense (Administration), the Deputy Assistant Secretary of Defense (Drug Enforcement Policy and Support), and the Director, The Joint Staff. While it is mandatory that the exhibits below be submitted in the precise formats specified, any explanations or highlight information that the submitting official considers appropriate may accompany the transmittal. Exhibits PB-1, PB-4, and PB-8 include budget estimates summary data and will be "Unclassified", "For Official Use Only" unless the contents otherwise require a higher classification.

- PB-1. Summary of FY 19PY thru 19BY2 Budget Estimates. [Section 0109]
- PB-2. Program and Financing Schedule, Annual Accounts. (FY 19PY thru 19BY2) [Section 0109]
- PB-2A Program and Financing Schedule, Other Accounts. (FY 19PY thru 19BY2) [Section 0109]
- PB-4. FY 19BY1 and 19BY2 Budget Estimates Schedule of Civilian and Military Personnel. (FY 19PY thru 19BY2+4) [Section 0109]
- PB-8. FY 19CY Supplemental Appropriation Requirements (Described in Section 010306). [Section 0109]
- 2. The specified exhibits, transmittal memorandum to the Secretary of Defense, and other explanatory or highlight information will be submitted as follows:
- a. Secretary of Defense transmittal memorandum, with exhibits PB-1, PB-4, and PB-8 attached. Deliver six copies to OSD Correspondence Control, Room 3A948. Other copy requirements are identified in Section 010302.
- b. Secretary of Defense transmittal memorandum, with exhibits PB-1, PB-4, and PB-8 attached. Copy requirements are identified in Section 010302.
- c. Overview booklets, such as the Air Force "Highlights," Navy "Blue Book," etc. Copy requirements are identified in Section 010302.
- d. Exhibits PB-2 and PB-2A for each appropriation account. Deliver two copies to Office of the USD(Comptroller), Directorate for Program and Financial Control, Room 3B872.
- 3. Budget estimates for the Defense portion of the National Foreign Intelligence Program will be submitted as prescribed by the Director of Central Intelligence (DCI). In addition to budget exhibits specified by the DCI, the Office of the Secretary of Defense requires certain other materials as outlined in Chapter 16.
- 4. Machine-readable data will be submitted to support Exhibits PB-2, PB-2A, and PB-4 (see Section 010505). A hard-copy submission of these exhibits, including FY PY, CY, BY1 and BY2 for the PB-2, PB-2A, and PB-4, will also be required. The hard copy submission should be a computer-prepared print-out of the machine data using the exhibit formats specified herein. Extreme care must be exercised to assure that the machine-readable data and the exhibits are identical in data content. As described in Section 010505, the machine data are the basis for the OSD budget review.

B. Program and Financing Schedules

- 1. Data for the program and financing schedules (Exhibits PB-2 & 2A) are required on the due date established for the budget submission for each appropriation and fund. Section 32.8 of OMB Circular A-11 requires the separate submission of supplementary program supplementals and proposed rescissions.
- 2. Program data will be presented in the program and financing schedule on an obligation basis consistent with the presentation in the President's Budget of previous years, unless other directions are transmitted by separate memorandum.
- 3. Actual prior year data will be required when available in accordance with specific update instructions issued separately.
- 4. Budget subactivities will be shown on program and financing schedules in all cases as they appear in the "Budget Account Title File Listing" of the Name Edit System structure referenced in Section 010506.

- 5. Special care should be taken to assure that data presented in the object classification schedule (Section 010506) is consistent with information required on special exhibits. For example, object class data provided for advisory and assistance services (BRS Object Class Tx2511) is the basis for Exhibit PB-15 (Chapter 19).
- 6. The hard-copy and machine-readable submissions of the section entitled "Relation of Obligations to Outlays" (commonly called the "expenditure tail") is required only from the Military Departments. It will show the budget activities/subactivities used as computer input and will also show the various computed subtotals and totals as described in Section 010506. (Hard-copy and machine-readable input are not required for "Relation of Obligations to Outlays" for Defense accounts with a component identification code of "97" except for the three Defense accounts required by paragraph F of Section 010506.)

010306 Supplemental Appropriation Submission

A. Budget Estimates Transmittal

- 1. Supplemental appropriations are normally allowed to meet unforseen contingencies of a magnitude that cannot be absorbed or accommodated through reprogrammings and transfers. Specific guidance on this will be provided on a case-by-case basis.
 - 2. OMB Circular A-11 provides additional policy guidance on supplemental estimates.
- B. Supplemental appropriation requirements will be submitted on a schedule in the format of Exhibit PB-8, provided in Section 0109. This exhibit will be transmitted in the same manner as the budget estimate summaries (see Section 010305).

C. Material Included for Informational Purposes

- 1. Under the 41 U.S. Code authorizations (formerly Section 3732 of the revised statute), the law provides that the President may exempt appropriations, funds, and contract authorizations which are available for military functions under the Department of Defense from the antideficiency provisions of 31 U.S. Code 1517 (formerly Section 3679 of the revised statute) whenever he deems such action necessary in the interests of national defense. Upon determination by the President that such action is necessary, the Secretary of Defense is authorized to provide for the cost as an accepted expense. For example, if the President determines that it is necessary to increase the number of military personnel on active duty beyond the number for which funds are provided in the annual appropriation act, the Secretary of Defense is authorized to provide for the cost of such increased military personnel as an accepted expense. Obligations are then authorized to be incurred in excess of amounts appropriated. After substantially all obligations have been liquidated, an appropriation is requested to liquidate any unfinanced balances.
- 2. The law provides essentially that, notwithstanding the balances available, revolving funds may incur obligations to provide for making issues through the production lead-time period (10 USC 2210(b)). As a technical matter, this constitutes a form of contract authorization, and is so displayed in the President's Budget.

010307 Additional Budget Submissions

- A. <u>General Guidance.</u> Following the initial biennial budget estimates submission (initial submit), normally on September 15, additional budget estimates submissions (additional submits) may be made, where warranted by specific changes in circumstances, within approved TOA control totals established by the USD(Comptroller) and under the following restrictions:
- 1. Additional budget submissions must be submitted as adjustments to, not substitutes for, the initial submit.

- 2. Unless otherwise directed by the USD(Comptroller), additional budget submissions must be offset with equal or greater cost tradeoffs, and must clearly indicate the areas of increase and decrease consistent with the justifications submitted as part of the initial submit.
- 3. Proposed decreases may not consist of reductions already effected or imminently planned to be effected as part of the budget review.
- 4. Additional budget submissions may not be used to compensate for incomplete or inadequate initial submits.
 - 5. Additional budget submissions may not be used to appeal budget decisions.
- 6. If an additional budget submission results in an impact on revolving funds, those related requirements must be incorporated in the additional budget submission.
- B. <u>Submission Requirements</u> In order to be considered during the budget review, all additional budget submissions must be received no later than September 30 or as specified in the annual guidance. Additional budget estimates for the current year or biennial years 1 and 2 will be accompanied by Exhibit PB-10, provided in Section 010702, plus the necessary justification material. This should take the form of a complete narrative justification and may be included on the transmittal memorandum or as an attachment to Exhibit PB-10. The applicable out-year impact of the additional budget submission will also be shown on Exhibit PB-10. The additional estimates will be transmitted in two copies (plus two additional copies for each appropriation affected) by memorandum to the USD(Comptroller) and signed by the same official who submitted the initial budget estimates or his appointed deputy. All additional budget submissions will be hand carried to the Office of the USD(Comptroller), Directorate for Program and Financial Control, Room 3B872, for OSD processing. The additional budget submission will be addressed in subsequent budget decision document(s).

010308 Major Budget Issues (MBIs)

Near the end of the budget review process, the Secretary of Defense and the Deputy Secretary of Defense <u>may</u> provide for the review of Component major policy or budget issues that have not yet been resolved. Resolution of these issues may displace other programs within the fixed DoD topline. Copy requirements of Component issues will be provided if an MBI review is scheduled. A general format is provided in Section 0107.

010309 Budget Review Procedures

A. <u>Budget Review System.</u> The automated Budget Review System is the official OSD record of the budget estimates as submitted by the DoD Components and adjusted by Secretary of Defense decisions known as Program Budget Decisions (PBDs). The data contained in the Budget Review System is the base for preparation of the Program and Financing Schedules, Relation of Obligations to Outlays, Object Classification Schedules, and the data required for OMB MAX Budget System, as required by OMB Circular No. A-11. These documents are forwarded to OMB for preparation of the President's Budget. In addition, the automated Budget Review System is used to prepare a comprehensive set of management information summaries used to support the budget press release, statements to the Congress and other information requirements. Financial data, military end strength, and civilian full time equivalent (FTE) data are provided. Budget estimate submissions are entered into the system through machine readable inputs from the DoD Components. The formats and requirements are prescribed in Sections 010505 and 010506. During the joint OMB/OSD Budget Review, budget decision documents are recorded into the computer system and the current status of the budget review is available on a recurring basis.

B. Development of Out-year Data During the Budget Review

1. The automated Budget Review also includes a continuing update of the out-year TOA and manpower, adjusted to reflect the extension of CY, BY1, and BY2 decisions made during the budget review.

- 2. TOA, military end strength and civilian FTE data for the initial out-year data base are provided by each of the DoD Components (reference Section 010505). During the budget review, as budget decision documents are approved and recorded into the automated record, the TOA and manpower out-year impact of each decision is addressed on the decision document and is also entered into the automated record. The budget decision document will contain one of the following descriptors of out-year impact:
- a. The estimated out-year impact for each year in thousands of dollars and full-time equivalents/end strength.
- b. Substantive program direction for the out-years as a basis for DoD Component determination of dollar amounts and manpower involved (to be used if out-years are not specifically addressed in a budget decision document).
 - c. No known out-year impact.
- 3. As with the CY, BY1, and BY2 decisions, the out-year adjustments approved in the Secretary of Defense decisions are entered into the automated Budget Review System using record layouts shown in DD Form 2234, Out-year Recording Form (\$\$), and DD Form 2236-1, End Strength Out-year Recording Form. TOA adjustments are recorded at the appropriation account level by budget subactivity, and by program budget decision number. Manpower data is recorded at the appropriation account level by budget subactivity, and by program budget decision number with active military manpower detailed by officer, enlisted and cadets; selected reserve manpower detailed by officer and enlisted personnel category; and civilian FTE detailed by U.S. direct hire, foreign national direct hire, and foreign national indirect hire.
- 4. The automated Budget Review System produces Out-year Impact Status Reports on a recurring basis throughout the budget review. These reports, which are distributed to the applicable DoD Components, show TOA & manpower data by appropriation, budget activity/subactivity and personnel category for the budget submission base and all adjustments to the base resulting from decisions made during the budget review. The final reports at the conclusion of the budget review reflect the out-year numbers (TOA and manpower) which are the control numbers for the President's Budget update of the Future Years Defense Program (FYDP). It is essential that the Out-year Impact Status Reports be reviewed by the DoD Components on a recurring basis during the budget review so the out-year numbers are under continuous scrutiny and the President's Budget update for the FYDP may proceed in a timely manner.

C. Printing Schedule for Budget Material

- 1. OMB Circular No. A-11 prescribes the requirements for materials to be included in the President's Budget document. Annually, the ODC(P/B), OUSD(Comptroller) publishes instructions on the procedures to be followed during the budget review. These instructions detail the sequence of events necessary to finalize the budget review and complete the printing phase of the budget. All actions concerning printing of budget material will be accomplished in accordance with these references and the following paragraphs.
- 2. OMB will provide ODC(P/B), OUSD(Comptroller) with reprinted galleys based on last year's President's Budget document. These galleys will omit all amounts in the schedules and tables. The submission of marked-up reprinted galley and new material is intended to fill technical budget preparation needs (i.e., determine that all lines, account titles, text, and appropriation language are correct and that all required schedules are in print). Additionally, by representing the best estimate of the current status of programs, the impact of any further changes, as final decisions are made, will be minimized. The reprinted galleys will be marked-up by the ODC(P/B), OUSD(Comptroller) staff, probably in mid-December, to show the current status of the budget after the prior year column has been updated and validated. The data in the current year and both biennial year columns will be blank at this time.
- 3. There will be no changes to the prior year column of the budget after reprinted galley, except to correct printer errors. In some cases, new print materials may be required after reprinted galleys, (e.g., new

accounts, accounts with supplementals requiring separate schedules, rescission proposals and other material to be presented in the President's Budget document for the first time).

4. OMB will cycle the reprinted galley and provide galley proofs to ODC(P/B), OUSD(Comptroller). Further instructions on processing galley beyond the first step will be contained in the ODC(P/B), OUSD(Comptroller) instructions cited in 1. above or some other appropriate guidance memorandum.

0104 CONGRESSIONAL JUSTIFICATION/PRESENTATION

010401 General

A. Purpose

- 1. This section provides instructions for the preparation of justification material for presentation to congressional committees. Justification material should be developed using the guidelines established herein as the minimum requirements to be included in the Justification Books. Any exception to these minimum requirements must be cleared with OUSD(Comptroller) Program/Budget.
- 2. Justification of proposed supplemental appropriations and budget amendments are covered in OMB Circular A-11 and Section 010402; however, separate instructions will be issued by OUSD(Comptroller) Program/Budget as the need arises.
- 3. General preparation and submission instructions pertaining to individual appropriations, Intelligence Programs and Communications, Command and Control (C ³) Programs are contained in Chapters 2 thru 7, 9, 10, 16, 17 and 19.
- 4. All congressional budget/presentation material is subject to DoD 5400.7-R, DoD Freedom of Information Act(FOIA) Program requirements. Chapter II, Exemptions of this regulation should be reviewed carefully before denial of any FOIA request. Exemptions will generally fall into category 5.a.9 in section 3-200. Use of For Official Use Only (FOUO) must meet the requirements of DoD 5400.7-R Chapter IV.

B. Preparation of Material

- Separate Justification Books will be furnished for each Public Law title relating to each Military Department. An O&M Overview book will be developed within OUSD(Comptroller) Program/Budget as well as a consolidated overview of Multiyear Procurement programs based on submissions of the Military Departments. Material prepared by the individual Defense Agencies also will be consolidated by OUSD(Comptroller) Program/Budget into a single Justification Book for each Public Law title. Material for the Operation and Maintenance, Defense Agencies; U.S. Court of Appeals for the Armed Forces, Defense; Environmental Restoration, Defense; Office of the Inspector General; Overseas Humanitarian Disaster and Civic Aid, and Contingencies, Defense; appropriations will be consolidated into a single Justification Book. Additionally, information technology budget material prepared by the Military Departments and other DoD Components will be consolidated by the Office of the ASD(C³I) Resource Management Directorate into a single Justification Book. The Department of the Army will prepare a justification book for Chemical Demilitarization programs and will consolidate material for the Family Housing and Homeowners' Assistance Fund, Defense appropriations into a single Justification Book. Each Department will prepare a Justification Book for each Base Closure Account. In addition, separate Justification Books will be prepared for Intelligence-Related Activities and the Defense portion of the National Foreign Intelligence Program, the latter as prescribed by the Director of Central Intelligence. All other Justification Books will be annotated as appropriate to indicate items and resources supported in Intelligence Program Justification Books. Also, separate Justification Books will be prepared for JMIP and TIARA program aggregations as prescribed in Chapter 16. A separate Justification Book will be prepared for C ³ programs, with DoD component input as prescribed in Chapter 17.
- 2. Classified and unclassified data will be included in the single volume or set of volumes for each title with the classified pages bearing the appropriate security classification, except that all materials contained in the Military Personnel and Operation and Maintenance justification books will be unclassified. Classified exhibits will be submitted separately and explanation provided for their being classified. Fiscal data pertaining to explicitly identified portions of the National Foreign Intelligence Program shall be classified in accordance with instructions in Chapter 16.

The highest security classification of data included in Justification Books will be SECRET. Information requiring a higher classification will be discussed with OUSD(Comptroller) Program/Budget on an individual situation basis. All classified data will be bracketed by pencil as thus [] to permit the congressional committees to publish an unclassified version. Data not bracketed will be assumed to be unclassified. In bracketing classified columnar data, each column will be individually bracketed. Care must be taken to assure that unclassified data are not bracketed. Security classification markings should be centered at the top and bottom of applicable pages using gummed-back markings to assure clarity. The appropriate automatic downgrading notation will be used in accordance with DoD 5200.1-R "Information Security Program Regulation". The appropriate classification cover sheet must be utilized.

- 3. Military Departments will be responsible for clearing the justification material with the Washington Headquarters Services, Directorate for Freedom of Information and Security Review, prior to transmittal to the congressional committees. OUSD(Comptroller) Program/Budget will be responsible for the security clearance of the consolidated Defense Agencies Justification Books, as necessary.
- 4. The Program and Financing, Object Classification and Personnel Summary schedules will reflect the full current year program, including those parts which require supplemental appropriation action.
- 5. Computer-prepared print-outs of the Program and Financing and Object Classification Schedules (Budget Review System Report 21) will be available from OUSD(Comptroller) P/B and will be used in the Justification and Backup Books as specified for each appropriation title in the following chapters. Computer print-outs will be reduced to the size specified herein.
 - 6. Printing of Congressional Budget Material:
- <u>General</u>. Tabs will be used only where specified by OSD; McCall (edge) indexing will be used as appropriate. Justification material should be printed on both sides of the page wherever feasible. Headings for an appropriation or budget activity will appear on the initial page of the subdivision and will not be repeated on subsequent pages, except RDT&E Program Element Listings. The Components will work with DPS to determine the most appropriate and quickest method of printing and fastening each of the books subject to the gudance by appropriation title below.
- <u>Military Personnel</u>. Material to be printed on both sides of the page with a maximum range of 600-650 pages where possible (300-325 sheets of paper printed on both sides.) Print horizontally (landscape) on 11"x8.5" paper using a 1" margin on the side to be bound and 1/2" for other edges. All material will be printed head to toe with 3 holes punched across the top margin with staples, screw posts or ACCO fasteners. Use of adhesive binding (glue or tape) is discouraged because it may prevent recycling.
- Operation and Maintenance. Material to be printed on both sides of the page with a maximum range of 600-650 pages where possible (300-325 sheets of paper printed on both sides.) Print horizontally (landscape) on 11"x8.5" paper using a 1" margin on the side to be bound and 1/2" for other edges. All material will be printed head to toe with 3 holes punched across the top margin with staples, screw posts or ACCO fasteners. Use of adhesive binding (glue or tape) is discouraged because it may prevent recycling.
- Research, Development, Test and Evaluation. Material is to be printed horizontally (landscape) on both sides of the page on 11" x 8½" paper using a 1" margin on the side to be bound and 1/2" for other edges. Components will request DPS to reduce all larger pages to the standard 11" x 8½" size so that all of the pages in each book are consistent in size. The material will be printed head to toe with 3 holes punched across the top margin. The following is the fastening preference:: staples, screw posts, ACCO fasteners, etc.. Use of adhesive binding (glue or tape) is discouraged because it may prevent recycling. Books are to be a maximum range of about 600-650 pages where possible (300-325 sheets of paper printed both sides).

Since the justification material is printed double sided, then each PE package must begin on the front side of a new page. When the last page of a PE package does not end on the backside of the paper, then a blank page

must be inserted with the wording "This page intentionally left blank" in bold letters, centered on the page. The reason for this is so that the justification material can be easily broken apart and sorted by PE with all of the pertinent exhibits.

For those Components that have a large number of PEs and printing the material all in one volume is impractical, it is preferred that the justification material be submitted by budget activity with the Science and Technology budget activities (BA 1 through BA 3) printed in one volume and the remaining budget activities printed in a separate volume or in individual volumes. Each separate book should include an R-1 listing and a table of content indicating which volume and page the applicable program element can be found.

- <u>Procurement.</u> Material to be printed on both sides of the page with a maximum range of 600-650 pages where possible (300-325 sheets of paper printed on both sides.) Print horizontally (landscape) on 11"x8.5" paper using a 1" margin on the side to be bound and 1/2" for other edges. All material will be printed head to toe with 3 holes punched across the top margin with staples, screw posts or ACCO fasteners. Use of adhesive binding (glue or tape) is discouraged because it may prevent recycling.
- <u>Military Construction</u>. The justification material for Military Construction will be provided on 8.5" x 11" paper, typed across the short dimension of the paper (portrait) with 3 holes punched on the left margin and bound withs screw posts or Acco fasteners. Material is to be printed on both sides of the page using 1" margins. All exhibits will be printed utilizing white paper. Use of adhesive binding (glue or tape) is not acceptable because it may prevent recycling.
- <u>Family Housing</u>. The justification material for Family Housing will be provided on 8.5" x 11" paper, typed across the short dimension of the paper (portrait) with 3 holes punched on the left margin and bound withs screw posts or Acco fasteners. Material is to be printed on both sides of the page using 1" margins. Use of adhesive binding (glue or tape) is not acceptable because it may prevent recycling.
- <u>Base Closure</u>. The justification material for Base Closure will be provided on 8.5" x 11" paper, typed across the short dimension of the paper (portrait) with 3 holes punched on the left margin and bound withs screw posts or Acco fasteners. Material is to be printed on both sides of the page using 1" margins. Use of adhesive binding (glue or tape) is not acceptable because it may prevent recycling.
- Revolving Funds. Justification books for revolving funds are to be submitted in one volume with 3 sections: Component Overview; Operating Budget and Capital Budget. Component Overview and Operating Budget sections are to be printed in portrait format (vertically) on 8.5" x 11" paper head to head on 2 sides. Capital budget exhibits are to be printed in landscape format (horizontally) on 11" x 8.5" paper head to toe on 2 sides. Budget submitting offices should ensure that all narrative type is consistent. All justification material will be punched to fit standard three-hole binders. Use of adhesive binding (glue or tape) is not acceptable because it may prevent recycling.
- <u>Information Technology</u>. Provide material in accordance with guidance contained in Chapter 18, Section 180304.
 - Intelligence and C^3 Programs. Instructions for these books are contained in Chapters 16 and 17.
- 7. Justification book cover inserts will be 220 index stock using the following colors: Army-green; Navy buff; Air Force -blue; Defense Agencies (including the U.S. Special Operations Command and the U.S. Transportation Command) white. Covers will bear the appropriate security markings, title of the volume as specified herein, the phrase "Submitted to Congress February 19...," and the appropriations included.
- 8. The use of acronyms and abbreviations in the justification material should be held to a minimum. However, where acronyms and abbreviations are used, they must be identified on the page on which they appear.

9. The exhibit numbers used in this section are for reference purposes only and should not be used in the Justification Books.

C. Submission of Justification Books for Review

1. Before the justification material can be released to the Congress, it must be reviewed by the appropriate OUSD(Comptroller) or OASD(C ³I) directorate to ensure that policies and decisions made by the President and Secretary of Defense are fully reflected. Accordingly, three advance sets of Justification Books will be forwarded to the appropriate OUSD(Comptroller) or OASD(C ³I) directorate for review. The following is a list of the directorates:

Directorate for Operations and Personnel, 3D868, 697-9317 Directorate for Investment, 4B916, 695-5507 Directorate for Revolving Funds, 3B866, 697-1880 Directorate for Military Construction, 3D841, 697-4829 Office of the ASD(C31) Resource Management Directorate, 3D228, 695-6735 (For IT Justification)

In addition, 1 set of the Military Personnel Justification Books for the Reserve Components will be delivered to OASD(RA), Room 2D528.

The Military Departments should also send two copies of advance sets of justification books to Washington Headquarters Services, Directorate for Freedom of Information and Security Review (Room 2C757, Pentagon) for clearance. Clearing material through this Directorate should be accomplished piecemeal to expedite the final review. Clearance by OUSD(Comptroller) P/B will be evidenced by an approval from the applicable Program/Budget Director, initialed on one of the advance copies of each Justification Book and returned to the applicable service. Upon advice from OUSD(Comptroller) P/B and Washington Headquarters Services, Directorate for Freedom of Information and Security Review that the advance sets of justification books are acceptable, the DoD components will complete preparation and assembly of Justification Books.

<u>Under no circumstances will justification material be released to congressional committees or the public prior to receipt of these clearances.</u>

The Communications, Command and Control (C ³) Justification Books will be reviewed by ASD(C ³I). Ordinarily, the OUSD(Comptroller) P/B Director will not initial the advances for release until these reviews are accomplished.

2. Except as specified herein, submission dates will be provided in separate correspondence from OUSD(Comptroller) Program/Budget.

010402 Supplemental and Amended Appropriations Requests

- A. Organization of Supplemental Appropriations Requests Justification Books
- 1. Justification Books in support of supplemental appropriations requests will be prepared by OUSD(Comptroller) P/B, based on material furnished by the DoD Components. Justification materials will be addressed in separate correspondence from OUSD(Comptroller) P/B.
 - 2. The Justification Book will be arranged as follows:
- a. <u>Table of Contents and Summaries.</u> These items will be prepared by OUSD(Comptroller), P/B.
- b. <u>Section 1 Title I Proposed Appropriations for Various Programs.</u> This section will contain appropriate language, narrative justifications, and any special exhibits in su pport of program supplemental

requests. The appropriation language will be extracted by OUSD(Comptroller) P/B from the Budget Appendix. Supplemental appropriation requests related to all program supplementals will be supported by a narrative justification in the format of Exhibit PB-37A, provided in Section 0109.

- B. Organization of Amended Appropriations Requests Justification Books
- 1. A separate abbreviated Justification Book will be prepared by OUSD(Comptroller) and/or each Military Department for each affected appropriation title; e.g., Operation and Maintenance; Procurement; RDT&E; etc. (Additional justification materials required of Defense Agencies and for Defense-wide accounts will be identified in separate correspondence from OUSD(Comptroller). Related Justification Books will be prepared by OUSD(Comptroller) P/B.) Each Book should be stapled but must contain holes punched to fit existing Justification Book binders. (NOTE: Depending on the magnitude of a particular budget amendment; i.e., number of DoD components and appropriation accounts affected, single Justification Books may be prescribed for each DoD component, or a single Justification Book may be prepared by OUSD(Comptroller) P/B with input from the affected DoD components.)
 - 2. Each Justification Book will contain the following, as a minimum:
 - a. A single Table of Contents
 - b. By individual appropriation account:
- (1) Revised appropriation language (retyped from Budget Appendix to reflect revised request).
- (2) Budget Amendment Summary, in the format of Exhibit PB-37R (see Sec 0109), highlighting changes to the pending request.
- (3) Program and Financing Schedule (abbreviated) in the format of Exhibit PB-37S (see Section 0109). Both the Budget Plan and Obligation Plan will be shown for multi-year accounts.
- (4) Narrative Justification by Budget Activity in the format of Exhibit PB-37T (see Section 0109). Narrative will discuss dollar, quantity, personnel changes, etc., at least at the level of changes indicated on the Budget Amendment Summary (Exhibit PB-37R).
- (5) Existing P-1 and R-1 Exhibits will be marked up to indicate changes resulting from the proposed amendment.
- (6) Procurement and RDT&E Justification material will be retyped, where applicable, to encompass changes resulting from the proposed amendment.
- 3. Three advance sets of materials will be forwarded to the Directorate for Plans and Systems, OUSD(Comptroller), Room 3A862. Two copies should also be submitted at that time to Washington Headquarters Services, Directorate for Freedom of Information and Security Review, Room 2C757, for security clearance. Other appropriate provisions of Section 010401 of this Volume pertain. Military Departments will make the same distribution of above Books as for regular congressional justification materials.
 - C. <u>References</u> Additional instructions are contained in OMB Circular A-11.

010403 Distribution/Internet Posting of Budget Material

A. Copies of <u>OSD-generated</u> justification materials for congressional distribution will be delivered to OUSD(Comptroller), Plans and Systems, Room 3A862 for delivery to the congressional committees.

- B. Each Military Department will deliver copies for congressional committees, GAO, Library of Congress, CBO, and OMB, etc. OUSD(Comptroller) (P/B) will distribute copies of the consolidated Defense Agencies justification material. The Office of the ASD(C³I) Resource Management Directorate will distribute copies of the consolidated Information Technology Justification.
- C. Copies of classified material and other backup documentation for OSD will be delivered directly by each Military Department to the offices listed. Total distribution including the number of copies are also provided on the following tables. Advance books (40) are required to be produced by the due dates so that immediate distribution may be made to the congressional committees. The remaining quantities will be delivered/distributed 3 to 5 days thereafter.
 - D. Internet Posting of Unclassified Budget Justification Material.
- 1. Justification material for the President's budget will have limited paper copy distribution as shown on the distribution charts. No internal DoD distribution will be made of unclassified justification material that is provided to the Congress, OMB and other non-DoD organizations. This justification material will be available solely through posting to Component internet sites.
- 2. However, classified budget justification and budget backup material as identified in the distribution tables will be provided in paper copy to the organizations listed. Appropriate OUSD(Comptroller) directors should be consulted prior to distribution of material not listed.
 - 3. Internet posting on Component Web Sites.
- (a) Web pages presenting Defense budget documents must be designed to facilitate user discovery of the information. These pages will be used extensively by Congressional staffs, the media, and the public, and the presentation of material reflects upon the organization sponsoring the site. Budget documentation should be logically grouped, and link names should be clear and concise, to allow the user to rapidly navigate to the document of interest. Graphical content should be limited, to allow reasonable download times when accessed via modem. The Military Departments must ensure that established web pages meet these criteria.
- (b) Defense Agencies and managers of Defense-wide accounts will be provided separate guidance for the submission of budget justification in an electronic format. OUSD(Comptroller) will consolidate Defense-wide justification and distribute/post to the Comptroller internet site.
- (c) <u>Posting of justification material on Component web pages should occur no later than 5</u> working days after delivery of the paper copies to the Congress, but not prior to delivery to the Congress.
- (d) As a reminder, for Freedom of Information requests received prior to posting the unclassified budget material on the internet, it is the responsibility of the DoD component to comply with the request in accordance with DoD 5400.7-R.

E. CD-ROM Production

Upon completion of the posting of budget justification material to the Component internet site, a CD-ROM containing all of this material will be produced and distributed in accordance with the distribution tables that follow. This CD-ROM should be distributed not later than 45 days after the Budget of the United States

Government is presented to the Congress. This process will make budget material available for those that lack internet access and for historical purposes.

010404 Witness Statements

A. <u>Purpose</u> This section provides instructions for preparation of witness statements for testimony at hearings before congressional committees.

B. Preparation

- 1. Each witness statement should contain a cover page that includes the name, grade/rank, and position title of the witness; the full title of the congressional committee or subcommittee before which the witness is to appear; the date the witness is to testify; the subject of the hearing; and an embargo statement "Not for Publication Until Released by the Committee" (or Subcommittee, if applicable).
 - 2. The following line-spacing guidelines should be followed in typing statements:
- a. Double space statements prepared for presentation to the committees, for easy reading by the members.
- b Single space statements that will be returned with transcripts or those prepared solely for inserting into the record.
- 3. The various congressional committees publish instructions for preparation of witness statements for their committee. These instructions, unique to each committee, are available from the following offices:
- a. House and Senate National Security/Defense and Military Construction Appropriations Subcommittees Directorate for Plans and Systems, USD(Comptroller) and Service Budget Liaison offices.
- b. House National Security and Senate Armed Services Committees and House and Senate Budget Committees Office of the Assistant Secretary of Defense (Legislative Affairs) and Service Legislative Affairs offices.
- c. Other congressional committees Instructions are normally included in the letter requesting the hearing.
- 4. In order to provide some background on the witness for a committee, a biographical sketch of the witness should be included in the witness statement following the cover page. This is normally not necessary for witnesses such as Service Secretaries unless they are appearing for the first time before the committee.

C. Security Review

- 1. DoD Directive 5400.4 calls for DoD witnesses to submit their prepared statements to Washington Headquarters Services, Directorate for Freedom of Information and Security Review, Room 2C757, (703)697-4325, for clearance.
- 2. This should be done as far in advance of the required date of transmittal to a congressional committee as possible, usually 5 or more working days prior to the date clearance is desired.

D. Number of Copies

1. Upon completion of the security review process, the originating office should ensure that 75 copies of unclassified statements are delivered to the Directorate for Defense Information, Office of the Assistant to the Secretary of Defense (Public Affairs), Room 2E765, Pentagon. This should be done at least 24 hours in advance of the scheduled appearance of the witness before the congressional committee. Be prepared to provide additional copies on short notice.

- 2. These procedures will allow the Office of the Assistant Secretary of Defense (Public Affairs) to meet news media requirements as soon as statements are released by the congressional committee or subcommittee.
- 3. A chart identifying the various oversight committees' copy requirements for witness statements and the date that the statements are due to the committee is republished periodically by the Directorate for Plans and Systems, USD(Comptroller), as committee requirements change. Be careful to use the most recent chart.
- 4. Special care should be exercised to ensure that specified due dates are met. The committees use the witness statement in preparing for the hearing and so suspense dates are important. Committees will routinely predicate cooperation in discussing or releasing possible hearing questions or topics on the timely delivery of these statements.
- 5. Offices responsible for arranging the attendance of principal and supporting witnesses at a hearing normally prepare a listing of witnesses known as the Witness List. These offices will contact all involved parties to obtain the names and positions of the witnesses for the Witness List.

010405 Transcript Processing

A. <u>Purpose</u> This section provides instructions for processing transcripts of witness testimony at hearings before congressional committees.

B. Initial Receipt

- 1. The House and Senate Appropriations subcommittees on National Security/Defense, and Military Construction Appropriations provide hearing transcripts directly to Budget Liaison offices of the Services and to the Director for Plans and Systems, Under Secretary of Defense (Comptroller). All other hearing transcripts are provided directly to the Legislative Affairs office of the Services and to the Office of the Assistant Secretary of Defense (Legislative Affairs).
- 2. The original copy of the transcript is then provided to the office of the principal witness utilizing DD Form 1587, Record of Congressional Transcript Review, as the transmittal document. To meet committee requirements and allow time for final review by Washington Headquarters Services, Securuty Review, each element in the review process must give cooperative consideration to the time requirements of all elements in meeting due out dates. DoD Directive 5400.4 provides guidance in utilizing DD Form 1587. Instructions are also printed on DD Form 1587.
- 3. The various committees publish instructions for processing transcripts for their committee hearings. These instructions, unique to each committee, are available from the following offices:
- a. House and Senate National Security/Defense and Military Construction Appropriations Subcommittees Directorate for Plans and Systems, USD(Comptroller) and Service Budget Liaison offices.
- b. HouseNational Security and Senate Armed Services Committees and House and Senate Budget Committees Office of the Assistant Secretary of Defense (Legislative Affairs) and Service Legislative Affairs offices.
- c. Other congressional committees Instructions are normally included in the letter requesting the hearing.

C. <u>Processing Procedures</u>

1. Upon receipt of the transcript in the office of the primary witness, that office will review and edit the transcript and prepare the necessary inserts including questions for the record. At the same time, those staff offices required to provide input to the transcript should be tasked, in writing, for their specific portion. Page and line number/question number should be referenced when tasking inserts for the record.

- 2. Offices providing input to transcripts should clear their internal security review office prior to providing their input to the principal witness' office. After consolidation of the edit/review of the transcript and inclusion of necessary inserts, the office of the principal witness will then need to obtain the proper security clearance for the transcript and inserts from Washington Headquarters Services, Directorate for Freedom of Information and Security Review. A DD 1790, Prepared Testimony Review must be used. DoD Directive 5400.4 provides instructions to be followed in processing the transcript through the security review process.
- 3. Plain bond (8.5" x 11.0" with left and right margins of 1.5") Insert for the Record, will be utilized for all inserts to congressional testimony and questions/answers for the record. Formats for completing these for the four oversight committees are provided in Section 0109.
- 4. After completing the security review process and required coordination's, the completed transcript should be returned to the office from which the transcript was received (Transcript Action Monitor) for final review and delivery to the congressional committee.
- 5. Special care should be exercised to ensure that transcript processing suspense dates are met. The committees emphasize that the deadline dates imposed by them must be met. As the committees approach markup, the importance of meeting deadlines becomes even more critical. Transcripts should not be unduly delayed while gathering information for the record. If a delay is encountered, a note that the data will be furnished at some specified date should accompany the transcript and processing should proceed.
- D. <u>Page Proofs/Galleys</u> Often committees allow DoD to review "page proof"/"galleys" of congressional testimony to ensure that changes have been incorporated and that classified data has been deleted from the version that will be made public. Extreme care must be exercised to ensure that all classified data have been excised.

010406 Appeal Process on Congressional Actions

A. <u>Purpose</u> Each year the actions taken by congressional committees during consideration of the DoD authorization and appropriation bills are reviewed by DoD components. This Section provides policy guidance and procedures for appealing such congressional actions.

B. Scope of Material

- 1. DoD appeals to congressional committees may be in the form of a letter to the appropriate committee chairman (or chairmen in the case of appeals to joint conferees), which sets forth the Department's position on the most significant programs/items impacted by congressional actions. This letter is prepared for the signature of the Secretary of Defense. Only the Secretary will provide the Department's position on appeal items.
- 2. DoD appeals also may be in the form of an appeal package consisting of as many as 100 or more pages, one for each action being appealed. This package is submitted to the appropriate committee by the USD(Comptroller). It is not submitted as an enclosure to an appeal letter, but may be referred to in the letter.
- 3. The submission of appeal material can vary each year and is primarily dependent upon the timing of each committee's actions on the budget request. The preparation of appeal items begins when the actions of the committees become known, usually with release of the committee's report. Normally, appeal material will be modified to reflect final floor action since amendments adopted on the floor can significantly change positions reported out by the committees. In most cases, the process is as follows:
- a. <u>To Authorization Conferees.</u> This appeal is based on the actions of both the House National Security and Senate Authorization Committees, as modified by House and Senate floor action.
- b. <u>To Appropriations Conferees.</u> This appeal is based on the actions of both the House and Senate Appropriations Committees, as modified by House and Senate floor actions.

C. Preparation of Appeals

- 1. Once the actions of an oversight committee become known, DoD components normally will be requested to provide input for incorporation into the Secretary's appeal letter or appeal package. Appeal input will be submitted in the general format of Exhibit PB-39A-1 and PB-39A-2 (provided in Section 0109) in both hard copy and on floppy disk in either Microsoft Word or WordPerfect format for DOS (with no graphics). Components may be asked to assign a priority to the actions they want appealed.
- 2. All appeal materials must be unclassified. Verification that materials are entirely unclassified must be obtained by the DoD component from the component's security review prior to submission to OSD. USD(Comptroller) will obtain clearance of the consolidated appeal package from the Washington Headquarters Services, Directorate for Freedom of Information and Security Review, Room 2C757, the Pentagon.

D. Policy Guidance, Preparation and Coordination of Budget Appeals

- 1. By memorandum of May 27, 1983, Subject: "Congressional Justification of the President's Annual Defense Budget," the Secretary of Defense charged the Comptroller with the responsibility to coordinate all justification actions for his consideration that may be interpreted as reprogramming, supplementals, amendments, or appeals to the Defense budget. Therefore, in order to ensure that the Department speaks to the Congress in this area with one voice and remains consistent with the Secretary's policy direction, all appeals to congressional committees will be prepared by the USD(Comptroller).
- 2. The Directorate for Plans and Systems, within the Office of the USD(Comptroller) (Program/Budget), will issue instructions for submission of appeal input. Along with other Comptroller directorates, Plans and Systems will review the input and prepare a draft appeal letter and appeal package. Normally, these drafts will be sent for comments to the appropriate DoD offices. Clearance on all appeal materials will be requested from the Office of Management and Budget.
- 3. While responsibility for consolidation and coordination of appeal materials resides with the USD(Comptroller), all offices are responsible for ensuring that the materials they submit remain up to date. Submitting components e.g. The Joint Staff) should provide only one position on each issue submitted.
- E. <u>Classified Appeals</u>. Actions of congressional cpmmitees documented in classified annexes (susch as by the Intelligence Committees) to reports or classified letters may be addressed in classified appeals prepared by the $ASD(C^3I)$. Further guidance is contained in Cahpter 16.

0105 BUDGET AUTOMATION REQUIREMENTS

010501 Automated Future Years Defense Program (FYDP) Data Base

Automation requirements for the FYDP and technical guidance for the submission of program element change data have been moved to Section 0107. Director, Program Analysis & Evaluation (PA&E), will provide Components with guidance on submission requirements.

010502 Automated Procurement Programs Database

- A. <u>Purpose and Objectives</u>. This section provides for the maintenance of the Procurement *Programs* as an automated database which will be the primary structure for quantity and program cost at line item level of detail for a number of related procurement program documents. The Procurement *Programs* supports and should be consistent with the following documents: (1) Procurement Programs (P-1 and *P-1R*) Reports and all supporting budget backup exhibits, (2) Congressional Data Sheets, (3) Selected Acquisition Report (SAR), and (4) Procurement Program and Financing Schedules of the President's Budget.
- B. <u>Applicability</u>. The provisions of this section apply to the Office of the Secretary of Defense (OSD), the Military Departments, and the Defense Agencies (hereafter referred to as "DOD Components") that contribute data to the Procurement *Programs*.
- C. Reporting Requirements. The initial automated database was established consistent with the procurement data submitted to the Congress in support of the FY 1974 Budget. Since that time subsequent updates have been required coincident with submission of the (1) Program Objective Memoranda, (2) Budget Estimates, and (3) President's Budget. Specific guidance relative to approved changes, due dates and special requirements is provided in a memorandum from the Office of the Under Secretary of Defense (Comptroller) announcing each update.
- D. <u>General Instructions Preparing the Procurement Programs</u>. The Procurement Programs provide resources in a line item level of detail with appropriation identification. A detailed description of line item entries is listed in Volume 2B, Chapter 4, Section 0402 of the Budget FMR. The minimum information required in the Procurement Programs is as follows:
 - 1. A summary by appropriation account with subtotals for DOD Components.
 - 2. A summary of each appropriation account by budget activity with an appropriation total.
 - 3. A detailed line item listing in budget activity/subactivity sequence.
- 4. Entries for the individual line items should be on the same basis as that used for budget submissions. Multiyear procurements (MYP) are identified for P-1 line items with MYP as defined in Section 010203. Advance procurement entries should be used as specified in Volume 2B, Section 040502. Initial spares listed with the procurement item (post delivery and outfitting costs for Shipbuilding and Conversion, Navy) should be shown immediately following the line as a memorandum entry--non-add to the budget activity total.
- 5. Costs of prior year programs will be adjusted annually to reflect actual obligations, including deobligations, recoveries of prior year obligations, upward obligation adjustments, and rescissions, as appropriate, after the appropriation expires but before it is canceled.
- 6. Cost to complete column provides the data necessary to obtain the total procurement cost for acquisition of weapon items. It is necessary to estimate the cost of completing the approved program for major weapon systems included in the Selected Acquisition Report (SAR) reporting system and for multiyear contracts utilizing economic order quantity advance procurement. Such costs will be entered in the "cost to complete" column of the Procurement *Programs*. Entries in the "cost to complete" column are not required for other procurement line

entries. The "cost to complete" estimate will include: (1) the portion of the "approved quantity" to be procured beyond the FYDP, and (2) costs to complete acquisition of units procured in prior years such as outfitting and post delivery requirements for ships which will not deliver during the FYDP.

- 7. Security classification of line items is determined by the submitting component subject to OSD Security review. Except for information published in the unclassified version of the P-1 Report, data contained in the Procurement *Programs* may not be released outside the DoD without the expressed written consent of the Under Secretary of Defense (Comptroller). (In the case of the Procurement *Programs* update for the Program Objectives Memorandum, this consent must come from the Director of Program Analysis and Evaluation.)
- E. General Instructions Preparing the Procurement Programs (P-1). The P-1 document is derived from and consistent with the Budget Review System. The P-1 is provided annually to the DoD oversight committees of the Congress coincident with the transmittal of the President's Budget. An unclassified version is provided to OASD(PA) for use by non-DoD activities. The minimum information required in the P-1 is as follows:
- 1. Identification codes and a detailed description of line item entries are explained in paragraph F below.
 - 2. The line item data provided is PY, CY, BY1 and BY2.
 - 3. The security classification will be in accordance with the criteria set forth in Section 010108.
 - F. Procurement Data Elements and Record Formats
- 1. <u>Codes</u> Appropriation Code, Component Code, and Budget Activity Code are as specified in Section 010506. Budget Subactivity Codes will be assigned by the responsible Military Department or Agency.
- 2. <u>Item Control Number</u> This control number will be assigned by the responsible Military Department or Agency. Since this control number will serve to identify the item and relate it to its respective nomenclature, it will be assigned in such a way as to serve for the life of the line item in the data base. It is not to be confused with the numeric, sequential, line item number printed in the first column of the procurement exhibit P-1. Care should be exercised by each Department that the Item Control Number be assigned to provide for additions, deletions, and generic and/or logical sequencing of line items within the budget subactivity. Uniformity among the Military Departments or Agencies will not be necessary but the code will not exceed ten (10) alphanumeric characters. The code will be entered in the data field left justified.
 - Cost Type Codes.

Authorized for use are:

Code Cost Type:

- A Weapon System Cost
- B Advance Procurement (PY)
- C Advance Procurement (CY)
- D Contract design Historical SCN only
- E Contract Cancellation SCN only
- F PY Unfunded Deficiencies
- G Over Target

- I Future Cost/Growth Escalation SCN only
- J Initial Spares* (Outfitting for SCN) (Memo non- add)
- K Post Delivery SCN only
- L Cost Growth SCN only
- M Shipbuilding Escalation SCN only
- N Completion of PY Programs
- P Unfunded NSSN (Memo)
- R Reserve Equipment (Memo Non-Add)
- S Anticipated Escalation (Memo for historical updates)
- T National Guard Equipment (Memo Non-Add)
- *Initial Spares must be identified by weapon system. The Item Control Number for each initial spare entry must be identical to its parent weapons system.
 - 4. Fiscal Year The four digits of the applicable fiscal year.
- 5. <u>Advance Procurement Fiscal Year</u> Enter the future fiscal year to which the advance procurement cost is associated.
- 6. <u>Action Code</u> To ensure proper action against each Nomenclature Record and/or procurement data record, the following action codes are to be used:
 - <u>Code 1</u> Use only for nomenclature record.
 - <u>Code 9</u> <u>Use only for changes to procurement program resources</u> Identifies all data changes either added to the file or net changes to an existing data record.
- 7. <u>Program Budget Decision (PBD) Number</u> During the Program Budget Decision cycle only, enter PBD number (to include any revised PBDs).
- 8. <u>Nomenclature Record</u> Enter only the proper English language title of the item to be procured which is most commonly used. Abbreviations, acronyms and codes will be avoided where possible. The item nomenclature will not exceed 45 alphanumeric characters.
- a. <u>SAR Item Designator</u> The single character "X" in the appropriate data field will indicate a SAR item.
- b. <u>Security Classification</u> Secret will be indicated as "S"; Confidential will be indicated as "C"; Unclassified will be indicated as "U."
- c. <u>Program Quantity</u> The quantity for a line item which has a quantity designator of "U" will be expressed in units; for a quantity designator of "T" enter the units quantity divided by 1,000; and for a quantity of "M" enter the units quantity divided by 1,000,000.
- d. <u>Identification Record</u> Entries will be limited to "A" or "B" as specified and defined in Volume 2B, Section 0401.

- 9. Formats are provided in Section 010704.
- G. Instructions for Response to Procurement Appendix
- 1. <u>General</u>. Program Budget Decision documents for procurement appropriations will contain a Procurement Appendix as an attachment. The Appendix requires DoD Components to record line item net changes to TOA on SD Form 463 consistent with the expressed intent of the Program Budget Decisions (PBDs).
- 2. <u>Instructions Pertaining to SD Form 463.</u> Instructions for preparation of SD Form 463 appear on the reverse of the form. Floppy disk submissions should be made in accordance with SD Form 463 and meet the following criteria:

Floppy Disk Format:

- ASCII file.
- Character record length -- (length of record on code sheet -- i.e. 56 for the Procurement *Programs* data transactions).
- Formatted PC DOS releases 2.0 or higher.
- 3 1/2" diskette

and

Double Sided and Double Density.

or

Double Sided and High Density.

- Attach a printed label showing the file name and the number of transactions it contains to the front of the disk.
- 3. All submissions will be in accordance with Procurement Data Elements and Record Formats printed in this chapter.

010503 Automated RDT&E Programs Database

- A. <u>Purpose and Objectives</u>. This Section provides for the maintenance of the RDT&E *Programs* automated database which will be the primary structure for program element detail in a number of related RDT&E program documents. Included are the (1) RDT&E Programs (R-1) and all supporting budget backup exhibits, (2) FYDP Summary and Program Element Detail, (3) Selected Acquisition Reports, and (4) RDT&E Program and Financing Schedules of the President's Budget. The RDT&E *Programs* database also will be used to reconcile differences with the automated update of the Future Years Defense Program Summary and Program Element Detail for RDT&E accounts.
- B. <u>Applicability</u>. The provisions of this Section apply to the Office of the Secretary of Defense (OSD), the Military Departments and the Defense Agencies (hereafter referred to as "DoD Components") that contribute data to the RDT&E *Programs*.
- C. Reporting Requirements. The initial automated database was established consistent with the RDT&E data submitted to the Congress in support of the FY 1976/197T Budget. Since that time subsequent updates have been required coincident with submission of the (1) Program Objective Memoranda, (2) Budget Estimates, and (3) President's Budget. Specific guidance relative to approved changes, due dates and special requirements is provided in a memorandum from the Office of the Under Secretary of Defense (Comptroller) announcing each update.

- D. General Instructions Preparing the RDT&E Programs. The RDT&E Programs is consistent with the program element identification of resources contained in the Future Years Defense Program Summary and Program Element Detail. Data in the RDT&E Programs is summarized by appropriation account with recaps by budget activity and FYDP programs. Security classification of line items is determined by the submitting component subject to OSD Security review. Except for information published in the unclassified version of the RDT&E Programs (R-1) report, data contained in the RDT&E Programs may not be released outside the DoD without the written consent of the Under Secretary of Defense (Comptroller). (In the case of the RDT&E Programs update for the Program Objectives Memorandum, this consent must come from the Director of Program Analysis and Evaluation.)
- E. <u>General Instructions Preparing the RDT&E Programs (R-1)</u>. The R-1 document is derived from and consistent with the *Budget Review System database*. The R-1 is provided annually to the DoD Oversight Committees of the Congress coincident with the transmittal of the President's Budget. An unclassified version is provided to OASD (PA) *for use by non-DoD activities*. The unclassified R-1 is the only document from the *RDT&E Programs* database available for public distribution. The minimum information required in the R-1 is as follows:
 - 1. The program element line item data provided is PY, CY, BY1 and BY2.
 - 2. The security classification shall be in accordance with the criteria set forth in Section 010108.
 - 3. A detailed program element listing in budget activity sequence.
 - F. RDT&E Data Elements and Record Formats
- 1. <u>Codes</u> Treasury Code, Component Code, and Budget Activity Code are as specified in Section 010506.
- 2. <u>Program Element</u> These program element (PE) codes are published in the DoD 7045.7-H (FYDP Program Structure Handbook).
- 3. <u>SAR Item Designator</u> The single character "X" in card column 31 in the Nomenclature Format, SD Form 463-1N, (Section 010904) will indicate a SAR item.
- 4. <u>Action Code</u> To ensure proper action against each nomenclature record and/or RDT&E data record, the following action codes will indicate the desired action against the data base:
 - Code 1 Use Only for Nomenclature Record
 - <u>Code 9</u> Use Only for Changes to RDT&E Program Resources
 - 5. Cost Type Use cost type code A for program value.
 - 6. Formats are provided in section 010904.
 - G. Instructions for Response to RDT&E Appendix
- 1. <u>General</u>. Program Budget Decision documents for RDT&E appropriations will contain an RDT&E appendix as an attachment. The appendix requires the DoD components to record program element net changes to TOA on SD Form 463-1 consistent with the expressed intent of the Program Budget Decisions (PBDs).
- 2. <u>Instructions Pertaining to SD Form 463-1.</u> Instructions for preparation of SD Form 463-1 appear on the reverse side of the form. Floppy disk submissions should be made in accordance with SD Form 463-1 and meet the following criteria:

Floppy Disk Format:

- ASCII file.
- Character record length -- (length of record on code sheet -- i.e. 40 for the RDT&E *Programs* data transactions).
- Formatted PC DOS -- releases 2.0 or higher.
- 3 1/2" diskette and
 Double Sided and Double Density or Double Sided and High Density...
- · Attach a printed label showing the file name and the number of transactions it contains to the front of the disk.
- 3. All submissions, regardless of media will be in accordance with RDT&E data elements and record formats printed in this chapter.

010504 Automated Construction Program Database

- A. <u>Purpose and Objectives</u>. This section provides for the establishment of an Automated Construction Program Database to supplement the Defense Components' military construction justification materials. The Construction Program also will be used to track Program Budget Decisions at the project level, track congressional action on the President's budget submissions, and provide the baseline data required for special analysis.
- B. <u>Applicability</u>. The provisions of this section apply to all requirements financed by the Military Construction, NATO Security Investment Program, Base Realignment and Closure, Family Housing, DoD Family Housing Improvement Fund and Homeowners Assistance appropriations of the Departments of Army, Navy, Air Force and Defense-Wide as applicable.
- C. <u>Responsibilities</u>. The DoD components will submit Construction Program data for their Active, Guard and Reserve forces construction projects, their portions of the Family Housing, DoD Family Housing Improvement Fund and Homeowners Assistance programs, and multi-service or national level projects for which they are executive agent as described in DoD Directive 7150.5, "Responsibilities for Programing and Financing Facilities at DoD Installations Utilized by Two or More DoD Components."
- D. <u>Reporting Requirements</u>. Update submissions will coincide with the September budget submissions and the January budget presentation. Detailed requirements not contained herein will be specified by memorandum for all update submissions.
- E. <u>Construction Data Elements and Record Formats.</u> The data elements authorized for entry into the Automated Construction Program Database are as follows:
 - 1. <u>Appropriation Code</u> As specified in Section 010506.
 - 2. Component/Suffix Code As specified in Section 010506.
 - 3. <u>Budget Activity Code</u> As specified in Section 010506.
- 4. <u>Major Command Code</u> Any two digit numeric code (01 through 99) that will uniquely identify a major command for that component.
 - 5. Location Code

- a. <u>State/Country Code</u> Use the applicable code given at Tables II and III at the end of Section 010504. Exigent minor construction and all other lump-sum amounts should use the worldwide unspecified state/country code "ZU."
- b. <u>Installation Code</u> Use any three digit numeric code, right justified zero filled, that will uniquely identify the installation within the state or country. The installation code for exigent minor construction and all other lump-sum amounts should be 9's filled.
- 6. <u>Project Identification Code</u> Use any six digit numeric code, right justified zero filled, that will uniquely identify the project for this location. Code lump-sum values as described in Table I at the end of Section 010504. Classified projects should have a valid project identification code, but the title associated with the code should be "classified project."
- 7. Facility Category Code Use the three digit code as specified in DoD Instruction 4165.14. This field will be 9's filled for "Exigent Minor Construction" and all Lump-Sum Records. Family Housing new construction projects (budget activity 01) must have a valid facility category code.
 - 8. Fiscal Year Program The two digits of the applicable fiscal year.
- 9. Action Code To ensure proper action against each Nomenclature Record and/or Decision Record, the following action code (not to be confused with Action Document Code) will indicate the desired action against the database.
 - Code 1 Use only for nomenclature record Identifies the addition of major command.
 - Code 2 Use only for nomenclature record Identifies a change to a major command title already on file.
 - <u>Code 3 Use only for nomenclature record</u> Identifies the addition of an installation title record.
 - Code 4 Use only for nomenclature record Identifies a change to an installation title already on file.
 - Code 5 Use only for nomenclature record Identifies the addition of a project to the database.
 - Code 6 Use only for nomenclature record Identifies changes to a project record already on the file.
 - <u>Code 9 Use only for changes to construction program resources</u> Identifies all data changes either added to the file or net changes to an existing data record.
 - 10. Cost Type Cost type codes authorized for use are:

Code

Cost Type

A Project Value

M Memo non-add projects

Use the "M" code for projects proposed for <u>authorization</u> under the Military Construction Act but for which funding under the Military Construction Act is <u>not</u> proposed. (For instance, a project to be funded with prior year military construction savings or to be funded in another appropriation, such as procurement.)

- 11. Action Document Code Each change, introduction of new data, or deletion of existing data to the database must be substantiated by an approved decision document. These documents are the only approved sources to reflect Secretary of Defense decisions and thereby authorize changes to the base file. The following codes are assigned to identify the appropriate documents:
 - 01 Program Change Decision
 - 02 Program Budget Decision
 - 04 Program Decision Memorandum
 - 16 Congressional Action
- 12. <u>Document Decision Number</u> All transactions necessary to reflect the decision document directing the change will be coded consistently in this six character alphanumeric data element. Examples include, but are not restricted to the following:

| Type of Decision | | Doc | ument | Decision | <u>on</u> | |
|-------------------------|----------|----------|----------|------------|-----------|----------|
| | | | Num | <u>ber</u> | | |
| | <u>1</u> | <u>2</u> | <u>3</u> | <u>4</u> | <u>5</u> | <u>6</u> |
| PBD | 3 | 0 | 1 | | | |
| PBD,Revision (1st) | 3 | 0 | 1 | C | | |
| PBD,Revision (2nd) | 3 | 0 | 1 | C | 2 | |
| PBD,Reclama (1st) | 3 | 0 | - 1 | R | | |
| PBD,Reclama (2nd) | 3 | 0 | 1 | R | 2 | |
| PBD, Rev to 2nd Reclama | 3 | 0 | 1 | R | 2 | C |

- 13. <u>Approval Date</u> The date of the decision document which approved the changes in six digits representing year, month, and day in that order.
- 14. <u>Program Cost</u> The TOA amount will be expressed in thousands of dollars. Negative values should be represented by a minus sign to the immediate left of the dollar amount (e.g., -4328).
 - 15. <u>Title</u> This will be the Command, Installation or Project title, depending on the action code.
- 16. <u>Authorization Indicator</u> Code "X" in this field if the project is subject to authorization. Code "P" in this field if the project was authorized for appropriation in a prior year or code Y if the project was authorized in a prior year.
- 17. <u>Major FYDP Program</u> Use the two digits of the applicable major Defense Program the project supports.
- 18. <u>Special Interest Indicator</u> Use this code to indicate if the project falls into one of the special categories given below:
 - 1 = Energy Conservation
 - 2 = Air Pollution Abatement
 - 3 = Water Pollution Abatement
 - 4 = Noise Pollution Abatement
 - 19. Formats are provided in section 010904.

F. Level of Detail

1. Data will be reported at the level specified for the justification material (DD Form 1391) in Chapters 6 and 7. A summary of the levels required follows:

- 2. Military Construction 1/
- Major Construction project detail
- Minor Construction lump-sum for exigent minor construction
- Planning and Design lump-sum
- Supporting Activities project detail
 - 3. NATO Security Investment Program lump-sum 1_/
 - 4. Base Realignment and Closure lump-sum 1_/
 - 5. Family Housing Construction 1/
- Construction of new housing project detail. Under normal conditions the project title should indicate the number of units to be constructed, e.g. "NEW CONSTRUCTION (265)"
- Construction Improvements lump-sum
- Planning lump-sum
- 6. <u>Family Housing Debt, Operation & Maintenance 1_/ Lump-sum for each budget activity except Operating Expenses</u>, which will be reported by account as shown below:
 - Operating Expense
 - Management Account
 - Services Account
 - Utilities Account
 - Furnishings Account
 - Miscellaneous Account
 - Leasing
 - Maintenance of Real Property
 - Interest Payments
 - Mortgage Insurance Premiums
 - 7. Homeowners Assistance Fund 1/
 - Payment to Homeowners
 - Other Operating Costs
 - Acquisition of Real Property
 - Mortgages Assumed
 - 8. DoD Family Housing Improvement Fund lump sum 1/
- 1/ Nomenclature records for all lump-sum values will be generated by the OSD computer system; DoD Components should <u>not</u> submit nomenclature records for lump-sum values.
 - G. General Instructions Updating the Construction Program Database.
 - 1. General

- a. <u>Nomenclature Records</u> Nomenclature or title records are used to assign names to major commands, installations and projects, and are submitted by the components on Construction System Database Nomenclature Recording Form, SD Form 463-2N. The system will determine what is being assigned a name by examining the action code.
- (1.) <u>Major Commands</u> To assign a major command title, specify the treasury code, component/suffix code, two digit command code, action code 1 and title. Defense-Wide, Guard and Reserve accounts should have a command of "99" and a title of the account name. To change an existing command title, specify the same data as above, but use action code 2.
- (2.) <u>Installation</u> To assign an installation title, specify the Treasury code, component/suffix code, location code, action code 3, command code and title. The title should not contain the state, e.g., "Fort Bragg, North Carolina." If an installation houses elements of several commands, there should be an installation transaction for each command having a project at that installation. To change an installation title, specify the same data as above, but use action code 4. (Note the command code cannot _ be changed with a "4" record.)
- (3.) <u>Project</u> To assign a project title specify the treasury code, component/suffix code, budget activity, location code, project identification code, action code 5, major command, major FYDP Program, facility category code, special interest indicator, authorization indicator and title. An explanation of the data elements is given in paragraph E. of this section. The following items in a project nomenclature record may be changed by using action code 6: command code, major FYDP Program, facility category, special interest and authorization indicator codes, and project title. To change any or all of these data items, specify (from the record to be changed) the Treasury code, component/suffix code, budget activity, location code, project code, action code 6, fiscal year, and one or more of the items to be changed.
- b. <u>Decision Data Records</u> The data records are used to assign values or adjust values for specific projects identified by the location and project identification and are submitted by the Components on Construction System Database Decision Reading Form, SD Form 463-2. An explanation of the data elements is given in paragraph E. of this section.
- 2. <u>Classification</u>. A project may be classified due to the nature of the project, the location of the project, or both. Since the Construction Programs (C-1) is an unclassified document generated from an unclassified database, use the conventions given below to desensitize the data:
- a. If the location is classified, use the applicable special State/Country code given in Tables II and III at the end of this section.
 - b. If the project is classified, assign the project a title of "Classified Project."
 - c. If both location and project are classified, use both conventions given above.
- d. The various DoD Components are responsible for ensuring that the database describing their projects does not contain classified information.
- 3. <u>Initial Budget Submission</u>. The initial September budget submission of Construction Program data will be consistent with data submitted for the budget. The document serial number (positions 29-31 of SD Form 463-2) will be the PBD wherein the resources for this project will be addressed, and position 32 of the record will contain an S. (Note Additional requirements may be specified by the Memorandum calling for the update submissions.)

4. Decisions

a. PBDs for Military Construction, NATO Security Investment Program, Base Realignment and Closure, Family Housing, DoD Family Housing Improvement Fund, and Homeowners Assistance Fund will contain a Construction Appendix sheet as an attachment. The DoD components will record net changes to TOA by

project on SD Form 463-2 consistent with the intent of the PBD. The SD Form 463-2 will be submitted to OUSD(C)(P/B) within five working days after the date of the PBD. This response will be shortened toward the end of the budget review.

- b. If the Construction decision is reclamaed, it must be definitized to the level of detail contained in the PBD Construction Appendix. Reclama decisions will be processed in the same manner as the original decision document; however, SD Form 463-2 must be submitted by the DoD components to OUSD(C)(P/B) within 24 hours after receipt of the reclama decision.
- 5. Instructions Relating to SD Form 463-2 and SD Form 463-2N. Instructions for the preparation of SD Form 463-2 and SD Form 463-2N appear on the reverse side of the forms. Floppy disks are preferred in lieu of the forms. Floppy disk format: MUST BE ASCII; Character record length will be the same as the length of the record on the code sheet; formatted PC DOS release 2.0 or higher; 3 1/2" diskette, (double sided and double density or double sided and high density attach an outside printed label showing the file name, Component and number of transactions). All submissions, regardless of media, will be in accordance with Construction data elements and record formats outlined in paragraph E. of this section.
- 6. Status Reporting. Periodic status reports in the form of an updated C-1 and audit trail reports reflecting these decision adjustments will be provided. It is essential that these status reports be reviewed by the components on a recurring basis during the Budget Review to assure all concerned that PBDs and related decisions are accurately reflected in the Construction database.

Table I

| <u>P.L.</u> | Treasury <u>Code</u> | <u>BA</u> | Valid <u>State/Country</u> | Valid V <u>Installation</u> | alid Project ID |
|--------------|-------------------------|----------------------|-------------------------------|--|--|
| 50 * * | All | 01 02 03 04 | ALL "ZU" "ZU" ALL | See Note 1 "999" "999" See Note 1 | See Note 2 "999902" "999903" See Note 2 |
| 60 * | See Note 4 | 01 03 04 | ALL "ZU" "ZU" | See Note 1 "999" "999" | See Note 2 "999903" "999904" |
| * * | See Note 5 | 09 10 11 | "ZU" "ZU" "ZU" | "999" "999" "999" | "999909" "999910" "999911" |
| * * | | 06 07 08 | "ZU" "ZU" "ZU" | "999" "999" | See Note 3 "999907" "999908" |
| * * | 4090 | 01 02 03 | "ZU" "ZU" "ZU" | "999" "999" "999" | "999901" "999902" "999903" |
| * | 0834 | 04 01 | "ZU" "ZU" | "999" "999" | "999904" "999901" |

^{*} Denote Budget Activities that are represented as Lump-Sum Amounts.

- Note 1 If State/Country Code is any of the special codes, installation may be "999."
- Note 2 Must be a valid project number assigned via a nomenclature record.

| Note 3 - | Must be c | one of the following: |
|----------|-----------|-----------------------|
| | 888805 | Management Account |
| | 88810 | Services Account |
| | 888815 | Utilities Account |
| | 88820 | Furnishings Account |
| | 88825 | Miscellaneous Account |
| | | |

- Note 4 For 0702A Use 7020A For 0703N - Use 7030N For 0704F - Use 7040F For 0706D - Use 7060D
- Note 5 For 0702A Use 7025A For 0703N - Use 7035N For 0704F - Use 7045F For 0706D - Use 7065D

010505 Automation Requirements for the Biennial Budget Estimates Submission

A. <u>Purpose</u>. The budget estimates submissions are entered in the Budget Review System from machine-readable magnetic media provided by the Military Departments and Defense Agencies. This chapter prescribes the specifications for submission of machine-readable data.

B. Submission Requirements

- 1. Exhibits PB-2, PB-2A, and PB-4 (on-board yearend strength only), as prescribed in Section 010305, will be supported by automated records in the record layouts specified in Section 010904 and in the detail prescribed by the Budget Account Title File Listing. All data will be listed.
- 2. Machine-readable data must follow the record layouts shown in Section 010904. Negative numeric values will be preceded by a minus sign. A hard copy listing of each data type must accompany the machine-readable data.
- a. Submissions must be in ASCII format on 31/2" diskettes, readable on IBM compatible PCs. For those Components with accounts on the Single Agency Manager's (SAM) Classified IBM mainframe computer (System IS), submission files may be placed on the virtual disk on System IS, provided OUSD(C)P&FC analysts have access to the disk.
- b. Data submitted must have each record followed by a carriage return and tabs between appropriated fields. Templates with fill-in capability are available on floppy disks for use with MSWord.
- 3. In addition to the hard copy exhibits specified in Section 010305, a single hard copy, listing each record, will be provided. Separate listings will be prepared for financial data, civilian full-time equivalent (FTE) data, and military end strength data. The format for the hard copy printout will show data in the same order as that prescribed for the record layouts. Control totals will not be included in the machine-readable data.
- 4. Machine-readable data conforming to paragraph B.2. of this section for all accounts, the corresponding hard copy printout, two copies each of Exhibit PB-1, PB-2, PB-2A, PB-4, and PB-8 will be submitted concurrently with the budget estimates and delivered to Room 3B872, Pentagon. The delivery should be made by the Component designated principal or alternate coordinator for budget submissions.
- 5. Components unable to provide machine-readable input as specified in paragraph B.2. above should make prior arrangements with the Directorate for Program and Financial Control, Room 3B872, Pentagon.

C. Record Layouts

1. The following transcript sheets provide the record layout required for input on machine-readable media. Examples of these transcript sheets and their coding instructions are provided in Section 010904:

| DD Form 2232 | Budget Estimates Recording Form (\$), PY, CY, BY1, and BY2. |
|----------------|--|
| DD Form 2233 | Decision Recording Form (\$), PY, CY, BY1, and BY2. |
| DD Form 2234 | Outyear Recording Form (\$), BY+1, BY+2, BY+3, and BY+4. |
| DD Form 2235 | Budget Estimates Recording Form (End Strength/ FTE), PY, CY, BY1, and BY2. |
| DD Form 2236 | Decision Recording Form (End Strength/ FTE), CY, BY1, and BY2. |
| DD Form 2236-1 | Outyear Recording Form (End Strength/ FTE), BY+1, BY+2, BY+3, and BY+4. |

2. <u>Coding Instructions</u>. Coding instructions for preparation of the transcript sheets are included on the reverse of each form. These codes are precise and must be coded as shown in the "Budget Account Title File Listing," which lists the valid budget activity/budget subactivity codes for each appropriation as well as all valid financing and object classification codes. This listing will be distributed by the Directorate for Program and Financial Control prior to the September budget submission. In addition, Section 010506 provides a sample budget activity/budget subactivity structure as well as a listing of all valid financing and object classification codes.

D. Technical Instructions

1. Submission of Budget Estimates for PY, CY, BY1 and BY2

- a. <u>Budget Submission (Dollars)</u>: Coincident and consistent with the hard copy submission of the budget estimates, Military Departments and Defense Agencies, as applicable, will submit machine-readable data entries for all schedules and for all applicable budget accounts for all years. Detailed data entries only will be submitted since subtotals and summary totals are computer generated. Input data will be formatted in accordance with DD Form 2232 on a media type specified in paragraph B.2. of this section. All TOA values for PY, CY, BY1, and BY2 will be submitted in accordance with the detail prescribed by the Budget Account Title File Listing. Amounts will be in agreement with the PB-2 and PB-2A exhibits.
- b. <u>Budget Submission (Personnel Data)</u>: Budget estimates submission of on-board year end personnel data entries for military end strength and civilian full-time equivalents (FTEs) will be formatted in accordance with DD Form 2235 and will be in exact agreement with the PB-4 exhibit. Personnel data will be submitted for all years in accordance with the detail prescribed by the Budget Account Title File Listing.
- c. Hard copy coding sheets (DD Form 2232 and DD Form 2235) will only be accepted for less then 5 lines of corrections of PY, CY, BY1, and BY2 data.

2. Submission of Outyear Estimates

- a. <u>Budget Submission (Dollars):</u> The submission for BY+1 through BY+4 TOA will be made coincident with the budget submission. Input to the database will be formatted in accordance with DD Form 2234 at the PDM level, by appropriation account and budget subactivity.
- b. <u>Budget Submission (Personnel Data)</u>: Budget estimates for BY+1 through BY+4 military end strength and civilian full-time equivalents (FTEs) will be made coincident with the budget submission. Input to the database will be formatted in accordance with DD Form 2236-1 and agree with the PB-4 exhibit.
- c. Hard copy coding sheets (DD Form 2234 and DD Form 2236-1) will only be accepted for less than 5 lines of corrections for outyear data.

3. Decision Recording

- a. <u>DD Form 2233 and DD Form 2236</u> will <u>not</u> be used for budget estimates submissions. These forms are used to record *CY*, *BY1 and BY2 changes* documented by Program Budget Decisions (PBDs).
- b. <u>DD Form 2234 and DD Form 2236-1</u> are used for recording PBD decisions impacting the outyears as well as outyear budget estimates submission..

010506 Name Edit System (NES) Structure and Description

A. <u>Purpose</u> The NES File reflects the official Department of Defense budget account structure for submission of the budget estimates in machine-readable form (as described in Section 010505, paragraph B.2.). The structure is documented in the Budget Accounts Title File Listing, a sample of which is provided in Section 010506.

The complete Budget Accounts Title File Listing will be distributed by the Directorate for Program and Financial Control to the Services and Defense Agencies prior to the September budget submission.

- B. Organization of the NES File The NES File is structured to validate Budget Plan, Obligation Plan, Financing, Budget Authority, Expenditure Tail, and Object Classification input. Valid Budget Plan and Obligation plan entries are present for each appropriation account and are established at the budget activity level (in some cases, budget subactivity). These entries comprise the "Program by Activities" section for each account and must be identical to the entries shown in the hard copy Program and Financing Schedule submission. Financing, Budget Authority, Expenditure Tail, and Object Classification entries are valid for use in any applicable appropriation account. Where specific Financing, Budget Authority and Expenditure Tail entries are restricted for use, the appropriate accounts and/or fund types against which these entries may be used are identified in the "comments" section of the Budget Accounts Title File Listing.
- C. <u>Responsibility</u>. Responsibility for the accuracy of the NES File rests with the OUSD(C)(P/B). Components should notify the Directorate for Program and Financial Control, OUSD(C)(P/B), of any changes considered to be necessary to properly reflect budget estimates through budget subactivity level prior to transmission to OSD.

D. <u>Input Requirements</u>

- 1. Input coding for all budget estimates will be entered precisely as listed in the Budget Accounts Title File Listing. Features which should be considered in the preparation of data are:
- a. The presence of a "P" and/or a "\$" in the "PER/\$\$ Inputs" column indicates those budget activities/subactivities (program budget decision) against which resources (\$ or personnel data) may be entered. Requests to add a "P" or a "\$" to an existing line may be made to the Directorate for Program and Financial Control, OUSD(C)(P/B), through the respective Program/Budget Directorate responsible for that appropriation.

b. Military Personnel Accounts:

- (1) The Military Departments will prepare and submit the military personnel account data. <u>Machine-readable input for military personnel dollars should not</u> be submitted by Defense Agencies.
- (2) In addition, military personnel costs associated with intelligence programs will be entered under budget activity 20 (see Budget Accounts Title File Listing). An offsetting entry must be made against the "NFIP Offset" budget subactivity such that the sum of these intelligence program entries net to zero.
- (3) The Military Departments will prepare and submit end strength data on a Component basis; i.e., Army submits data on personnel assigned to Army as well as Army personnel assigned to each Defense Agency (see Budget Accounts Title File Listing). The Defense Agencies must coordinate their end strength requirements with the Military Departments prior to the Military Departments' data submissions.
- c. Input coding for the Defense Working Capital Fund must include the appropriate budget subactivity code assigned to each business area for operating and capital expenses, civilian full-time equivalents (FTEs), and military end strengths.
- d. Obligation Plan data will be coded with a "2" in column 1 for all accounts listed below and for any other "multiyear" account:

0107D Office of the Inspector General

0130D Defense Health Program

0132D Disaster Relief

0134D Former Soviet Union Threat Reduction

0819D Overseas Humanitarian, Disaster and Civic Aid

| 7020A | Family Housing, Construction, Army |
| 7030N | Family Housing, Construction, Navy |
| 7040F | Family Housing, Construction, Air Force |
| 7060D | Family Housing, Construction, Defense-Wide |

Budget activities/subactivities F11020, F14020, F17020, F21020, and F24020 may be used only in the obligation plan for these accounts. Conversely, F17010 and F21910 may be used only in the Budget Plan. Where budget activity Rxx, Reimbursable Program, applies to both Budget Plan and Obligation Plan, separate data entries must be coded with a "1" in column 1 for Budget Plan, and a "2" in column 1 for Obligation Plan. All other financing budget activities not listed above apply to both budget plan and obligation plan, and therefore will be coded only once.

5189D Lease of Real Property

e. Concept Obligations will be coded budget activity C1x for Direct, C2x for Reimbursable, or C3x for the Special Fund accounts as follows:

| D : 4 | D.A. Cit |

| 5441D | Burdebsharing and Other Cooperative Activities, Defense |
| 5492N | Rossmoor Liquidating Trust Settlement Account |

E. Object Classification Schedules

- 1. The traditional object classification numbers which are specified in OMB Circular A-11 and identify the specific object classes are augmented in the automated budget review record by a prefix code which identifies Direct Obligations (Prefix T1x), Reimbursable Obligations (Prefix T2x), Allocation Accounts (Prefix T3x), and Distribution by Component or Agency (Prefix T5x).
- 2. Object classification schedules with <u>Allocation Accounts</u> will be coded so that the sum of object classes T1xxxx, T2xxxx, and T3xxxx equals the sum of T5xxxx.
- 3. All <u>revolving and management accounts</u> will be coded in the reimbursable (Prefix T2xxxx) object class series followed by the appropriate object class number.
- 4. Object class data will be submitted for all accounts listed in the NES File which reflect obligations (including concept obligations) in the Program and Financing data in the PY, CY, BY1 or BY2.

F. Expenditure Tail.

- 1. The Expenditure Tail section of the Program and Financing Schedule (Exhibits PB-2 and 2a as shown in Section 010902) will be supported by automated records in the detail specified in Section 010506, paragraph H. The amount of this detail has been minimized to the extent possible by computer processing certain basic data. These basic data are identified as "DIRECT INPUT." All other entries are identified as "COMPUTER SUM ..." and need not be coded by submitting components.
 - 2. Care will be exercised in the handling and coding of arithmetic signs.
- 3. For revolving funds with TOA, payments in all years which are attributable to appropriations will be entered against the current year (F90110). With this exception, all remaining revolving and management fund data entries for both payments and collections will be made against the prior year and not the current year, and will be entered against F90111.
- 4. Components should not submit expenditure tail data for Defense (TI 97) accounts with a component code of D; this data will be prepared by the Directorate for Program and Financial Control, OUSD(C)(P/B).

^{*} DI means Direct Input; the number following is the required code in column 1 (1 is Budget Plan; 2 is Obligation Plan)

H. P&F Schedule Computational Checks Diagnostic Report Entries

- 1. Three BRS reports have been developed to provide diagnostic and balancing checks for appropriation accounts. A description of these checks and corresponding diagnostic messages follows for each report.
- 2. Report 22 performs a series of balancing checks between types/groups of data within an account and, in certain cases, within a Defense Agency. There are currently 20 checks:

Number

- 1. Budget plan budget authority vs. obligation plan budget authority.
- 2. Obligation plan budget authority vs. financing budget authority.
- 3. Budget plan budget authority vs. financing budget authority.
- 4. Total direct program vs. total direct object classification.
- 5. Total reimbursable program vs. total reimbursable object classification.
- 6. Line 10.00, total program vs. line 99, total object classification.
- 7. Line 10.00, total program plus total orders vs. obligations incurred, net.
- 8. Recovery of prior year obligations (-) vs. adjustments in unexpired accounts (-).
- 9. Current year budget authority vs. current year outlays.
- 10. Budget plan total reimbursable program vs. budget plan offsetting collections (orders(-))
- 11. Unobligated balance, end of year vs. unobligated balance, start of year one year forward.
- 12. Obligated balance, end of year vs. obligated balance, start of year one year forward.
- Contract authority obligated balance, end of year vs. contract authority obligated balance, start of year one year forward.
- 14. Contract authority obligated balance, end of year vs. contract authority obligated balance, start of year plus adjustments.
- 15. Obligated balances, end of year (net) vs. obligated balances, start of year (net) plus adjustments minus outlays.
- 16. Revolving fund TOA vs. financing budget authority, excluding contract authority and BA transfers.
- 17. Revolving fund TOA vs. TOA offset (R00).
- 18. Receipt budget authority vs. receipt current year outlays.
- 19. Deficiency balance, start of year vs. deficiency balance, end of year in the previous year.
- 20. Deficiency balance, end of year vs. deficiency balance, start of year plus adjustments.

3. The number of checks actually performed for an account will vary depending on the type of account:

Annual (single year)
Multi-year
Revolving fund with TOA
Other revolving & management fund
Trust fund
Civil trust fund
Trust revolving fund
Offsetting receipts, military
Offsetting receipts, civil

For example, diagnostic 6 compares Program & Financing line 10.00, total program to Object Classification line 99, total object classification. For an annual account, total program is the sum of budget plan direct (TOA) and reimbursable budget activities; for a multi-year account, the sum of obligation plan direct and reimbursable budget activities; and for a trust fund, the sum of budget plan concept obligations budget activities.

- 4. Each diagnostic will display at a minimum a message detailing the data used, the diagnostic error message, the amounts accumulated for the check and the difference(s) found.
- 5. The tables that follow list the diagnostics performed for each type of account. For each diagnostic, the data used and error message(s) are displayed. The data used will be specified as budget activity (BA) or budget activity/subactivity (BASA). Error messages will describe the data type/group being tested and the test condition that fails.

- I. Report 23 performs three basic types of obligation plan tests for multi-year accounts.
- 1. The first test checks the prior year (PY), current year (CY), and the two biennial year (BY1, BY2) columns for each obligation plan budget activity (BA) within an account, searching for negative amounts. If one or more negative amounts are found within a BA, a diagnostic message is generated. This test is performed at the agency level for Defense Agency accounts.
- 2. The second test checks the obligation rate for the PY, CY, BY1, and BY2 fiscal year programs (FYP) for each budget activity and in total. The formulas used for this test are as follows:

Two year accounts:

Budget Plan PY = Obligation Plan PY + CY CY = CY + BY1 BY1 = BY1 + BY2 BY2 \geq BY2

Three year accounts:

Budget Plan PY = Obligation Plan PY + CY + BY1 CY = CY + BY1 + BY2 BY1 \geq BY1 + BY2 BY2 \geq BY2

Five year accounts:

Budget Plan PY ≥ Obligation Plan

PY + CY + BY1 + BY2

 $CY \ge CY + BY1 + BY2$ $BY1 \ge BY1 + BY2$ $BY2 \ge BY2$

- 3. These checks are performed at the agency and account level for Defense Agency accounts.
- 4. A final check is made to ensure that an obligation plan exists when budget plan amounts are present in a multi-year account. For each fiscal year program from the prior year thru the second biennial year, if budget plan program is present (a non-zero amount), then obligation plan program must also be present. This check is made at the account total level.
 - J. Report 24 performs the following series of miscellaneous diagnostic tests:

Number

- 1. For most accounts, unobligated balance, end of year entries (F24xxx) must be positive. Entries for the exceptions must be negative.
- 2. For most accounts, unobligated balance, start of year entries (F21xxx) must be negative. Entries for the exceptions must be positive.
- 3. Undistributed object classification entries (T19201, T29201, T39201) must not be present.
- 4. For most accounts, object classification entries must not be negative. Entries for the exceptions must be negative.

- 5. For multi-year accounts, the F17020 entry (Recovery of prior year obligations) cannot have a Fiscal Year Program (FYP) value greater than that of the prior year FYP value.
- 6. The F32490 and F69150 entries in an account must be positive.
- 7. Appropriation rescission proposal, enacted rescission, and GRH reduction entries (currently F40350, F40355, F40360, F40365, F40800, and F40850) must be negative.
- 8. Except for revolving funds with TOA and Military Personnel NFIP and NFIP offset entries, undistributed budget activity (020) entries must not be present.
- 9. For most accounts, Direct Program (TOA), Reimbursable Program, and Concept Obligations must be positive at the budget activity level. In most cases the exceptions must be negative.
- 10. Except for revolving and management fund and trust revolving fund accounts, obligated balance, start of year (F72xxx) and obligated balance, end of year (F74xxx) entries must be positive.
- 11. The TOA offset entry (R00000) for revolving funds with TOA must be negative.
- 12. With certain exceptions, the Fiscal Year Program (FYP) value for current appropriation entries (F40xxx) in multi-year accounts cannot be less than that of the prior year FYP value.
- 13. In the obligation plan for multi-year accounts, an unobligated balance, end of year, should not be present in the last year of availability.

If one or more of the above tests fail for an account, an appropriate diagnostic message will be generated. Except for the obligated balance test (number 10), all tests are performed at the agency level for Defense Agency accounts.

- K. Financial Accounting Record Reconciliation to the President's Budget Submission Data
- 1. Primary checkpoints as defined in the following tables will be accomplished to insure internal consistency between the financial accounting position and the submission of Prior Year (PY) actuals that will be shown in the President's Budget submission.
- 2. Section 32.9 of OMB Circular A-11 requires actual data for past periods. A special update of the PY column, providing the PY actual values consistent with the official departmental accounting reports (SF133, DD Comp 1002, and DD Comp 725), will be made. The date of submission to OUSD(C) via machine-readable input of these changes will be determined and provided by OUSD(C). The data will be input to the OUSD(C) Budget Review System (BRS). Verification will be performed by OUSD(C)(P/B) using BRS and accounting reports. The impact of these prior year changes on the current and biennial year 1 and 2 columns shall relate to financing. Therefore, application to these columns will be limited to the financing section of the program and financing schedules containing the budget estimates. In the event that a change to any budget plan is indicated, it will be made by PBDs issued subsequent to this PY update.
- 3. The following table displays the relationship between the restructure Program and Financing (P&F) Schedule in OMB Circular No. A-11 dated June 1997 and DoD's Budget Review System database. The table also displays the source of the actual data reconciled with yearend DoD Budget Execution Reports (SF133 and DD1002/725 reports). The P&F Schedule for each DoD account is printed a nnually in the Appendix of the U.S. Government as part of the President's Budget.

Note: This table pertains to budgetary data which DoD must submit to OMB. Separate instructions are provided annually to the Services and Defense Agencies for updating prior year actuals in DoD's Budget Review System (BRS) database. Below footnotes pertain to FY 1998 actuals as of 30 Sep 98 in the FY 2000/2001 Budget.

Footnotes:

- *a Unexpired accounts
- *b Direct program obligations of unexpired accounts plus recoveries
- *c Equals F70000 (A-11 code 70.00), for computation see new budget authority (gross), detail
- *d Unobligated bal transfers from (-) or to (+) other accounts, use FY 1998 Transfer Status Report (FAD 743-98-1), see Budget Account Title (NES) listing for F22XXX codes for Unob bal transfers
- *e Refers to those accounts whose obligation life ends 30 Sep 98
- *f Based on G-R-H sequestration of unobligated balances

Footnotes (Continued)

- *g Sum of F17..., F21..., F22..., F23..., F25010, F31..., F32..., and F70000. (A-11 codes 21.99 to 23.85)
- *h Equals net of F23900 and F23950 (A-11 codes 23.90 and 23.95), must equal Lines 9 & 10 of accounts not expiring on 30 Sep 98
- *i Enter the amount of appropriations, as specified in an appropriation act(s), becoming available on October 1 of the fiscal year; include rescissions of current year amounts. For special/trust fund indefinite appropriations, enter the amount of the receipts credited to the fund. The appropriated amount in PY should be adjusted by undistributed reductions on SF133, Line 6E
- *j Transfers F41000 & F42000 (A-11 codes 41.00 & 42.00) use FY 1998 Transfer Status Report (FAD 743-98-1)
- *k Equals sum of F40000 to F42000 (A-11 codes 40.00 to 42.00)
- *1 Applies to all years as shown on Line 15B, Total Column, SF133
- *m Change in orders from start of year to end of year, equals SF133, Lines 3A2+3B2, Total Column
- *n Equals minus (Line 3 for expired accounts and canceled account amount(s) on Line 14A and 14B1, SF133)
- *o Must equal Line 3, SF133, unexpired accounts
- *p Obligated balance (net), start of year, equals Line 12 all years. Use SF 133, 30 Seo 97, Lines 14A + 14B1, to compute orders on hand which carryover to start of next fiscal year. Orders are negative(-) in BRS.
- *q Total gross outlays equal Line 15A, Total Column, SF133
- *r Equals Line 8 less Line 4A, SF133, of expired accounts
- *s Minus (Line 4A, SF133, unexpired accounts) (equals recoveries for multi-year, no-year, and revolving fund accts)
- *t Obligated balance (net), end of year, equals Line 14 all years. Unpaid obligations, F74110, and orders on hand, F74105, Equal Lines (14C + 14D) and Lines (14A + 14B1), respectively. Orders are negative (-) in BRS.
- *u Net outlays equal Line 15, SF133, Total Column and must agree with Treasury's Annual Report
- Fy Gross budget authority equals sum of A-11 codes 43.00 for general fund access (63.00 for trust and special fund accounts) plus A-11 code 68.90
- *w Net budget authority equals A-11 codes 70.00 minus amounts for codes (88.90 to 88.96)
- *x Non-Federal collections result from orders received from outside the Government that are accompanied by cash advances and are included as part of Line 1, Column H, DD 725, all years; Federal collections equal total of Column H for all years less non-Federal amounts
- *y BRS codes used above are not all inclusive. See Budget Account Title Listing (NES File) for latest codes

N. <u>Object Classification Balancing.</u> The Budget Review System (BRS) balances direct obligations (prefix "T1"), reimbursable obligations (prefix "T2"), and, in special cases, prefix "T3" and prefix "T4" in the Object Classification schedule to direct program and reimbursable program, respectively, in the budget plan for single year accounts, and in the obligation plan for multi-year accounts. Differences between "plan" and object classification direct program and reimbursable program are added to/subtracted from default direct obligation and reimbursable obligation object classification lines, respectively. The following table lists these default lines for each account.

Object Classification Default Lines Table

| | T | | BR | S Accoun | t by Com | onent | | |

Notes:

- (1) 'x' value of 1 = Direct obligations, 2 = Reimbursable obligations, 3 = Allocation obligations, 4 = Offsetting receipts, and 5 = Distributed obligations
- (2) Exceptions to above table for reimbursable default object class codes: (a) for accounts 2065a and 2080a the reimbursable default code is T22601, and (b) for accounts 1806n and 3840f the reimbursable default code is T22321

O. <u>Budget Accounts Title File Listing</u> The "Budget Accounts Title File Listing" documents the official Defense budget account structure for submission of budget estimates in machine-readable form. An extract of this listing is included on the following pages. The extract contains the following listings: (1) appropriation accounts, (2) a sampling of Budget Plan and Obligation Plan Name Codes, (3) listing of valid Financing, Budget Authority, Expenditure Tail codes, and (4) Object Classification entries. The complete "Budget Accounts Title File Listing" will be distributed separately to the Military Departments and Defense Agencies prior to the September budget submission by OUSD(C) (P/B) Program and Financial Control Directorate.

0106 UNIFORM BUDGET AND FISCAL ACCOUNTING CLASSIFICATIONS

010601 General

- A. This Section establishes the functional title classifications and subdivisions thereof by which appropriation and fund accounts of the Department of Defense are required to be arranged, grouped, or classified in budgetary and fiscal presentations. These classifications are designed to permit consolidation of budget and fiscal data for the several components of the Department of Defense into over-all Departmental summaries. This Section also delineates the Defense-Wide/Defense Agencies related account structures.
- B. These instructions cover all appropriation and fund accounts for military functions of the Department of Defense.

010602 Functional Titles and Subdivisions

The following functional titles and subdivisions thereof are prescribed for use in appropriate budgetary and fiscal presentations:

Military Personnel

- Active Forces
- Reserve Forces

Operation and Maintenance

- Operating Forces
- Mobilization
- Training and Recruiting
- Administration and Service-Wide Activities

Procurement

- Aircraft
- Missiles
- Weapons and Tracked Combat Vehicles
- Procurement of Ammunition
- Other Procurement
- Chemical Agents Munitions Destruction
- Weapons
- Shipbuilding & Conversion
- Procurement, Marine Corps
- Procurement, Defense-Wide
- National Guard & Reserve Equipment

Research, Development, Test, and Evaluation

- Basic Research
- Applied Research
- Advanced Technology Development
- Demonstration/Validation
- Engineering and Manufacturing Development
- RDT&E Management Support
- Operational System Development

Military Construction

Family Housing

Revolving and Management Funds

Defense-Wide Contingencies

Offsetting Receipts

Trust and Trust Revolving Funds

Interfund Transactions

010603 Definitions of Functional Titles and Subdivisions

This Section provides definitions of functional titles and subdivisions thereof by enumerating the appropriations, budget activities, programs and projects which are classified thereunder. These definitions are provided on the following pages.

FUNCTIONAL TITLE AND SUBDIVISION DEFINITIONS

FUNCTIONAL TITLE - MILITARY PERSONNEL

1. The functional title "Military Personnel" for military functions is defined as comprising the appropriations listed below. Since each appropriation, in its entirety, is classified within a single first level subdivision of the functional title, the appropriations are grouped by the subdivisions.

Active Forces

| 21 | 2010 | Military Personnel, Army | |
|-----|--------|-------------------------------|--|
| ~ . | 231111 | IVIIIIAI V FEISUIIIEI. AITIIV | |

17_1453 Military Personnel, Navy

17_1105 Military Personnel, Marine Corps

57_3500 Military Personnel, Air Force

Reserve Forces

| 21 20 |)70 | Reserve | Personnel. | Army |
|-------|-----|---------|------------|------|
|-------|-----|---------|------------|------|

17_1405 Reserve Personnel, Navy

17_1108 Reserve Personnel, Marine Corps

57_3700 Reserve Personnel, Air Force

21_2060 National Guard Personnel, Army

57_3850 National Guard Personnel, Air Force

2. Lower level subdivisions susceptible to consolidation are available under the uniform budget and accounting structure prescribed for these appropriations in Chapter 2.

FUNCTIONAL TITLE - OPERATION AND MAINTENANCE

1. The functional title "Operation and Maintenance" for military functions is defined as comprising the appropriations listed below:

| 21_2020 | Operation and Maintenance, Army |
|---------|---|
| 17_1804 | Operation and Maintenance, Navy |
| 17_1106 | Operation and Maintenance, Marine Corps |
| 57 3400 | Operation and Maintenance, Air Force |

FUNCTIONAL TITLE - MILITARY CONSTRUCTION

1. The functional title "Military Construction" for military functions is defined as comprising the appropriations listed below. Since each appropriation, in its entirety, is classified within a single first level subdivision of the functional title, the appropriations are grouped by the subdivisions.

Active Forces

| 21_/_2050 | Military Construction, Army |
|----------------|--|
| 17_/_1205 | Military Construction, Navy |
| 57_/_3300 | Military Construction, Air Force |
| 97_/_0500 | Military Construction, Defense-Wide |

| 97X0510 | Base Realignment and Closure Account, Defense |
| 97X0803 | Foreign Currency Fluctuations, Construction, Defense |
| 97X0804 | North Atlantic Treaty Organization Security Investment Program |
| | |

Reserve Forces

| 21_/_2085 | Military Construction, Army National Guard |
|-----------|--|
| 57_/_3830 | Military Construction, Air National Guard |
| 21_/_2086 | Military Construction, Army Reserve |
| 17_/_1235 | Military Construction, Naval Reserve |
| 57_/_3730 | Military Construction, Air Force Reserve |

2. Lower level subdivisions susceptible to consolidation are available under the uniform accounting classifications prescribed for these appropriations in Chapter 6, Section 0602, and Chapter 7, Section 0702.

FUNCTIONAL TITLE - FAMILY HOUSING

The functional title "Family Housing" for military functions is defined as comprising the appropriations listed below:

| 97X0834 | DoD Family Housing Improvement Fund |
|----------------|---|
| <i>97X0836</i> | DoD Unaccompanied Housing Improvement Fund |
| 21_/_7020 | Family Housing, Construction, Army |
| 21_7025 | Family Housing, Operations and Debt, Army |
| 17_/_7030 | Family Housing, Construction, Navy |

| 57_7045 | Family Housing, Operations and Debt, Air Force |
| 97_/_7060 | Family Housing, Construction, Defense-Wide |
| 97_7065 | Family Housing, Operations and Debt, Defense-Wide |
| 97X4090 | Homeowners' Assistance Fund, Defense |
| 97X4166 | DoD Family Housing Improvement Fund, Direct oan Financing Account |
| 97X4167 | DoD Family Housing Improvement Fund, |
| | Guaranteed Loan Financing Account |
| <i>97X4196</i> | Unaccompanied Housing Direct Loan Financing Account |
| <i>97X4197</i> | Unaccompanied Housing Guaranteed Loan Financing Account |
| 17X5429 | Rossmoor Liquidating Trust Settlement Account |

FUNCTIONAL TITLE - REVOLVING AND MANAGEMENT FUNDS

The functional title "Revolving and Management Funds" for military functions is defined as comprising the accounts listed below. Since each account, in its entirety, is classified within a single first level subdivision of the functional title, the accounts are grouped by the subdivisions.

Public Enterprise Funds

| 97X4555 | National Defense Stockpile Transaction Fund |
|---------|---|
| 97X4093 | William Langer Jewel Bearing Plant Fund |
| 97X4950 | Pentagon Reservation Maintenance Fund |
| 17X4557 | National Defense Sealift Fund |

Intragovernmental Funds

| 17X4930 | Defense Working Capital Funds, Navy |
|-----------------|--|
| 21X4930 | Defense Working Capital Funds, Army |
| <i>57X4930</i> | Defense Working Capital Funds, Air Force |
| 97X4930 | Defense Working Capital Funds, Defense |
| 97_3910 | ADP Equipment Management Fund |
| 17X3980 | Navy Management Fund |
| <i>97X417</i> 9 | Reserve Mobilization Income Insurance Fund |
| 21X4528 | Army Conventional Ammunition Working Capital Fund* |
| 97X4931 | Buildings Maintenance Fund |

Not a revolving fund after FY 1998. Closing after existing orders are completed

FUNCTIONAL TITLE - DEFENSE-WIDE CONTINGENCIES

The functional title "Defense-Wide Contingencies" for military functions is defined as comprising the accounts listed below:

| 97 9912 | Other Legislation (including Management Improvements) |
|---------|---|
| 97 9918 | General Transfer Authority Outlay Allowance |

FUNCTIONAL TITLE - OFFSETTING RECEIPTS

The functional title "Offsetting Receipts" for military functions is defined as comprising the accounts listed below:

| 21 0001 | Offsetting Receipts, Army |
|---------|---|
| 17 0002 | Offsetting Receipts, Navy |
| 57 0003 | Offsetting Receipts, Air Force |
| 97 0004 | Offsetting Receipts, Defense Agencies |
| 21 0021 | Rocky Mountain Arsenal Offsetting Receipts |
| 97 0024 | Defense Cooperation Receipts |
| 97 0025 | Interest on Defense Cooperation Receipts |
| 17 0029 | Offsetting Receipts, Rossmoor Liquidating Trust Settlement |
| 97 0036 | Sales of Certain Materials in National Defense Stocpile |
| 97 0041 | Contributions for Burdensharing and Other Cooperative Activities, Defense |
| 17 0085 | Offsetting Receipts, Kaho' Olawe Island Fund |
| 21 0086 | National Science Center Receipts, Army |
| 97 0088 | Offsetting Receipts, Disposal of DoD Real Property |
| 97 0089 | Offsetting Receipts, Lease of DoD Real Property |
| 97 0093 | Offsetting Receipts, DoD Overseas Military Facility Investment Recovery |
| | |

FUNCTIONAL TITLE - OFFSETTING RECEIPTS (CONTINUED)

97 0095 Proceeds from Transfer/Disposal Commissary Facilities
 97 5336 Offsetting Receipts, Defense Export Loan Guarantees, Negative Subsidies

NOTE: Offsetting receipt accounts 002_, 004_, 008_ and 009_ listed above are for Special Fund accounts. The account numbering for receipt accounts are bogus (except for 97 5336) and are unique to the Budget Review System because the database will not accept a Treasury code with a decimal suffix.

FUNCTIONAL TITLE - TRUST AND TRUST REVOLVING FUNDS

The functional title "Trust Funds" for military functions is defined as comprising the accounts listed below:

| 21X8063 | Ainsworth Library (Trust) |
|----------------|--|
| 97X8335 | Voluntary Separation Incentive Fund |
| 21X8927 | Army General Gift Fund |
| 17X8733 | USN Academy General Gift Fund |
| 17X8730 | USN Academy Museum Fund |
| 17X8716 | Navy General Gift Fund |
| 17X8723 | Ships Stores Profit, Navy |
| 17X8008 | Naval Historical Center Fund |
| 57X8928 | Air Force General Gift Fund |
| 17X8423 | Midshipmen's Store, USN Academy (Trust Revolving) |
| 57X8418 | Air Force Cadet Fund (Trust Revolving) |
| 97X8164 | Surcharge Collections, Sales of Commissary Stores, Defense (Trust Revolving) |
| 97X8165 | Foreign National Employees Separation Pay, Defense |
| 97X8168 | National Security Education Trust Fund, Defense |
| 21X8064 | Fisher House Trust Fund, Army |
| 17X8169 | Fisher House Trust Fund, Navy |
| <i>57X8170</i> | Fisher House Trust Fund, Air Force |
| 21X8174 | National Science Center Gift Fund, Army |
| 97X8337 | Host Nation Support for U.S. Relocation Activities, Defense |

FUNCTIONAL TITLE - INTERFUND TRANSACTIONS

The functional title "Interfund Transactions" for military functions is defined as comprising the accounts listed below:

| 17 9082 | Interfund Transactions, Navy |
|---------|--|
| 97 9086 | Interfund Transactions, Defense |
| 97 9088 | Interfund Transactions, Foreign National Employee Separation Pay |
| 97 9089 | Interfund Transactions, Voluntary Separation Incentive |

NOTE: Interfund Tanaction receipt accounts listed above are for Trust Fund accounts. The account numbering for these Interfund Transactions are bogus and are unique to the Budget Review System because the database will not accept a Treasury code with a decimal suffix.

0107 AUTOMATED FUTURE YEARS DEFENSE PROGRAM (FYDP) DATABASES

010701 FYDP Update System (FUSE)

A. Purpose and Objectives

This Section provides for the maintenance of the FYDP. The FYDP is a database with associated reports that records and displays resource decisions made during the biennial Planning, Programming, and Budgeting (PPB) cycle. The FYDP contains defense resources—people, forces (equipment and organizations), and dollars—categorized by programs and related to the budget's appropriation structure. The FYDP provides a record of past decisions that assists senior leaders in deciding on future issues such as operations tempo, force structure size and composition, and investment strategies.

Data are entered into the FYDP through the FUSE system. FUSE allows all DoD organizations to submit FYDP data electronically, receiving real-time feedback on their inputs. FUSE is a web-based application hosted on the Secret Internet Protocol Router Network (SIPRNet). It allows users to update, correct, and view their organization's portion of the FYDP.

B. Applicability and Scope

The provisions of this Section apply to the Office of the Secretary of Defense (OSD), the Military Departments, and the Defense Agencies (hereafter referred to as "DoD Components") that contribute data to the FYDP. Updating and general management of the FYDP is administered by the OUSD(Comptroller), Office of the Director (Program Analysis and Evaluation) (hereafter referred to as "OD(PA&E)"). Access to FUSE, for the purpose of providing data, is controlled by OD(PA&E).

C. Reporting Requirements

Updates to the FYDP are required coincident with submission of the (1) Program Objective Memoranda (POM), (2) Budget Estimate Submission (BES), and (3) President's Budget (PB), and (4) for major restructures of the FYDP itself when directed by the OD(PA&E). Specific guidance relative to approved changes, due dates, and special requirements is provided in a memorandum from the OUSD(Comptroller) announcing each update. In the POM and BES FYDP submissions, acceptable update years are limited to the budget years and programming years (generally six years for TOA and manpower, and nine years for forces). In the PB FYDP submission, acceptable update years include the most recent prior year of the budget cycle to the end of the programming cycle (generally eight years for TOA and manpower, and 11 years for forces). Since some appropriations—procurement, RDT&E, and military construction—are authorized for obligation over multiple years, it is periodically necessary to update historical years (the years prior to the first year of a PB FYDP update). Historical changes will be accepted once during the PPB cycle—usually during the President's Budget FYDP update. These updates enable the FYDP to reflect transfers, rescissions, supplemental appropriations, reappropriations, and other authorized adjustments to total obligational authority, which might occur in multiyear appropriations, as well as to reflect actual accounting obligations. Particular instructions for conducting historical-year updates will be issued by OUSD(Comptroller) as required.

D. Publication of FYDP Related-Information

Section 221 of Title 10 of the United States Code (USC) requires that:

"The Secretary of Defense shall submit to Congress each year, at or about the time that the President's budget is submitted to Congress that year under section 1105(a) of title 31, a future-years defense program (including associated annexes [now called "programs"]) reflecting the estimated expenditures and proposed appropriations included in that budget."

In accordance with the USC, OD(PA&E) will prepare the President's Budget FYDP Summary and Program Element Detail for transmission to the Congress. In addition, OD(PA&E) will provide FYDP-related information at all other updates for within DoD. Historical updates, if collected at the time of the President's Budget FYDP update, will be issued with the subsequent PPB cycle.

E. Other Databases Related to the FYDP

Consistent with the FYDP are separate but related databases and documents constituting the Procurement Program and RDT&E Program. These databases produce the Procurement Programs Report (P-1) and the RDT&E Programs Report (R-1). Detailed information regarding these databases is provided in section 0105. The FYDP Structure Management (FSM) database maintains information about the program elements and other related attributes critical to the production of the FYDP. Detailed information regarding this database is provided in Section 010702.

F. Instructions for Updating the FYDP on FUSE

1. General

a. FYDP data shall be submitted by DoD Components to the Programming and Fiscal Economics Division, OD(PA&E), over the SIPRNet, as directed.

All data will be input directly into the FUSE system on the SIPRNet.

- Standard ASCII text, flat file.
- Character fixed record length (length of record: 28 characters for the FYDP data transactions). See setion 0109.
- b. All resource changes to the data file shall be on a net change basis; that is, data currently in the file shall be revised (plus or minus) by an incremental amount to reflect the new approved position.
- c. Program element codes and titles, resource identification codes, and DoD Component identifier codes are as prescribed by DoD 7045.7-H (FYDP Program Structure Handbook dated March 1998 and available on DefenseLINK at http://web7.whs.osd.mil/corres.htm, under "Publications" or http://web7.whs.osd.mil/pdf/dod7045.pdf) and in approved decision documents posted to the FYDP Structure Management (FSM) web site (see Section 010702) but not yet reflected in DoD 7045.7-H.

2. Submission of Changes

Changes submitted for net change/add record resource data (FYDP Data Format as prescribed in Section 010701F1) must provide specific identification of quantitative resource information by program element, resource identification code, and fiscal year.

3. Military Pay Rates

Submission of each FYDP update should include average annual military pay rates and permanent change of station (PCS) data, rounded to the nearest dollar for each fiscal year for each military personal end-strength category identified in the FYDP. Pay rates are used in updating the FYDP, and are also a FYDP data end-product in their own right. It is the intent of OD(PA&E) to reflect the most accurate pay rates available in each update to the FYDP.

010702 FYDP Structure Management (FSM) System

Purpose and Objectives

This section provides for the maintenance of the automated database of the FYDP's structure, and describes the procedures used for requesting changes to the FYDP's structure, such as establishing new program element codes and definitions or changing program element titles and definitions. The primary information resource in the DoD for FYDP structure is the FYDP Structure Management (FSM) web site http://www.ra.pae.osd.mil/fsm.

B. Applicability and Scope

The provisions of this section apply to the Office of the Secretary of Defense (OSD), the Military Departments and the Defense Agencies (hereafter referred to as "DoD Components") that contribute data to the FYDP. Updating and general management of the FYDP structure is administered by OD(PA&E).

C. Reporting Requirements

New program elements must be created when PPB decisions shift resources among DoD Components or fund new programs. It is the responsibility of the DoD Components and the OUSD(Comptroller), Program/Budget to recommend changes to the FYDP structure via the FSM web site as the need arises. In addition, OUSD(Comptroller), Program/Budget will work with OD(PA&E) in the establishment of new TOA Resource Identification Codes (RICs) to coincide with new Treasury Codes created by the Office of Management and Budget, or as otherwise required by PPB decisions.

D. Update and Publication of FYDP Structure Management Handbook, DoD 7045.7-H

DoD 7045.7-H will be revised periodically (typically three times per year or with each update to the FYDP), as specified in DoDI 7045.7, Implementation of the Planning, Programming, and Budgeting System (PPBS), May 23, 1984. The FSM web site will contain the most recent revision to DoD 7045.7-H, updated to reflect the POM, BES, and President's Budget phases of the PPBS cycle. FYDP Structure Coordination Documents (which are approved and circulated periodically, and placed on the FSM web site) should be used to supplement the most recent version of DoD 7045.7-H; they should reflect the latest approved changes to the FYDP's structure. Each year, the revision of DoD 7045.7-H for the new President's Budget FYDP will be released to the public via DefenseLink.

Other Databases Related to FSM Ε.

The FYDP database, which is administered by OD(PA&E) and updated by the components via the FUSE system, is referenced in Section 010701. The RDT&E Program is referenced in Section 0105.

F. Instructions for Making Changes to the FYDP Structure on FSM

Requests for changes to the FYDP's program structure, such as establishing new program element codes and definitions or changing program element titles and definitions, shall be submitted to OD(PA&E) for coordination with the DoD Components. The primary instrument for submitting change requests is the FSM web site. The FSM web site provides instructions for formatting and submitting change requests. Each DoD Component has a designated representative authorized to submit change requests. Coordination cycles run continually throughout the year. Approved changes are reported periodically in the FYDP Structure Coordination Documents. These documents are posted on the FSM web site, and the approved structure changes are incorporated in the FSM database.

0108 AUTOMATED COMMUNICATIONS, COMMAND AND CONTROL, INTELLIGENCE, SURVEILLANCE AND RECONNAISSANCE (C ³ISR) DATABASE

The C3ISR database maintained by OASD (C^3I) is the only complete, automated source of resource data for C^3I related activities for use by the Office of the Secretary of defense and the Joint Staff. The C^3I SR database is essential to the preparation of the Intelligence and C^3 justification books. It facilitaes functional analyses for OSD and the Joint Staff, and is fully compatible with the NFIP resources database used by the Director of Central Intelligence. It is also fully consistent with data contained in the FYDP, R&D and Procurement Programs, and budget databases. The C^3ISR database is electronically matched to relevant data in these databases prior to use. Specific instructions for the update of the C^3ISR database is contained in Chapters 16 and 17 of this volume.

0109 GENERAL GUIDANCE SUBMISSION FORMATS

010901 Purpose

The formats provided on the following pages reflect guidance presented in previous sections of this chapter. Unless modified in a submission budget call, these formats should be adhered to.

INSTRUCTIONS FOR PREPARATION OF EXHIBIT PB-10

The following instructions apply to all appropriations and funds:

Indicate in the heading the name of the submitting component, subject, date, and component submission control number. Leave "USD (Comptroller) Serial No." blank.

Column (1): List the appropriation or fund and the Budget Subactivity Number. For the procurement appropriations, P-1 line items will be shown. For the RDT&E appropriations, program elements will be shown.

Columns (2), (3) and (4): List the TOA changes. If there are also changes in financing adjustments, show these separately and then show the change in budget authority. The military personnel amount to be used here will be the sum of the products of the workyears/\$ rates shown to the right, using the standard rate.

Column (5): List the military or civilian personnel categories affected by the change. Military personnel change will be in end-strength (E/S) and civilian personnel change in full time equivalent (FTE). Use the categories illustrated in Exhibit PB-4.

Columns (6), (7), (9), (10), (12) and (13): List the military end strength and workyear changes, by activity. Likewise, list civilian FTE changes by activity.

Columns (8), (11) and (14): Show the average salary at which these changes were priced.

If there are no personnel changes, Columns (5) through (14) will be left blank.

Show a total for increases and decreases.

The outyear impact of the additional budget submission will be included at the end of Exhibit PB-10. This will show the net change by appropriation budget subactivity number for each of the applicable outyears.

Narrative justification must also accompany Exhibit PB-10.

Justification of proposed amendment.

the B-52 bomber well into the 1980's, the President directed the B-1 production be halted. With the decision to not deploy the B-1, the Air Force requirement for the SRAM-B which was to be used on AGM-69B SRAM. Deletes the \$xx,xxx,xxx FY 19XX requirement. Due to the recent evolution of the Air Launch Cruise Missile (ALCM) as an effect weapon system and the continued ability to use the B-1 is no longer valid. Air Launched Cruise Missile. The Air Launched Cruise Missile (ALCM) is an aerodynamic air-to-ground strategic missile propelled by a turbo-fan engine. It has a high degree of accuracy through the against a wide variety of pre-selected lightly or undefended ground hard targets. This budget amendment requests an additional \$xx,xxx,xxx to accelerate the ALCM Initial Operating Capability (IOC). combination of inertial guidance and terrain correlation update. The missile is designed to be carried internally and/or externally on the B-52. The ALCM is to be employed from a stand-off position

Columns 6 thru 8 will be the DoD Component/Suffix Codes (Section 010506 of the DoD Financial

Management Regulation, DoD 7000.14-R). Values will be entered left justified.

Column 9 will be blank.

Columns 10 and 11 will be "20".

Columns 12 thru 14 will be the Budget Subactivity Code.

2. Columns 17 thru 22 (OSD Use): Decision Number is the number identifying Secretarial decisions.

| DCN No. Illust. | <u>17</u> | <u>18</u> | <u>19</u> | <u>20</u> | <u>21</u> | <u>22</u> |
|--------------------------------|-----------|-----------|-----------|-----------|-----------|-----------|
| DCN | 0 | 0 | 1 | | | |
| DCN, Change (1 st) | 0 | 0 | 1 | C | | |
| DCN, Change (2 nd) | 0 | 0 | 1 | C | 2 | |
| Other Sec Def Decision | P | 0 | 1 | | | |

- 3. <u>Column 23, Alternative Number (OSD Use):</u> When preparing data for the numbered alternatives in a decision, use this field to identify the specific alternative. When the alternative is the service estimate, use the code "S"; otherwise use the alternative number referred to in the decision document.
- 4. Columns 32 thru 70: Are used for recording dollar amounts for BY+1, BY+2, BY+3, and BY+4. Entries will be coded right justified with leading spaces in these columns, for each amount. Minus signs: When appropriate, will be coded to the left of the most significant digit.

Exhibit DD 2235 Personnel BudgetSubmission Recording

DD Form 2235 Personnel Budget Submission Recording/Coding Instructions

1. <u>Columns 2 thru 14, Budget Name/Code File</u>: Enter the code exactly as it appears in the "Budget Account Title File Listing."

Columns 2 thru 5 will be the Appropriation (Treasury Code).

Columns 6 thru 8 will be the DoD Component/Suffix Codes (Section 010506 of the DoD Financial Management Regulation, DoD 7000.14-R) for civilian full-time equivalents (FTEs). For military end strengths code the military component value in combination with the valid defense agency Suffix Code. Values will be entered left justified.

Column 9 will be blank.

Columns 10 and 11 will be "20".

Columns 12 thru 14 will be the Budget Subactivity Code.

2. Columns 15 and 16, Civilian FTE Personnel Category Codes are as follows:

01 Civ, US DH

03 Civ, Fgn DH

05 Civ, Fgn Ind

3. Columns 15 and 16, Military End Strength Personnel Category Codes are as follows:

21 Off, A 31 Off, N

51

23 Enl, A 33 Enl, N 25 Cadets, A

41 Off, MC

Off, AF

43 Enl, MC 53 Enl, AF 35 Cadets, N55 Cadets, AF

4. <u>Columns 15 and 16, Selected Reserve Personnel Category Codes</u> are as follows:

61 Off, Trained in Units

71 Off, Training Pipeline

62 Enl, Trained in Units

72 Enl, Training Pipeline

63 Off, IMAs 64 Enl, IMAs 81 Off, Full-time Active Duty82 Enl, Full-time Active Duty

These codes are valid for all Reserve appropriation accounts, and with the exception of 63 and 64, are also valid for all National Guard appropriation accounts.

5. <u>Columns 32 thru 70</u>: Are used for recording initial FTE estimates for Civilian Personnel and initial end strength estimates Military and Selected Reserve Personnel for PY, CY, BY1, and BY2. Entries will be coded right justified with leading spaces in these columns, for each amount.

Minus signs: When appropriate, will be coded to the left of the most significant digit.

Exhibit DD 2236 Personnel Decision Recording Form

DD Form 2236 Personnel Decision Recording/Coding Instructions

1. <u>Columns 2 thru 14, Budget Name/Code File</u>: Enter the code exactly as it appears in the "Budget Account Title File Listing".

Columns 2 thru 5 will be the Appropriation (Treasury) Code.

Columns 6 thru 8 will be the DoD Component/Suffix Codes (Section 010506 of the DoD Financial Management Regulation, DoD 7000.14-R) for civilian full-time equivalent (FTE) personnel data. For military end strengths, code the military component value in combination with the valid defense agency Suffix Code. Values will be entered left justified.

Column 9 will be blank.

Columns 10 and 11 will be "20".

Columns 12 thru 14 will be the Budget Subactivity Code.

2. Columns 15 and 16, Civilian FTE Personnel Category Codes are as follows:

01 Civ, US DH

03 Civ, Fgn DH

05 Civ, Fgn Ind

3. Columns 15 and 16, Military End Strength Personnel Category Codes are as follows:

| 21 | Off, A | 23 | Enl, A | 25 | Cadets, A |
|----|---------|----|---------|----|------------|
| 31 | Off, N | 33 | Enl, N | 35 | Cadets, N |
| 41 | Off, MC | 43 | Enl, MC | 55 | Cadets, AF |
| 51 | Off AF | 53 | Fnl AF | | |

4. Columns 15 and 16, Selected Reserve Personnel Category Codes are as follows:

| 61 | Off, Trained in Units | <i>7</i> 1 | Off, Training Pipeline |
|----|-----------------------|------------|----------------------------|
| 62 | Enl, Trained in Units | 72 | Enl, Training Pipeline |
| 63 | Off, IMAs | 81 | Off, Full-time Active Duty |
| 64 | Enl, IMAs | 82 | Enl, Full-time Active Duty |

These codes are valid for all Reserve appropriation accounts, and with the exception of 63 and 64, are also valid for all National Guard appropriation accounts.

5. Columns 17 thru 22 (OSD Use): Decision Number is the number identifying Secretarial decisions.

| DCN No. Illust. | <u>17</u> | <u>18</u> | <u> 19</u> | <u>20</u> | <u>21</u> | <u>22</u> |

| DCN, Change (2 nd) | 0 | 0 | 1 | C | 2 | |
| Other Sec Def Decision | P | 0 | 1 | | | |

- 6. <u>Column 23, Alternative Number (OSD Use)</u>: When preparing data for the numbered alternatives in a decision, use this field to identify the specific alternative. When the alternative is the service estimate, use the code "S"; otherwise use the alternative number referred to in the decision document.
- Columns 42 thru 70: Are used for recording FTE estimates for Civilian Personnel and end strength estimates for Military and Selected Reserve Personnel for CY, BY1, and BY2.
 Minus signs: When appropriate, will be coded to the left of the most significant digit.

DD Form 2236-1 Personnel Outyear Recording Form

DD Form 2236-1 Personnel Outyear Recording/Coding Instructions

1. <u>Columns 2 thru 14, Budget Name/Code File</u>: Enter the code exactly as it appears in the "Budget Account Title File Listing."

Columns 6 thru 8 will be the DoD Component/Suffix Codes (Section 010506 of the DoD Financial Management Regulation, DoD 7000.14-R) for *civilian* full-time equivalent (FTE) personnel data. For military end strengths code the military component value in combination with the valid defense agency Suffix Code. Values will be entered left justified.

Column 9 will be blank.

Columns 10 and 11 will be "20".

Columns 12 thru 14 will be the Budget Subactivity Code.

2. <u>Columns 15 and 16, Civilian FTE Personnel Category Codes</u> are as follows:

01 Civ, US DH

03 Civ, Fgn DH

05 Civ, Fgn Ind

3. Columns 15 and 16, Military End Strength Personnel Category Codes are as follows:

21 Off, A Enl, A 25 Cadets, A Off, N Enl, N 35 31 33 Cadets, N 41 Off, MC 43 Enl, MC 55 Cadets, AF 51 Off, AF Enl, AF

4. Columns 15 and 16, Selected Reserve Personnel Category Codes are as follows:

61 Off, Trained in Units 71 Off, Training Pipeline 62 Enl, Trained in Units 72 Enl, Training Pipeline Off, Full-time Active Duty 63 Off, IMAs 81 Enl, IMAs 82 Enl, Full-time Active Duty 64

These codes are valid for all Reserve appropriation accounts, and with the exception of 63 and 64, are also valid for all National Guard appropriation accounts.

5. <u>Columns 17 thru 22 (OSD Use)</u>: Decision Number is the number identifying Secretarial decisions.

| DCN No. Illust. | <u>17</u> | <u>18</u> | <u> 19</u> | <u>20</u> | <u>21</u> | <u>22</u> |

SD FORM 463 MAY 96

Use leading minus (-) sign for negative values.

Page 1 of 2 Exhibit SD 463 Procurement Data Format

SD 463 Procurement Data Format Instructions

1. Columns 1 thru 20: - Code exactly as appears in the FYDP Procurement Programs Nomenclature List.

Column 21:- A = Weapon System Cost (Gross) B = Advance Procurement (PY) C = Advance Procurement (CY)

D = Contract Design(Historical SCN only) E = Contract Cancellation (SCN only)

F = PY Unfunded Deficiencies

G = Over Target

I = Future Cost/Growth Escalation (SCN only)

J = Initial Spares (Outfitting for SCN) (Memo non-add)

K = Post Delivery(SCN only)

L = Cost Growth(SCN only)

M = Shipbuilding Escalation (SCN only)

N = Completion of PY Programs

P = Unfunded NSSN (Memo)

R = Reserve Equipment (Memo Non-Add)

S = Anticipated Escalation (Memo for historical updates)

T = National Guard Equipment (Memo Non-Add)

- 3. Column 22 thru 25: Enter the four digits of the applicable fiscal year.
- 4. Column 26 thru 29: Enter the fiscal year program against which the advance applies.
- 5. Column 30: Enter "9" for all data changes.
- 6. Column 31 thru 36:- Enter the Program Budget Decision (PBD) Number as follows. NOTE: This only applies for the Presidential Budget Cycle.

| EXAMPLE: | | | | | | |
|------------------------|-----------|-----------|-----------|-----------|-----------|-----------|
| DCN No. Illust. | | DECIS | SION NUM | BER | | |
| | <u>31</u> | <u>32</u> | <u>33</u> | <u>34</u> | <u>35</u> | <u>36</u> |
| PBD | 0 | 0 | 1 | | | |
| PBD, Revision(1st) | 0 | 0 | 1 | С | | |
| PBD, Revision(2nd) | 0 | 0 | 1 | С | 2 | |
| Other Sec Def Decision | P | 0 | 1 | | | |

- 7. Column 37 thru 46: Enter the program quantity in units. If the value is negative, enter a leading minus sign. (Right Justify)
- 8. Column 47 thru 56: Enter the program cost in thousands of dollars. If the value is negative, enter a leading minus sign. (Right Justify)

Notes: • Left justify Program Element.

Action Code (AC) is 9.

Left justify PBD.

Right justify the Change Value and use a leading minus sign (-) for negative values

Exhibit SD 463-1 RDT&E Data Format

SD 463-1 RDT&E Data Format Instructions

- Columns 1 thru 8: Treasury Code, Component Code, and Budget Activity Code These are as specified in DoD 7000.14-R, Volura, Chapter 1, the DoD Financial Management Regulation. Columns 1 through 4 will be the Treasury Code. Column 5 will be the Component Code. Column 6 is blank. Columns 7 through 81466e the Budget Activity.
- Columns 9 through 18: Program Element These program element (PE) codes are published in the FYDP Program Structure Handbb (DoDI 7045.7-H) dated January 1996. Left justify this field. તં
- Columns 19 through 24: Program Budget Decision (PBD) This is the number identifying the Program Budget decisions. Leftslify this field. Note: This only applies for the Presidential Budget Cycle.

ω.

| | PBD, Change (1st) PBD, Change (2st) Other SecDef Decision Location 19 20 21 22 23 PBD 20 1 20 1 C 2 2 PBD 20 1 C 2 PBD 20 21 22 23 C 2 2 PBD 21 22 23 C 2 2 PBD 21 22 23 C 2 2 C 3 2 C 4 2 C 5 2 C 7 2 |

Column 25: Cost Type - Cost Type codes authorized for use are:

| Cost Type | Program Value (Gross) |
|----------------|-----------------------|
| | |
| Sost Type Code | 4 |
| ଧ | |

- Columns 26 thru 29: Fiscal Year Enter the applicable fiscal year. Example: 1996
- Column 30: Action Code (AC) AC is 9. <u>ن</u>
- Columns 31 thru 40: Change Value Enter the program cost in thousands of dollars. If the value is negative, enter a lead; minus sign (-). Right justify this field. 7

Exhibit SD 463-1N RDT&E SAR/Classification Nomenclature Formats

SD 463-1N RDT&E SAR/Classification Nomenclature Instructions

- Columns 1 thru 8: Treasury Code, Component Code, and Budget Activity Code These are as specified in DoD 7000.14-R, Volume 2A, Chapter 1, the DoD Financial Management Regulation. Columns 1 thru 4 will be the Treasury Code. Column 5 will be the Component Code. Column 6 is a Reserved space. Leave it blank. Columns 7 thru 8 will be the Budget Activity.
- Columns 9 thru 18: Program Element These program element (PE) codes are published in the FYDP Program Structure Handbook (DoDI 7045.7-H) dated January 1996. Left justify this field. તં
- 3. Columns 19 thru 29: Reserved Leave blank.
- 4. Column 30: Action Code AC is 1.
- 5. Column 31: SAR Item Designator The single character "X" in column 31 will indicate a SAR item.
- Column 32: Security Classification The security classification shall be in accordance with the criteria set forth in DoD 7 000.14-R, Volume 2A, Chapter 1, the DoD Financial Management Regulation. Its value can be either "S", "C" or "U". 9

SD FORM 463-2 MAY96

SD 463-2 Construction System Database Decision Recording Instructions

- 1. Columns 1 thru 20: Treasury Code, Component Code, Suffix, Budget Activity Code, Location and Project ID. Code exactly as it appears in the Construction Nomenclature List.
- 2. Column 21: Action Code This position is always coded "9".
- 3. Columns 22 thru 23: Program Fiscal Year Enter the last two digits of the applicable fiscal year.
- 4. Columns 24 thru 25: Reserved Leave these positions blank.
- 5. Column 26: Cost Type Cost Type codes authorized for use are:

| Cost Type Code | Cost Type |
|----------------|---|
| Ą | Program Cost (Adds to appropriation as well as authorization totals.) |
| × | Memo Non Add (Included in authorization totals but not included in appropriation totals.) |

6. Columns 27 thru 28: Action Document Code - Enter one of the following codes:

| Program Change Decision | Program Budget Decision | Program Decision Memorandum | Congressional Action |
|-------------------------|-------------------------|-----------------------------|----------------------|
| 01 | 05 | 40 | 16 |

7. Columns 29 thru 34: Document Decision Number - Enter the decision number as follows: (The initial budget data must show the PBD wherein the resources for this project will be addressed, and position 32 must contain an "S".)

| Other Sectlet Decision P 0 1 | PBD No. Illust. PBD PBD, Change (1st) PBD, Change (2nd) | <u>Decis</u> 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 3 | Decision Number 29 30 31 3 0 1 3 0 1 3 0 1 | <u>31</u> | 33 | 33 | 34 |
|------------------------------|---|--|--|-----------|-----------|-----------|----|
| | Other Secuel Decision | Ч | 0 | | | | |

- 8. Columns 35 thru 40: Approval Date Enter the date of the document decision in the format year month day, i.e. 860823. (For the initial budget submission, use the date of the Program decision Memorandum.)
- 9. Columns 41 thru 48: Program Cost Enter the amount (total or delta to previous figure) in thousands of dollars, right justified. If the value to be entered is negative, enter a minus sign in the column to the immediate left of the dollar value (e.g. -4328).

Exhibit SD 462-2N Construction System Data Base

SD 463-2N Construction System Nomenclature recording Instructions

- Columns 1 thru 9: Treasury Code, Component Code, Suffix, Budget Activity Code Enter as shown in DoD 7000.14-R, Volume 2A, Chapter 1, the DoD Financial Management **-**:
- Column 10 thru 11: State and Country Code Enter the two character code as given in DoD 7000.14-R, Volume 2A, Chapter 1, the DoD Financial Management Regulation. તં
- Columns 12 thru 14: Installation Code Enter a three digit (numeric only) code that will uniquely identify the installation within the state/country. 6
- Columns 15 thru 20: Project Identification Number Enter a six digit (numeric only) code that will uniquely identify a project for the installation. 4.
- Column 21: Action Code Enter a one digit code as follows (see DoD 7000.14-R, Volume 2A, Chapter 1, the DoD Financial Management Regulation). 'n
- To identify the addition of a major command;
- 2 To identify a change to a major command title already on file;
- 3 To identify the addition of an installation title record;
- 4 To identify a change to an installation title already on file;
- 5 To identify changes to a project record already on file. (Complete columns 1-23 and one or more of the following to be changed: command, major FYDP program, facility category, special interest, authorization code, and/or project title.)
- 6. Columns 22 thru 23: Program Fiscal Year Enter the last two digits of the applicable year.
- 7. Columns 24 thru 25: Major Command Enter the two digit command code.
- Columns 26 thru 27: Major FYDP Program Enter the two digits of the applicable major FYDP program. œ.
- Columns 35 thru 37: Facility Category Code Enter the appropriate three digit facility category code as prescribed in DoDI 4165.14. 6
- 10. Column 38: Special Interest Leave blank or enter one of the following codes, as appropriate:
- 1 Energy Conservation
- 2 Air Pollution Abatement
- 3 Water Pollution Abatement
- 4 Noise Pollution Abatement
- Enter a "Y" if the 11. Column 39: Authorization - Enter an "X" if the project is subject to authorization. Enter a "P" if the project was authorized for Appropriation in prior year. project was authorized in prior year.
- 12. Columns 40 thru 81: Title Enter the title of the major command, installation or project as appropriate.

CHAPTER 2

MILITARY PERSONNEL APPROPRIATIONS

0201 GENERAL

020101 Purpose

- A. This Chapter prescribes the justification materials required for the Military Personnel appropriations for both the Active and the Reserve Forces to support the budget estimates submission and the presentation of the President's budget submission to the Congress.
 - B. The following appropriations and accounts are covered:

Section

020201

- Active Military Personnel, Army, Navy, Marine Corps, Air Force 020301
- Reserve Military Personnel
- Army, Navy, Marine Corps, Air Force
- National Guard Military Personnel, Army, Air Force 020401
- Military Personnel Retirement Requirements 020502
- Military Retirement Fund/Education Benefits Fund
- C. Fund requirements for the Military Personnel appropriations will be presented using the budget and fiscal accounting classifications as set forth in sections 0202 and 0203. Budget estimates will be based upon approved military personnel/strength programs as contained in the exhibits required in this Chapter, and in accordance with such special instructions as may be issued by the Office of the Under Secretary of Defense (P&R) as part of the call for the services' military strength programs. <u>All</u> exhibits will be on a gross basis; i.e., include both direct and reimbursable personnel.
- D. <u>Computation of Subsistence-in-kind Rates</u>. For the September 15 submission, subsistence-in-kind average daily food allowances will be developed by using the Food Cost Index to compute the August Basic Daily Food Allowance (BDFA). The rates should be increased by one-half of the FY 19CY military personnel non-pay price escalation to determine the CY budget rates for subsistence-in-kind. Any costs that exceed the amount projected in the FY 19CY President's budget will be included in the estimates within current availability.
- E. <u>Budgeting for Inflation</u>. Anticipated inflation will be included in the September 15 estimates for clothing, subsistence-in-kind, the commercial portions of permanent change of station travel, and temporary lodging allowances overseas. The inflation rates to be used will be based upon approved price escalation indices provided as an enclosure to the annual FY 19CY revised and FY 20BY1/BY2 Budget Estimates Guidance memorandum. *To ensure adequate funding for the basic allowance for housing, anticipated housing cost inflation will be added.*
- F. <u>Military End Strength Guidance for the Budget Estimates Submission</u>. The requirements for military manpower end strength for the Office of the Secretary of Defense, and the DoD Field Activities under the purview of the Washington Headquarters Service (WHS), will be developed and assigned by the Director for Administration and Management. WHS will provide the Services with end strength numbers for the WHS agencies approximately 45 days prior to the submission of the machine readable input to the Budget Review System (BRS) and will identify the data by fiscal year, military service, and officer/enlisted designation. The end strength provided by WHS represents controls that will be met by the Services in their machine readable BRS submission. The following organizations are currently subject to this guidance:

Office of the Secretary of Defense (OSD)
Washington Headquarters Services (WHS)
Defense Legal Services Agency (DLSA)
Office of Economic Adjustment (OEA)
American Forces Information Service (AFIS)
Defense Technology Security Administration (DTSA) (FY 1998 and prior)
Defense Prisoner of War/Missing In Action Office (DPMO)

ACTIVE MILITARY PERSONNEL APPROPRIATIONS 0202

020201 General

- The purpose of this section is to provide general information applicable to the Active Military Personnel appropriations including funding policies, classifications, and definitions unique to these accounts. Generic policies and requirements are addressed in Chapter 1. The Military Components should consult all of the other chapters for exhibit requirements that are not specifically addressed in this chapter including the Other Special Analysis chapter (Chapter 19).
- This section provides the budget and fiscal accounting classifications for the military personnel appropriations for uniform application by the Military Departments and the Office of the Secretary of Defense. pursuant to the provisions of 10 U.S.C. 115. The objective is to establish the basis for uniform budget presentations and a standard budget and fiscal accounting classification, which shall be used on a uniform basis for the military personnel appropriations throughout the Department of Defense in submitting budget estimates and in accounting and reporting on the status of funds for the Military Personnel appropriations.

020202 Uniform Budget and Fiscal Accounting Classification

- The budget and accounting classification prescribed herein shall be the official classification for use in preparing budget estimates, accounting for budgetary and financial transactions, and in submitting reports on the applicable appropriation accounts. Individual budget activity and subactivity accounts shall be established as required for the accounts listed in section 020101. Variations in the activity and subactivity classification and titles shall not be made, except that additional accounts consistent with this budget and accounting classification may be established in order to meet administration requirements of the various elements of the Military Departments. The scope of each account is described below.
- Symbol numbers shall be assigned to each of the budget activities and subactivities listed below in the same manner and in the same sequence as will be consistent with the fiscal codes for all appropriations and funds, as published in the respective Military Department fiscal code manuals.
- Chart of Accounts The chart of accounts that follows represents a summary of the accounting and reporting structure under the Active Military Personnel appropriations. For purposes of presentation of budget estimates, however, as distinguished from monthly reporting, additional statistical breakdown will be required as shown in Section 020203.

BA/BSA

- Pay and Allowances of Officers For the pay and allowances authorized by law to be paid to officers, including commissioned and warrant of the Regular Forces and officers of the Reserve Components on extended active duty:
- 1-A. Basic Pay:

For basic compensation of officers, including length of service increments, under provisions of 37 U.S.C. 201, 203 and 205.

1-B. Retired Pay Accrual:

For the Department of Defense's Contribution to its Military Retirement Fund under provisions of 10 U.S.C. 1466. Retired pay accrual amounts will be precisely the specified percent of basic pay. Retired pay accrual does not apply to academy cadets or midshipmen.

1-C. Incentive Pay for Hazardous

Duty:

For pay of officers for performance of hazardous duty required by competent authority under provisions of 37 U.S.C. 301, 301a, 301b and 301c. Includes:

- a. Duty as a crew member as determined by the Secretary concerned, involving frequent and regular participation in aerial flight.
- b. Duty involving frequent and regular participation in aerial flights not as a crew member pursuant to paragraph a, above.
- c. For the frequent and regular performance of operational or proficiency flying duty required by orders.
- d. For the written agreement to remain on active duty in aviation service for at least one year in an aviation specialty designated as critical.
- e. Duty while attached under competent orders to a submarine, while serving as an operator or crew member of an operational submersible (including an undersea exploration or research vehicle), while undergoing training preliminary to assignment to a nuclear-powered submarine, while undergoing rehabilitation after assignment to a nuclear-powered submarine, or, in the case of a member qualified in submarines, while attached as a member of a submarine operational command staff whose duties require serving on a submarine during underway operations.
- f. Duty involving parachute jumping as an essential part of military duty.
- g. Duty involving the demolition of explosives as a primary duty, including training for such duty.
- h. Duty inside a high or low pressure chamber.
- i. Duty as a human acceleration or deceleration experimental subject.
- j. Duty as human test subject in thermal stress experiments.
- k. Duty involving frequent and regular participation in flight operations on the flight deck of an aircraft carrier or of a ship other than an aircraft carrier from which aircraft are launched.

- 1. Duty involving service as an air weapons controller.
- m. Duty involving use of toxic fuel or waste.
- n. Duty involving highly toxic pesticides or live, hazardous organisms.

1-D. Special Pay:

For special pay to officers on active duty as physicians, dentists, optometrists, veterinarians, nurses and psychologists under the provisions of 37 U.S.C. 302, 302a, 302b, 302c, 302d, 302e and 303; certain designated officers in positions of unusual responsibility which are of a critical nature to the service concerned under provisions of 37 U.S.C. 306; officers on duty subject to hostile fire or imminent danger under provisions of 37 U.S.C. 310; personal money allowance to certain Generals and Admirals under provisions of 37 U.S.C. 414; for diving duty pay under the provisions of 37 U.S.C. 304; for sea duty pay under the provisions of 37 U.S.C. 312, 312b and 312c.; for engineering and scientific duty performed by officers under the provisions of 37 U.S.C. 315; and for foreign language proficiency under the provisions of 37 U.S.C. 316.

1-E. Basic Allowance for Quarters:

For quarters allowances payable to officers under the provisions of 37 U.S.C. 403. Effective January 1, 1998, the Basic Allowance for Quarters is replaced by the Basic Allowance for Housing.

1-E-1Basic Allowance for Housing:

The FY 1998 National Defense Authorization Act combined BAQ and VHA into one housing allowance called the Basic Allowance for Housing (BAH) beginning January 1, 1998.

1-F Variable Housing

Allowance:

For variable housing allowances payable to officers under the provisions of 37 U.S.C. 403a. Effective January 1, 1998, the Variable Housing Allowance is replaced by the Basic Allowance for Housing.

1-G. Basic Allowance for Subsistence:

For subsistence allowances payable to officers under the provisions of 37 U.S.C. 402.

1-H. Station Allowances,

Overseas:

For payment to officers outside the United States or in Hawaii or Alaska of per diem allowances based on cost of living and housing allowances for members stationed outside the United States as prescribed by Joint Federal Travel Regulations and authorized under the provisions of 37 U.S.C. 405.

1-I. CONUS Cost of Living

Allowance:

For payments to eligible officers assigned to high cost areas under the provisions of 37 U.S.C 403b.

1-J. Clothing

Allowances:

For payments to officers for purchase of required uniform under the provisions of 37 U.S.C. 415 - 419

1-K. Family Separation

Allowances:

For family separation allowances payable to officers under the provision of 37 U.S.C. 427.

1-L. Separation Payments:

- a. For payments to officers for accumulated annual leave under the provisions of 37 U.S.C. 501.
- b. For severance pay to officers, including elimination severance pay to officers not eligible for retirement under any provision of law on the date of elimination by promotion list passover, under the provisions of 10 U.S.C. 1174; elimination severance pay for cause under the provisions of 10 U.S.C. 1181; disability severance pay under the provisions of 10 U.S.C. 1212.
- c. For lump sum readjustment payments to Reserve officers under the provisions of 10 U.S.C. 12312.
- d. Voluntary Separation Incentive (VSI) For payment of an annuity to officers voluntarily separating from active duty during the drawdown under the provisions of 10 U.S.C. 1175.
- e. Special Separation Benefit (SSB) For a lump sum payment to officers separating from active duty during the drawdown under the provisions of 10 U.S.C. 1174a.
- f. Temporary Early Retirement Authority (TERA) For payment of retired pay to selected active duty members who retire with between 15 and 20 years of service under the provisions of 10 U.S.C. 1293, 3911, 3914, 6323, 6330, 8911 and 8914. Authorized by Section 4403 of the FY 1993 National Defense Authorization Act (P.L. 102-484).

1-M. Social Security Tax Employer's

Contribution:

For payment of tax of employer to Social Security Administration as provided by Federal Insurance Contributions Act (including wage credits).

- 2. Pay and Allowances of Enlisted Personnel For the pay and allowances authorized by law to be paid to enlisted personnel of the Regular forces and enlisted members of the Reserve components on extended active duty.
- 2-A. Basic Pay:

For basic compensation of enlisted personnel, including length of service increments, under the provisions of 37 U.S.C. 201, 203 and 205.

2-B. Retired Pay

Accrual:

For the Department of Defense's Contribution to its Military Retirement Fund, under provisions of 10 U.S.C. 1466. Retired pay accrual amounts will be precisely the specified percent of basic pay.

2-C. Incentive Pay for Hazardous

Duty:

For pay of enlisted personnel for performance of hazardous duty required by competent authority under the provisions of 37 U.S.C. 301 and 301c. Includes:

a. Duty as a crew member as determined by the Secretary concerned, involving frequent and regular participation in aerial flight.

- b. Duty involving frequent and regular participation in aerial flights not as a crew member pursuant to paragraph a, above.
- c. Duty while attached under competent orders to a submarine, while serving as an operator or crew member of an operational submersible (including an undersea exploration or research vehicle), while undergoing training preliminary to assignment to a nuclear-powered submarine, while undergoing rehabilitation after assignment to a nuclear-powered submarine, or, in the case of a member qualified in submarines, while attached as a member of a submarine operational command staff whose duties require serving on a submarine during underway operations.
- d. Duty involving parachute jumping as an essential part of military duty.
- e. Duty involving the demolition of explosives as a primary duty, including training for such duty.
- f. Duty inside a high or low pressure chamber.
- g. Duty as a human acceleration or deceleration experimental subject.
- h. Duty as human test subject in thermal stress experiments.
- i. Duty involving frequent and regular participation in flight operations on the flight deck of an aircraft carrier or of a ship other than an aircraft carrier from which aircraft are launched.
- j. Duty involving service as an air weapons controller.
- k. Duty involving use of toxic fuel or waste.
- 1. Duty involving highly toxic pesticides or live, hazardous organisms.

2-D. Special Pay:

For pay to enlisted personnel while on sea duty or duty outside the contiguous 48 States and the District of Columbia at places designated by the Secretary of Defense under the provisions of 37 U.S.C. 305 and 305a; for diving duty pay under the provisions of 37 U.S.C. 304; for duty subject to hostile fire or imminent danger under the provisions of 37 U.S.C. 310; for nuclear-trained and qualified, and for nuclear career accession and annual incentive bonuses under the provisions of 37 U.S.C. 312a; for qualified enlisted members extending duty at designated locations overseas under the provisions of 37 U.S.C. 314 and for foreign language proficiency under the provisions of 37 U.S.C. 316.

2-E. Special Duty Assignment

Pay:

For pay to enlisted personnel for possessing special proficiency in a military skill, under the provisions of 37 U.S.C. 307.

2-F. Reenlistment

Bonus:

For payment to enlisted personnel of a bonus for reenlistment, under the provisions of 37 U.S.C. 308.

2-G. Enlistment

Bonus:

For payment to enlisted personnel of a bonus for enlistment (or extension) in a skill designated as critical, in accordance with the provisions of 37 U.S.C. 308a and 308f.

2-H. Basic Allowance

for Quarters:

For quarters allowances payable to enlisted personnel under the provisions of 37 USC 403. Effective January 1, 1998, the Basic Allowance for Quarters is replaced by the Basic Allowance for Housing.

2-H-1 Basic Allowance for Housing:

The FY 1998 National Defense Authorization Act combined BAQ and VHA into one housing allowance called the Basic Allowance for Housing (BAH) beginning January 1, 1998.

2-I. Variable Housing

Allowance:

For quarters and variable housing allowances payable to enlisted personnel or to dependents under the provisions of 37 U.S.C. 403a. *Effective January 1, 1998, the Variable Housing Allowance is replaced by the Basic Allowance for Housing.*

2-J. Station Allowances,

Overseas:

For payment to enlisted personnel outside the United States or in Hawaii or Alaska of per diem allowances based on cost of living and housing allowances for members stationed outside the United States as prescribed by Joint Federal Travel Regulations and authorized under the provisions of 37 U.S.C. 405.

2-K. CONUS Cost of Living

Allowance:

For payments to eligible members assigned to high cost areas under the provisions of 37 U.S.C 403b.

2-L. Clothing

Allowances:

For payment to enlisted personnel of cash allowance for purchase of prescribed clothing, for cost of clothing issued in kind, and for cash payment of maintenance allowances for clothing under the provisions of 37 U.S.C. 418. (Excludes replacement of clothing lost, damaged, or destroyed.)

2-M. Family Separation

Allowances:

For family separation allowances payable to enlisted personnel under the provisions of 37 U.S.C. 427.

2-N. Separation Payments:

- a. For payments to enlisted personnel for accumulated unused annual leave under the provisions of 37 U.S.C. 501.
- b. For severance pay to enlisted personnel for disability under the provisions of 10 U.S.C. 1212.
- c. For authorized donations for discharge under certain conditions under the provisions of 10 U.S.C. 1048.
- d. Voluntary Separation Incentive (VSI) For payment of an annuity to enlisted members voluntarily separating from active duty under the provisions of 10 U.S.C. 1175.
- e. Special Separation Benefit (SSB) For a lump sum payment to enlisted members separating from active duty under the provisions of 10 U.S.C. 1174a.

f. Temporary Early Retirement Authority (TERA) - For payment of retired pay to selected active duty members who retire with between 15 and 20 years of service under the provisions of 10 U.S.C. 1293, 3911, 3914, 6323, 6330, 8911 and 8914. Authorized by Section 4403 of the FY 1993 National Defense Authorization Act (P.L. 102-484).

2-O. Social Security Tax - Employer's

Contribution:

For payment of tax on employer to Social Security Administration as provided by Federal Insurance Contributions Act (including wage credits).

- 3. Pay and Allowances of Cadets and Midshipmen For the pay and allowances of cadets and midshipmen at the United States Military Academy, United States Naval Academy, and the United States Air Force Academy.
 - a. For basic pay, commuted ration allowance, and employer's share of FICA tax for cadets appointed to the United States Military Academy, United States Naval Academy, and United States Air Force Academy, under the provisions of 37 U.S.C., 203 and 422.
 - b. For payment of nuclear accession bonus under the provisions of 37 U.S.C. 312b.
 - c. For the difference between the value of the commuted ration allowance and the cost of operational rations.
- 4. Subsistence of Enlisted Personnel For the payment of authorized basic allowances for subsistence to enlisted personnel and for the cost of procuring food and beverage supplies for issue as rations to enlisted personnel on extended active duty, including emergency and operational rations; also includes the payment of meals furnished under contract (when approved by competent authority) at commercial facilities where the payment of commuted rations would create an individual hardship and/or the costs for establishment of a Government mess facility are prohibitive or the contract feeding of enlisted personnel is determined to be more economical or advantageous.

4-A. Basic Allowance for

Subsistence:

For subsistence allowances payable to enlisted personnel under the provisions of 37 U.S.C. 402.

4-B. Subsistence in

Kind:

For cost of subsistence issued as rations to enlisted personnel, including emergency and operational rations, and for payment of meals furnished under contract by commercial facilities under the provisions of 10 U.S.C. 4561, 6081 and 9561.

5. Permanent Change of Station (PCS) Travel - For expenses incident to permanent change of station travel of military personnel, individually or as part of organized units. The PCS travel costs include mileage; monetary allowance in lieu of transportation; transportation by common carrier (rail, bus, air, or water, including Air Mobility Command and Military Sealift Command); per diem allowances, actual and necessary expenses and cost of subsistence while in a PCS travel status; issue of meal tickets in lieu of subsistence; temporary lodging expense; travel of dependents and transportation of baggage and household goods, port handling charges for personnel, their household goods, baggage and privately owned automobiles passing through CONUS MTMC terminals; payments of dislocation allowances; authorized transportation of dependents and personal and household effects of deceased military personnel; costs of contract packing, crating, handling and temporary storage of household goods; cost of nontemporary storage of household goods; cost of trailer allowances; travel incident to organizational movements on permanent change of station whether for training or non-training purposes; expenses incident to PCS movement of any military group traveling under one order from the same point of origin to the same destination; minor supplies and services incident to troop or organizational PCS

movements; expenses and allowances incident to separation travel, discharge or release. Also included is all authorized Temporary Duty Travel directly related to and an integral part of PCS movement of individuals or organizational units. Excludes Temporary Duty Travel other than that directly related to and an integral part of PCS movements. All authorized PCS travel expenses provided for under this budget program account shall be charged to the same subprogram account cited in PCS travel order of the military member. The term "CONUS" (Continental United States) referred to herein applies to the United States Territory, "including the adjacent territorial waters located within the North American Continent between Canada and Mexico."

5-A. Accession Travel:

Officers.

Covers PCS movements of (1) officers appointed to a commissioned grade from civil life, military academies or ROTC/NROTC, Reserve and National Guard officers called or recalled to extended active duty from home or a point where orders were received to first permanent duty station or training school of 20 weeks or more duration and (2) officers or warrant officers appointed or recalled from enlisted status from station where they served as enlisted to new permanent duty station or training school of 20 weeks or more duration. (Includes officers appointed from enlisted status upon graduation from OCS, OTS, or basic flying training.) (Marine Corps basic military training for officers will be a part of an accession move; this is the only exception to the 20-week rule.)

Enlisted.

Covers PCS movements of (1) enlistees, reenlistees, and prior service personnel from recruiting station or place of enlistment to first permanent duty station or training school of 20 weeks or more duration and (2) recalled enlisted reservists from home to first permanent duty station or training school of 20 weeks or more.

Cadets and Midshipmen.

Covers PCS movements of (1) individuals selected as academy cadets or midshipmen upon entry into the academies and (2) individuals who travel to the academies but fail to pass the entrance physical examinations and are required to return home.

5-B. Training Travel:

Officers.

Covers PCS movements of (1) officers and warrant officers from previous CONUS permanent duty station to formal service or civilian schools, including technical schools, flying training schools, factory training, and other approved courses of instruction of 20 weeks duration or more; and (2) officer and warrant officer school graduates and eliminates from school to their next permanent CONUS duty station. (Excludes academy graduates, OCS or OTC graduates, flying training graduates, ROTC graduates and others chargeable to Accession Travel.)

Enlisted.

Covers PCS movements of (1) enlisted personnel from previous CONUS permanent duty station to formal service or civilian schools, including technical schools, flying training schools, factory training, and other approved courses of instruction, of 20 weeks duration or more; (2) enlisted school graduates and eliminates from school to their next CONUS permanent duty station; and (3) enlisted personnel ordered to training leading to a commission if such training period is of 20 weeks duration or more.

5-C. Operational Travel:

Between Duty Stations (within CONUS and within Overseas):

Officers.

Covers PCS movements of (1) officers, and warrant officers to and from permanent duty stations located within the United States; (2) officers and warrant officers to

and from permanent duty stations located within an overseas area when no transoceanic travel is involved; and (3) dependents, household goods, personal effects and privately owned vehicles of officers and warrant officers who are interned, missing, or captured when no transoceanic travel is involved.

Enlisted.

Covers PCS movements of (1) enlisted personnel to and from permanent duty stations located within the United States; (2) enlisted personnel to and from permanent duty stations located within an overseas area when no transoceanic travel is involved; and (3) dependents, household goods, personal effects and privately owned vehicles of enlisted personnel who are interned, missing, or captured when no transoceanic travel is involved.

5-D. Rotational Travel to and from Overseas:

Officers.

Covers PCS movements of (1) officers and warrant officers from permanent duty stations in CONUS, or training of 20 weeks or more duration, to permanent duty stations overseas; (2) officers and warrant officers from permanent duty stations overseas to permanent duty stations in CONUS, or training of 20 weeks or more duration; (3) officers and warrant officers from permanent duty stations in one overseas area to permanent duty stations in another overseas area when transoceanic travel is involved; and (4) dependents, household goods, personal effects and privately owned vehicles of officers and warrant officers who are interned, missing or captured when transoceanic travel is involved.

Enlisted.

Covers PCS movements of (1) enlisted personnel from permanent duty stations in CONUS, or training of 20 weeks or more duration, to permanent duty stations overseas; (2) enlisted personnel from permanent duty stations overseas to permanent duty stations in CONUS, or training of 20 weeks or more duration; (3) enlisted personnel from permanent duty stations in one overseas area to permanent duty stations in another overseas area when transoceanic travel is involved; and (4) dependents, household goods, personal effects, and privately owned vehicles of enlisted personnel who are interned, missing, or captured when transoceanic travel is involved.

5-E. Separation Travel:

Officers.

Covers PCS movements of (1) officers and warrant officers upon release or separation from the Service from last permanent duty station to home of record or point of entry into service, or to home of selection when authorized by law; and (2) dependents, household goods, trailer allowances, and personal effects of officers and warrant officers who are deceased.

Enlisted.

Covers PCS movements of (1) enlisted personnel upon release or separation from the Service from last permanent duty station to home of record or point of entry into service or to home of selection when authorized by law; and (2) dependents, household goods, trailer allowances, and personal effects of enlisted personnel who are deceased.

Cadets and Midshipmen.

Covers PCS movements of eliminated academy cadets/midshipmen to home of record or point of entry into service.

5-F. Travel of Organized Units:

Officers. Covers PCS movements of (1) officers and warrant officers directed to move as

members of an organized unit movement; and (2) officer and warrant officer fillers

and replacements directed to move as part of the unit move.

Enlisted. Covers PCS movements of (1) enlisted personnel directed to move as members of

an organized unit movement; and (2) enlisted fillers and replacements directed to

move as part of the unit move.

6. Other Military Personnel Costs - For costs incident to the apprehension of military deserters, absentees, and escaped prisoners; interest on uniformed services savings deposits; death gratuities; unemployment benefits; and survivor benefits.

6-A. Apprehension of Military Deserters, Absentees, and Escaped Military Prisoners:

For the expenses of apprehension and delivery of military deserters, absentees, and escaped military prisoners, including the payment for travel of guards; payment of rewards or reimbursement of reasonable and actual expenses to persons or agencies apprehending and detaining or delivering absentees or deserters to military control.

6-B. Interest on Uniformed Services Savings

Deposits: For the payment of interest at a rate not to exceed ten percent per annum on any

sum of not less than \$5 deposited by members of the uniformed services under the

provisions of 10 U.S.C. 1035.

6-C. Death

Gratuities: For the payment of death gratuities to beneficiaries of military personnel under the

provisions of 10 U.S.C. 1475-80.

6-D. Unemployment

Benefits: For the payment of unemployment benefits to ex-service members who are

discharged or released under honorable conditions under the provisions of 5 U.S.C.

8521.

6-E. Survivor

Benefits: For payment of funds for restored social security benefits to widows and orphans

under the provisions of 10 U.S.C. 1450-1451 and P.L. 98-94, Sec. 943.

6-F. Education

Benefits: For payment to the DoD Education Benefits Fund, a trust fund, as prescribed by 10

U.S.C. 2006. This program is governed by 38 U.S.C., Chapter 30 and is budgeted

on an accrual basis by the Department of Defense.

6-G Adoption

Expenses: To provide reimbursement for qualifying adoption expenses under the provisions

of 10 U.S.C. 1052.

OBJECT CLASSIFICATION ACTIVE MILITARY PERSONNEL APPROPRIATIONS

| Budget Subactivity | Object Class |
|---|--------------|
| Accrued Retirement Benefits | 12.2 |
| Adoption Expenses | 12.2 |

020203 Budget Presentation Structure Requirements

- A. For purposes of preparing certain material for presentation and justification of budget estimates, the following budget activities will be used:
- 1. Pay and Allowances of Officers
- 2. Pay and Allowances of Enlisted
- 3. Pay and Allowances of Cadets and Midshipmen
- 4. Subsistence of Enlisted Personnel
- 5. Permanent Change of Station Travel
- 6. Other Military Personnel Costs
- B. The following additional breakdown of each budget activity is required to be shown in the applicable justification exhibits:

BA/BSA

- I. Pay and Allowances of Officers:
 - a. Basic Pay
 - b. Retired Pay Accrual
 - c. Incentive Pay for Hazardous Duty
 - (1) Flying Duty
 - (a) Crew
 - (b) Noncrew
 - (c) Aviation Continuation Pay
 - (d) Crew (Nonrated)
 - (2) Submarine Duty
 - (3) Parachute Jumping
 - (a) Parachute Jumping (regular)
 - (b) Parachute Jumping (High Altitude/Low Opening)
 - (c) Other Incentive Pay
 - (4) Duty inside a high or low pressure chamber inside observer, human acceleration or deceleration, experimental subject and test subject in thermal stress experiments
 - (5) Demolition Duty
 - (6) Flight Deck Duty
 - (7) Air Weapons Controller Duty
 - (8) Duty Involving Toxic Fuel/Waste
 - (9) Duty Involving Live/Hazardous Biological Organisms
 - d. Special Pay
 - (1) Medical Pay
 - (a) Variable Special Pay
 - (b) Additional Special Pay
 - (c) Board Certified Pay
 - (d) Medical Incentive Pay
 - (e) Multi-Year Special Pay
 - (2) Dental Pay
 - (a) Variable Special Pay
 - (b) Additional Special Pay
 - (d) Board Certified Pay
 - (e) Accession Bonus
 - (f) Multi-Year Retention Bonus
 - (3) Nurse Pay
 - (a) Accession Bonus

- (b) Anesthetist Pay
- (4) Special Pay for Optometrists
- (5) Special Pay for Veterinarians
- (6) Board Certified Pay for Non-Physician Health Care Providers
- (7) Personal Money Allowances General/Flag Officers
- (8) Responsibility Pay
- (9) Diving Duty
 - (a) Basic Scuba
 - (b) Pararescue
- (10) Special Pay Nuclear Officer Incentive Pay
- (11) Scientific/Engineering Bonus
- (12) Sea Duty Pay
 - (a) Career Sea Pay
 - (b) Premium Sea Pay
- (13) Foreign Language Proficiency Pay
- (14) Hostile Fire Pay
- (15) Other Special Pay
- e. Basic Allowance for Quarters (FY 1998 and prior only)
 - (1) With Dependents
 - (2) Without Dependents
 - (3) Partial Allowance Bachelor
 - (4) Substandard Housing
- e.1 Basic Allowance for Housing (Effective January 1, 1998)
 - (1) With Dependents
 - (2) Without Dependents
 - (3) Partial Allowance Bachelor
 - (4) Substandard Housing
- f. Variable Housing Allowance (FY 1998 and prior only)
- g. Basic Allowance for Subsistence
- h. Station Allowances, Overseas
 - (1) Cost of Living
 - (2) Housing
 - (3) Temporary Lodging
- i. CONUS Cost of Living Allowances
- i. Clothing Allowances
 - (1) Initial Military Allowance
 - (2) Additional Military Allowance
 - (3) Civilian Clothing Allowance
- k. Family Separation Allowances
 - (1) On permanent change of station with dependents not authorized, Government quarters not available.
 - (2) On permanent change of station with dependents not authorized.
 - (3) On board ship for more than 30 days.
 - (4) On temporary duty for more than 30 days with dependents not residing near temporary duty station.
- Separation Payments
 - (1) Lump sum terminal leave payments.
 - (2) Lump sum readjustment payments.
 - (3) Lump sum payments to reservists
 - (4) Severance pay, failure of promotion.
 - (5) Severance pay, disability.
 - (6) Severance pay, non-disability
 - (6) Voluntary Separation Incentive (VSI)
 - (7) Special Separation Benefit (SSB)
 - (8) 15 Year Temporary Early Retirement Authority

- m. Social Security Tax Employer's Contribution
 - (1) Employers contribution of tax on basic pay
 - (2) Wage Credits

2. Pay and Allowances of Enlisted Personnel:

- a. Basic Pay
- b. Retired Pay Accrual
- c. Incentive Pay for Hazardous Duty
 - (1) Flying Duty
 - (a) Crew
 - (b) Noncrew
 - (2) Submarine Duty
 - (3) Parachute Jumping
 - (a) Parachute Jumping (regular)
 - (b) Parachute Jumping (High Altitude/Low Opening)
 - (c) Other Incentive Pay
 - (4) Duty inside a high or low pressure chamber inside observer, human acceleration or deceleration, experimental subject and test subject in thermal stress experiments
 - (5) Demolition Duty
 - (6) Flight Deck Duty
 - (7) Air Weapons Controller Duty
 - (8) Duty Involving Toxic Fuel/Waste
 - (9) Duty Involving Live/Hazardous Biological Organisms
- d. Special Pay
 - (1) Diving Duty
 - (a) Basic Scuba
 - (b) Pararescue
 - (2) Sea Duty Pay
 - (a) Career Sea Pay
 - (b) Premium Sea Pay
 - (3) Duty at Certain Places
 - (4) Overseas Extension Pay
 - (5) Nuclear Accession Bonus
 - (6) Foreign Language Proficiency Pay
 - (7) Hostile Fire Pay
 - (8) Other Special Pay
- e. Special Duty Assignment Pay
- f. Reenlistment Bonus
- g. Enlistment Bonus
 - (1) New Payments
 - (2) Residual New
 - (3) Anniversary
- h. Basic Allowance for Quarters (FY 1998 and prior only)
 - (1) With Dependents
 - (2) Without Dependents
 - (3) Partial Allowance Bachelor
 - (4) Substandard Housing
- h-1 Basic Allowance for Housing (Effective January 1, 1998)
 - (1) With Dependents
 - (2) Without Dependents
 - (3) Partial Allowance Bachelor
 - (4) Substandard Housing
- i. Variable Housing Allowance (FY 1998 and prior only)
- j. Station Allowances, Overseas

- (1) Cost of Living
- (2) Housing
- (4) Temporary Lodging
- k. CONUS Cost of Living Allowances
- 1. Clothing Allowances
 - (1) Initial
 - (a) Military
 - (b) Civilian
 - (2) Maintenance Allowances
 - (a) Basic Allowance
 - (b) Standard Allowance
 - (c) Special Allowance
 - (3) Supplementary Allowances
 - (4) Other Allowances
- m. Family Separation Allowances
 - (1) On permanent change of station with dependents not authorized, Government quarters not available.
 - (2) On permanent change of station with dependents not authorized.
 - (3) On board ship for more than 30 days.
 - (4) On temporary duty for more than 30 days with dependents notresiding near temporary duty station.
- n. Separation Payments
 - (1) Lump sum terminal leave payments.
 - (2) Severance pay, disability
 - (3) Severance pay, non-disability
 - (4) Authorized donations
 - (5) Voluntary Separation Incentive (VSI)
 - (6) Special Separation Benefit (SSB)
 - (7) 15 Year Temporary Early Retirement Authority
- o. Social Security Tax Employer's Contribution
 - (1) Employers contribution of tax on basic pay
 - (2) Wage Credits

3. Pay and Allowances of Cadets and Midshipmen:

Academy Cadets and Midshipmen

- (1) Basic Pay
- (2) Subsistence Commuted Ration
- (3) Operational rations
- (4) Social Security Tax Employer's Contribution
- (5) Nuclear Accession Bonus

4. Subsistence of Enlisted Personnel:

- a. Basic Allowance for Subsistence
 - (1) When Authorized to Mess Separately
 - (2) Leave Rations
 - (3) When Rations in Kind Not Available
 - (4) Augmentation of Commuted Ration Allowance for Meals Taken Separately
 - (5) Partial BAS
- b. Subsistence in Kind
 - (1) Subsistence in Messes
 - (a) CONUS
 - (b) Overseas
 - (2) Operational Rations
 - (3) Augmentation Rations

- 5. Permanent Change of Station Travel:
 - a. Summary of Move Requirements. For each type of move reflected in c through h below, show the number of moves and the dollar amount for the PY, CY, BY1, and BY2 at the aggregate level (combine officers, enlisted and officer candidates).
 - b. Summary of Requirements by Types of Costs. Show the number and amount of the following entries for the PY, CY, BY1, and BY2, regardless of the type of move.
 - (1) Travel of Military Members (include cadets and midshipmen)

Mileage and Per Diem 1/

AMC 2/

Commercial Air 3/

(2) Travel of Dependents (family)

Mileage 4/

AMC 5/

Commercial Air 6/

(3) Transportation of Household Goods

M Tons - MSC

S Tons - AMC

Other Shipments

- (4) Dislocation Allowance
- (5) Trailer Allowance
- (6) Transportation of POV's
- (7) Port Handling Charges
- (8) Nontemporary storage
- (9) Temporary Lodging Expense
- (10) Total Obligations
- (11) Less Reimbursements
- (12) Total Direct Obligations
- c. Accession Travel 7/
 - (1) Officers
 - (2) Enlisted
 - (3) Officer Candidates
- d. Training Travel 7/
 - (1) Officers
 - (2) Enlisted
- e. Operational Travel Between Duty Station 7/
 - (1) Officers
 - (2) Enlisted
- f. Rotational Travel to and from Overseas 7/
 - (1) Officers
 - (2) Enlisted
- g. Separation Travel 7/
 - (1) Officers
 - (2) Enlisted
 - (3) Officer Candidates
- h. Travel of Organized Units 7/
 - (1) Officers
 - (2) Enlisted
- 1/ Mileage and Per Diem The costs of travel relating to use of privately owned vehicle or commercial modes other than air or sea. Includes per diem paid to the individual member. It excludes movement of mobile trailers even if the trailer is moved by the member. The unit of measurement is number of member moves.
- 2/ Air Mobility Command (AMC) The costs of travel for movement of an individual member reimbursed to AMC. The unit of measurement is number of member moves.

- Commercial Air The costs for movement of an individual member paid directly to a commercial company. (Excludes any costs paid to AMC.) The unit of measurement is number of member moves.
- 4/ Mileage The costs of travel relating to the use of privately owned vehicles or commercial modes other than air or sea for the dependents of an individual member. Includes per diem paid to dependents. The unit of measurement is number of family moves.
- 5/ Air Mobility Command (AMC) The costs of travel for movement of dependents reimbursed to AMC. The unit of measurement is number of dependents.
- 6/ Commercial Air The costs for movement of dependents paid directly to a commercial company (<u>excludes</u> any costs paid to AMC). The unit of measurement is number of dependents.
- 7/ For each permanent change of station travel account, the following data will be shown, as applicable, for officers, enlisted and cadets:
 - (1) Member Travel Costs related to the movement of each member of a military service making a permanent change of station move.
 - (2) Dependent Travel Costs related to the movement of dependents when authorized as part of a permanent change of station of a member of a military service. The number of dependent moves should reflect the number of families moved as a unit of measure.
 - (3) Transportation of Household Goods Costs related to movement of household goods as authorized by Joint Federal Travel Regulations including shipment of unaccompanied baggage.
 - (a) Land Shipments, CONUS and Overseas The costs of shipment of goods for the portion in CONUS and overseas of shipments other than International Through Government Bill of Lading (ITGBL). The unit of measurement is member move.
 - (b) ITGBL The costs of shipment from point of origin to destination on ITGBL. Includes both land and overwater portion of the movement. The unit of measurement is member move.
 - (c) Overseas The costs of shipments, including unaccompanied and excess baggage, either reimbursed to the Military Sealift Command (MSC), Air Mobility Command (AMC), or paid directly to a commercial company.
 - (4) Dislocation Allowance The costs of dislocation allowance as authorized in the JTR. The unit of measurement is number of members paid.
 - (5) Trailer Allowance The costs of movement of mobile trailers whether moved by commercial contract or moved by the individual member. The unit of measurement is number of trailer moves.
 - (6) Privately Owned Vehicles (POV) The costs to the Government of transporting a POV to or from overseas.
 - (a) Military Sealift Command (MSC) The cost of shipping POVs reimbursed to MSC. The unit of measurement is number of POVs shipped. If number of POVs shipped is not available, use 11.2 measurement tons per vehicle to convert measurement tons to vehicles.
 - (b) Port Handling (Military Traffic Management Command) The cost of port processing of vehicles reimbursed to MTMC. The unit of measurement is number of POVs processed. If number of POVs processed is not available, use 11.2 measurement tons per vehicle to convert measurement tons to vehicles.
 - (7) Port Handling Costs (HHGs) The port handling costs for household goods and unaccompanied baggage reimbursed to MTMC. The unit of measure is measurement tons.
 - (8) Nontemporary Storage The costs to the government of placing goods in storage or moving them to another specified destination under the provisions of 37 U.S.C. 406 when a member entitled to a PCS move is ordered to a duty station to which the shipment of household goods is not authorized. No unit of measure will be shown for nontemporary storage, only costs.
 - (9) Temporary Lodging Expense (TLE) The cost of reimbursing the member for expenses incurred as a result of a PCS move, not to exceed \$110 per day for up to 10 days under the provisions of 37 U.S.C. 404a. TLE requirements should reflect members paid as the unit of measure.

6. Other Military Personnel Costs:

- a. Apprehension of Military Deserters, Absentees, and Escaped Military Prisoners
- b. Interest on Uniformed Services Savings Deposits
- c. Death Gratuities
 - (1) Officers

- (2) Enlisted
- (3) Cadets and Midshipmen
- d. Unemployment Benefits
- e. Survivor Benefits
- f. Education Benefits
 - (1) Four Year Obligation
 - (2) Three Year Obligation
 - (3) Two Year Obligation
 - (4) Two Years Active/Four Years Selected Reserve
- g. Adoption Expenses

020204 Budget Estimates Submission

- A. This section prescribes the justification materials required for the Active Military Personnel appropriations to support budget estimates. Fund requirements for these appropriations will be presented using those budget and accounting classifications set forth in sections 020202 and 020203.
- B. Exhibits in Support of Budget Estimates The following justification exhibits will be prepared and submitted in support of budget estimates submission for the OSD/OMB budget review (usually September 15). These exhibits will be organized by Service military personnel account. Examples of the required exhibits are provided in Section 020602. The required justification material will be organized in a single unclassified volume with the unclassified data displayed in the sequence shown below:

Table of Contents

Section 1 - Summary of Requirements by Budget Program (PB-30A)

Section 2 - Introduction (The statement should provide the highlights of the budget submission and a general discussion of the relationship of the resources requested to the proposed military strength program. This should include a discussion of the military strength characteristics in terms of gains and losses and promotion and assignments policies. It also should address strength changes in programmatic terms such as force structure and other matters of an overall nature as considered appropriate by the Service.)

Section 3 - Summary Tables (examples provided Section 020602)

- Personnel Summaries (PB-30B through PB-30F-2)
- Summary of Entitlements by Subactivity (PB-30J)
- Analysis of Appropriation Changes and Supplemental Requirements (PB-30K)
- Schedule of Increases and Decreases (PB- 300)

Section 4 - Detail of Military Personnel Entitlements

Justification materials will be provided for each entitlement as prescribed in Sections 020202 and 020203 for each of the following six budget activities for military personnel:

- 1. Pay and Allowances of Officers
- 2. Pay and Allowances of Enlisted Personnel
- 3. Pay and Allowances of Cadets
- 4. Subsistence of Enlisted Personnel
- 5. Permanent Change of Station Travel
- 6. Other Military Personnel Costs

Each of the military personnel budget activities above will be introduced by a schedule of increases and decreases (PB-30P). See Section 020602 for format.

Section 5 - Special Analyses (examples provided in Section 020602)

- Schedule of Military Assigned Outside DoD (PB-30Q)
- Reimbursable Programs (PB-30R)
- C. Justification material for each subactivity will contain a purpose and scope section as well as a justification of funds requested. The requirements for each entitlement under each military personnel category will be justified on a gross basis to include total obligations for both direct and reimbursable personnel. For each subactivity/entitlement, include an explanation to justify the requested change. The explanation should be specific with regard to what the increases will provide for (i.e., statutory, program enhancements, solving deficiencies, etc.). Also provide a general explanation for each type of entitlement. The computation for each entitlement will display data for the prior year (PY), current year (CY), and both budget years (BY1 and BY2).
- D. The following exhibits will be provided in a separate backup justification book in support of the budget estimate. Examples of these exhibits are provided in Section 020602:
 - MP-1 Reconciliation of Fund Changes with Prior Year
 - MP-2 Dependents, Housing, and BAQ Estimates
 - MP-3 Summary of Outyear Data
 - MP-4 Military Personnel by Region and Country
 - MP-5 Active Duty Military Personnel Stationed Ashore By Regional Area
 - MP-6 Education Benefits Additional Basic Benefits (Title 38 USC, Chapter 30).
 - MP-7 Aviation Retention Bonus
 - MP-9 Summary of Basic Pay and Retired Pay Accrual Costs
 - MP-10 Summary of Military Personnel Separation Payments
 - PB-18 Foreign Currency Exchange Data (See Chapter 19 for format)
 - E. Chapter 1, Section 010302, identifies copies required of the above.
- F. A submission of machine-readable data, or "automated data", is required in conjunction with the paper copy submission. It is conducted in conjunction with and in support of the OSD Budget Estimates Submission and the President's budget submission for the four active military personnel appropriations. All questions surrounding the submission of the automated data should be referred to:

OUSD(C), Directorate for Ops & Pers Attn. MilPers Associate Director 1100 Defense, Pentagon, Room 3D868 Washington, DC 20301-1100 Telephone (703) 697-3101 ext. 30

- 1. The automated data shall be generated by the computer software provided. The data may be entered into the software manually or loaded from an external file. Directions for its use, as well as the information presented here, are included in the software.
 - 2. When loading external data, it must conform to prescribed criteria.
 - a. The records must be in the following format.

Columns 1-1: Service Code (1-Army, 2-Navy, 3-Marines, 4-AF)

Columns 2-3: Fiscal Year (last two digits)

Columns 4-5: Budget Year (last two digits) (for a biennial budget submission use BY1 as the budget, e.g. FY 2000/2001 Biennial Budget use 00)

Columns 6-11: Identification Code (six digit code)

Columns 12-21: Average number, moves, or entitlements

Columns 22-36: Unit price showing price in dollars and cents including decimal point and minus sign, if appropriate.

- b. Data entered will be right justified within the data field. Adjusting entries to convert total program dollars to direct program dollars should be entered with a negative sign immediately preceding the unit price.
 - c. In addition to the above:
 - Decimal points should appear where required.
 - Negative entries should be identified with a minus sign adjacent to the left most digit.
 - No commas in numbers over 999.
 - Zero padding is unnecessary.
 - Records that have all zero data fields are unnecessary.
- 3. The submitted data must be either delivered on a standard, DOS-formatted diskette (3.5" or 5.25") or mailed electronically. If delivered on a diskette, the diskette must identify the office of origin, the responsible personnel, and a telephone number.
- 4. The software provides reports which duplicate the PB-30J exhibit, as well as other reports of the Military Personnel Justification Book. These reports must be reviewed, compared against the submitted justification book, and corrections and adjustments made before submitting the data. THE REPORTS GENERATED BY THE SOFTWARE MUST MATCH, AMOUNT FOR AMOUNT, THE DATA INCLUDED IN THE REPORTS IN THE JUSTIFICATION BOOK.
- 5. Identification codes are provided in the software. Any new codes which are required will be assigned by the OUSD(C), Director for Operations & Personnel (Associate Director) upon request.

020205 Congressional Justification/Presentation

- A. Justification books will be organized by Service military personnel account.
- B. Justification Book, other exhibit requirements, and submission of machine readable data in support of the congressional submission are identical to what is shown in Section 020204, Budget Estimate Submission.
- C. M-1 Exhibit. Section 8104 of the FY 1998 DoD Appropriations Act (P.L. 105-56) requires the submission of an M-1 exhibit in support of the FY 1999 President's budget. The OUSD(Comptroller) Operations and Personnel Directorate will prepare and submit the required exhibit using the automated submission required by section 020204 above.

0203 RESERVE MILITARY PERSONNEL APPROPRIATIONS

020301 General

- A. The purpose of this chapter is to provide general information applicable to the Reserve Military Personnel appropriations including funding policies, classifications, and definitions unique to these accounts. Generic policies and requirements are addressed in Chapter 1. The Military Components should consult <u>all</u> of the other chapters for exhibit requirements that are not specifically addressed in this chapter including the Other Special Analysis chapter (Chapter 19).
- B. This section provides the budget and fiscal accounting classifications for the Reserve and National Guard Personnel appropriations for uniform application by the Military Departments and the Office of the Secretary of Defense, pursuant to the provisions of 10 U.S.C. 115. The objective is to establish the basis for uniform budget presentations and a standard budget and fiscal accounting classification which shall be used on a uniform basis for the Reserve Component personnel appropriations throughout the Department of Defense in submitting budget estimates and in accounting and reporting on the status of funds for the Reserve and National Guard Personnel appropriations.

020302 Uniform Budget and Fiscal Accounting Classification

- A. The budget and accounting classification prescribed herein shall be the official classification for use in preparing budget estimates, accounting for budgetary and financial transactions, and in submitting reports on the applicable appropriation accounts. Individual budget activity and subactivity accounts shall be established as required for the accounts listed in this section. Variations in the budget program, activity, and subactivity classification and titles shall not be made, except that additional accounts consistent with this budget and accounting classification may be established in order to meet administration requirements of the various elements of the Military Departments. The scope of each account is described below.
- B. Symbol numbers shall be assigned to each of the budget activities and subactivities listed below in the same manner and in the same sequence as will be consistent with the fiscal codes for all appropriations and funds, as published in the respective Military Department fiscal code manuals.
- C. Chart of Accounts The chart of accounts represents a summary of the accounting and reporting structure under the Reserve Components Personnel appropriations. Obligations and disbursements for individual clothing and uniform gratuities, and for subsistence of enlisted personnel may be allocated by activity on a statistical basis if not reported by the different types of training. Subactivities may be combined in reporting on the status of funds, providing subactivity is maintained for budget review and presentation purposes:

Budget Activity (BA) and Budget Subactivity (BSA)

Budget Activity and Subactivity

1. UNIT AND INDIVIDUAL TRAINING

1-A Training - Pay Group A

- 1-A-1 Basic pay, active duty for training, officers
- 1-A-2 Other pay and allowances, active duty for training, officers
- 1-A-3 Basic pay, active duty for training, enlisted
- 1-A-4 Other pay and allowances, active duty for training, enlisted
- 1-A-5 Basic pay, inactive duty training, officers
- 1-A-6 Basic pay, inactive duty training, enlisted
- 1-A-7 Individual clothing and uniform gratuities, officers

- 1-A-8 Individual clothing and uniform gratuities, enlisted
- 1-A-9 Subsistence of enlisted personnel
- 1-A-10 Travel, active duty for training, officers
- 1-A-11 Travel, active duty for training, enlisted
- 1-A-12 Retired pay accrual, officers
- 1-A-13 Retired pay accrual, enlisted

1-B Training - Pay Group B

- 1-B-1 Basic pay, active duty for training, officers
- 1-B-2 Other pay and allowances, active duty for training, officers
- 1-B-3 Basic pay, active duty for training, enlisted
- 1-B-4 Other pay and allowances, active duty for training, enlisted
- 1-B-5 Basic pay, inactive duty training, officers
- 1-B-6 Basic pay, inactive duty training, enlisted
- 1-B-7 Individual clothing and uniform gratuities, officers
- 1-B-8 Individual clothing and uniform gratuities, enlisted
- 1-B-9 Subsistence of enlisted personnel
- 1-B-10 Travel, active duty for training, officers
- 1-B-11 Travel, active duty for training, enlisted
- 1-B-12 Retired pay accrual, officers
- 1-B-13 Retired pay accrual, enlisted

1-F Training - Pay Group F

- 1-F-1 Basic pay, active duty for training, enlisted
- 1-F-2 Other pay and allowances, active duty for training, enlisted
- 1-F-3 Individual clothing and uniform gratuities, enlisted
- 1-F-4 Subsistence of enlisted personnel
- 1-F-5 Travel, active duty for training, enlisted
- 1-F-6 Retired pay accrual, enlisted

1-P Training - Pay Group P

- 1-P-1 Basic pay, inactive duty training, enlisted
- 1-P-2 Individual clothing and uniform gratuities, enlisted
- 1-P-3 Subsistence of enlisted personnel
- 1-P-4 Retired pay accrual, enlisted

2. OTHER TRAINING AND SUPPORT

2-E Mobilization Training

- 2-E-1 Basic pay, active duty for training, officers
- 2-E-2 Other pay and allowances, active duty for training, officers
- 2-E-3 Basic pay, active duty for training, enlisted
- 2-E-4 Other pay and allowances, active duty for training, enlisted
- 2-E-5 Individual clothing and uniform gratuities, officers
- 2-E-6 Individual clothing and uniform gratuities, enlisted
- 2-E-7 Subsistence of enlisted personnel
- 2-E-8 Travel, active duty for training, officers
- 2-E-9 Travel, active duty for training, enlisted
- 2-E-10 Retired pay accrual, officers
- 2-E-11 Retired pay accrual, enlisted

- 2-E-12 Muster pay stipend, officers
- 2-E-13 Muster pay stipend, enlisted

2-R School Training

- 2-R-1 Basic pay, active duty for training, officers
- 2-R-2 Other pay and allowances, active duty for training, officers
- 2-R-3 Basic pay, active duty for training, enlisted
- 2-R-4 Other pay and allowances, active duty for training, enlisted
- 2-R-5 Individual clothing and uniform gratuities, officers
- 2-R-6 Individual clothing and uniform gratuities, enlisted
- 2-R-7 Subsistence of enlisted personnel
- 2-R-8 Travel, active duty for training, officers
- 2-R-9 Travel, active duty for training, enlisted
- 2-R-10 Retired pay accrual, officers
- 2-R-11 Retired pay accrual, enlisted

2-S Special Training

- 2-S-1 Basic pay, active duty for training, officers
- 2-S-2 Other pay and allowances, active duty for training, officers
- 2-S-3 Basic pay, active duty for training, enlisted
- 2-S-4 Other pay and allowances, active duty for training, enlisted
- 2-S-5 Individual clothing and uniform gratuities, officers
- 2-S-6 Individual clothing and uniform gratuities, enlisted
- 2-S-7 Subsistence of enlisted personnel
- 2-S-8 Travel, active duty for training, officers
- 2-S-9 Travel, active duty for training, enlisted
- 2-S-10 Retired pay accrual, officers
- 2-S-11 Retired pay accrual, enlisted

2-T Administration and Support

- 2-T-1 Basic pay of officers
- 2-T-2 Other pay and allowances of officers
- 2-T-3 Basic pay of enlisted
- 2-T-4 Other pay and allowances of enlisted
- 2-T-5 Subsistence of enlisted personnel
- 2-T-6 Permanent change of station travel
- 2-T-7 Death gratuities, officers
- 2-T-8 Death gratuities, enlisted
- 2-T-9 Disability and hospitalization benefits, officers
- 2-T-10 Disability and hospitalization benefits, enlisted
- 2-T-11 Reenlistment Bonus
- 2-T-12 Enlistment Bonus
- 2-T-13 Educational Assistance (Other than Montgomery G.I. Bill)
- 2-T-14 Loan Repayment
- 2-T-15 NROTC Nuclear Bonus
- 2-T-16 Affiliation Bonus
- 2-T-17 Individual Ready Reserve Enlistment/Reenlistment Bonus (PS)
- 2-T-18 Individual Ready Reserve Enlistment Program Bonus (NPS)
- 2-T-19 Health Professionals Stipend (SELRES)
- 2-T-20 Health Professionals Stipend (IRR)
- 2-T-21 Health Professionals Loan Repayment

- 2-T-22 Retired Pay accrual, officers
- 2-T-23 Retired Pay accrual, enlisted
- 2-T-24 Adoption Expenses

2-U Education Benefits

- 2-U-1 Officer Personnel
- 2-U-2 Enlisted Personnel

2-A Senior R.O.T.C.

- 2-A-1 Subsistence allowance
- 2-A-2 Uniforms -- issue in kind
- 2-A-3 Uniforms -- commutation
- 2-A-4 Pay and allowance (Summer training camp)
- 2-A-5 Subsistence of reserve officer candidates
- 2-A-6 Travel of reserve officer candidates

2-B Scholarship R.O.T.C.

- 2-B-1 Subsistence allowance
- 2-B-2 Uniforms -- issue in kind
- 2-B-3 Uniforms -- commutation
- 2-B-4 Pay and allowances (Summer training camp)
- 2-B-5 Subsistence of reserve officer candidates
- 2-B-6 Travel of reserve officer candidates

2-C Platoon Leaders' Class or Reserve Officer Candidates

- 2-C-1 Uniforms -- issue in kind
- 2-C-2 Basic pay (Summer training camp)
- 2-C-3 Other pay and allowances (Summer training camp)
- 2-C-4 Subsistence of reserve officer candidates
- 2-C-5 Travel of reserve officer candidates
- 2-C-6 Retired pay accrual

2-D Branch Officer Basic Course

- 2-D-1 Basic pay, active duty for training
- 2-D-2 Other pay and allowances, active duty for training
- 2-D-3 Uniform allowances
- 2-D-4 Travel and per diem
- 2-D-5 Retired pay accrual

2-I Armed Forces Health Professions Scholarship/Financial Assistance Program

- 2-I-1 Stipend
- 2-I-2 Individual clothing and uniform gratuities, officers
- 2-I-3 Basic pay, active duty for training, officers
- 2-I-4 Other pay and allowances, active duty for training, officers
- 2-I-5 Travel, active duty for training, officers
- 2-I-6 Retired pay accrual, officers
- 2-I-7 Financial Assistance Grant

2-G Junior R.O.T.C.

2-G-1 Uniforms -- issue in kind

2-H Chaplain Candidate Program

- 2-H-1 Basic pay, active duty for training
- 2-H-2 Other pay and allowances, active duty for training
- 2-H-3 Uniform allowances
- 2-H-4 Travel
- 2-H-5 Retired pay accrual
- D. Chart of Accounts Budget Activities and Subactivities Definitions/Descriptions are provided on the following pages.
- E. Object Classification The object classifications that follow the Chart of Accounts Budget Activities and Subactivities Definitions/Descriptions shall be the official classifications for use in preparing budget estimates, accounting for budgetary and financial transactions, and in submitting reports on the applicable appropriation accounts.

A. Budget Program

There will be a separate budget program for each Reserve Component of the Department of Defense and for each military service having those programs listed in paragraph 020302 as appropriate.

B. Budget Activities

The budget activities are established to present all of the military type costs associated with a particular type of training within the unit and individual training or other training and support programs. The following descriptions are for the chart of accounts listed in paragraph 020302.

1. Unit and Individual Training

Training, Pay Groups A, B, F and P. The Pay Group activities contained in paragraph 020302 are for costs, including retired pay, accrual associated with the uniform training/pay categories within the National Guard and Reserve Personnel programs as defined in DoD Directive 1215.6, "Uniform Reserve Categories and Training and/or Retirement Categories Within the Reserve Components."

2. Other Training and Support

The activities within this program are defined as follows:

a. Mobilization Training

Costs, including retired pay accrual, associated with the professional development mobilization specialty training. Also included are costs associated with the allowance for annual muster duty as provided by 37 U.S.C. 433.

b. School Training

Include tours of paid active duty for training as students at regular, associate, refresher and technical courses of service schools, area schools, unit schools, officer candidate schools, and other installations that provide training applicable to the individual's assignment. Retired pay accrual costs are included.

c. Special Training

Include all authorized paid active duty for training, other than those covered by pay groups and school training. These include the staff and faculty for schools; special field, fleet and joint exercises; indoctrination training; promoting or policy boards; administrative support of training programs; and tours of not more than 45 days for failure to perform reserve training duty satisfactorily. Retired pay accrual costs are included.

d. Administration and Support

Include the costs, including retired pay accrual, of active duty military personnel authorized to be funded in the Reserve Component personnel appropriations, all death and disability gratuities for officer and enlisted Reserve Component personnel, reserve incentives, and bonus programs.

e. Senior R.O.T.C.

All the military personnel-type costs associated with the Senior Reserve Officers' Training Corps (except the scholarship program) of an armed force, provided for in 10 U.S.C. 2101-2111. Retired pay accrual does <u>not</u> apply to R.O.T.C. personnel.

f. Scholarship R.O.T.C.

All the military personnel costs associated with the financial assistance program for specially selected members of the Senior R.O.T.C. program. This program is intended to offer regular commissions to cadets and midshipmen successfully completing the academic and military requirements of the 4-year program. Authority for the program is contained in 10 U.S.C. 2107. Retired pay accrual does <u>not</u> apply to R.O.T.C. personnel.

g. Platoon Leaders' Class or Reserve Officer Candidates

All military personnel costs, including retired pay accrual, associated with the Marine Corps Reserve or the Naval Reserve. This activity also will include the military personnel costs of other similar types, such as all of the relatively small programs such as the Navy Officer Candidate WAVE College Junior program and the Marine Corps Woman Officers Candidates class.

h. Branch Officers Basic Course

Will include funds, including retired pay accrual, for R.O.T.C. Officers Basic Course of the active components.

i. Armed Forces Health Profession Scholarship and Financial Assistance Program

All the military personnel costs, including retired pay accrual, associated with the financial assistance program to obtain adequate numbers of officers for the active forces who are qualified in various health professions. Qualifications are that the candidate be a citizen of the United States, be accepted for or be enrolled in an accredited institution in a course of study designated for a health profession, and meet moral and physical qualifications for an officer. Such recipients are commissioned as a Second Lieutenant and remain in that grade for the duration of the scholarship program. Authority for the program is contained in 10 U.S.C. 2120-2127. In addition to the stipend, also provides for the annual grant authorized under 10 U.S.C. 2121.

j. Junior R.O.T.C.

All the military personnel costs associated with the Junior R.O.T.C. units at public and private secondary educational institutions provided for in 10 U.S.C. 2031. Retired pay accrual does <u>not</u> apply to J.R.O.T.C. personnel.

k. Chaplain Candidate Program

Includes funds, including retired pay accrual, for the Chaplain Officer Basic Course of the active components.

1. Education Benefits (New G.I. Bill)

Includes funds for payment to the DoD Education Benefits Fund, a trust fund, as prescribed by 10 U.S.C. 2006. The program is governed by 10 U.S.C., Chapter 106 and is budgeted on an accrual basis. Also includes payments for vocational/technical training under the Reserve Compensation G.I. Bill as provided by 10 U.S.C. 2131.

C. Budget Subactivities

The budget subactivities are grouped to present all of the military personnel-type costs for the particular activity. Rather than repeat the same definitions for each activity, the descriptions of the subactivities are shown below by their various titles:

1. Pay and Allowances, Active Duty for Training, Officers

For the pay and allowances of commissioned and warrant officers of the Reserve Components on active duty for training. These include:

a. Basic Pay

For basic compensation, including length of service increments, under the provision of 37 U.S.C. 201 and 203-205.

b. Retired Pay Accrual

For the Department of Defense contribution to its Military Retirement Fund, under the provisions of 10 U.S.C 1466. Retired pay accrual amounts will be precisely the specified percent of basic pay.

c. Incentive Pay for Hazardous Duty

For performance of hazardous duty required by competent authority under the provisions of 37 U.S.C. 301 and 301a.

d. Special Pay

For special pay to officers on duty as physicians, dentists, or veterinarians under the provisions of 37 U.S.C. 302, 302b and 303.

e. Basic Allowance for Quarters, Variable Housing Allowance, and Basic Allowance for Housing

Payable under the provisions of 37 U.S.C. 403 and 403a. Effective January 1, 1998, the Basic Allowance for Quarters and the Variable Housing Allowance were merged to become the Basic Allowance for Housing.

f. Family Separation Allowances

Payable under the provisions of 37 U.S.C. 427.

g. Basic Allowance for Subsistence

Payable under the provisions of 37 U.S.C. 402.

h. Separation Payments

Payments for accumulated annual leave under the provisions of 37 U.S.C. 501.

i. Social Security (FICA Tax) -- Employers' Share

For payment of tax of employer to the Social Security Administration as provided by the Federal Insurance Contributions Act.

2. Pay and Allowances, Active Duty for Training, Enlisted

For the pay and allowances of enlisted personnel of the Reserve Components on active duty for training. These include:

a. Basic Pay

For basic compensation, including length of service increments, under the provision of 37 U.S.C. 203-205.

b. Retired Pay Accrual

For the Department of Defense contribution to its Military Retirement Fund, under the provisions of 10 U.S.C 1466. Retired pay accrual amounts will be precisely the specified percent of basic pay.

c. Incentive Pay for Hazardous Duty

For performance of hazardous duty required by competent authority under the provisions of 37 U.S.C. 301.

d. Special Pay

For pay while on sea and foreign duty and for diving duty pay under the provisions of 37 U.S.C. 304, 305 and 305a.

e. Basic Allowance for Quarters, Variable Housing Allowance and Basic Allowance for Housing

Payable under the provisions of 37 U.S.C. 403 and 403a. Effective January 1, 1998, the Basic Allowance for Quarters and the Variable Housing Allowance were merged to become the Basic Allowance for Housing.

f. Family Separation Allowances

Payable under the provisions of 37 U.S.C. 427.

g. Separation Payments

For accumulated unused annual leave under the provisions of 37 U.S.C. 501.

3. Pay, Inactive Duty Training, Officers

a. Basic Pay

For basic compensation, including length of service increments, under the provisions of 37 U.S.C. 201-203,205, and 206.

b. Retired Pay Accrual

For the Department of Defense contribution to its Military Retirement Fund, under the provisions of 10 U.S.C 1466. Retired pay accrual amounts will be precisely the specified percent of basic pay.

CHART OF ACCOUNTS DEFINITIONS/DESCRIPTION

c. Incentive Pay for Hazardous Duty

For performance of hazardous duty required by competent authority under the provisions of 37 U.S.C. 301.

d. Social Security (FICA Tax) -- Employers' Share

For payment of tax of employer to the Social Security Administration as provided by the Federal Insurance Contributions Act.

4. Pay, Inactive Duty Training, Enlisted

a. Basic Pay

For basic compensation, including length of service increments, under the provisions of 37 U.S.C. 203 and 206.

b. Retired Pay Accrual

For the Department of Defense contribution to its Military Retirement Fund, under the provisions of 10 U.S.C 1466. Retired pay accrual amounts will be precisely the specified percent of basic pay.

c. Incentive Pay for Hazardous Duty

For performance of hazardous duty required by competent authority under the provisions of 37 U.S.C. 301.

d. Social Security (FICA Tax) -- Employers' Share

For payment of tax of employer to the Social Security Administration as provided by the Federal Insurance Contributions Act.

5. Individual Clothing and Uniform Gratuities, Officers

Payments of allowances for the purchase of required uniforms under the provisions of 37 U.S.C. 415-417.

6. Individual Clothing and Uniform Gratuities, Enlisted

For the costs of uniform clothing authorized to be issued in kind to enlisted personnel under the provisions of 37 U.S.C. 418.

7. Subsistence of Enlisted Personnel

For the cost of subsistence issued as rations to enlisted personnel including emergency and operational rations under the provisions of 37 U.S.C. 402.

8. Travel, Active Duty Training, Officers, and Travel, Active Duty for Training, Enlisted

For expenses incident to training travel of Reserve Component officer or enlisted member, individually or as an organized unit. Travel costs include mileage; per diem; transportation by common carrier (rail, bus, air, water including Air Mobility Command and Military Sealift Command); actual and necessary expenses and costs of subsistence while in a travel status; issue of meal tickets; transportation of baggage; port

CHART OF ACCOUNTS DEFINITIONS/DESCRIPTION

handling charges; and expenses incident to movement of any military group traveling under one order from the same point of origin to the same destination.

9. Pay and Allowances of Officers, Enlisted and Permanent Change of Station Travel for Active/Guard and Reserve (AGR)

These subactivities are to provide for the AGR military personnel expenses financed from the Reserve Components personnel appropriations. The descriptions of these subactivities are identical to those shown for the activities with the same titles in section 020202.

10. Death Gratuities, Officers, and Death Gratuities, Enlisted

For the payment of death gratuities to beneficiaries of Reserve Component personnel under the provisions of 10 U.S.C. 1475-1480.

11. Disability and Hospitalization Benefits, Officers, and Disability and Hospitalization Benefits, Enlisted

For payment of disability and hospitalization benefits for Reserve Component personnel, except for costs covered by orders to active duty for training or inactive duty training under the provisions of 37 USC 204 and 206.

12. Reserve Incentives

Provides reenlistment, enlistment, educational, loan repayment, NROTC Nuclear Officer Accession Bonus (NOAB), affiliation bonuses and health professions stipend to qualified individuals.

13. Other

Items that are not accounted for in numbers 1 through 12.

D. Reserve Officer Candidates Program - The subactivities for this activity are as follows:

1. Subsistence Allowance

For the subsistence allowance per month authorized by 37 U.S.C. 209.

2. Uniforms -- Issue in Kind, and Uniforms -- Commutation

For the costs of uniform clothing authorized by 10 U.S.C. 2109-2110.

3. Pay and Allowances (Summer Camp Training)

For the pay and allowances authorized by 37 U.S.C. 209.

4. Subsistence of Reserve Officer Candidates

For the cost of subsistence issued as rations to enlisted personnel including emergency and operational rations authorized by 10 U.S.C. 2109-2110.

5. Travel of Reserve Officer Candidates

For expenses incident to travel authorized by 10 U.S.C. 2109-2110.

CHART OF ACCOUNTS DEFINITIONS/DESCRIPTION

E. Health Professions Scholarship Program - The subactivities for this activity are as follows:

1. Stipend

For the allowances of commissioned officers while attending school under the Armed Forces Health Professions Scholarship Program under the provisions of 10 USC 2120-2122. These include:

- a. Stipend. For the monthly allowance as authorized by 10 U.S.C. 2121.
- b. Social Security (FICA Tax) -- Employers' Share

For payment of tax of employer to the Social Security Administration as provided by the Federal Insurance Contributions Act.

2. Individual Clothing and Uniform Gratuities, Officers

Payments of allowances for the purchase of required uniforms under the provisions of 37 U.S.C. 415-417.

3. Pay and Allowances, Active Duty for Training, Officers

For the pay and allowances of commissioned officers of the Reserve Components on active duty for training.

4. Travel, Active Duty Training, Officers

For expenses incident to travel of Reserve Component officers.

OBJECT CLASSIFICATION RESERVE PERSONNEL APPROPRIATIONS

In addition to the object classifications prescribed in Section 020202, the object classifications prescribed herein shall be the official classifications for use in preparing budget estimates, accounting for budgetary and financial transactions, and in submitting reports on the applicable appropriation accounts:

Object Class

| Disability and Hospitalization Benefits (See the various components of this pay, i.e. basic pay, BAH, BAS, etc.) | - |
|--|------|
| Education Benefits (Montgomery G.I. Bill) | 12.2 |
| Financial Assistance Grant | 41.0 |
| Inactive Duty Pay (Exclusive of Incentive and Special Pays) | 11.7 |
| Reserve Incentives (Reenlistments, Enlistment, and Educational Bonuses) | 12.2 |
| Stipend (Health Professions Scholarship Program) | 11.7 |
| Subsistence Allowance (ROTC, PLC, Etc.) | 11.7 |
| Uniform. Commutations | 26.0 |

020303 Budget Estimates Submission

- A. This section prescribes the justification materials required for the Reserve Components' Military Personnel appropriations to support budget estimates. Fund requirements for these appropriations will be presented using those budget and accounting classifications set forth in Section 020302.
- B. Exhibits in Support of Budget Estimates The following justification exhibits will be prepared and submitted in support of budget estimates submission for the OSD/OMB budget review (usually September 15). These exhibits will be organized by Service military personnel account. Examples of the required exhibits are provided in Section 020602 and 020603. The required justification material will be organized in a single unclassified volume with the unclassified data displayed in the sequence shown below:

Table of Contents

Section 1 - Summary of Requirements by Budget Program (PB-30A)

Section 2 - Introduction (The statement should provide the highlights of the budget submission and a general discussion of the relationship of the resources requested to the proposed military strength program. This should include a discussion of the military strength characteristics in terms of gains and losses, and promotion and assignment policies. It also should address strength changes in programmatic terms such as force structure and other matters of an overall nature as considered appropriate by the Service.)

Section 3 - Summary Tables (examples provided Section 020602/3)

- Personnel Summaries (PB-30G, PB-30H, PB-30I, PB-30F)
- Summary of Entitlements by Subactivity (PB-30J)
- Analysis of Appropriation Changes and Supplemental Requirements (PB-30K)
- Summary of Basic Pay and Retired Pay Accrual Costs (Reserve Components Only) (PB-30L)
- Summary of Basic Allowance for Housing (BAH) Costs (Reserve Components Only) (PB-30M)
- Summary of Travel Costs (Reserve Components Only) (PB-30N)
- Schedule of Increases and Decreases (PB-300)

Section 4 - Detail of Reserve Personnel Entitlements

Justification materials will be provided in support of entitlements for each of the following applicable Reserve Component activities:

Training - Pay Group A

Training - Pay Group B

Training - Pay Group F

Training - Pay Group P

Mobilization Training

School Training

Special Training

Administration and Support

- AGR/TAR Personnel
- Death and disability gratuities

Education Benefits
Senior ROTC
Scholarship ROTC
Platoon Leaders Class
Reserve Officer Candidates
Branch Officers Basic Course

Reserve incentives and bonuses

Health Professions Scholarship

Junior ROTC

Chaplain Candidate Program

Justification material for each activity will contain a purpose and scope section, a schedule of increases and decreases (PB-30P), as well as data in support of the funds requested. Generally, this data will include appropriate narrative comments relative to program/pricing as well as supporting computational data. For each subactivity/entitlement, include an explanation to justify the requested change. The explanation should be specific with regard to what the increases will provide for, i.e., statutory change, program enhancements, solving deficiencies, etc. and should also explain decreases programmatically. Also provide a general explanation for each type of entitlement. Data should be shown for the prior year (PY), current year (CY), and budget years (BY1 and BY2). School, Special and Mobilization Training data will be grouped by similar types of training and will be fully explained and justified. At the end of each section for School, Special and Mobilization Training provide a total that summarizes the training categories. Within the Administration and Support subactivity, subtotals are required for AGR/TAR personnel and for total incentives and bonuses. See Section 020603 for format.

Section 5 - Special Analyses (examples provided in Section 020602 and 020603)

- Reimbursable Programs (PB-30R)
- Reserve Officer Candidates (ROTC Enrollment) (PB-30S)
- Reserve Officer Candidates (ROTC Program) (PB-30T)
- Reserve Officer Candidates (PB-30U)
- Selective Reenlistment Bonuses (PB-30V) Use this form for other applicable bonus programs.
- Full-Time Support Personnel (PB-30W)
- C. Justification material for each subactivity will contain a purpose and scope section as well as a justification of funds requested. The requirements for each entitlement under each military personnel category will be justified on a gross basis to include total obligations for both direct and reimbursable personnel. For each subactivity/entitlement, include an explanation to justify the requested change. The explanation should be specific with regard to what the increases will provide for, i.e., statutory, program enhancements, solving deficiencies, etc. and should also explain decreases programmatically. Also provide a general explanation for each type of entitlement. The computation for each entitlement will display data for the prior year (PY), current year (CY), and both budget years (BY1 and BY2).
- D. The following exhibits will be provided in a separate backup justification book in support of the budget estimate. Examples of these exhibits are provided in Section 020603:
 - MPR-1 Initial Active Duty for Training Program
 - MPR-2 Additional Training Assemblies
 - MPR-3 Reconciliation of Fund Changes with Prior Year

- MPR-4 Education Benefits (Title 10 USC, Chapter 106)
- MPR-5 Retired Pay Accrual Costs
- MPR-6 Active/Guard Reserve (AGR)/TAR Costs
 - E. Chapter 1, Section 010302, identifies required copies of the above material.

020304 Congressional Justification/Presentation

- A. Justification books will be organized by Service military personnel account.
- B. Justification Book, and other exhibit requirements in support of the congressional submission are identical to those shown in Section 020302 and 020303, Budget Estimate Submission.
- C. M-1 Exhibit. Section 8104 of the FY 1998 DoD Appropriations Act (P.L. 105-56) requires the submission of an M-1 exhibit in support of the FY 1999 President's budget. The OUSD(Comptroller) Operations and Personnel Directorate will prepare and submit the required exhibit using the budget justification material.

0204 DOD MILITARY PERSONNEL RETIREMENT REQUIREMENTS

020401 Uniform Budget and Fiscal Accounting Classifications

- A. This Section prescribes the budget and fiscal accounting classifications for the Military Retirement Fund for uniform application by the Military Departments and the Office of the Secretary of Defense, pursuant to the provisions of 10 USC 1461-1467.
- B. The objective is to establish the basis for uniform budget presentations and a standard budget and fiscal accounting classification which shall be used on a uniform basis for military retired pay throughout the Department of Defense in submitting budget estimates and in accounting and reporting on the status of funds under this Trust Fund as required by the FMR Volume 4 and DoD Instruction 7720.20, "Status of Funds and Other Data for Retired Pay."
- C. The budget and accounting classification prescribed herein shall be the official classification for use in preparing budget estimates, accounting for budgetary and financial transactions, and in submitting reports on the applicable accounts. Individual budget activity and subactivity accounts shall be established as required for the accounts listed in paragraph E below. Variations in the activity and subactivity classification and titles shall not be made except that additional accounts consistent with this budget and accounting classification may be established in order to meet administrative requirements of the various elements of the Military Departments. The scope of each account is described in later in this section.
- D. Symbol numbers shall be assigned to each of the budget activities and subactivities listed below in the same manner and in the same sequence as will be consistent with the fiscal codes for all appropriations and funds, as published in the respective Military Department fiscal code manuals.
- E. The chart of accounts represents a summary of the accounting and reporting structure under the Military Retirement Fund arranged in the order and in the detail for which reporting in accordance with DoD 7000.14R, Financial Management Regulation is required.

Budget Activity and Subactivity

1. Nondisability

- 1-A Regular Officers
- 1-B Regular Enlisted
- 1-C Nonregular Officers
- 1-D Nonregular Enlisted

2. Temporary Disability

- 2-A Regular Officers
- 2-B Regular Enlisted
- 2-C Nonregular Officers
- 2-D Nonregular Enlisted

3. Permanent Disability

- 3-A Regular Officers
- 3-B Regular Enlisted
- 3-C Nonregular Officers
- 3-D Nonregular Enlisted

- 4. Fleet Reserve
- 4-A Regular Enlisted
- 4-B Nonregular Enlisted
- 5. Survivors' Benefits
- 5-A Old Plan (RSFPP)
- 5-B New Plan (SBP)
- 5-C Guaranteed Minimum Income
- 5-D DIC Supplemental Payments

CHART OF ACCOUNTS DEFINITIONS/DESCRIPTIONS

- A. <u>Budget Activities</u>. The budget activities are established to present the retirement benefits associated with a particular type of retirement. The following descriptions are for the chart of accounts as listed above.
 - 1. Nondisability retirements, under applicable statutes, are given on the following basis:
 - a. Voluntarily on or after completion of the required length of service.
 - b. Involuntarily because of attainment of statutory age or completion of the maximum length of service authorized by law for the several grades.
 - c. Automatically upon completion of 30 years of combined active service and service in the Fleet Reserve.
 - 2. <u>Temporary Disability</u> retirements, under Title IV of the Career Compensation Act of 1949 (10 USC 1201-1221), are given on the following basis:
 - A. Interim classification in cases where there is doubt as to the degree or permanence of disability. Persons on temporary disability rolls are given periodic physical examinations at least once every 18 months and may be:
 - 1) Restored to active duty.
 - 2) Separated from the service with severance pay.
 - 3) Transferred to permanent disability retired list.
 - 4) Continued on temporary list for another 18-month period.
 - B. Final determination is required within five years of initial classification and temporary disability retirement.
 - 3. <u>Permanent Disability</u> retirements, under Title IV of the Career Compensation Act of 1949 (10 USC 1201-1221), are given when:
 - a. There is no doubt as to the degree or permanence of the disability at the time of initial retirement.
 - b. By periodic examination of temporary disability and Fleet Reserve rolls, it is determined that permanent disability exists.
 - 4. <u>Fleet Reserve</u> status, under Title II of the Naval Reserve Act of 1938, as amended (10 USC 6330, 6331), is given when:

Enlisted personnel of the Navy and Marine Corps having 20 but less than 30 years' service may be transferred to the inactive Fleet Reserve with retainer pay at rates prescribed by law. They remain in the Fleet Reserve until their status is changed by reason of:

- a. Completion of 30 years' service.
- b. Recall to active duty.
- c. Physical unfitness for further military service.
- d. Death.

CHART OF ACCOUNTS DEFINITIONS/DESCRIPTIONS

- 5. <u>Survivors' Benefits</u> payments, under the old Retired Serviceman's Family Protection Plan, and the new Survivor Benefit Plan, are provided on the following basis:
- a. Two of the benefits are contributory: the old Serviceman's Family Protection Plan and the new Survivor Benefit Plan (SBP). Under both of the contributory benefits, a member of the uniformed services may elect to receive a reduced amount of any retired pay that may be awarded him/her in order to provide one or more annuities to his/her survivors, as specified by law. The basic options include the choice of annuities to provide for (1) surviving spouse, (2) surviving children, (3) surviving family, including both spouse and children, or (4) other persons with insurable interest (under the new plan only).
- b. The other two benefits are noncontributory, both the Guaranteed Minimum Income and the Dependency and Indemnity Compensation (DIC) Supplemental Payments. The Guaranteed Minimum Income has a special provision benefiting women who are <u>now</u> widows of deceased members of the Uniformed Services who were receiving, or were entitled to receive, retired pay. The provision guarantees these widow's annual incomes will not fall below a certain amount. The DIC Supplemental Payments provide supplemental payments to widows of retirement-eligible members who die on active duty if DIC payments (by VA) are less than the maximum payments the widow would have received if the member had been retired. SBP payments covering the difference between the two will be paid.
- B. <u>Budget Subactivities</u>. The budget subactivities are established to show the retirement benefits associated with a particular personnel classification. Subactivities for Regular Officers, Regular Enlisted, Nonregular Officers, and Nonregular Enlisted are used for Budget Activities 1, 2 and 3; Budget Activity 4 has only the two enlisted classifications; and Budget Activity 5 now has four subactivities showing survivors covered under (1) the Old Plan (RSFPP), (2) the New Plan (SBP), (3) Guaranteed Minimum Income (to current widows), and (4) DIC Supplemental Payments (to future widows).

0205 DOD MILITARY PERSONNEL - CIVIL FUNCTIONS

020501 Purpose

This Section prescribes the justification material required for the Military Personnel civil function trust fund accounts.

020502 Military Retirement Fund/Education Benefits Fund

- A. Appropriate exhibits and schedules will be prepared by OUSD(C) P/B, Operations and Personnel Directorate unless specified otherwise in the annual OUSD(C) guidance memorandum.
- B. Unless otherwise specified, exhibit requirements will only include the Program and Financing Schedule and a Status of Fund for the Military Retirement Fund and the Education Benefit Fund.

0206 MILITARY PERSONNEL APPROPRIATION SUBMISSION FORMATS

020601 Purpose

The formats provided on the following pages reflect guidance presented in previous sections of this chapter. Unless modified in a submission budget call, these formats should be adhered to.

INSTRUCTIONS FOR COMPLETION OF EXHIBIT ANALYSIS OF APPROPRIATION CHANGES AND SUPPLEMENTAL REQUIREMENTS

FY 19CY President's Budget - Show costs as included in the original FY 19CY President's Budget. The total of all such costs should equal the FY 19CY appropriation request.

Congressional Action - Show the delta(s) associated with final congressional action on the FY 19CY appropriation request.

Appropriation - Show the final funding level appropriated by Congress for the FYCY. This value should tie explicitly by budget activity and total to the values reported on the DD 1414 Base for Reprogramming.

appropriation column of this exhibit with the FY 19CY column of the FY 20BY1/BY2 President's budget exclusive of pay raise and other price/program changes described below. To the extent that such adjustments result in an asset that is available for application against either the pay raise or program supplemental, such Internal Realignment/Reprogramming - Include those adjustments, exclusive of pay raise absorption, which are necessary to align the amounts shown in the costs should be displayed as a negative total for this column.

should be equal to amounts as shown as internal realignments/reprogrammings. This amount should also be equal to FY 19CY column of the FY 20BY1/BY2 Subtotal - Amounts shown in this column should exclude any costs associated with either the pay raise or other price/program changes described below; and President's budget, less all pay raise and other price changes.

extent that realignments/reprogramming adjustments result in the availability of assets to be applied against the pay raise, such assets should be included on the Pay Increase Costs - Show the full costs of the FY 19CY military pay raise. Total direct obligations should agree with the full costs of the pay raise. To the line "Amounts Applied to Finance Increased Costs."

"Appropriation" column, appropriation transfers, etc. To the extent realignments or reprogramming adjustments result in the availability of funds to offset these Other Price/Program Changes - Amounts shown in this column would include inflation and related cost increases, supplemental legislation not included in the inflation costs, such amounts should be included on the line, "Amounts Applied to Finance Increased Costs." FY 19CY Column of FY 20BY1/BY2 President's Budget - Show amounts as included in the FY 19CY President's Budget. These amounts should be equal to the sum of the amounts shown in the preceding three columns.

reprogramming. Such explanation should not be included as part of this exhibit, but rather should be submitted separately to the OUSD(C) (P/B) An explanation should be provided for each adjustment in excess of one million dollars included in the column showing realignments and Operations and Personnel Directorate, Room 3D868, Pentagon. NOTE:

A similar exhibit must be prepared for enlistment bonuses and other incentive/bonuses not covered by other formats (i.e., Active bonuses exceeding \$5,000 and Reserve component incentives and bonuses addressed in the Administration and Support subactivity).

This exhibit should be incorporated into the detailed justification material within the appropriate subactivity detail (i.e., Active within BA 2, Pay and Allowances of Enlisted, and Reserve component within BA 2, Administration and Support subactivity)

Additional columns must be shown for FY 20BY2+1 thru FY 20BY2+4 so that outvear payment stream of bonus contracts granted in FY 19PY thru FY 20BY2 is shown.

Exhibit PB-30V Incentive/Bonus Payment Stream (Active & Reserve) $(Page\ 1\ of\ 2)$

Prior obligations are only anniversary payments associated with contracts entered into during preceding years. -: 2, 8, 4, 2, NOTE:

- Number of bonus recipients (initial or anniversary payments) must be entered in any year funds are entered.
 Add additional BY columns as required for the total bonus contract period.
 Initial payments are not to be shown in the outyears.
 Accelerated payments are the remainder of entitlements due to enlisted personnel when separating early (not due to voluntary reasons or misconduct) and for advance payments related to financial hardship.

DEPENDENTS, HOUSING AND BAH ESTIMATES

FY 19 (2)

Exhibit MP-2 Dependents, Housing and BAH Estimates (Page 1 of 2)

INSTRUCTIONS FOR COMPLETION OF EXHIBIT MP-2

- 1. Enter Army, Navy, Marine Corps, or Air Force, as applicable.
- 2. Enter the appropriate fiscal year. Data should be shown for PY, CY, BY1, and BY2.
- Data should be provided for each officer and enlisted grade. Appropriate subtotals should be shown for officers and enlisted. ä
- Exclude from "receiving BAH" those personnel occupying inadequate quarters and receiving BAH at the reduced rate.

4.

- Enter the total number of survivors of officer and enlisted personnel entitled to BAH or family housing under the provisions of P.L. 99-227. Data should be provided in a separate memo entry for officer and enlisted personnel. Ś
- Enter the total number of personnel with dependents occupying adequate and inadequate quarters. 9
- Enter the number of personnel with dependents occupying units of other Service or agencies. ۲.
- Enter the number of personnel, military and civilian, occupying family housing units who are members of another Service or agency. ∞
- 9. Enter the number of inactive family housing units.
- 10. Enter the number of unoccupied family housing units.
- Enter the total number of owned, leased, and contracted units. This should be equal to the sum of (6) through (10) and agree with family housing data provided in support of the Family Housing account. Ξ

the funds requested. Show average number of drills for the budget years (BY1 and BY2). <u>ج</u>ا

NOTE: Data is required for direct and reimbursable funded end strength. End strength data must agree with the end strength data submitted to support the Five Year Defense Plan (FYDP). Averages are computed by doubling the end strengths of the first 11 months of the fiscal year, adding the last month strengths of the previous year and the year under consideration, and dividing the total by 24.

INSTRUCTIONS FOR COMPLETION OF EXHIBIT ANALYSIS OF APPROPRIATION CHANGES AND SUPPLEMENTAL REQUIREMENTS

FY 19CY President's Budget - Show costs as included in the original FY 19CY President's Budget. The total of all such costs should equal the FY 19CY appropriation request.

Congressional Action - Show the delta(s) associated with final congressional action on the FY 19CY appropriation request.

Appropriation - Show the final funding level appropriated by Congress for the FYCY. This value should tie explicitly by budget activity and total to the values reported on the DD 1414 Base for Reprogramming.

described below. To the extent that such adjustments result in an asset that is available for application against either the pay raise or program supplemental, such Internal Realignment/Reprogramming - Include those adjustments, exclusive of pay raise absorption, which are necessary to align the amounts shown in the appropriation column of this exhibit with the FY 19CY column of the FY 20BY President's budget exclusive of pay raise and other price/program changes costs should be displayed as a negative total for this column.

should be equal to amounts as shown as internal realignments/reprogramings. This amount should also be equal to FY 19CY column of the FY 20BY1/BY2 Subtotal - Amounts shown in this column should exclude any costs associated with either the pay raise or other price/program changes described below; and President's budget, less all pay raise and other price changes.

extent that realignments/reprogramming adjustments result in the availability of assets to be applied against the pay raise, such assets should be included on the Pay Increase Costs - Show the full costs of the FY 19CY military pay raise. Total direct obligations should agree with the full costs of the pay raise. To the line "Amounts Applied to Finance Increased Costs."

"Appropriation" column, appropriation transfers, etc. To the extent realignments or reprogramming adjustments result in the availability of funds to offset these Other Price/Program Changes - Amounts shown in this column would include inflation and related cost increases, supplemental legislation not included in the inflation costs, such amounts should be included on the line, "Amounts Applied to Finance Increased Costs." FY 19CY Column of FY 20BY1/BY2 President's Budget - Show amounts as included in the FY 19CY President's Budget. These amounts should be equal to the sum of the amounts shown in the preceding three columns.

reprogramming. Such explanation should not be included as part of this exhibit, but rather should be submitted separately to the OUSD(C) (P/B) An explanation should be provided for each adjustment in excess of one million dollars included in the column showing realignments and Operations and Personnel Directorate, Room 3D868, Pentagon. NOTE:

Instructions for the Completion of Exhibit MPR-1

- Separate exhibits should be prepared for the Prior Year (PY), Current Year (CY), Biennial Year 1 (BY1), and Biennial Year 2 (BY2).
- Prior Year or Current Year Exhibits, as appropriate, should be footnoted to indicate the month through which actual data is shown.
- If separate exhibits are prepared for male, female, etc. for any year, an additional exhibit which summarizes and combines the data from these separate exhibits will also be prepared for that year. ÷
- where actual data is shown should be included in the loss column(s). The exhibit should be footnoted to indicate that such Accounting adjustments necessary to allow begin strength plus gains less losses to equal end strength for those months an adjustment is included in the loss column and the amount of the adjustment for that fiscal year. 4.
- with monthly strengths for Training Categories/Pay Groups "P" and "F", respectively, as shown in the Services' justification Monthly strengths shown for personnel "awaiting IADT" in a "P" status and "in IADT End of Month ("F" status) will agree Ś.
- Average number of trainees will be determined by dividing the average strength by the result of the average length of IADT in days divided by 360 days, i.e.: 9

Average Strength

FY 19CY Direct Program

NOTE: This schedule will separately include pricing and principal program changes and other actions resulting in increases or decreases between the prior year and the current year. Show increases and decreases at the Total Direct Program (appropriation) level. Changes resulting from pay raises, changes to the retired pay accrual NCP, manpower levels, etc., should be separately identified and each programmatic increase and decrease should be followed by a narrative statement explaining the change. Narrative associated with pricing changes should identify applicable rates and effective dates. Changes due to pay raise, inflation, force structure, etc., should not be grouped together by subactivity. Separate identification is required. When program changes are end strength related show the associated average strength changes.

FY 19CY Direct Program

1/ Provide for each subactivity and show the full subactivity title, e.g., Pay Group A, Pay Group F, etc.

NOTE: This schedule will include principal program changes and other actions resulting in increases or decreases between the prior year and the current year. Show increases and decreases for <u>each</u> of the subactivities included in the Reserve/Guard Personnel. Changes resulting from pay raises, changes to the retired pay NCP, manpower levels, etc., should be separately identified and each programmatic increase and decrease should be followed by a narrative statement explaining the change. Narrative associated with pricing changes should identify applicable rates and effective dates. Changes due to pay raise, inflation, force structure, etc., should not be grouped together by subactivity. Separate identification is required. When program changes are end strength related show the associated average strength changes.

★July 1998

OPERATION AND MAINTENANCE APPROPRIATIONS

0301 GENERAL

030101 Purpose

- A. This Chapter covers the budget formulation and congressional justification requirements for operation and maintenance appropriations.
 - B. The following appropriations and accounts are covered:

Section 030201

- Operation and Maintenance, Army
- Operation and Maintenance, Army Reserve
- Operation and Maintenance, Army National Guard
- Operation and Maintenance, Navy
- Operation and Maintenance Navy Reserve
- Operation and Maintenance, Marine Corps
- Operation and Maintenance, Marine Corps Reserve
- Operation and Maintenance, Air Force
- Operation and Maintenance, Air Force Reserve
- Operation and Maintenance, Air National Guard
- Operation and Maintenance, Defense-Wide
- Office of the Inspector General
- Defense Health Program
- Former Soviet Union Threat Reduction
- Overseas Contingency Fund
- Overseas Humanitarian, Disaster, and Civic Aid
- Support of International Sporting Competition, Defense

030202

United States Court of Military Appeals for the Armed Forces

030203

Civil Functions

030102 Submission Requirements

General guidance with regard to submission requirements is presented in Chapter 1. Chapter 3 covers specific back-up material requirements for the above accounts. The Components should also consult all of the other chapters for exhibit requirements for the above appropriations/accounts that are not specifically addressed in this chapter including Chapter 19 - Other Special Analyses.

030103 Preparation of Material

General guidance with regard to format and preparation of material is presented in Chapter 1. Chapters 8 (Real Property Maintenance/Minor Construction), 12 (Defense Health Program), and 19 provide additional specific guidance with regard to the back-up material required in this section of the manual.

030104 References

Section 010212 provides policies and definitions concerning costs that are to be financed by the O&M appropriations as opposed to other appropriations in the Research, Development, Test and Evaluation (RDT&E) area. Section 010201 provides policies and definitions regarding the application of expenses and investment criteria for budgetary purposes.

BUDGET ESTIMATES SUBMISSION

030201 Operations Accounts

0302

- A. <u>Purpose</u>. This Section prescribes justification materials required to support the budget estimates for the following operations accounts.
 - Operation and Maintenance, Army; Army Reserve; and Army National Guard
 - Operation and Maintenance, Navy and Navy Reserve
 - Operation and Maintenance, Marine Corps and Marine Corps Reserve
 - Operation and Maintenance, Air Force; Air Force Reserve; and Air National Guard
 - Operation and Maintenance, Defense-Wide
 - Office of the Inspector General
 - Defense Health Program
 - Former Soviet Union Threat Reduction
 - Support for International Sporting Competitions, Defense
 - U.S. Court of Appeals for the Armed Forces
- B. <u>Submission Requirements</u>. All Operation and Maintenance appropriations are required to submit the back-up exhibits listed in the following table, if appropriate. Examples of these exhibits, along with instructions for their preparation, are provided in Section 0304. The Components should also consult all of the other chapters for exhibit requirements which are not specifically addressed in this chapter including Chapter 19 Other Special Analyses.

^{*} Also required to be submitted by applicable RDT&E, Military Construction, Family Housing, Defense Working Capital Fund, etc., accounts.

^{**} Include BY2 on this exhibit as information is required for the public law.

- C. <u>Preparation of Material</u>. The following instructions pertain to the back-up material required by this Section.
- 1. The information will cover the prior year (PY), current year (CY), biennial budget year 1 (BY1), and biennial budget year 2 (BY2), unless otherwise indicated.
 - 2. Operation and Maintenance data will be submitted in terms of obligations.
- 3. Additional data may be provided by expanding the prescribed formats and exhibits, or by cross-referencing to additional exhibits, where prescribed material is considered inadequate to justify requested programs or estimates. No prescribed material may be omitted unless inapplicable or unless the omission is specifically approved by the OUSD(C) P/B. The inapplicable stubs and column headings may be omitted but will not be redesignated when completing standard exhibits.
- 4. The purpose of the back-up exhibits is to describe the program and justify the estimates. If the data collection systems or management systems utilized provide for cost accounts or program units or workload indicators different from those specified in this section, Components should request OUSD(C) P/B to change the provisions of this regulation.
- 5. The use of annex exhibits to reduce bulk is encouraged providing the required material is fully covered and presented in a logical manner. Machine printouts of required data will be accepted but should be designed to minimize bulk. Narrative data related to machine printouts should be assembled with the most appropriate page of the printout in a consistent manner.

D. OMB Circular No. A-11.

The Components must submit any additional exhibits required by OMB Circular No. A-11. Consult OMB Circular No. A-11 for instructions pertaining to the completion of the required exhibits.

E. Real Property Maintenance and Minor Construction.

All Components (i.e., Active Forces, Defense-Wide, National Guard and Reserve Forces) shall submit justification data and exhibits to support budget estimates for real property maintenance and minor construction, in a separate bound attachment, as prescribed in Chapter 8. Two additional copies of this attachment will be delivered to: Director for Military Construction, OUSD(C) P/B, Room 3D840, Pentagon, on the same date as all other submissions required under this chapter. Examples of these exhibits, along with instructions for their preparation, are provided in Chapter 8. Additionally, each Component must ensure that the OP-5 (Part 2) attachment 5 (Real Property Maintenance and Minor Construction) in Section 030402 of this regulation is submitted to the Military Construction Directorate (Room 3D840).

- OP-27 Real Property Maintenance Activities (Each O&M Appropriation)
- OP-27P Real Property Maintenance and Minor Construction Projects (All Appropriations Projects Costing More than \$500,000)
- OP-28 Summary of Major Repair Projects (Each O&M Appropriation)
- F. Copies of back-up material in support of budget estimates will be submitted as identified in Section 010302. Two additional copies of the OP-5 exhibits for Information Security Programs will be delivered to Director for Military Construction, OUSD(C) P/B, Rm 3D840, Pentagon, on the same date as all other submissions required under this Chapter.

G. Automated Submissions.

1. Automated submissions are required for the following exhibits for both the OSD/OMB Budget Estimate Submission and the President's budget request:

OP-8 Civilian Personnel Costs
OP-26 POL Consumption and Costs
OP-32 Price and Program Growth

All questions about the automated submission should be referred to:

OUSD(C), Operations and Personnel Directorate Attn. O&M Production Assistant 1100 Defense, Pentagon, Room 3D868 Washington, D.C., 20301-1100 Telephone (703) 697-3101, Ext 18

- 2. In addition to the appropriations and accounts listed in Section 030201, an OP-32, Price and Program Growth, Exhibit for <u>both</u> the OSD/OMB submission and the President's budget request will be submitted for the following appropriations and accounts:
 - Environmental Restoration, Army
 - Environmental Restoration, Navy
 - Environmental Restoration, Air Force
 - Environmental Restoration, Defense
 - Environmental Restoration, Formerly Used Sites
 - Defense Against Weapons of Mass Destruction
 - Emergency Response Fund, Defense
 - OPPLAN 34 A-35 P.O.W.
 - Overseas Contingency Operations Transfer Fund, Defense
 - Special Olympics World Games
 - Quality of Life Enhancements, Defense
- 3. The automated data should be generated by the *Comptroller* computer software provided by downloading it from the Internet Website. If this cannot be done, alternative arrangements must be made beforehand. The data may be entered into the software manually or imported from an external file. Directions for its use, as well as the information presented here, are included in the software.
- 4. When *importing* external data, it must conform to prescribed criteria. The precise format of the data varies between the exhibits. Specific information is provided in the software. For ASCII data files, the following general guidelines apply:

Negative entries should be identified with a minus sign adjacent to the left most digit.

Data entered will be right justified within the data field.

No commas in numbers over 999.

Zero padding is unnecessary.

Records that have all zero data fields are unnecessary.

- 5. The submitted data must be either delivered on a standard, DOS-formatted diskette (3.5" or 5.25") or mailed electronically. If delivered on a diskette, the diskette must identify the office of origin and the name and telephone number for who is capable of answering questions about the automated submission.
- 6. The software provides reports, which duplicate the related exhibits, as well as other reports. The responsible personnel must review and compare the automated data against the submitted official paper copy

★July 1998

exhibits and make corrections and adjustments prior to submitting the data to the Comptroller POC. THE REPORTS GENERATED BY THE SOFTWARE MUST MATCH THE SUBMITTED OFFICIAL PAPER COPY SUBMISSION EXHIBITS. Any deviations must be approved in advance. Data with deviations that is submitted without prior approval will be returned to the responsible personnel to be corrected and resubmitted.

7. Identification codes are provided in the software. Any new codes, which are required, will be assigned by the Director for Operations and Personnel, OUSD(C) upon request.

030202 U.S. Court of Military Appeals for the Armed Forces

A. <u>Purpose</u>. This Chapter prescribes budget justification backup requirements for the appropriation "United States Court of Appeals for the Armed Forces."

B. Submission Requirements.

- 1. See Chapter 1 for general guidance concerning submission requirements. Submit separate exhibits for each of the following:
 - <u>Appropriation Language</u>. Submit justification for proposed changes.
 - <u>Purpose and Scope</u>. Describe the missions and functions of the Court of Military Appeals.
 - Summary of Obligations by Object Classification.
- <u>Summary of Personnel by Grades</u>. Show the number of civilian positions in each grade, the number of statutory positions, total permanent positions, lapse, and workyears.
 - Summary of Price and Program Changes.
- <u>Explanation of Estimate</u>. Explain changes in costs and provide a statement of case workload and opinions rendered.
- Also include applicable exhibits required by Section 030201 and any of the other chapters of this regulation including Chapter 19 Other Special Analyses.
 - 2. Chapter 1 identifies copies of the above material required.

030203 Civil Functions-Operation and Maintenance

A. <u>Purpose</u>. This Chapter prescribes budget justification backup requirements for the civil functions appropriations.

B. <u>Cemeterial Expenses (Department of the Army)</u>.

- 1. See Chapter 1 for general guidance concerning submission requirements. Submit separate exhibits for each of the following. All data will be provided for the past, current, biennial budget year 1, and biennial budget year 2 fiscal years.
 - Appropriation Language. Submit justification for proposed changes.
- <u>Multiyear Financial Plans</u>. Show budget authority and outlays by budget project and in total for the past, current, biennial budget year 1, and biennial budget year 2 fiscal years and for four subsequent fiscal years. Also show planned end-of-year employment (permanent positions and other positions) by budget project and in total for the same years.

- Analysis of Budget Authority (BA) and Outlays. Show BA and outlays by budget project and in total. Also show the difference between the biennial budget year 1 and the current year and the outlays in the biennial budget year 1 resulting from BA in the biennial budget year 1. Also show the difference between the biennial budget year 2 and the biennial budget year 1 and the outlays in the biennial budget year 2 resulting from BA in the biennial budget year 2.
- <u>Program and Performance</u>. Describe the major workload considerations and activity factors on which the estimates for each budget project have been based.
 - Summary of Obligations by Object Classification.
- <u>Statement Relating Past Year, Current Year, Biennial Budget Year 1, and Biennial Budget</u>

 Year 2 Programs. List the increases and decreases necessary to reconcile the obligations incurred in each year with an analysis by budget project showing the obligations for each year and the related increases and decreases between each year.
- <u>Project 0861 Operation and Maintenance</u>. Provide narrative justification and amounts for each project classification within the project. Separately identify yearend employment and workyears for supervisory, interment and maintenance categories.
- <u>Project 0864 Administration</u>. Provide narrative justification and amounts for each object classification within the project. Separately identify year end employment and workyear for National Cemetery activities, headstone activities, and administrative services and staff planning.
 - Project 0865 Special Construction, Arlington National Cemetery.
- a. Provide amounts by each object classification within the project. Separately identify yearend employment and workyears.
- b. List and provide a narrative justification and amount for each planned construction or development project.
 - Report of Motor Vehicle Data. Provide the following summary:
 - a. Fleet as of October 1.
 - b. Acquisitions:
 - (1) New orders placed
 - (2) By forfeiture
 - (3) By transfer
 - c. Number disposed of (deduct):
 - (1) Disposals accomplished (carryover)
 - (2) Disposals accomplished (newly scheduled)
 - d. Vehicles replaced (newly scheduled).
 - e. Active fleet, September 30 (a + b + c).
 - f. Vehicles unused on a term basis (add).
 - g. Total vehicles available full-time (e + f).

- h. Obligations for vehicles ordered.
- <u>Personnel Justification</u>. Submit Exhibit OP-8, which is described in Section 030201 and an example of which is found in Section 0304
 - 2. Chapter 1 identifies copies required of the above material.
 - C. Wildlife Conservation, Etc., Military Reservations.
- 1. In addition to the Program and Financing Schedule and Personnel Summary, submit an Exhibit OP-5 prescribed in Section 030201 and an example of which is provided in Section 0304.
 - 2. Chapter 1 identifies copies required of the above material.

CONGRESSIONAL JUSTIFICATION/PRESENTATION

030301 Purpose

0303

This Section presents the justification book organization and the exhibit requirements for submission to Congress. Examples of budget exhibits can be found in Section 0304.

030302 Organization of Justification Books

- A. Justification Books will be organized into separate books for each appropriation. The only exceptions to organizing justification books into separate books for each appropriation are for the United States Court of Military Appeals for the Armed Forces, Office of the Inspector General, and the Environmental Restoration appropriations. These should be included in the same book as the Defense-Wide. The Defense Health Program (DHP) will be a separate justification book. The procurement and RDT&E DHP budget activities will follow the organization prescribed for the procurement and RDT&E appropriations in Chapters 4 and 5, respectively.
- B. Justification books for the Active Component of each Military Service should be organized into two volumes (in separate books) as follows:
 - Volume I "Justification of Estimates for Fiscal Years BY1 and BY2"

Volume II - "Data Book"

Reserve and National Guard Components should combine the above volumes into one book for each Component.

- C. The justification books for the Operation and Maintenance, Defense-Wide appropriation will include a classified volume in addition to the two volumes required for the active components.
- D. Volume I Justification of O&M Estimates for Fiscal Years BY1 and BY2. The Operation and Maintenance (O&M) Justification Books will be submitted on an operations basis to include active military force personnel strength, Reserve and National Guard personnel strength, and civilian personnel. (Related dollars financed from the active and Reserve military personnel appropriations, however, should not be included.) The content and arrangement of exhibits for the operations accounts are indicated at the end of this section. Applicable exhibits for the Reserve and Guard Component operations accounts will be consistent with the active operations accounts. Exhibit formats are provided in Section 0304. Separate volumes for active and reserve component operation appropriations will be submitted. Funds for the National Foreign Intelligence Program (NFIP), Tactical Intelligence Related Activities (TIARA), or Joint Military Intelligence Program (JMIP) will be specifically identified. Justification classification will not exceed that required for other operations funds.
- E. <u>Volume II Data Book</u>. The Data Book will include summary and special interest exhibits as well as the Real Property and Minor Construction exhibits. The content and arrangement of exhibits for the operations accounts are included at the end of this section.

Two copies of exhibits required for the Real Property Maintenance and Minor Construction section of Volume II, including the Reserve and National Guard Component exhibits, will be submitted for review and approval to the Directorate for Construction, OUSD(C) P/B, Pentagon, Room 3D840. In addition, the OP-28, Summary of Major Repair Projects (Chapter 8) will be provided with the review copies of Volume II.

F. Additional Accompanying Exhibits. Although not to be included in any of the Justification Books submitted to Congress, the exhibits at the end of this section are required to be submitted to the OUSD(C) P/B Directorate for Operations and Personnel, Pentagon, Room 3D868, simultaneously with the submission of the other budget justification material. These exhibits are <u>not</u> to be included in Justification Books submitted to the Congress.

★July 1998

Examples are provided in Section 0304 (O&M), Chapter 13 (Defense Environmental Restoration Program), or Chapter 19 (Other Special Analyses).

G. <u>O&M Overview</u>. The Operation and Maintenance Overview exhibits (PBA-xx) are required for submission to the OUSD(C) P/B Directorate for Operations and Personnel, Pentagon, Room 3D868. Specific suspense dates will be furnished in the annual budget justification call memorandum supporting the President's budget request. The parent service is responsible for ensuring that <u>all</u> required data including Reserve Component appropriations are submitted.

Exhibit formats are provided in Section 0304. Each exhibit must provide narrative data to explain price and program changes between all fiscal years displayed. In addition, Components are responsible for cross checking data among the exhibits to ensure data provided is consistent among all PBA exhibits and all other exhibits supporting the President's budget request, including the backup exhibits.

Two copies of each exhibit are required and will identify the Component, exhibit number and title, date prepared, and name/telephone number of the responsible point of contact for the exhibit. The exhibits will be consolidated at the Operation & Maintenance title level for printing and submission to the Congress. The Defense Agencies should provide as a minimum the PBA-19 and the PBA-20 exhibits and address resource requirements in one or more of the major mission categories as appropriate.

ORGANIZATION/EXHIBIT REQUIREMENTS

VOLUME I - JUSTIFICATION OF O&M ESTIMATES FOR FISCAL YEARS BY1 AND BY2

Table of Contents

| Section I | Introductory Statement (use the PBA 19 exhibit - Appropriation Highlights) |
|-------------|---|
| Section II | O-1 O&M Funding by Budget Activity/Activity Group/Subactivity Group |
| Section III | OP-5 Operation and Maintenance Detail by Subactivity Group (Exhibit formats are provided in |
| | Section 0304) |

VOLUME II - DATA BOOK

Table of Contents

Section I - Special Analyses (examples provided in Section 0304 and Chapters 13 and 19)

| OP-30 | Depot Maintenance Program (pages 1 and 2 only) | |
|-----------|--|----------|
| OP-32* | Appropriation Summary of Price/Program Growth | |
| OP-34 | Appropriated Fund Support for MWR Activities | |
| PB-15 | Advisory and Assistance Services | (CH. 19) |
| PB-22** | DoD Management Headquarters | (CH. 19) |
| PB-55 | International Military Headquarters | (CH 19) |
| PB-28/28A | Summary of Budgeted Environmental Projects | (CH. 19) |
| PB-31D | Summary of Funding Increases and Decreases | |
| PB-31M | Military Bands | |
| PB-31Q** | Manpower Changes in FTEs | |
| PB-24 | Professional Military Education | (CH. 19) |
| Env-30A-C | Defense Environmental Restoration Program | (CH. 13) |

^{*} Automated submission is also required.

Section II - Real Property and Minor Construction (examples provided in Chapter 8)

| OP-27 | Backlog of Maintenance and Repair |
|--------|--|
| OP-27P | Real Property Maintenance and Minor Construction Projects (All Appropriations - Projects Costing |
| | more than \$500,000) |
| PB-34 | Revenue from Transfer or Disposal of DoD Real Property and Revenue from Leasing Out DoD |
| | Assets |

^{**} Input from Reserve and Guard organizations are to be consolidated by the parent Component (i.e., Army, Navy, Air Force) for submission to OSD. Guard and Reserve organizations should not include these exhibits in their submission.

ADDITIONAL ACCOMPANYING EXHIBITS *

| OP-8** | Civilian Personnel Costs (All Appropriations/Funds) | |
|-------------|--|-----------|
| OP-9 | Analysis of Changes in FTE Costs (All Appropriations/Funds) | |
| OP-14 | Individual Training Data (Parts A – F, Attachments 1 & 2) | |
| OP-15,A,B | Department of Defense Overseas Dependents' Schools | |
| OP-16 | Department of Defense Section 6 Schools | |
| OP-20,A,B,C | Analysis of Navy Flying Hour Program | |
| OP-20D | Army Flying Hour Program | |
| OP-20E | Air Force Weapon Systems/Flying Hour Cost Data | |
| OP-24 | Emergency and Extraordinary Expense Limitation | |
| OP-26** | POL Consumption and Costs (All Appropriations/Funds) | |
| OP-28 | Maintenance of Real Property Facilities | (CH. 8) |
| OP-31 | Funding for Defense Working Capital Funded Depot Level Reparables (DLRS) | |
| OP-33 | Reconciliation of Increases and Decreases in workyears/FTEs in NATO European C | countries |
| OP-34 | Appropriated Fund Support for Morale, Welfare, and Recreation Activities | |
| OP-40 | Ship Fuel Data | |
| OP-41 | Ship Operating Data | |
| OP-44 | Military Personnel Assigned to Ship and Aircraft Squadrons | |
| OP-50 | Operation and Maintenance, Air Force – Units by Program Element | |
| OP-53, 53A | Overseas Cost Report | (CH. 15) |
| OP-58 | Operation and Maintenance, Air Force – Units by Program Element | |
| OP-71 | Organizational Clothing and Equipment – Army Reserve | |
| OP-73 | Repair Parts – Army Reserve | |
| OP-78 | Force Structure Data | |
| OP-80 | Aircraft Repair/Modification & Engine Overhaul | |
| PB-14 | Functional Transfers | (CH. 19) |
| PB-16 | Legislative Proposals | (CH. 19) |
| PB-17 | Employee Relocation Expenses | (CH. 19) |
| PB-18 | Foreign Currency Exchange Data | (CH. 19) |

Exhibit O-1 (Page 1 of 2)

Lotus Format

- 3 1/2 inch high density disk with a blank O-1 in Excel or Lotus format will be provided to Components to enter funding amounts by subactivity.
- Enter funding data in thousands of dollars.
- Subtotals will automatically calculate for Budget Activity and Appropriation; do not enter any subtotals.
- The existing numerical line item identifiers must be maintained for each subactivity. Only if a particular subactivity no longer applies for the current submission should the line be deleted.
- New subactivities may be entered by inserting a line with an additional line item identifier, following the existing line item sequence. Enter the title of the new subactivity in all capital letters. The funding entered for each new line will be included in the subtotals and totals.

Exhibit O-1 (Page 2 of 2)

INSTRUCTIONS FOR PREPARATION OF OP-5

- submit this exhibit at the lowest level of their budget structure. The purpose of the OP-5 is to provide a summary of and justification for changes in the level of resources The OP-5 is a multi-purpose summary document. The Operation and Maintenance account is generally stratified into three levels: Level 1, Budget Activity (BA); Level 2, Budget Activity Group (BAG); and Level 3, Subactivity Group (SAG). The OP-5 is to be submitted at the SAG level by Service for each of the Operation and Maintenance appropriations for both the Budget Estimates Submission (BES) and the President's budget submission. The Defense Agencies/Activities are required to required for each SAG.
- Each of the O&M appropriations listed below, will be supported by OP-5 Exhibits. ri

Operation & Maintenance, Army, Army Reserve, and Army National Guard Operation & Maintenance, Navy and Navy Reserve

Operation & Maintenance, Marine Corps and Marine Corps Reserve

Operation & Maintenance, Air Force, Air Force Reserve, and Air National Guard

Operation & Maintenance, Defense-Wide

Defense Health Program

Former Soviet Union Threat Reduction

Office of the Inspector General

United States Court of Military Appeals for the Armed Forces

Wildlife Conservation, Etc., Military Reservations

Overseas Humanitarian, Disaster, and Civic Aid

Support of International Sporting Competition, Defense

- 3. The OP-5 provides essential information for justification of the OSD and President budget estimates. The "Reconciliation of Increases and Decreases" portions of Section III should identify what changes are occurring and explain why the changes are occurring and why they are necessary.
- 4. The FY PY estimate column of the OSD submit should reflect actual data through the first three quarters plus a realistic projection for the remaining quarter. For the PB submit, the FY PY column will reflect actuals and agree with the data reflected in the certified DD Comp 1002 report for September.
- The "Reconciliation of Increases and Decreases" section will be included in the OP-5 for both the OSD budget submission and the President's budget submission. Reconciliations will show all changes from fiscal year to fiscal year and, for the current year, a track from the estimate requested in the previous President's budget.
- The FY BY estimate in the previous President's budget submission to the current FY CY estimate included in this submission,
 - The current FY CY estimate to FY BY1 estimate reflected in this submission,
- The FY BY1 estimate to the FY BY2 estimate included in this budget submission.
- Performance criteria are required on the OP-5 and should support the dollar amounts being requested. Performance criteria for some subactivity groups are specified in the attachments to the OP-5.
- Personnel summaries are required for each subactivity group and for each Defense Agency. ۲.
- Classified information will be eliminated from all O&M justification books except for Defense Agencies. ∞:

Operation and Maintenance,

Budget Activity

Activity Group

Detail by Subactivity Group

- Description of Operations Financed: Provide a narrative explanation characterizing the mission and major functions funded in the subactivity group. Include a separate explanation for each subactivity shown in Section IIIA. below. These explanations should address significant program initiatives/actions included in the budget.
- Force Structure Summary: Provide a narrative explanation and identification of force structure supported by funding in this subactivity group. Ħ
- III. Financial Summary (O&M: \$ See note): 2/

| | | | | FY CY | | | |
|---|---------------------------|----------------|-----------------------|---------------|------------------------|----------|-------------------------|

| Prog | Program Changes | | | | | | |
| Curre | Current Estimate | | | | | | |

Instructions: For the changes in the Current Fiscal Year (FY CY), provide information from the President's budget request for that fiscal year to the current estimate in this submission for that same fiscal year. For the changes from the FY CY to the FY BY1 and from the FY BY1 to the FY BY2, use the current estimate.

1/ The O&M budget is generally stratified into three levels: Level 1, Budget Activity (BA); Level 2, Budget Activity Group (BAG); and Level 3, Subactivity Group (SAG). The O&M budget structure for some Defense Agencies/Activities stops at the BA or BAG level. The Defense Agencies/Activities are required to submit this exhibit at the lowest level of their budget structure.

2/ Services: \$ in Tenths of Millions; Defense Agencies/Activities: \$ in Thousands.

Exhibit OP-5 Detail by Subactivity Group
Page 1 of 9

Operation and Maintenance, Detail by Subactivity Group Budget Activity, Activity Group

Reconciliation of Increases and Decreases: Provide a trail of changes from the previous President's budget request for the current FY CY in this submission to each year (provide the baseline in dollars to which the increase or decrease applies). Such justification should clearly explain programmatic changes in resource levels estimate; and from the FY BY1 estimate to the FY BY2 estimate. Provide a single entry in each year for price changes. Itemize and justify the major program changes in including why increases are required or decreases occur. Additionally, the narrative justification should relate cost to force structure changes, performance criteria, work load and manpower data, as well as identify the impact if requested changes are not funded. Also see the general instructions for the OP 5 Exhibit. The Services should the appropriated amount for the current FY CY in this submission to the current estimate for FY CY in this submission; from the FY CY current estimate to the FY BY1 report in tenths of millions; Defense Agencies/Activities in thousands. Use the following format:

- 1. FY CY President's Budget Request (Amended, if applicable)

For FY BY1 and FY BY2: Briefly describe changes in the program from that of the previous year. To the extent that specific exercises

have not been approved at the time of the budget submission, estimate total program levels. Estimated amounts should be distributed between transportation and other costs, as applicable, and should be related to estimated work load. Explanations of changes in both costs and work load are required between the FY CY and FY BY1 and between the FY BY1 and FY BY2. This information should be

provided in sufficient detail to justify the budget estimate.

ADDITIONAL INSTRUCTIONS

This schedule should exclude those funds supporting maintenance and repair of real property and minor construction.

Additional performance criteria and work load indicators may be included for any of the above functional categories as applicable. Additional criteria/indicators are especially encouraged for "Other Base Services" and "Other Personnel Support" categories as they relate to more important or unique support functions.

Include direct Operation and Maintenance funds only $(\underline{\text{Exclude}}$ amounts funded from Military Personnel appropriations.)

This format should be followed in preparing an OP-5 Exhibits for Base Support.

personnel are funded. Each Defense Agency, including those Defense Agencies that have only RDT&E funded civilian personnel, and the Court of Military Appeals must also provide a separate exhibit. If a Defense Agency has civilian personnel financed in more than one appropriation/fund then a total for the Separate OP-8 exhibits must be prepared for PY, CY, BY1, BY2 for each Military Department in total and for each appropriation/fund in which civilian Defense Agency must be provided. Rate data on the OP-8 should be shown parenthetically. To calculate the required rate data, use the formulas displayed on the OP-8 exhibit. Show the average salary for Basic Compensation, overall salary for Total Compensation, and workyear cost for Compensation and Benefits. Show the other rate data, as a percentage in decimals to five places, for total variables and benefits.

End strength onboard as of September 30 vice end strength authorizations will be displayed for all beginning and ending end strengths. The beginning end strength must agree with previous FY's September 30 end strength. In accordance with OMB Circular A-11, full-time equivalent (FTE) employment is the total number of hours (worked or to be worked) divided by the number of compensable hours applicable to each fiscal year. FTE is synonymous with workyear

Data formerly reported for General Merit Pay category will be merged in the General Schedule line.

In accordance with the Federal Employees Part-time Career Employment Act of 1978 (Public Law 95-437), part-time permanent employees are counted on a full time equivalent basis, i.e., an individual working 30 hours a week becomes .75 of an end strength. There is no adjustment for other part-time or intermittent employees - these employees would be counted on an individual basis not on a fractional basis.

appointments (FTP). FTP (Full-Time Permanent), according to OMB Circular A-11, is the number of full-time employees with permanent appointments that are Consult either DoDI 7330.18 or the Office of Personnel Management's Federal Personnel Manual (FPM) for definitions of full-time employees with permanent on-board, or planned to be on-board, as of the end of each fiscal year. Such entries will exclude anticipated vacancies. Do not display FTP for Indirect Hire Foreign Nationals. Consult the DoDI or FPM to determine if your Foreign National Direct Hire employees are considered FTP employees.

Voluntary separation incentives must be reported in Benefits for Former Employees (Object Class 13),

Do \underline{not} include overtime workyears in FTE totals. The FTEs on the OP-8 are straight time workyears only.

FTEs (direct and reimbursable) in the OP-8 exhibits must agree with the FTEs reported in the OMB galleys used for the printed budget. (OMB Circular A-11.)

Exhibit OP-8 Civilian Personnel Costs (Page 3 of 7)

CIVILIAN PERSONNEL COSTS OP-8 Instructions (continued)

For the PY supporting the FY BY President's budget request, the end strength data must agree with the SF-113A, Monthly Report of Federal Civilian Employment, provided to OPM to report military functions employment levels as of September 30.

- 30th supplement to the SF-113A report. This supplement is entitled, Report of Part-Time Permanent Direct hire end strength data on the OP-8 must agree with data provided on the September Employees on a Fractional Basis.
- Indirect hire end strength data must agree with the Indirect Hire supplement to the September 30th
- The FTP end strength data must agree with data provided on line 30, Full-Time with Permanent Appointments, of the September 30th SF-113A.

reimbursable data for all of the columns. Appropriations/funds (e.g., Defense Working Capital Fund, etc.) that are not funded with budget authority show all of Civilian Personnel Direct Funding (#7) will be total Civilian Personnel (#5) less reimbursable funding (#6). Provide end strength, workyear and funding the data as reimbursable so that "0" will be displayed in every column on the "Civilian Personnel Direct Funding" (#7) line.

On a separate page, provide reimbursable sources by appropriation, and by Component/Agency.

An automated submission for the OP-8 Exhibit is also required. See section 030201 for both the OSD/OMB budget submission and the FY BY1/BY2 President's budget request.

Domestic Dependent Elementary and secondary Schools (DDESS), in addition to consolidated OP-8 exhibits for the total DoDEA program. For the required Department of Defense Education Activity (DoDEA) will submit separate OP-8 exhibits for: Department of Defense Dependents Schools (DoDDS) and DoD automated submission, DoDEA is only required to submit the consolidated OP-8 exhibit, not individual exhibits for DoDDS and DDESS. Instructions for Preparation of the OP-8 Part 2 Reimbursable Pay

This is mandatory for the Military Departments and the Defense Agencies. If a Service shows that civilian pay is to be reimbursed from a Defense Agency that does not submit this form, then the agency coordination must be shown on this form. This is required only for the Budget Estimates Submission (BES) Each appropriation account in the prior year, current year, biennial budget year (BY1), and biennial budget year (BY2) for which civilian pay is reimbursed, must identify the following in thousand of dollars:

On line 1, total civilian pay *.

On line 2, total reimbursable pay *.

On line 3, the amount of line 2 that is reimbursed within the account.

On line 4, the amount by account of line 2 that is reimbursed from accounts within the Service or Defense Agency. The sum of all accounts must equal the total intra service. On line 5, the amount by account of line 2 that is reimbursed from other Services or Defense Agency accounts. The sum of all accounts must equal the total inter service.

On line 6, the amount of line 2 that is reimbursed from all other sources. The sum from all Defense Agencies must equal the total all other.

On line 7, the total civilian pay that is reimbursed to other Services or Defense Agencies **.

Notes:

- Lines 1 and 2 MUST agree with the totals reported by the Service of Defense Agency on the OP-8 and the sum of lines 3 through 6 of this must equal line 2.
- Any amounts identified on line 5 MUST appear on line 7 of the reimbursing Service or Defense Agency submission of this exhibit. * *

ANALYSIS OF CHANGES IN FULL-TIME EQUIVALENT (FTE) COST INSTRUCTIONS

- The intent of the OP-9 is to identify the factors that have an impact on changes in average salary and average FTE cost from fiscal year to fiscal year.
- Prepare separately for each appropriation and Fund account for U.S. direct hire, classified and wage system, and Foreign National Direct Hire (FNDH). Complete amounts and rates for WS, etc., as in SES/GS column.
 - All end strength will be displayed as actual or planned to be onboard as of September 30. Do not use end strength authorizations.
 - Cost, FTEs, and end strength should be consistent with those shown on OP-8, Analysis of Civilian Personnel Costs.
- Show each classified pay raise in separate stub. 6.6.8
- Data is to be reflected at appropriation or account.
- The "Average Basic Annual Salary" for a FY is computed by dividing the "Basic Compensation" total by the number of straight time workyears. The "Overall Average Annual Salary" for a FY is computed by dividing the "Total Compensation" (Object Class 11) by the number of straight time workyears.
- The "Average FTE Cost" for a FY is computed by dividing "Total Compensation and Benefits" (Object Class 11 and 12) by the number of straight time
- The OP-9 will be prepared for both the Budget Submission and the President's budget. However, for the latter the OP-9 will be submitted separately to OSD and will not be included in the congressional justification material. 10.

Footnotes

- Reflect as % rate of basic compensation.
- Express as decimal to five places. Develop effective pay raise as ratio of No. applicable days to total compensable days in year times pay raise percentage. Identify computation in footnote. でで
 - Show computation derivation of rate. € 41
- Provide an explanation if the rate is different from the previous fiscal year rate, e.g. changes in overtime rate, changes in health benefits, FERS, etc.

Carryover is to be calculated as of graduation (unless another time is specified uniformly for an academy). NOTE:

"Graduation Load" is the sum of carryover for each class plus graduates.

"Autumn Load" is the sum of carryover for each class plus net new entrants at the beginning of the autumn term.

Reconcile and explain in footnotes differences between Autumn Load and "Cadet/Midshipman End Strength" reflected here and in the FYDP update.

"Prep School Load" is to be a forecast of average onboard students on a "best estimate" basis (specify formula).

If this table is presented on an academic year basis, so state.

Instructions for Completion of Preceding

- 1. Enter Army, Navy, or Air Force, as applicable.
- 2. Enter the appropriate fiscal year (data should be shown for the Prior, Current, and Biennial (BY1 and BY2) Budget fiscal years).
- 3. Enter the average number (manyear average) of officers, enlisted personnel, civilians, and combined total, respectively, assigned to ROTC units and ROTC command level staffs, respectively. ROTC command level staff should include all personnel up to the departmental level who are associated with the ROTC program but are not assigned to a ROTC unit.
- 4. Enter the total costs of pay and allowances/salary of military and civilian personnel, as applicable, plus any related O&M support costs. Pay and allowances/salaries will be determined through the use of standard rates for military and civilian personnel, respectively.
- 5. Enter the average staff and the average cost of the staff per unit. Average staff will be determined by dividing the applicable total staff (unit or command level) by the number of units shown in C (see paragraph 6, below). The average cost of staff per unit will be arrived at by dividing the applicable total costs for the unit and command level staffs, respectively, by the number of units shown in C.
- 6. Enter the applicable number of operating units.
- 7. Enter the total ROTC costs, other than those shown in A or B, included in the Service's O&M appropriation(s). (This should be equal to the sum of D.1.a and b discussed below in paragraphs 8 and 9.)
- 8. Show in parenthesis () the total applicable costs of ROTC scholarships (include only tuition, fees, books, and other related student expenses).
- 9. Show in parenthesis () the applicable O&M administrative costs, by categories shown, related to the ROTC program.

Exhibit OP-14 Part D: ROTC Program Data (Page 8 of 14)

PART D: ROTC PROGRAM DATA (PE 847230) (Continued)

- 10. Enter the total ROTC costs included in the Service's applicable Reserve Component appropriations. This should be equal to the sum of D.2.a, b, and c, as discussed in paragraphs. 11, 12, and 13 below.
- 11. Enter in parenthesis () the total costs relative to the monthly subsistence allowance paid to college freshmen and sophomores who are recipients of ROTC scholarships.
- 12. Enter in parenthesis () the aggregate sum included in the Service's applicable Reserve Component appropriations for ROTC Pay and Allowance (Summer Training), Subsistence of Reserve Officer Candidates (Summer Training), and Travel of Reserve Officer Candidates (Summer Training).
- 13. Enter in parenthesis () all costs of the ROTC program, other than those discussed in paragraphs. 11 and 12, above, included in the Service's Reserve Component appropriations.
- 14. Enter and detail by appropriation, and explain by footnote, any costs attributable to the ROTC program which have not been included in either A, B, or D (1 and 2).
- 15. Enter the total cost data shown in D.1, 2, and 3.
- 16. Enter in parenthesis () the number of candidates participating in and total costs of Flight Instruction Program and the Aviation Indoctrination Program, respectively, included in the above data.
- 17. Enter by the scholarship and non-scholarship programs, respectively, the average number of candidates participating in MS I, II, III, IV, and applicable totals, respectively. Leave dollar columns blank.
- 18. Enter the total costs of the ROTC program. Total costs should be equal to the aggregate sum of A, B, and D, above.

Exhibit OP-14 Part D: ROTC Program Data (Page 9 of 14)

Instructions for Completion of Preceding

- 1. Enter Army, Navy, Marine Corps, or Air Force, as applicable.
- 2. Enter the appropriate fiscal year (data should be shown for the Prior-1, Prior, Current, and Budget years).
- 3. Enter the average enrollment during the year by year (of high school) and in total.
- 4. Enter the number of JROTC units.
- 5. Enter by appropriation, and in the total, the costs to DoD of the JROTC program.
- 6. Enter the average costs per JROTC unit. (Total costs in 5 divided by units in 4.)

Exhibit OP-20A OP-20B OP-20C

INSTRUCTIONS

Separate exhibits will be submitted for the active and the reserve flying hour programs. The OP-20 exhibit is supported by three schedules, each one of which is designed to display the principal elements affecting the development of requirements. All data are required for the prior year, current year, biennial budget year 1 (BY1), and biennial budget year 2 (BY2).

- Exhibit OP-20A relates to those requirements which are computed principally on the basis of numbers of tactical aircraft, crew ratios and the hours per crew required to maintain combat readiness. (a)
- Exhibit OP-20B relates to those requirements which are computed principally on the basis of the production of trained pilots. In addition to Undergraduate Pilot Training requirements, this schedule should also include requirements to support CCTS, CRAW, and RTU's. 9
- (c) Exhibit OP-20C covers all other fleet support requirement.

exhibit, include a memo entry reflecting the number of flying hours and the dollars by Type/Model/Series that are funded in the centralized drug account. Include the flying hours actually flown or programmed to be flown in support of the drug interdiction program in the proper section of the flying hour report (i.e. tactical flying hours in support of the drug program are to be reflected in the tactical/ASW section of the OP-20). At the end of the OP-20

Exhibit OP-30 Depot Maintenance Summary (Page 10 of 12)

DEPOT MAINTENANCE PROGRAM

instructions and Definitions

A separate exhibit should be completed for the following Operation and Maintenance appropriations: Army, Navy, Marine Corps, Air Force, Defense-wide (SOCOM), Army Reserve, Navy Reserve, Marine Corps Reserve, Air Force Reserve, Army National Guard, and Air National Guard.

procurement of parts for safety modification, or the nuclear refueling of an aircraft carrier. Do <u>not</u> include maintenance support programs, second destination contractor logistics support. Depot maintenance may include the installation of modifications (when done concurrent with other depot maintenance task) all maintenance includes the installation of parts for the purpose of safety modifications, all aspects of software maintenance, and interim contractor support or maintenance does not include procurement of major modifications or upgrades of weapon systems that are designed to improve program performance, the Include depot maintenance programs only. In accordance with 10 USC 2460, depot maintenance and repair is defined as material maintenance or repair requiring the overhaul, upgrade, or rebuilding of parts, assemblies, or subassemblies, and the testing and reclamation of equipment as necessary. Depot aspects of software maintenance and the depot maintenance portion of interim contractor support (ICS) and contractor logistics support (CLS). Depot transportation amounts, or depot maintenance funded in appropriations other than Operation and Maintenance in this exhibit.

Depot maintenance amounts displayed in this exhibit should be consistent with amounts shown in applicable OP-5 Exhibits in each Component's budget justification book and agree with amounts provided in Exhibit PBA-5, Depot Maintenance, Chapter 3.

All O&M depot maintenance requirements are to be displayed in one of the following categories:

- . Funded requirements depot maintenance requirements for which funds are assigned.
- Unfunded executable requirements depot maintenance requirements that are deferred due only to funding constraints.
- Unexecutable requirements depot maintenance requirements that cannot be accomplished for reasons other than funding constraints to include operational commitments and lack of capacity. Unexecutable requirements are to be explained on page three of this exhibit.

Total O&M depot maintenance requirement is the sum of the three categories listed above. Total executable requirement is the sum of the funded and the unfunded executable depot maintenance requirements. Depot maintenance funded and unfunded executable requirements for the FY PY, FY CY, FY 20 BY1 and FY 20 BY2 should also be included in the Workload and Performance Criteria section of applicable OP-5 Exhibits for those Activity Groups which include depot maintenance programs. (The Workload and Performance Criteria section of the OP-5 should utilize the OP-30 format.) Exhibit OP-30 Depot Maintenance Summary (Page 11 of 12)

DEPOT MAINTENANCE PROGRAM

Instructions and Definitions (continued)

For the following reporting categories/subcategories only weapon system depot maintenance should be reported (i.e., requirements specifically for work on the end item that is the weapon system). Do not include work on related equipment, assemblies or subassemblies (such requirements should be reflected in the appropriate "other" category).

- Aircraft
- Combat vehicle
- Ships
- Missiles
- Ammunition
- Other

Depot Level Reparable Maintenance will only include non-stock funded items.

Include FY PY-1 data for the OSD budget submission only.

For the President's budget submission, only submit pages 1 through 3 and pages 6 and 7 of the OP-30 Exhibit.

Exhibit OP-32 Summary of Price and Program Change

(Page 3 of 8)

INSTRUCTIONS FOR COMPLETION OF OP-32

- (1) Enter the applicable component, i.e., Army, Navy, Marine Corps Reserve, Air National Guard, etc.
- (2) Enter the fiscal year for which this exhibit is being prepared.
 - **NOTE:** A separate exhibit should be submitted for each O&M appropriation for the current year, for biennial budget year 1, and for biennial budget year 2. This exhibit should be prepared at the appropriation level for the President's budget.
- (3) Enter the prior year (PY), current year (CY), biennial budget year 1 (BY1), or biennial budget year 2 (BY2), as applicable.
- (4) For the CY exhibit, amounts entered in this column should agree with the prior year actual costs as shown in the prior year column of the applicable budget submission. For the BY1 exhibit, these amounts should agree with the far right hand column of the CY exhibit. For the BY2 exhibit, these amounts should agree with the far right hand column of the BY1 exhibit.
- (5) The amount shown for each appropriate line (exclusive of line 991) in the Foreign Currency Rate Difference column will reflect the difference in the budgeted foreign currency exchange rates between the two years. For the prior and current years, the budgeted foreign currency exchange rates are the exchange rates that have been approved for recording obligations during execution. If the current year execution rates have not yet been established by the Congress in time for the budget submission, the foreign currency exchange rates reflected in that fiscal year's President's budget request will be used. For the biennial budget years, the budgeted foreign currency exchange rates are the exchange rates reflected in the OUSD (C) budget call memorandum for the budget submission or in the PBD issued during the budget review in the formulation of the President's budget request. (Note: Variances from the budgeted rates will be reflected only on line 991. These variances do not enter into the calculation on any of the other lines.) The column total, including line 991, will reflect (1) for the PY to the CY: the difference between prior year actuals and the current year budgeted rates, (2) for the CY to the BY1: the difference between budgeted rates in each year, and (3) for the BY1 to the BY2: the difference between budgeted rates in each year. If transfers are approved for the current year, the column total will reflect (1) for the PY to the CY: the difference between PY actuals and CY anticipated expenditures and (2) for the CY to the BY1: the difference between the CY anticipated expenditures and the BY1 budgeted rates. No foreign currency rate difference will be shown for Defense Working Capital Fund Purchases and Travel or Transportation for MAC, MSC or MTMC. Only in unusual circumstances should an amount for foreign currency rate difference be shown for other travel and/or transportation costs. (See end notes for further discussion of foreign currency entries.)
- (6) This column should show the rate (percent) of price growth for various items. The general price escalation indices prescribed by OSD (as provided by OMB) should be used for items 416, 417, 507, 679, 725, 771, 913-915, 920-925, 927-989, and 998. Other price growth rates may be used for these items when actual experience supports a rate of increase different from that prescribed For the OSD/OMB submit. In those instances, supporting documentation for the rate used should be provided. If the rate is approved during the budget review, the revised rate may be used in the President's budget. To the extent that a separate rate of increase is used for any portion of a line item, Equipment Maintenance by Contract for example, the applicable item should be subdivided into appropriate subcategories for each separate rate of increase used. The rate of price change for lines 401, 402, 411-415, 502-506, 601-673, and 701-721 should agree with applicable rates approved by OSD. Applicable rates of price growth, as prescribed by OSD, or as estimated and justified, as appropriate, should be shown for all items where there is a price change. The rate of price growth included in the President's budget will in all instances reflect the rate of increase approved during the OSD budget review.

Exhibit OP-32 Summary of Price and Program Change (Page 4 of 8)

INSTRUCTIONS FOR COMPLETION OF OP-32 (CONTINUED)

- (7) The price growth column should show the amount of price growth for various items. Where a percent increase by line item is shown in column 6, the amount included in column 7 will be the sum/difference of the previous fiscal year's program amount (column 4) and the foreign currency rate difference amount (column 5) times the percent shown in column 6. The amount of the price growth will be consistent with the rate of change prescribed by OSD. The price increase for all items should be the additional/reduced funds, as a result of price changes, that would be required to accomplish the previous year's program at applicable fiscal year rates.
- (8) Enter the amount of program growth for each item. Program growth is to be priced in current year dollars for the current year exhibit, biennial budget year 1 dollars for the biennial budget year 1 exhibit, and biennial budget year 2 dollars for the biennial budget year 2 exhibit.
- (9) Enter the sum of (4), (5), (7) and (8) for each item.
- (10) Subtotals should be included in (4), (5), (7), (8) and (9) for Civilian Personnel, Travel, Defense Working Capital Fund Supplies and Materials Purchases, Defense Working Capital Fund Equipment Purchases, Other Defense Working Capital Fund Purchases, Transportation, and Other Purchases, as applicable.
- (11) Program amounts for Civilian Personnel compensation should be consistent with amounts shown in both the object class distribution reflected in the Program and Financing Schedules for Object Classes 11, 12 and 13 (Direct Obligations only) and in the OP-8 Exhibit, Civilian Personnel Costs, Chapter 3 of the Financial Management Regulation for the applicable fiscal year. Payments made to the Department of Labor for expenses associated with employee's disability compensation are included in Object Class 12. Change in the number of compensable days per fiscal year will be reflected as program growth not price growth. The annualization of the prior year's pricing changes (i.e., the previous fiscal year's pay raise), merit pay, bonuses, FERS participation, etc. will be reflected as changes in price growth.
- (12) Program amounts for travel should be consistent with amounts shown in Object Class 21 (including subclasses), for the applicable fiscal year.
- (13) AMC, MSC, and MTMC costs displayed for items 624, 653, 701, 702, 703, 711, 721, 725, and 771 should include all purchases from these transportation funds. These amounts should exclude all non-Defense Working Capital Fund purchases such as reimbursement to MTMC of non-Defense Working Capital Fund (overseas) port operations.
- (14) Line 703 JCS Exercises includes only those services in support of JCS exercises and paid only by The Joint Staff (TJS).
- (15) The total of the program amounts for DFSC Fuel, Defense Working Capital Fund Fuel, and Locally Procured Fuel (Non-Fund) line items must agree with the amounts shown on the OP-26 Exhibit, POL Consumption and Costs, Chapter 3, Financial Management Regulation.
- (16) Include Object Class 26 supplies and materials purchased from each DoD Defense Working Capital Fund, including DLA.
- (17) Include Object Class 26 supplies and materials purchased from GSA.
- (18) Include all equipment (including furniture) purchased from Defense Working Capital Fund, including DLA.
- (19) Include all equipment (including furniture) purchased from GSA.

Exhibit OP-32 Summary of Price and Program Change (Page 5 of 8)

INSTRUCTIONS FOR COMPLETION OF OP-32 (CONTINUED)

- (20) Include amounts to be paid for motor vehicles leased from both commercial services and the General Services Administration (GSA) Interagency Fleet Management System (IFMS). These amounts are to be consistent with the estimates provided on the "Commercial Leases" and the "IFMS Leases from GSA" lines of the Motor Vehicle Operations (PB-41) exhibit.
- (21) Includes centrally managed items procured by Defense Working Capital Fund from sources other than Defense Working Capital Fund or non-Defense Stock Funds.
- (22) Include purchases of MTMC services for non-Fund services such as overseas port terminal operations.
- (23) Program amounts should be consistent with Fund purchases included in Object Class 25.3.
- (24) Biennial budget years' (BY1/BY2) program amounts should reflect stabilized rates as requested by the Service (OSD submission) or as approved by OSD (President's Budget), as applicable, to include the impact of biennial budget years' pay raises. Cost reimbursable purchases should be included on line 679. Separate elements of expense for each Defense Working Capital Fund activity group are shown on page 3. Include only those elements of expense for Defense Working Capital Fund activity groups from which purchases were made or are planned, as applicable.
- (25) Includes the Aerospace Maintenance & Regeneration Center (AMARC).
- (26) Line 653, Airlift Services, Other AMC Purchases, includes Medical Evacuation Operations, Training, Search and Rescue, and other AMC costs not provided for in lines 701, or 702.
- (27) Includes all Defense Working Capital Fund purchases made on a cost reimbursable (rather than stabilized rate) basis.
- (28) Includes contractual charges for transportation of things via commercial air, sea, or surface mode and payments for commercial port operations and other transportation services exclusive of payments to the Defense Working Capital Fund.
- (29) Program amounts should be consistent with direct obligation amounts shown in the OP-8 Exhibit, Civilian Personnel Costs, Chapter 3.
- (30) Charges for rental of space and related services assessed by GSA as SLUC charges. Program amounts will be consistent with the amount shown in Object Class 23.1.
- (31) Program amounts included for items 913-915 and 917 will be consistent with the amounts shown in Object Class 23.3.
- (32) Purchases from non-Defense Working Capital Fund sources heat, light, power, water, gas, electricity and other utility services, exclusive of transportation and communication services.
- (33) Purchases of communication services from non-Defense Working Capital Fund sources.
- (34) Payments for possession and use of land, structures, and equipment (other than transportation equipment) owned by another, except for SLUC charges assessed by GSA.

Exhibit OP-32 Summary of Price and Program Change (Page 6 of 8)

INSTRUCTIONS FOR COMPLETION OF OP-32 (CONTINUED)

- (35) Purchases from the U.S. Postal Service including postage (other than Parcel Post), rental of post office boxes, postage meter machines and mailing machines. Also includes payments made to the U.S. Postal Service for handling of officially franked mail (i.e., Indicia Mail).
- (36) Includes supplies and materials purchased from other than Defense and non-Defense Working Capital Fund.
- (37) Program amounts should be consistent with the amounts shown in Object Class 24.
- (38) Covers contractual equipment maintenance other than depot level (e.g., ADP/office equipment, etc.)
- (39) Includes costs for repairs and maintenance to buildings, facilities, pavement, airfields and like items when done by contracts with the private sector.
- (40) Equipment purchased from the private sector, including equipment included in Federal Supply Group 71, Furniture. Program amounts should be consistent with amounts reported under Object Class 31.07.
- (41) Covers overseas contractor operated installation costs when covered in a single contractual agreement or when service is provided by a single contractor (excludes separate contracts for specific, limited services such as contract ADP services).
- (42) Covers contracted service cost of Air Force Air Defense Systems (e.g., BMEWS, DEW Line, Spacetrack, Thule AFB base maintenance contracts, DSP) and Space Support programs.
- (43) Includes the cost of ship related repair and the performance of regularly scheduled ship overhauls at commercial shipyards.
- (44) Includes the cost to Depot Maintenance to purchase aircraft maintenance from commercial sources.
- (45) Includes payments for all other non-Defense Working Capital Fund depot maintenance costs whether performed in-house or by contract which have not been reported under lines 928 or 929.
- (46) Program amounts should be consistent with Exhibit PB-15, (Advisory and Assistance Services), Chapter 19 of the Financial Management Regulation). The amounts reflected should agree with Object Class 25.1.
- (47) Program amounts should be consistent with the amounts shown in Object Class 41.
- (48) Charges for contractual services not otherwise reported elsewhere.
- (49) Amounts on line 991 will reflect variances from budgeted rates, as prescribed by OUSD(C) guidance, which have actually occurred in the prior year or which have been approved (by DD-1415 or PBD) for the current year. There will be <u>no</u> amounts reflected on line 991 in the price and program growth columns. For the President's budget, the amount in the prior year column will be the realized variance on the 30 Sep DD Comp(M) 1506 report. Under <u>no</u> circumstances will there be an entry on line 991 in the biennial budget year. (For a further discussion, see Foreign Currency notes at the end of these instructions).
- (50) Total program amounts, in (4) and (9), will be equal to the total direct program for prior year, current year,

Foreign Currency Notes

- A. The <u>Total for Foreign Currency Rate Difference (Column 2)</u> must reflect the difference between:
 - 1. PY to CY: Prior year actuals and current year budgeted rates or anticipated expenditures in the current year if transfers have also been approved for the Current Year. (For the latter, individual line items in column 2 (except for line 991) will reflect the difference in budgeted rates and line 991 in column 2 will reflect the transfer amount.)
 - 2. CY to BY1: Current year budgeted rates or anticipated expenditures in the current year if transfers have also been approved for the current year, and biennial budget year 1 budgeted rates.
 - 3. BY1 to BY2: Change in budgeted exchange rates from biennial budget year 1 to biennial budget year 2.
- B. Individual line items in Column 2 (except for line 991) must reflect the difference in program costs that are caused only by a difference in <u>budgeted</u> foreign currency exchange rates between fiscal years.
- C. Line 991 Foreign Currency Variance
 - 1. Prior Year (PY) to Current Year (CY)
 - a. PY column = Realized variance (DD Comp(M) 1506 Report 30 Sep).
 Column 2 = Reverse the realized variance amount in the PY column.
 CY column = zero
 - b. If transfers have been approved in the CY,
 PY column = Realized variance (DD Comp(M) 1506 Report 30 Sep).
 Column 2 = Reverse the realized variance amount in the PY column and add the transfer amount approved for the CY to determine the total.
 CY column = the transfer amount approved for the CY.
 - 2. Current Year (CY) to Biennial Budget Year 1 (BY1)
 - a. If the budgeted rates change between the CY and the BY1 and transfers from the Foreign Currency Fluctuations, Defense (FCF,D) appropriation are <u>not</u> reflected in the budget, then the CY column, Column 2, and the BY1 column for line 991 are all zero.
 - b. If budgeted rates change between the CY and the BY1 and the FCF,D transfers have been reflected in the budget for the CY, then the CY column for line 991 will reflect the value of the transfers and Column 2 for line 991 will reflect the reversal of the transfers. The BY1 column for line 991 will be zero.

This data provides a reconciliation of changes in U.S. personnel strengths in NATO European countries. NATO European countries are defined in DODI 7730.58.

Only personnel permanently stationed ashore are to be included. Show increases and decreases separately and by unit, activity, or function. Detail justification for each change should be readily available. Estimates are subject to congressional ceilings.

INSTRUCTIONS:

- Programs for Military Morale, Welfare, and Recreation (MWR), DoDI 1015.12, subject: Lodging Program Resource Management; and DoDD 1015.8, subject: In preparing the OP-34 exhibit, the Services/Defense Agencies should use the program definitions contained in the DoD Directive 1015.10, subject: DoD Civilian Employee Morale, Welfare, and Recreation (MWR) and Supporting Nonappropriated Fund Instrumentalities (NAFIs).
- 2. APF support should include both direct and indirect APF support provided to MWR activities and should include the cost categories reported on the Appropriated and Nonappropriated Fund Expense Summary required by DoDI 7000.12. Direct costs include those costs that can be directly attributable to the activity and include civilian and military pay and benefits, travel, training, supplies and equipment, contracts, and Family Child Care subsidy. Indirect costs include costs that are attributed to more than one activity and include rents, utilities, communications, minor construction, repair and maintenance, contracts, engineering support, etc.
- APF Common Support That appropriated fund support, identified as APF support used in the management, administration and operation of more than one MWR program, however, that support or cost is not easily nor readily identifiable to a specific MWR program.

executive and upper management supervision that is functionally located above the operating program manager level and having responsibility for several MWR Some examples of APF common support would include: managerial operational functions and positions at an installation, major command or Service, programs; an installation's civilian personnel functions; and central accounting office functions.

The OP-34 Exhibits should be submitted for the OSD/OMB budget submission each year. The OP-34 exhibit should also be included in the congressional justification books each year. Exhibit OP-34 Appropriated Fund Support for Morale, Welfare and Recreation (MWR) Activities

INSTRUCTIONS FOR COMPLETION OF OP-71

- 1. Backlog Carried Over from Prior Year unfunded requirements at the end of the previous fiscal year.
- 2. Backlog of Obsolete Equipment backlog associated with equipment no longer being issued to the Service. (e.g., if the Army Guard decided to replace steel helmets with kevlar helmets and has budgeted for the kevlar helmets as a force modernization initiative. The value for steel helmets included in the backlog would be reflected in this category.)
- 3. Inflation backlog carried over from previous year less backlog associated with equipment no longer being issued to the Service times the OSD rate for "general purchases inflation-O&M" or the appropriate Defense Working Capital Fund rate, whichever is applicable.
- 4. Adjusted Prior Year Backlog backlog carried over from previous year less backlog associated with equipment no longer being issued to the Service plus inflation (1-2+3).
- 5. Average Strength Change Adjustment- change in OCE requirements resulting from increases or decreases in total workyears.
- 6. Replacement of Previous Issues inventory purchased to replace equipment that is consumed during the year through normal wear and tear (including inventory losses).
- 7. Force Modernization Initiatives OCE requirements related to equipment modernization. This might include such items as new cold weather clothes or chemical protective clothing.
- 8. Other only those requirements that do not fit the above categories. This would include increases and decreases resulting from changes in authorized numbers of units or individual equipment authorizations.
- 9. Annual Requirement the sum of the "end strength change adjustment," "replacement of previous issues," "force modernization initiatives," and "other."
- 10. Total Fund Required the "adjusted prior year backlog" plus the "annual requirement." (4+9)
- 11. Funds Budgeted for OCE amount planned for OCE each year.
- 12. Backlog, End of Year "total funding required" less "funds budgeted" for OCE.

Exhibit OP-73 Repair Parts, Army Reserve Components (Page 1 of 2)

INSTRUCTIONS FOR COMPLETION OF OP-73

- Backlog carried forward from prior years unfunded requirements at the end of the previous fiscal year.
- Backlog of obsolete parts backlog of repair parts associated with equipment that is being retired from the Reserve Forces.
- 3. Inflation backlog carried over from prior years less backlog associated with equipment being retired from the Reserve Forces times the OSD rate for "general purchases inflation--O&M" or the Defense Working Capital Fund, whichever is applicable.
- Adjusted prior year backlog backlog carried over from prior years less backlog associated with equipment being retired from the Reserve Forces plus inflation (1-2+3)
- Recurring requirements annual repair parts requirements to support equipment fielded in previous years.
- Annual consumption those parts consumed annually to support weapons systems fielded in previous years.
- Change in equipment inventories increases or decreases in annual consumption requirements necessary to reflect changes in equipment inventory levels (e.g., retirement of equipment)
- Change in stockage levels increases or decreases in requirements due to changes in the level of repair parts support required annually for a particular equipment.
- 6. Nonrecurring requirements one time requirements associated with introduction of new equipment to the Reserve Force.
- Force modernization initiatives initial inventory of repair parts associated with fielding of force modernization systems. ä.
- Introduction of other new equipment introduction of other equipment not previously provided to the Reserve Force. ف.
- Total funding required adjusted prior year backlog plus recurring requirements and nonrecurring requirements.
- 8. Funds budgeted for repair parts amount budgeted for repair parts each year.
- 9. Backlog, end of year "total funding required" less "funds budgeted for repair parts".

INSTRUCTIONS

Report force structure for each model/design/series (MDS) aircraft within each program element. Also identify the command to which the equipment is assigned and the purpose code for the equipment. The force structure should be reported at end of year for the prior year and the outyears and at the end of each quarter for the current year and the budget years (BYI and BYZ). Totals should be provided for MDS and each PE.

Separate exhibits are required for Active Air Force, Air Force Reserve, and Air National Guard.
